This Commercial Sales Agreement is between Customer and Johnson Controls Security Solutions LLC ("Johnson Controls") effective as of the date signed by Customer. By entering into this Agreement, Johnson Controls and Customer agree to the Terms and Conditions contained in this Agreement. The Equipment and/or Services, collectively the System(s) covered under this Agreement is/are listed in the attached Schedule(s) of Protection / Scope of Work ("SOW"). This offer shall be void if not accepted in writing within thirty (30) days from the date first set forth above.

I. THE FOLLOWING DOCUMENTS ARE ATTACHED TO THIS AGREEMENT AND ARE INCORPORATED BY REFERENCE:

- | | |
|---|--|
| (a) Hazardous Substance Checklist and Customer Letter | (e) State Specific Forms, if applicable (e.g., local permit applications) |
| (b) Scope of Work / Schedule(s) of Protection | (f) Customer Installation Acceptance Form (specific to Equipment/Services purchased) |
| (c) Terms and Conditions | (g) If multiple locations, see attached schedule |
| (d) Additional Terms and Conditions | |

II. CHARGES AND FEES; TAXES: a. Equipment Installation. Customer agrees to pay Johnson Controls pursuant to the progress-based billing schedule of values set forth herein. If the schedule of values includes an upfront installation deposit, it will be paid within 30 days of contract signing. Johnson Controls will not commence work until such deposit has been received. The remaining portion of the total installation charge for installation and commissioning will be progress billed monthly through completion of the job. Company progress-based billing can include progress payments for materials, goods, and equipment (ordered, delivered, or stored), and for any predesign, engineering, installation work or Services. The proposed total installation charge is contingent upon Customer agreeing to these payment and invoicing terms. Any outstanding Installation Charges and/or fees shall be due and payable as a precondition to activation of System and, if applicable, connection to Johnson Controls Central Monitoring Center ("CMC") or any other Service(s). Any changes in the Statement of Work made by the Customer after execution of this Agreement must be agreed to by Johnson Controls and Customer in writing and may be subject to additional charges, fees and/or taxes. Any equipment ordered by Customer by e-mail or telephone order shall be subject to terms and conditions of the Agreement and may be subject to shipping, handling, and/or restocking fees. Until Customer has paid Johnson Controls the Installation Charge and fees, and taxes in full, Customer grants to Johnson Controls a security interest in the Equipment and all the proceeds thereof to secure such payment.

b. Services. Unless otherwise agreed by the parties in writing, fees for Services to be performed shall be paid **Annual** in advance, (the "Annual Service Charges"), Johnson Controls shall have the right to increase Annual Service Charge(s) after one (1) year.

c. Term. The initial term of this agreement shall be 5 year(s) (the "Initial Term") and shall commence on the date of this Agreement and continue as set forth herein. After the Initial Term this Agreement will automatically renew on a/an **Annual** basis (A Renewal Term) unless the Customer or Johnson Controls gives written notice to the other that it does not want to renew at least sixty (60) days before the end of the then-current term (each a "Renewal Term"). The Initial Term and any Renewal Term may be referred to herein as the "Term." If this Agreement is renewed, Johnson Controls will provide Customer with notice of any adjustments in the Charges, fees and/or taxes applicable to any Renewal Term. Unless Customer terminates the Agreement at least sixty (60) days prior to start of such Renewal Term, the adjusted Annual Service Charge will be the Annual Service Charge for the Renewal Term. Customer agrees to issue and send a purchase order to Johnson Controls at least thirty (30) days prior to expiration of the Initial Term or any Renewal Term if necessary for payments to be processed, but failure to do so is not a pre-condition to Renewal Term payments being due to Johnson Controls. No purchase order is required for any emergency work requested by Customer. Customer shall have no right to reject such invoices due to the lack of a purchase order. For termination prior to the end of the Term, Customer agrees to pay Johnson Controls, in addition to any outstanding Fees and charges for Service(s) rendered prior to termination **90%** of the Annual Service Charge(s) remaining to be paid for the unexpired term of the Agreement as liquidated damages but not as a penalty. Customer shall provide Johnson Controls with reasonable access to the premises to remove any Johnson Controls property and to un-program any controls, intrusion, fire, or life safety system, as applicable. Customer shall be liable for all fees, costs, and expenses that Johnson Controls may incur in connection with the enforcement of this Agreement, including without limitation, reasonable attorney fees, collection agency fees, and court costs.

d. Pricing and Taxes. If the actual number of devices installed or services to be performed is greater than that set forth in this Agreement, the price will be increased accordingly. Notwithstanding any other term in this Agreement, Johnson Controls may increase prices upon notice to Customer to reflect increases in material and labor costs. Prices do not include taxes, fees, duties, tariffs, false alarm assessments, permits and levies or other charges imposed and/or enacted by a government, however designated or imposed (collectively, "Taxes"). All Taxes are the responsibility of Customer, unless Customer presents an exemption certificate acceptable to Johnson Controls and the applicable taxing authorities. If Johnson Controls is required to pay any such Taxes or other charges, Customer shall reimburse Johnson Controls on demand. If any such exemption certificate is invalid, then Customer will immediately pay Johnson Controls the amount of the Taxes, plus penalties and interest. Prices may be adjusted by Johnson Controls prior to shipment to take into account increases in the cost of raw materials, component parts, third party products or labor rates or taxes; Trade Restrictions (as defined below); government actions; or to cover any unforeseen or other extra cost elements. "Trade Restrictions" means any additional or new tariff/duty, quota, tariff-rate quota, or cost associated with the withdrawal of tariff/duty concessions pursuant to a trade agreement(s). Customer agrees to pay any fees or charges imposed by any government body, telephone, communication, or signal transmission company or administration fees or service charges assessed against or by Johnson Controls related to AHJ requirements and/or changes to applicable laws relating to the need to reprogram alarm controls/devices to comply with area code, signal transmission, numbering or other changes relating to the installed Equipment and/or Service(s) provided under this Agreement. This Agreement is entered into with the understanding that the Services to be provided by Johnson Controls are not subject to any local, state, or federal prevailing wage statute. If it is later determined that local, state, or federal prevailing wage rates apply to the services to be provided by Johnson Controls, Johnson Controls reserves the right to issue a modification or change order to adjust the wage rates to the required prevailing wage rate. Customer agrees to pay for the applicable prevailing wage rates. Customer shall provide financial information requested by Johnson Controls to verify Customer's ability to pay for goods or services. Work performed on a time and material basis shall be at the then-prevailing Johnson Controls rate for material, labor, and related items, in effect at the time supplied under this Agreement.

e. Invoicing. Pricing is based upon the billing and payment terms set forth in this Agreement. Fees and other amounts due hereunder are due thirty (30) days from the date of the invoice, which shall be paid by Customer via ACH/EFT. Such payment is a condition precedent to Johnson Controls' obligation to perform Services under the Agreement. Disputed invoices must be identified in writing by Customer within twenty-one (21) days of the date of invoice. Payment of any disputed amounts is due and payable upon resolution. If Customer fails to provide financial information or if Johnson Controls, in its sole discretion has grounds to question Customer's ability or willingness to make payments when due (e.g., not making payments when due, late payments, or a reduction in Customer's credit score), Johnson Controls may defer shipments, change payment terms, require cash in advance and/or require other security, without liability and without waiving any other remedies Johnson Controls may have against Customer. Johnson Controls shall provide Customer with advance written notice of changes to payment terms.

III. ENTIRE AGREEMENT; CUSTOMER ACCEPTANCE: This Agreement, together with all of its written Amendments, Riders, SOW and/or Exhibits, constitutes the entire agreement between the Customer and Johnson Controls relating to the subject matter hereof and supersedes any prior or contemporaneous oral or written agreements and understandings. The terms and conditions of this Agreement will prevail over any conflicting, inconsistent or additional terms and/or conditions contained in any purchase order, agreement, SOW or other document issued by Customer. Any changes must be mutually agreed to in writing by the authorized representatives of the Customer and Johnson Controls. In signing this Agreement, Customer is not relying on any advice, advertisements, or oral representations of Johnson Controls and agrees to be bound to the terms and conditions contained in all the pages of the Agreement. Customer agrees that any representation, promise, condition, inducement or warranty, express or implied, not included in this Agreement will not be binding upon Johnson Controls, and that the terms and conditions in this Agreement apply as printed without alteration or qualification, except as specifically modified by a written agreement signed by Johnson Controls and Customer. Any changes in the Statement of Work or scope of the work requested by the Customer after the execution of this Agreement may result in additional cost to the Customer and any such changes/additions must be authorized in a writing signed by both the Customer and Johnson Controls. Customer's failure to accept and sign this Agreement within thirty (30) days of the date shown above may result in price increases. Customer acknowledges that: (a) Johnson Controls has explained the full range of protection, equipment, and services available to Customer; (b) additional protection over and above that provided herein is available and may be obtained from Johnson Controls at an additional cost to the Customer; (c) Customer desires and has contracted for only the Equipment and/or Service(s) itemized in this Agreement; (d) the Equipment/Service(s) specified in this Agreement are for Customer's own use and not for the benefit of any third party; (e) Customer owns the premises in which the Equipment is being installed or has the authority to engage Johnson Controls to carry out the installation in the premises; and (f) Customer will comply with all laws, codes and regulations pertaining to the use of the Equipment/Service(s).

ATTENTION IS DIRECTED TO THE WARRANTY, LIMIT OF LIABILITY AND OTHER CONDITIONS CONTAINED IN THE SECTIONS ENTITLED "TERMS AND CONDITIONS" AND "ADDITIONAL TERMS AND CONDITIONS". THIS AGREEMENT REQUIRES FINAL APPROVAL OF A JOHNSON CONTROLS AUTHORIZED MANAGER BEFORE ANY EQUIPMENT/SERVICES MAY BE PROVIDED. IF APPROVAL IS DENIED, THIS AGREEMENT WILL BE TERMINATED AND JOHNSON CONTROLS ONLY OBLIGATION TO CUSTOMER WILL BE TO NOTIFY CUSTOMER OF SUCH TERMINATION AND REFUND ANY AMOUNTS PAID IN ADVANCE.

System Operation: Customer Objective Concordia Parish School Board is looking for JCI expertise in securing their property with an Access Control. Concordia Parish School Board is looking for the system to be user-friendly and cost competitive. List Document References - 24-002.1_DWG_250226 - 24-002.1_SPEC_250226 Proposed Solution JCI has reviewed your request and has based this proposal on our understanding of Concordia Parish School Board requirements. If any points need clarification, or if you would like to discuss the proposal further, please contact your JCI representative for prompt attention. JCI Proposal Solution: JCI will provide a Securiton Access Control System with a Securiton Field Devices. Additional details: • Access Control o

JCI will provide new Head End Equipment such as: □ Securiton Access Control Keypad. □ One Power Supply per each door to deliver energy to the keypad controller, the rex motion and the locks. □ 2 Backup Batteries per each power supply. o JCI will provide new Field Devices such as: □ REX Motion. □ Securiton Door Position Switch. o

Electric Locks will be provided by JCI through a locksmith quote. o JCI designed the access control system according to the parameters specified in the reference list mentioned above.

We refer specifically the doors in the hardware set page and we included only the H3 hardware set doors. These doors are considered the most important access points to cover, as there were no site plans or drawings available to show the exact access points to be covered. • Generalities o JCI will provide cable 18-6 to connect the power supply and the field devices to the access control keypad. o The Submittal package price is included in this proposal. o Lift Rental is not included in this proposal. o JCI will not provide conduit. o

JCI will not provide wall penetration. o JCI will not provide travel time in this proposal. o JCI will not provide per diem and permit fees in this proposal. o PSA will be provided in this proposal.

Programming Info: Programming Details Manufacture • Securiton Hardware • Access Control Keypad Programming • JCI will program the Access Control Keypad to connect to the door devices. Other responsibilities: (Not included in JCI proposal, but is necessary for an operating System) • JCI will need refence manuals of the devices installed to program the keypads. Testing and Commissioning JCI Certified Technician to perform the following: • Program the Access Controlled Door locations for Proper Operations to include. Test each Keypad Door for the proper reporting of the following: • Valid Code. •Invalid Code. • Door Forced • Door Held o Free Egress or Proper Door Event Timing (example: Door Held after 30 seconds open) Test each Stand Alone Door for the proper reporting of the following: • Door Forced or Door Held (upon Egress only)

Site Conditions: Work Hours and Labor Rates • All work is to be performed during normal working hours, Monday-Friday between 8:00 am to 5:00 pm excluding local and national holidays. If it is required that work be done at any other time except normal working hours, a change order will be presented to the owner's representatives with a schedule of costs. Upon acceptance of the change order, the work will be done, and the additional charges will be added to the total charge to the customer. • All work performed is estimated utilizing standard JCI Integrated Security Labor Rates. Should Prevailing Wage, or A-Rate Labor apply, the customer is required to pay a variance. Other Trades/Contractor's Exposure • IT Department, Locksmith provider Building Status and Type • Renovation • School Ceiling Height and Ceiling Type • Office Area – 15ft Drop Ceiling Floor Dimensions / Building • 500ft x 200ft / Single Building Building Construction • Finished Drywall, Concrete/Block. Foreseen Obstacles • Head End location not identified needs onsite confirmation. • Penetrations between floors or walls are not identified and need onsite confirmation. • Unique penetrations Special equipment/training needs • The site requires safety training prior to the commencement of work. •

Proper Personal Protection Equipment is needed.

Existing Equipment: Access Control System • No Existing Equipment – All New.

Customer Expectations: • JCI will contact the customer prior to the scheduled installation date to ensure free & clear access is provided. • JCI technician will check in with the customer's designated contact at the start & finish of each workday. • JCI will schedule in advance the installation on a date that is acceptable to the customer. • The customer expects the JCI technician to arrive with the tools, parts, scope of work, layout, and other supporting documents required to complete a successful installation in a positive, professional manner. • The customer expects to receive a call from the installation coordinator within five business days from the date that the job is booked by the sales representative. JCI Installation Department shall coordinate according to the timeline that is provided by Concordia Parish School Board in a positive, professional manner. • Plan all site preparation and accommodations that need to be made at arrival with the site contact or operations manager, which shall include but not be limited to facility operating hours, parking, equipment staging, reasonable access to areas where work is to be performed. • Clean all workspace prior to departure to remove any packaging, debris, or other items that may have resulted from installation work. • Communicate with the site manager or operations manager prior to departure, which shall include but not be limited to the following: a summary of work that has been performed, any hindrances that result in an inability to

A.13. Mobile Security Management ("MSM") Services. Intentionally left blank - Services have not been purchased.

A.14. Software Support Services. If Software Support Services ("SSS") are purchased they will be provided on licensed software titles expressly identified in this agreement, (the "Covered Software"). Support Conditions. SSS for Covered Software are subject to the following conditions ("Support Conditions"): (a) Johnson Controls' receipt of the Software Support Fee; (b) the Covered Software is not modified from its standard form originally licensed by the software owner/licensor ("Licensor"); (c) Customer's use of Covered Software is in accordance with the end user license agreement ("EULA") between Customer and Licensor; if applicable; (d) Customer provides Johnson Controls (and/or its authorized representatives) with and when necessary (1) any information and/or documentation required to recreate the problem, defect, or non-conformity (individually/collectively, a "Problem"), (2) log in privileges for remote trouble shooting, (3) TCP/IP Ethernet network addresses, and (4) access to Customer's network, servers and/or hardware; and (e) the processor, operating system and associated system software, and other interdependent or reliant software are operating properly. Exclusions. Johnson Controls will not provide SSS when a Problem is caused by (a) relocation, movement, improper operation, neglect or misuse of the Covered Software or associated Equipment/System; (b) Customer's failure to maintain proper site or environmental conditions; (c) any attempts at configuration, repairs, support, or modifications to the Covered Software not performed by a Johnson Controls authorized representative; (d) discontinued systems or software; (e) casualty, act of God, the unauthorized acts of third parties; (f) failure or interruption of electrical power, telephone or communication line or like cause, or (g) any other cause external to the Covered Software. Problem Resolution. Johnson Controls will provide Customer with email and telephone support on the Covered Software. Johnson Controls then will use reasonable commercial efforts to resolve and correct the Problem within forty-eight (48) hours. Problem resolution and correction may be provided at Johnson Controls' discretion as a software fix or workaround. Johnson Controls will periodically advise Customer on Johnson Controls progress in diagnosing and/or correcting the reported Problem. Customer acknowledges that Johnson Controls may be unable to resolve Problem due to (a) Johnson Controls inability to recreate, locate or identify the Problem; (b) issues related to Customer's system hardware, network or Internet connectivity issues; or (3) issues for which the Original Equipment Manufacturer ("OEM") and/or Licensor (collectively, also referred to as an "Johnson Controls Supplier") has not provided a resolution or workaround. If Johnson Controls is unable to resolve or correct a Problem, Johnson Controls will notify Customer and provide underlying information as available. Notwithstanding anything to the contrary herein, Johnson Controls makes no warranties that its efforts will be successful in diagnosing, resolving, or correcting any Problem. Software Updates. Customer understands that the SSS provides access to updates and upgrades but do not include the provision of software update or upgrade services unless purchased. If software upgrades are required to correct a Problem, such software upgrades will be provided, at Customer's request, on a time and materials basis at Johnson Controls' then-current hourly rates as such upgrades become available from the Johnson Controls Supplier. On Site Engineer Support Services. If Johnson Controls determines that on-site engineer support services ("ESS") are necessary to correct a Problem, Johnson Controls will provide ESS on a time and materials basis at Johnson Controls' then current ESS rates plus any related travel or other expenses. Such ESS may include on-site software installation assistance, training, or Problem diagnosis, resolution, and/or correction. Return of Defective Media. Customer may return any defective media directly to Johnson Controls using a Johnson Controls furnished return authorization number. Fee for Reinstatement. Customer may incur reinstatement charges ("Reinstatement Fee") at Johnson Controls then current rates, if it allows SSS to lapse and later requests reinstatement within one year from the time the SSS lapses. Limitation of Liability. Notwithstanding anything in the Agreement to the contrary, Customer acknowledges and agrees that neither Johnson Controls nor its Supplier will be responsible for Problems caused by changes in the operating characteristics of the Equipment/System upon which the Covered Software is operating, or for problems in the interaction of the Covered Software with Customer's Network or existing software/firmware/hardware. In no event will Johnson Controls and/or Johnson Controls Supplier be liable for any (a) third party claims; (b) loss or damage to any systems, records or data, or liabilities related to a violation of an individual's privacy rights; or (c) indirect, incidental, special, consequential, punitive, reliance, or cover damages (including lost profits and lost savings). Customer further agrees that, in no event will Johnson Controls' and/or Johnson Controls Supplier's aggregate liability regardless of cause (including, but not limited to, liability for negligence, strict liability, breach of contract, misrepresentation and other contract or tort claims) arising from the provision of or failure to provide SSS and/or

Customer's use of or inability to use any Covered Software or related System, exceed the lesser of USD\$1,000 or the total SSS Fees paid by Customer.
A.15. Lynx Network Duress and Emergency Notification System ("Lynx System"). Intentionally left blank – Lynx System/Services have not been purchased.
A.16. RFID Tracking System ("System"). Intentionally left blank – RFID Systems have not been purchased.
A.17. HID SEOS Mobile Credential Service ("Service"). If HID SEOS Mobile Credential Service is purchased, the following terms shall govern Customer's use of the Service and shall survive termination or expiration of the Agreement. 1. Johnson Controls will provide customer with the ability to utilize HID SEOS Mobile Credential Service in their physical access control environment. As used herein the term "Data" shall mean any data or information used/required by Customer to manage or run its access control system, including, but not limited to, information used to authenticate users and permit access to Customer's premises. To the extent that the "Service" to be provided include hosting, storage, management, or conversion of Customer Data, or (5) updates or upgrades to Customer's access control system software and/or associated data/database, Customer understands and agrees that (a) during performance of the Service, any Data converted into a format compatible with the database, or placed or stored within the database may be lost, damaged, or compromised; (b) Customer is responsible to take appropriate measures to protect the Data prior to receiving or using the Service, including, but not limited to, masking personally identifiable information and performing backups; (c) Johnson Controls will take reasonable technical, administrative and information security measures to protect the Data; and (d) Johnson Controls will not be held responsible or liable for any loss, damage, or claims arising from or out of the loss or compromise of any Data. 2. In connection with Customer's use of and Johnson Controls' provision of the Service, Customer, Johnson Controls, and/or Johnson Controls' Subcontractors, may transmit, record, store, provide and/or receive unencrypted Data ("Transmissions") via the Internet. Johnson Controls and/or its Subcontractors may store such Transmissions in off-shore facilities. Johnson Controls does not warrant the integrity, accuracy, confidentiality, or security of such Transmissions with regard to unauthorized use, disclosure, corruption, interception or otherwise (collectively, "Security Risks"). Customer hereby assumes and releases Johnson Controls of and from all Security Risks and any associated damages or liability arising out of or related to Data Transmissions and Data Security Risks. Customer is responsible for all Internet Service Provider and telecommunication charges incurred by Customer to facilitate Data Transmissions. 3. Customer acknowledges and agrees that Johnson Controls shall have no liability whatsoever for the content of the Transmissions or signals and/or data transmission failures regardless of (a) the cause of such transmission failure; (b) whether Johnson Controls had knowledge of or should have had knowledge of any such failure or the content of any such Transmissions; and/or (c) whether Customer has paid Johnson Controls for any such Services. Customer acknowledges that the use of radio frequencies, cellular devices, and wireless equipment may be regulated and controlled by the Federal Communications Commission and changes in rules, regulations and policies may necessitate Johnson Controls' discontinuance of any equipment, systems, or Services here under. The Customer agrees that the liability of any Johnson Controls third-party service/software provider ("Subcontractor"), including but not limited to any wireless service/equipment provider, is limited in accordance with, and such Subcontractor(s) may invoke, the provisions of this section. 4. THE CUSTOMER SHALL INDEMNIFY AND SAVE HARMLESS AND, AT ITS OWN COST AND EXPENSE, DEFEND JOHNSON CONTROLS FROM AND AGAINST ANY AND ALL DAMAGES, LIABILITIES AND COSTS OR EXPENSE OF ANY KIND ARISING OUT OF OR FROM ANY DATA CONVERTED, STORED, HOSTED, OR TRANSMITTED BY, TO, OR FROM JOHNSON CONTROLS OR ITS SUBCONTRACTORS OR FOR ANY REASON OUT OF THE RELEASE, REPRODUCTION, CIRCULATION, PUBLICATION OR USE OF ANY SUCH DATA BY ANYONE, INCLUDING, BUT NOT LIMITED TO, CAUSES OF ACTION FOR IDENTITY THEFT, PERSONAL INJURY, FALSE ARREST, FALSE IMPRISONMENT, OR MALICIOUS PROSECUTION.
A.18. Customer For Life Program ("Service"). Intentionally left blank – Service has not been purchased.
A.19. Outdoor Radar Perimeter Protection. Intentionally left blank – System has not been purchased.
A.20. Self-Printing Service. Intentionally left blank – Service has not been purchased.
A.21. Audio Enabled Devices. Intentionally left blank – Equipment has not been purchased.
A.22. Proactive Health Services. Intentionally left blank - Services have not been purchased.
A.23. Automated Notification. Intentionally left blank - Services have not been purchased.
A.24. Remote Technical Services. Intentionally left blank - Services have not been purchased
A.25. Anyvision Devices. Intentionally left blank – Equipment has not been purchased.
A.26. WhosOnLocation Service. Intentionally left blank - Services have not been purchased.
A.27. Vape Detection System. Intentionally left blank - Services have not been purchased.
A.28. Alcatraz Cloud Service. Intentionally left blank - Services have not been purchased.
A.29. CloudVue Service. Intentionally left blank - Services have not been purchased.
A.30. Visual Alarm Verification Service. Intentionally left blank - Services have not been purchased.
A.31. Halo Smart Sensor System. Intentionally left blank - System have not been purchased.
A.32. Embedded Resource Services. Intentionally left blank - Service have not been purchased.
A.33. Open Path System. Intentionally left blank - System or Service have not been purchased.
A.34 Open Eye Cloud Video Platform ("Open Eye Services"). Intentionally left blank - System or Service have not been purchased.
A.35 Sabre Systems Services. Intentionally left blank - System or Service have not been purchased.
A.36 Cantronics Telethermographic Device. Intentionally left blank - System or Service have not been purchased.
A.37. Digital Barriers Telethermographic System. Intentionally left blank - System or Service have not been purchased.
A.38. Installation and Lease Subscription Services for Evolv Express. Intentionally left blank - System or Service have not been purchased.
A.39. Installation and Purchase Subscription Services for Evolv Express. Intentionally left blank - System or Service have not been purchased.
A.40. Illustra Telethermographic System. Intentionally left blank - System or Service have not been purchased.
A.41. Wello Body Temperature Detection System. Intentionally left blank - System or Service have not been purchased.
A.42. ZKTECO Temperature System. Intentionally left blank - System or Service have not been purchased.
A.43. Milestone Video Surveillance Equipment. Intentionally left blank - System or Service have not been purchased.
A.44. SES Mobile-Based Keyless Access Control System. Intentionally left blank - System or Service have not been purchased.
A.45. Solink Cloud Video Services. Intentionally left blank - System or Service have not been purchased.
A.46. Qolsys Panel. Intentionally left blank - Panel have not been purchased.
A.47. GuardRFID. Intentionally left blank - Panel have not been purchased.
A.48. Purchase and Subscription Services for Motorola Concealed Weapons Detection System. Intentionally left blank - Panel have not been purchased.
A.49. Installation and Subscription Services for Motorola Concealed Weapons Detection System. Intentionally left blank - Panel have not been purchased.

A.50. Additional Services. If any other services, including but not limited to the following, are being furnished under this Agreement, Customer and Johnson Controls will enter into a separate Rider that will be attached to and incorporated as part of this Agreement: (a) Select Link - Immediate Response Information System (IRIS) (b) Managed Access Control (c) Electronic Article Surveillance ("EAS") (d) Guard Response Service (e) Radio Frequency Identification ("RFID") (f) Training Services (g) Watchman's Reporting Service.

B. Warranty (90-Day). 1. If the transaction type is "Direct Sale", any part of the System (as distinguished from the Firmware/Software) installed under this Agreement, including the wiring, which proves to be defective in material or workmanship within ninety (90) days of the date of completion of the installation ("Warranty Period"), will be repaired or replaced, at in Johnson Controls' option with a new or functionally operative part. Materials required to repair or replace such defective components will be furnished at no charge during the Warranty Period. Warranty Services will be furnished during Johnson Controls' "Normal Working Hours" (between 8:00 A.M. and 4:30 P.M. Monday through Friday, except holidays). Warranty Service performed outside of these hours is subject to additional charges. 2. For "Johnson Controls-Owned" equipment/systems: (a) the equipment/systems are provided "AS IS" and without warranty; and (b) Customer is responsible to maintain such equipment/system in good working order.

3. The following "Conditions" are not covered by Warranty: (a) damage or extra service time needed resulting from accidents, acts of God, lightning, strikes, riots, floods, terrorism, acts of War, alteration, misuse, tampering or abuse, adjustments, repairs or maintenance not performed by Johnson Controls, or from parts, equipment, accessories, attachments or other devices not furnished by Johnson Controls; (b) Customer's failure to properly follow operating instructions provided by Johnson Controls or OEM; (c) adjustments necessitated by misalignment of video cameras, improper adjustment of monitor brightness and contrast tuning dials or insufficient light on the area viewed by the camera(s); (d) trouble due to interruption of Internet, telecommunications, and/or electrical service; (e) battery failure; (f) devices designed to fail in protecting the equipment/system, such as, but not limited to, fuses and circuit breakers; and (g) System modifications/customization requested by Customer. If Customer calls Johnson Controls for Warranty Service and Johnson Controls' representative finds that one of the "Conditions" has led to the inoperability or apparent inoperability of the Equipment/System or any component, Johnson Controls may bill Customer for the service call whether or not Johnson Controls actually works on the Equipment/System. If repairs are required due to one of the above "Conditions", Johnson Controls will charge Customer for such work on a time and materials basis at Johnson Controls' then applicable rates for labor and materials.

4. THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE CUSTOMER'S EXCLUSIVE REMEDY WITH RESPECT TO ANY AND ALL LOSSES OR DAMAGES RESULTING FROM ANY CAUSE WHATSOEVER, INCLUDING JOHNSON CONTROLS' NEGLIGENCE, IS REPAIR OR REPLACEMENT AS SPECIFIED ABOVE. JOHNSON CONTROLS WILL IN NO EVENT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY NATURE, INCLUDING WITHOUT LIMITATION, DAMAGES FOR PERSONAL INJURY OR DAMAGES TO PROPERTY, HOWEVER OCCASIONED, WHETHER ALLEGED AS RESULTING FROM BREACH OF WARRANTY OR CONTRACT BY JOHNSON CONTROLS OR NEGLIGENCE OF JOHNSON CONTROLS OR OTHERWISE. Johnson Controls makes no and specifically disclaims all representations or warranties that the services, products, software or third party product or software will be secure from cyber threats, hacking or other similar malicious activity, or will detect the presence of, or eliminate, treat, or mitigate the spread transmission, or outbreak of any pathogen, disease, virus or other contagion, including but not limited to COVID 19.

5. Unless agreed to in writing by the parties, any technical support, assistance, or advice ("Technical Support") provided by JOHNSON CONTROLS, such as suggestions as to design use and suitability of the Equipment and products for the Customer's application, is provided in good faith, but Customer acknowledges and agrees that JOHNSON CONTROLS is not the designer, engineer, or installer of record. Any Technical Support is provided for informational purposes only and shall not be construed as a representation or warranty, express or implied, concerning the proper selection, use, and/or application of the Equipment and products. Customer assumes exclusive responsibility for determining if the equipment and products supplied by JOHNSON CONTROLS are suitable for its intended application and all risk and liability, whether based in contract, tort or otherwise, in connection with its application and use of the equipment and products.

C. System Requirements, Miscellaneous. 1. Vaults. Customer must ensure that any Customer vault protected by sound or vibration detector systems has the minimum construction characteristics prescribed by the Underwriters' Laboratories, Inc. 2. System Testing. Customer must test all detection devices or other electronic equipment according to procedures prescribed by Johnson Controls prior to setting the alarm system for closed periods and must notify Johnson Controls promptly if such equipment fails to respond to any such test. 3. Familiarization Period. UNLESS CUSTOMER HAS REJECTED THE FAMILIARIZATION PERIOD (EXCEPT WHERE A FAMILIARIZATION PERIOD IS REQUIRED BY LAW), CUSTOMER AGREES THAT: (a) DURING A FIVE (5) DAY FAMILIARIZATION PERIOD, OR SUCH PERIOD AS IS REQUIRED BY LAW; AND (b) FOLLOWING COMPLETION OF THE INSTALLATION AND THE COMMUNICATIONS CONNECTION TO JOHNSON CONTROLS' CMC (AND DURING ANY APPLICABLE EXTENSIONS), JOHNSON CONTROLS HAS NO OBLIGATION TO, AND WILL NOT, RESPOND TO ANY ALARM SIGNAL RECEIVED AT THE JOHNSON CONTROLS' CMC FROM CUSTOMER'S PREMISES DURING SUCH FAMILIARIZATION PERIOD. CUSTOMER ALSO AGREES THAT DURING SUCH PERIOD JOHNSON CONTROLS HAS NO OBLIGATION TO, AND WILL NOT, NOTIFY ANY AUTHORITIES, CUSTOMER, OR A PERSON ON CUSTOMER'S EMERGENCY CONTACT LIST, OR TAKE ANY OTHER ACTION WITH REGARD TO ANY ALARM SIGNAL JOHNSON CONTROLS RECEIVES, EVEN IF DUE TO AN ACTUAL EMERGENCY EVENT. 4. Special Equipment Requirements. If Customer requires installation or service of equipment in areas inaccessible without the use of lifts or cranes, or if non-standard conditions at the Customer site require special equipment for installation or service, Customer will provide such equipment, or will reimburse Johnson Controls for any applicable charges or fees. 5. Training Services. Johnson Controls provides initial training to Customer on use of the equipment installed at the time of installation. Thereafter, Customer may purchase additional training in one-hour increments at Johnson Controls' then current rate. 6. Site Preparation, Intrusion and Restoration. Unless otherwise noted herein, Customer is responsible for providing: (a) any necessary electric current, (b) an outlet within 10 feet of an alarm control panel, (c) telephone connections, (d) network drops, and (e) any required conduit, wiremold, or other raceway, (f) any required IP address assignments, and (g) additional network software licensing. The installation of the equipment/system may necessarily require cutting, bolting or fastening into Customer's floors, walls and/or ceilings. Johnson Controls shall not be responsible for any expenses related to intrusion, mold, fungi, bacteria, wet/dry rot, patching, floor or wall finishing, or paint, tile, carpet or wallpaper matching, restoration or replacement resulting from installation or service of the equipment/system. 7. Battery Powered Devices. Customer understands that any battery-powered motion detectors, smoke detectors, door and window contact transmitters and other detection sensors installed/serviced under this Agreement require batteries to operate. THESE BATTERY-POWERED DETECTION SENSORS WILL NOT OPERATE, AND THE ALARM WILL NOT SOUND, IF THE BATTERY ENERGY LEVEL OR CHARGE IS LOW, OR DEPLETED. It is Customer's sole responsibility to maintain and replace any batteries. Customer shall carefully read and follow the owner's manual, instructions and warnings for all such equipment and regularly inspect the sensors for dirt and dust buildup and test the sensors weekly to help maintain continued operation. 8. Customer is solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network") and shall supply Johnson Controls secure Network access for providing its services. Products networked, connected to the internet, or otherwise connected to computers or other devices must be appropriately protected by Customer and/or end user against unauthorized access. Customer is responsible to take appropriate measures, including performing back-ups, to protect information, including without limit data, software, or files (collectively "Data") prior to receiving the service or products.

D. Electronic Media; Personal Information; Consent to Call, Text or Email. 1. Electronic Media. Either party may scan, fax, email, image, or otherwise convert this Agreement into an electronic format of any type or form, now known or developed in the future. Any unaltered or unadulterated copy of this Agreement produced from such an electronic format will be legally binding upon the parties and equivalent to the original for all purposes, including litigation. Johnson Controls may rely upon Customer's assent to the terms and conditions of this Agreement, if Customer has signed this Agreement or has demonstrated its intent to be bound whether by electronic signature or otherwise. 2. Personal Information. Customer represents and warrants that Customer has obtained all consents and has the right to (a) disclose to Johnson Controls all personal information disclosed hereunder concerning individuals/employees or other third parties including all information contained in Customer's Emergency Call List ("ECL"); (b) permit Johnson Controls to collect (including consent to record telephone conversations with Johnson Controls), use, disclose and transfer such personal information; and (c) expressly authorizes Johnson Controls to use such personal information to administer the relationship and the agreement between Customer and Johnson Controls, including, but not limited to, contacting Customer personnel at the telephone numbers and/or email addresses provided: (i) using SMS, text, prerecorded messages, or automated calling devices to deliver messages to set/confirm a service/installation appointment; and/or (ii) to provide information or offers about products and services of interest to Customer. Customer acknowledges and agrees that Johnson Controls may share all such information with its parents, subsidiaries, affiliates and its/their successor corporations or any subcontractor or assignee, within and outside the country in which the Customer is located and thereby subject such information to the laws of such countries.

E. Limitation of Liability. 1. Johnson Controls is not an insurer. The amounts Johnson Controls charges Customer are not insurance premiums. Such charges are based upon the value of the Services, System and Equipment provided and are unrelated to the value of Customer's property, the property of others located in Customer's premises, or any risk of loss on Customer's premises. 2. Johnson Controls' services, systems and equipment do not cause and cannot eliminate occurrences of the events they are intended to detect or avert. Johnson Controls MAKES NO GUARANTY OR WARRANTY, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, THAT THE SERVICES, SYSTEM OR EQUIPMENT SUPPLIED WILL DETECT OR AVERT SUCH EVENTS OR THE CONSEQUENCES THEREFROM. Accordingly, Johnson Controls and its suppliers do not undertake any risk that Customer's person or property, or the person or property of others, may be subject to injury or loss if such an event occurs. The allocation of such risk remains with Customer, not Johnson Controls nor its suppliers. Insurance, if any, covering such risk shall be obtained by Customer. Neither of Johnson Controls nor its suppliers shall have any liability for loss, damage or injury due directly or indirectly to events, or the consequences therefrom, which the System or Services are intended to detect or avert. Customer shall look exclusively to its insurer and not to Johnson Controls or its suppliers to pay Customer in the event of any such loss, damage or injury. Customer releases and waives for itself and its insurer all subrogation and other rights to recover from Johnson Controls and its suppliers arising as a result of paying any claim for loss, damage or injury of Customer or another person.

3. If notwithstanding the provisions of this Section E, Johnson Controls and/or one or more of its suppliers are found liable for loss, damage or injury under any legal theory due to a failure of the Services, System or Equipment in any respect, the liability of Johnson Controls and its suppliers shall be limited to a sum equal to 10% of the Annual Service Charge or \$1,000, whichever is greater, as agreed upon damages and not as a penalty, as Customer's sole remedy. This will be the sole remedy because it is impractical and extremely difficult to determine the actual damages, if any, which may result from Johnson Controls' or its suppliers' failure to perform any of its obligations under this Agreement. If Customer requests, Johnson Controls may assume greater liability by attaching a Rider to this Agreement stating the extent of Johnson Controls' additional liability and the additional charges Customer will pay for Johnson Controls' assumption of such greater liability. However, such additional charges are not insurance premiums and Johnson Controls is not an insurer even if it enters into such a Rider.

4. The provisions of this Section E shall apply no matter how the loss, damage or injury or other consequence occurs, even if due to Johnson Controls' or its suppliers' performance or nonperformance of their respective obligations under this Agreement or from negligence, active or otherwise, strict liability, violation of any applicable consumer protection law or any other alleged fault on the part of Johnson Controls, its suppliers, agents or employees.

If any other person, including Customer's subrogating insurer, makes any claim or files any lawsuit against Johnson Controls or its suppliers in any way relating to the Services, System or Equipment that are the subjects of this Agreement, then Customer shall indemnify and hold Johnson Controls and its suppliers harmless from any and all such claims and lawsuits including the payment of all damages, expenses, costs and attorneys' fees.

5. No suit or action shall be brought against Johnson Controls or its suppliers, agents, employees, subsidiaries, affiliates or parents (both direct and indirect) more than one year after the incident that resulted in the loss, injury or damage occurred. Except as provided for herein, Johnson Controls' claims must also be brought within one year. Claims not subject to the one-year limitation include claims for unpaid: (1) contract amounts, (2) change order amounts (approved or requested) and (3) delays and/or work inefficiencies. 6. The provisions of this Section E shall apply to and benefit Johnson Controls and its agents, employees, contractors, subsidiaries, affiliates, parents (both direct and indirect), vendors, suppliers and affinity marketers. If this Agreement provides for a direct connection to a municipal police or fire department or other organization, then that department or other organization may also invoke the provisions of this Section E against any claims due to any failure of such department or organization. Johnson Controls and its suppliers are not responsible for the preservation of any computer programs or data and Customer is responsible for maintaining adequate back-ups.

F. Other Charges; Remedies; Default; Termination. 1. There may be a service charge to Customer for cancelled installation/service appointments if Customer cancels less than 24-hours prior to dispatch, or if Johnson Controls' representative is sent to the Customer's premises in response to a service call for false alarm or System malfunction caused by Customer's operation contrary to instructions, failure to close or properly secure a window, door or other protected point, or improper adjustment of monitors or accessory components. 2. Customer acknowledges and agrees that timely payments of the full amounts listed on invoices is an essential term of this Agreement and that Customer's failure to make payment in full when due is a material breach of this Agreement. Customer further acknowledges that if there is any amount outstanding on an invoice, it is material to Johnson Controls and will give Johnson Controls, without prejudice to any other right or remedy, the right to, without notice, (a) suspend, discontinue or terminate performing any Services and/or withhold further deliveries of equipment and other materials, terminate or suspend any unpaid software licenses, and/or suspend Johnson Controls' obligations under or terminate this Agreement and (b) to charge Customer interest on the amounts unpaid at a rate equal to the lesser of one and a half percent (1.5%) per month or the maximum rate permitted under applicable law, until payment is made in full; and c) pay all of Johnson Controls' costs of collection, including (1) actual out of pocket expenses and (2) charge Customer a collection fee of twenty-five percent (25%) of the past due amount if collected through a collection agency or attorney and thirty-five percent (35%) if litigation is commenced to collect such past due amount. Johnson Controls' election to continue providing future Services does not, in any way, diminish Johnson Controls' right to terminate or suspend Services or exercise any or all rights or remedies under this Agreement. Johnson Controls shall not be liable for any damages, claims, expenses or liabilities arising from or relating to suspension of services for non-payment. In the event that there are exigent circumstances requiring Services or Johnson Controls otherwise performs Services at the premises following suspension, those Services shall be governed by the terms of this Agreement unless a separate contract is executed. If Customer disputes any late payment notice or Johnson Controls' efforts to collect payment, Customer shall immediately notify Johnson Controls in writing and explain the basis of the dispute. In the event of Customer's default, the balance of any outstanding amounts will be immediately due and payable. Installation Charge(s) are based on Johnson Controls performing the installation with its own personnel. If for any reason installation must be performed by outside contractors, Installation Charge(s) may be subject to revision. 3. If either party fails to perform any of its material obligations under this Agreement, the other party shall provide written notice thereof to the party alleged to be in default. Should the party alleged to be in default fail to respond in writing or take action to cure the alleged default within ten (10) days of receiving such written notice, the notifying party may terminate this Agreement by providing written notice of such termination. 4. In addition to any other remedies available to Johnson Controls, Johnson Controls may terminate this Agreement, or the affected portions, and discontinue any Service(s), at its sole discretion, upon notice to Customer if: (a) Johnson Controls' central monitoring center ("CMC") or remote operations center or either of these centers is substantially damaged by fire or catastrophe or if Johnson Controls is unable to obtain any connections or privileges required to transmit signals between the Customer's premises, Johnson Controls' CMC or the Municipal Fire or Police Department or other first responder; (b) Customer fails to follow Johnson Controls' recommendations for the repair or replacement of defective parts of the Equipment or System not covered under the Warranty or Service; (c) Customer's failure to follow the operating instructions provided by Johnson Controls results in System malfunction; (d) the premises in which the Equipment or System is installed are unsafe, unsuitable, or so modified or altered after installation as to render continuation of Service(s) impractical or impossible; (e) Johnson Controls' performance of its obligations becomes impracticable due to obsolescence or unavailability of systems, Equipment, or products (including component parts and/or materials) or because Johnson Controls or its supplier(s) has discontinued the manufacture or the sale of the Equipment and/or products or is no longer in the business of providing the Services; (f) Johnson Controls' performance of its obligations are prohibited because of changes in applicable laws, regulations or codes; (g) Customer fails to make payments when due; (h) in the event Johnson Controls is unable, after reasonable commercial efforts, to acquire and provide steel products, or products made from plastics or other commodities, if required to perform work required by this Agreement; (i) Customer fails to maintain any required licenses or permits; (j) Johnson Controls receives an excessive number of false alarms. In addition, if the Equipment or system continuously sends signals that Johnson Controls reasonably determines to be false or excessive, the Customer will be responsible for additional costs and fees incurred by Johnson Controls in receiving and/or responding to these signals. Johnson Controls will not be liable for any damages or subject to any penalty as a result of any such termination.

G. Hazardous Materials. For all projects except those involving new construction, Customer represents and warrants that to the best of Customer's knowledge the work site is free of any hazardous materials. The term "hazardous materials" includes but is not limited to asbestos, asbestos-containing material, polychlorinated biphenyl ("PCB"), formaldehyde or other potentially toxic or otherwise hazardous material. If any such substance is discovered on the work site, Johnson Controls will not be required to install or service the Equipment at such site unless and until Customer certifies the removal or safe containment of such hazardous materials. Customer shall indemnify, defend, and hold Johnson Controls, its officers, directors, agents, and vendors harmless from any damages, claims, injuries, liabilities resulting from the exposure of Johnson Controls' employees, contractors, or subcontractors to hazardous materials at the work site; provided, however, that the foregoing provision will not apply when it has been determined that such hazardous materials were brought to the work site by Johnson Controls.

H. Waivers. 1. Waiver of Jury Trial. CUSTOMER AND JOHNSON CONTROLS BOTH AGREE TO WAIVE THEIR RIGHT TO A JURY TRIAL IN ANY LEGAL PROCEEDING ARISING OUT OF OR IN ANY MANNER CONNECTED WITH OR RELATED TO THIS AGREEMENT. 2. Mutual SAFETY Act Waiver. Certain of Johnson Controls' systems and services have received Certification and/or Designation as Qualified Anti-Terrorism Technologies ("QATT") under the Support Anti-terrorism by Fostering Effective Technologies Act of 2002, 6 U.S.C. §§ 441-444 (the "SAFETY Act"). As required under 6 C.F.R. 25.5 (e), to the maximum extent permitted by law, Johnson Controls and Customer hereby agree to waive their right to make any claims against the other for any losses, including business interruption losses, sustained by either party or their respective employees, resulting from an activity resulting from an "Act of Terrorism" as defined in 6 C.F.R. 25.2, when QATT have been deployed in defense against, response to, or recovery from such Act of Terrorism.

I. Miscellaneous. 1. Enforceability. If any of the provisions of this Agreement shall be determined to be invalid or unenforceable, the remaining provisions shall remain in full force and effect. 2. Paragraph and Section Headings; Captions; Counterparts. The headings and captions contained in this Agreement are inserted for convenience or reference only, and are not to be deemed part of or to be used in construing this Agreement. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all such separate counterparts shall together constitute but one and the same agreement. 3. FARs. Johnson Controls supplies "commercial items" within the meaning of the Federal Acquisition Regulations (FAR), 48 CFR Parts 1-53. As to any customer order for a U.S. Government contract, Johnson Controls will comply only with those mandatory flow-downs for commercial item and commercial services subcontracts listed either at FAR 52.244-6, or 52.212-5(e)(1), as applicable. 4. Export Control. Customer shall not export or re-export, directly or indirectly, any: (i) product or service provided under this Agreement; (ii) technical data; (iii) software; (iv) information; or (v) items acquired under this Agreement to any country for which the United States Government (or any agency thereof) requires an export license or other approval without first obtaining any licenses, consents or permits that may be required under the applicable laws of the U.S. or other foreign jurisdictions, including the Export Administration Act and Regulations and shall incorporate in all export shipping documents the applicable destination control statements. Customer shall, at its own expense, defend, indemnify and save Johnson Controls harmless from and against all third-party claims, liability, loss or damage (including attorneys' fees and other defense costs), assessed against or suffered by Johnson Controls as a result of an allegation or claim of noncompliance by Customer with this Section. The obligations contained in this Section shall survive the termination or expiration of this Agreement. 5. Insurance. Johnson Controls maintains comprehensive General Liability and Automobile Liability Insurance in amounts that meet or exceed: \$1,000,000 per incident - \$2,000,000 in the aggregate and Worker's Compensation coverage as required by law. Johnson Controls will not be required to provide a waiver of subrogation in favor of any party, nor will Johnson Controls be required to designate any party as a statutory employer for any purposes.

6. Johnson Controls Brand. Without exception, Johnson Controls-branded Signage, including yard signs, window stickers and warning signs will remain the property of Johnson Controls and may be removed by Johnson Controls at any time. Customer's right to display Johnson Controls-branded Signage is not transferable and ceases upon termination or expiration of this Agreement. 7. Resale. If Johnson Controls is connecting to a previously installed existing system, to the extent the previously installed existing system is Customer's property, it shall remain Customer's property.

J. System Software; Network Connections. 1. Any software provided with the System or in connection with the Services is proprietary to Johnson Controls and/or Johnson Controls' supplier(s) and is licensed or sublicensed to Customer on a non-exclusive basis. Customer may not (a) disclose the Software or source code to any third parties, (b) duplicate, reproduce, or copy all or any part of the Software, or (c) use the Software on equipment other than with the designated System with which it was furnished. A separate Software License Agreement or End User License Agreement between Johnson Controls and Customer and/or the software publisher may be required to use the software and/or obtain updates/upgrades. If the installed Equipment is to be connected to Customer's computer network ("Network"), Johnson Controls will furnish and install the software needed to run the Equipment and will connect the Equipment to the Network according to the Network settings supplied by Customer. Installation shall not include modifications to the Network, security, or firewall settings. Customer will supply a TCP/IP Ethernet network address and central processing unit per Johnson Controls specifications for access control system operation. Johnson Controls shall not be responsible for the setup, operation, or maintenance of the Network or Network performance or compatibility issues. Johnson Controls may assess additional charges, if Johnson Controls is unable to connect to the Network or if any additional Equipment is required to facilitate connectivity between the Network and the Equipment. 2. Open Source Software. Johnson Controls represents and warrants to the end user of the System that, to the extent the System includes any Open Source Software, the internal use and operation of the System by the end user will not create any obligation on the part of the end user under the terms of any Open Source License (i) to make any source code or object code available to third parties, or (ii) to license, disclose or otherwise make available to third parties any proprietary software, data or other information, or any associated intellectual property. As used herein, the term "Open Source Software" means any software, program, module, code, library, database, driver or similar component (or portion thereof) that is royalty free, proprietary software, the use of which requires any contractual obligations by the user such as, without limitation, that software that is subject to, distributed, transmitted, licensed or otherwise made available under any of the following licenses: GNU General Public License, GNU Library or "Lesser" Public License, Berkeley Software Distribution (BSD) license (including Free BSD and BSD-style licenses), MIT license, Mozilla Public License, IBM Public License, Apache Software License, Artistic license (e.g., PERL), Sun Industry Standards Source License, Sun Community Source License (SCSL), Intel Open Source License, Apple Public Source License, or any substantially similar license, or any license that has been approved by the Open Source Initiative, Free Software Foundation or similar group (collectively, "Open Source Licenses").

K. Force Majeure. Johnson Controls assumes no liability for delays in installation of the Equipment or for the consequences therefrom, however caused. Johnson Controls shall not be liable, nor in breach or default of its obligations under this Agreement, for delays, interruption, failure to render services, or any other failure by Johnson Controls to perform an obligation under this Agreement, where such delay, interruption or failure is caused, in whole or in part, directly or indirectly, by a Force Majeure Event. A "Force Majeure Event" is a condition or event that is beyond the reasonable control of Johnson Controls, whether foreseeable or unforeseeable, including, without limitation, acts of God, severe weather (including but not limited to hurricanes, tornados, severe snowstorms or severe rainstorms), wildfires, floods, earthquakes, seismic disturbances, or other natural disasters, acts or omissions of any governmental authority (including change of any applicable law or regulation), epidemics, pandemics, disease, viruses, quarantines, or other public health risks and/or responses thereto, condemnation, strikes, lock-outs, labor disputes, an increase of 5% or more in tariffs or other excise taxes for materials to be used on the project, fires, explosions or other casualties, thefts, vandalism, civil disturbances, insurrection, mob violence, riots, war or other armed conflict (or the serious threat of same), acts of terrorism, electrical power outages, interruptions or degradations in telecommunications, computer, network, or electronic communications systems, data breach, cyber-attacks, ransomware, unavailability or shortage of parts, materials, supplies, or transportation, or any other cause or casualty beyond the reasonable control of Johnson Controls. If Johnson Controls' performance of the work is delayed, impacted, or prevented by a Force Majeure Event or its continued effects, Johnson Controls shall be excused from performance under the Agreement. Without limiting the generality of the foregoing, if Johnson Controls is delayed in achieving one or more of the scheduled milestones set forth in the Agreement due to a Force Majeure Event, Johnson Controls will be entitled to extend the relevant completion date by the amount of time that Johnson Controls was delayed as a result of the Force Majeure Event, plus such additional time as may be reasonably necessary to overcome the effect of the delay. To the extent that the Force Majeure Event directly or indirectly increases Johnson Controls' cost to perform the services, Customer is obligated to reimburse Johnson Controls for such increased costs, including, without limitation, costs incurred by Johnson Controls for additional labor, inventory storage, expedited shipping fees, trailer and equipment rental fees, subcontractor fees, compliance with vaccination requirements or other costs and expenses incurred by Johnson Controls in connection with the Force Majeure.

L. Assignment. This Agreement is not assignable by the Customer except upon written consent of Johnson Controls first being obtained. Johnson Controls shall have the right to assign this Agreement or to subcontract any of its obligations under this Agreement without notice to Customer.

M. Digital Enabled Services, Software and Hosted Software Services. If Johnson Controls provides Digital Enabled Services under this Agreement, these Digital Enabled Services require the collection, transfer and ingestion of building, equipment, system time series, and other data to Johnson Controls' cloud-hosted software applications. Customer consents to and grants Johnson Controls right to collect, ingest and use such data to enable Johnson Controls and its affiliates and agents to provide, maintain, protect, develop and improve the Digital Enabled Services and Johnson Controls products and services. Customer acknowledges that, while Digital Enabled Services generally improve equipment performance and services, Digital Enabled Services do not prevent all potential malfunction, insure against all loss, or guarantee a certain level of performance. Customer shall be solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network"), shall appropriately protect hardware and products connected to the Network and will supply Johnson Controls secure Network access for providing its Digital Enabled Services. As used herein, "Digital Enabled Services" mean services provided hereunder that employ Johnson Controls software and related equipment installed at Customer facilities and Johnson Controls cloud-hosted software offerings and tools to improve, develop, and enable such services. Digital Enabled Service may include, but are not limited to, (a) remote servicing and inspection, (b) advanced equipment fault detection and diagnostics, and (c) data dashboarding and health reporting. If Customer accesses and uses Software that is used to provide the Digital Enabled Services, the Software Terms (defined below) will govern such access and use.

Johnson Controls Digital Solutions. Use, implementation, and deployment of the software and hosted software products ("Software") offered under these terms shall be subject to, and governed Johnson Controls' standard terms for such Software and Software related professional services in effect from time to time at www.johnsoncontrols.com/techterms (collectively, the "Software Terms"). Specifically, the Johnson Controls General EULA set forth at www.johnsoncontrols.com/buildings/legal/digital/generaleula governs access to and use of software installed on Customer's premises or systems and the Johnson Controls Terms of Service set forth at www.johnsoncontrols.com/buildings/legal/digital/generaltos govern access to and use of hosted software products. The applicable Software Terms are incorporated herein by this reference. Other than the right to use the Software as set forth in the Software Terms, Johnson Controls and its licensors reserve all right, title, and interest (including all intellectual property rights) in and to the Software and improvements to the Software. The Software that is licensed hereunder is licensed subject to the Software Terms and not sold. If there is a conflict between the other terms herein and the Software Terms, the Software Terms shall take precedence and govern with respect to rights and responsibilities relating to the Software, its implementation and deployment and any improvements thereto.

Notwithstanding any other provisions of this Agreement, unless otherwise agreed, the following terms apply to Software that is provided to Customer on a subscription basis (i.e., a time limited license or use right), (each a "Software Subscription"): Each Software Subscription provided hereunder will commence on the date the initial credentials for the Software are made available (the "Subscription Start Date") and will continue in effect until the expiration of the subscription term noted in the applicable statement of work, order or other applicable ordering document. At the expiration of the Software Subscription, such Software Subscription will automatically renew for consecutive one (1) year terms (each a "Renewal Subscription Term"), unless either party provides the other party with a notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term. To the extent permitted by applicable law, Software Subscriptions purchases are non-cancelable, and the sums paid nonrefundable. Fees for Software Subscriptions shall be paid annually in advance, invoiced on the Subscription Start Date and each subsequent anniversary thereof. Customer shall pay all invoiced amounts within thirty calendar days after the date of invoice. Payments not made within such time period shall be subject to late charges as set forth in the Software Terms. Unless otherwise agreed by the parties in writing, the subscription fee for each Renewal Subscription Term will be priced at Johnson Controls' then-applicable list price for that Software offering. Any use of Software that exceeds the scope, metrics or volume set forth in this Agreement and applicable SOW will be subject to additional fees based on the date such excess use began.

N. Privacy. 1. Johnson Controls as Processor: Where Johnson Controls factually acts as Processor of Personal Data (as defined therein) on behalf of Customer, the terms at www.johnsoncontrols.com/dpa shall apply. 2. Johnson Controls as Controller: Johnson Controls will collect, process and transfer certain personal data of Customer and its personnel related to the business relationship between it and Customer (for example names, email addresses, telephone numbers) as controller and in accordance with Johnson Controls' Privacy Notice at <https://www.johnsoncontrols.com/privacy>. Customer acknowledges Johnson Controls' Privacy Notice and strictly to the extent consent is mandatorily required under applicable law, Customer consents to such collection, processing and transfer. To the extent consent to such collection, processing and transfer by Johnson Control is mandatorily required from Customer's personnel under applicable law, Customer warrants and represents that it has obtained such consent.

O. Dispute Resolution: Johnson Controls shall have the sole and exclusive right to determine whether any dispute, controversy or claim arising out of or relating to the Agreement, or the breach thereof, shall be submitted to a court of law or arbitrated. The laws of Delaware shall govern the validity, enforceability, and interpretation of this Agreement, without regard to conflicts of law principles thereof, and the exclusive venue for any such litigation or arbitration shall be in Milwaukee, Wisconsin. The parties waive any objection to the exclusive jurisdiction of the specified forums, including any objection based on forum non conveniens. In the event the matter is submitted to a court, Johnson Controls and Customer hereby agree to waive their

right to trial by jury. In the event the matter is submitted to arbitration by Johnson Controls, the costs of arbitration shall be borne equally by the parties, and the arbitrator's award may be confirmed and reduced to judgment in any court of competent jurisdiction. Except as provided below, no claim or cause of action, whether known or unknown, shall be brought by either party against the other more than one year after the claim first arose. Claims not subject to the one-year limitation include claims for unpaid: (1) contract amounts, (2) change order amounts (approved or requested) and (3) delays and/or work inefficiencies. Customer will pay all of Johnson Controls' reasonable collection costs (including legal fees and expenses).
