TWO (2) YEAR CONTRACT TO PROVIDE ENVIRONMENTAL TESTING AND CONSULTING IN COORDINATION WITH DEMOLITION PROCEEDINGS FOR THE JEFFERSON PARISH DEPARTMENT OF INSPECTION AND CODE ENFORCEMENT (DANGEROUS BUILDING ABATEMENT)

Background

The Jefferson Parish Department of Inspection and Code Enforcement has issued this bid for the purpose of obtaining responsive bids to establish a two year contract to provide environmental testing and consulting in coordination with demolition proceedings on an as-needed basis, for Jefferson Parish.

The awarded contract will include projects for the Department of Inspection and Code Enforcement and may be utilized by other Departments. The number and aggregate dollar value of total jobs to be performed under the contract is unknown and not guaranteed. Quantities listed are Jefferson Parish's best estimate and do not obligate Jefferson Parish to order or accept more than its actual requirements during the period of this agreement as determined by actual needs and availability of appropriated funds.

Requirements

The individual performing the asbestos testing shall have an accredited Asbestos Inspector Certification approved by the Louisiana Department of Environmental Quality. The Contractor shall provide a copy of its current certification within ten (10) days of the opening of bids.

Pre-Bid Conference

A Pre-Bid Conference will be held at 9:00 a.m. on Friday, July 10 2015, in the Purchasing Department, Suite 4400, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, LA 70053. The Pre-Bid Conference is optional; however, failure to attend the pre-bid conference shall not relieve the bidder of responsibility for information discussed at the conference. Furthermore, failure to attend the pre-bid conference and inspection does not relieve the successful bidder from the necessity of furnishing materials or performing any work that may be required to complete the work in accordance with the specifications with no additional cost to the owner.

Scope of Work/Services

Jefferson Parish Department of Inspection and Code Enforcement anticipates that certain of its projects will be required by the Louisiana Department of Environmental Quality to have asbestos testing performed. Contractor is to provide all necessary equipment, materials, transportation, and labor for said services. Projects must be accomplished in a quality and timely manner.

All services shall be provided on an as-needed basis and there shall be no guarantee as to the amount of work given on a yearly basis.

Evaluation Phase – Upon a request from the Director, Contractor shall study, evaluate, and present its findings for the following:

The Contractor shall inspect the site, gather any suspect material, test and notify the Dangerous Building Abatement Section of the Department of Inspection and Code Enforcement if any suspect material(s) contain asbestos, along with whether the content exceeds that which allowed by law would prompt a Regulated Asbestos Containing Material (RACM) demolition.

Period of Agreement

The term of any contract resulting from this solicitation shall begin on December 15, 2015 and shall continue for a period of two (2) years thereafter.

Location

Location of service to be performed is within unincorporated Jefferson Parish as per individual work orders issued for asbestos testing services requested.

Performance Requirements

Parish of Jefferson will issue a written work order to Contractor for each project, by such means to include e-mail communication, facsimile, hand-delivery, or whatever manner the Parish deems appropriate.

Contractor shall provide the Dangerous Abatement Section of the Department of Inspection and Code Enforcement via e-mail of their completed report within seven (7) calendar days from issuance of the work order. This timeframe may be extended in an amount equal to the time lost due to delays beyond the control of the Parish or the contractor. Such delays may include, but not be limited to, inclement weather, that directly affects Contractor's ability to test, fires, floods, or acts of God. Contractor must notify Parish in writing within twenty-four (24) hours of the event to request the extension. On occasion, the Parish may have a need for emergency asbestos testing which will require that the testing be performed and the report submitted to the Parish within twenty-four (24) hours of issuance of the work order. Accordingly, this requirement is included as a line item in this bid.

Contractor shall have sufficient equipment to perform Parish work at all times.

Contractor must coordinate with the Department of Inspection and Code Enforcement to assure efficient, effective, and cost-effective project completion.

Contractor must submit an invoice within forty-five (45) days of successful completion to the Department of Inspection and Code Enforcement.

Contractor must maintain a clear line of communication with Jefferson Parish and the Department of Inspection and Code Enforcement.

Liquidated Damages

Time is an essential condition of this contract. Should contractor fail to timely provide the completed regular report to the Parish within seven (7) calendar days, without a formal extension by the Parish, the Contractor shall pay to Parish, as liquidated damages, a \$25.00 per day. Should Contractor fail to timely provide the completed emergency report within twenty-four (24) hours without a formal extension by the Parish, Contractor shall pay \$10.00 per hour. All damages from this Section shall be deducted from the contractor's invoice for the cost of testing.
