

Statement of Qualifications - Professional Services for

Landscape Architecture

SOQ NO. 22-017

Statement of Qualifications By:

DDG

April 14, 2022

Prepared For:
Jefferson Parish Government
Purchasing Department
504.364.2678

TEC Professional Services Questionnaire

A. Project Name and Advertisement Resolution Number:
Streets Projects - SOQ No. 22-009, Resolution 138810

B. Firm Name & Address:

Duplant Design Group, PC
4141 Bienville Street
New Orleans, LA 70119

C. Name, title & contact information of Firm Representative, as defined in Section 2-926 of the Jefferson Parish Code of Ordinances, who is a registered, licensed architect, professional engineer, or surveyor in the State of Louisiana:

Chad Danos, FASLA, PLA
Director of Landscape Architecture
4141 Bienville Street
New Orleans, LA 70119
504.434.6565
cdanos@ddgpc.com

D. Name and contact information of employee who is registered and licensed architect, professional engineer, or surveyor in the State of Louisiana in the applicable discipline. A subcontractor may be substituted here only if the advertised Project requirements more than one discipline.

Chad Danos, FASLA, PLA
Director of Landscape Architecture
4141 Bienville Street
New Orleans, LA 70119
504.434.6565
cdanos@ddgpc.com

E. Please provide the number of employees whose primary function corresponds with each category

<u>14</u> Administrative	___ Estimators	___ Specification Writers

		<u>113</u> TOTAL

F. Is this submittal by a JOINT-VENTURE? Please check:

YES ☐ NO ☒

If marked "No" skip to Section H. "Yes" completed Sections F-G.

TEC Professional Services Questionnaire

G. If submittal is by JOINT-VENTURE, list the firms participating and outlines specific areas of responsibility (including administrative, technical and financial) for each firm. Please attach additional pages if necessary.

1. N/A

2.

H. Has this JOINT-VENTURE previously worked together? Please check:

YES ☐ NO ☐

I. List all subcontractors anticipated for this Project. Please note that all subcontractors must submit a fully completed copy of this questionnaire, applicable licenses, and any other information required by the advertisement. See Jefferson Parish Code of Ordinances, Sec. 2-928(a)(3). Please attach additional pages if necessary.

Name & Address:	Specialty:	Worked with Firm Before (Yes or No):
N/A		

J. Please specify the total number of support personnel that may assist in the completion of this Project:

6

TEC Professional Services Questionnaire

K. List the professional in charge, key persons, specialists, and individual consultants anticipated for this Project and provide their relevant information below. If necessary, please attach additional documentation (i.e. resume) that demonstrates the employment history and experience of the Firm's key persons that may assist in the completion of this Project. Please attach additional pages if necessary.

PROFESSIONAL IN CHARGE OF PROJECT:

Name & Title:

Chad D. Danos, FASLA, PLA
Landscape Architecture Division Lead

Project Assignment:

Principal-in-Charge

Name of Firm with which associated:

Duplantis Design Group, PC

Years' experience with this firm:

11 Years

Education: Degree(s)/Year/Specialization:

Bachelor of Landscape Architecture, Louisiana State University, 1990
FDOT Bicycle & Pedestrian Planning & Design Training Certification
LaDOTD Project Design and Delivery Training for TAP Projects

Active Registration: Year first registered/disciple

1996, Landscape Architecture

Other experience and qualifications relevant to the proposed Project:

With more than 25 years of experience in both public and private sectors, Chad offers a set of skills to the DDG portfolio of planning, design and implementation of outdoor environments that provide added value to our client's projects. A native of Louisiana, Chad has an intimate awareness of the rich cultural differences and shared values throughout the state, offering Louisiana clients a local and cultural perspective that he utilizes to create successful and regionally appropriate designs.

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:

Name & Title:

Amelia Rusbar, PLA, ASLA
Landscape Architecture Project Manager

Project Assignment:

Project Landscape Architecture

Name of Firm with which associated:

Duplantis Design Group, PC

Years' experience with this firm:

9 Years

Education: Degree(s)/Year/Specialization:

Bachelor of Landscape Architecture, 2012, Louisiana State University

Active Registration: Year first registered/discipline

2019, Landscape Architecture

Other experience and qualifications relevant to the proposed Project:

Amelia grew up in Covington, Louisiana; the only daughter of two landscape architects. She was introduced to the profession at an early age and quickly discovered her passion for designing spaces that bring people together. Joining DDG's Landscape Architecture Division in 2013, Amelia has added a fresh perspective and strong digital design skills to the team. With nearly ten years of experience, Amelia continues to advance her design skills and honed in on project management. She is always looking for design solutions beneficial to DDG's regional clientele. Armed with AutoCAD, Adobe's Creative Suite, and her tablet, she enjoys creating dramatic and well put together graphics and renderings.

Duplantis Design Group (DDG) is a comprehensive design firm and is exceptionally experienced in managing all aspects of a development project. In the 25 years since our founding, our unwavering commitment to client service excellence has allowed us to grow into a multidisciplinary regional firm with over 110 full-time employees and 7 offices across South Louisiana, Texas, and Alabama – Thibodaux (headquarters), New Orleans, Covington, Baton Rouge, Lafayette, Houston and Mobile.

In addition to our design services, we also provide clients with conceptual site planning and master planning, site investigation reports, assisting with property acquisitions, representation at public hearings, permitting, entitlements, and construction administration. From the initial site assessment and due diligence through the project's substantial completion, DDG's team of design professionals pride themselves not only on the technical aspects of a project, but also on our ability to focus on exceeding a clients' expectations and providing top rated client satisfaction.

DDG is proud to help build the communities we call home. We understand the importance of complying with state, local, and federal rules and regulations throughout the life cycle of infrastructure projects. At DDG we know the political environment and funding sources so you can trust us to be your partner to get the job done right.

For purposes of this solicitation, our New Orleans office will be the Principal office, with Baton Rouge used as a branch offices.

WHAT WE DO

25 YEARS OF TOP RATED CLIENT SATISFACTION

With over 2 decades of service, we have found that providing tailored specific services to our clients, regardless of the project location, has resulted in a level of success that our clients have come to expect time and time again. As consultants, our thorough understanding of clients' policies, procedures, and protocols has eased the process of working with an extremely large number of different state and municipal codes and ordinances.

70+ combined years of experience.

100+ completed Parks + Rec projects.

500+ acres of parks designed.

N. Use this space to provide any additional information or description of resources supporting Firm's qualifications for the proposed project. (Continued)

WELL PLANNED + EXPERTLY EXECUTED

PROJECT NEEDS, GOALS + PRIORITIES

DDG has a regimented project management process for each specific project. DDG Project Teams understand management roles throughout the project. DDG's personnel roles require specific technical and management criteria to be maintained and annual reviews to demonstrate management lessons learned throughout a calendar year. The roles are understood, and the Team seamlessly integrates this management to the project. As a result, effective and abundant communication is what keeps the team's interests aligned.

DDG always provides our best, award-winning design talent for our projects. Principal involvement on each project is critical throughout the planning process. Our project assignment strategies provide for this involvement, while experienced, capable project managers and a talented design team guide the day-to-day processes. Our staff size provides for mobilization of additional personnel as projects demand. DDG has the leadership, knowledge, and expertise to provide reliable and responsive service to your project. We realize it is important for all parties to understand the time schedule from day one, and we utilize our staff size, experience and workload to best suit the project. No matter where we work, our team is consistently creative, productive and collectively focused on exceeding client expectations.

PROJECT SCHEDULE

Our firm has executed projects ranging in size from a construction value of tens of thousands of dollars to over \$120 Million. DDG's entire team is capable and experienced in delivering this project type and the scopes of work identified in the RFQ. We recognize that in order for our clients' projects to be successful, communication is of the utmost importance. We truly believe that communication is a "team sport" from understanding and communicating your goals and ideas during the project, to sharing design input with all parties involved, to working together with the contractor during construction. As a result, effective and abundant communication is what keeps the team's interests aligned. Fully leveraging the capacity of this team will be achieved based on an understanding of each individual's expertise, communication of roles and responsibilities, clear assignments, and establishing attainable project milestones.

CURRENT WORKLOAD + CAPACITY

In over 25 years since our founding, our unwavering commitment to excellent client service has allowed DDG to grow into a multi-disciplinary regional firm with seven offices and over 110 full time employees. DDG's team members span Thibodaux (headquarters), Baton Rouge, Covington, Lafayette, New Orleans, Mobile, and Houston. DDG's staff has the ability to handle projects of all types and sizes.

Fully leveraging the capacity of DDG's staff will be achieved on an understanding of each individual's expertise, communication of roles and responsibilities, clear assignments, and establishing attainable project milestones. With the key individuals who are assigned to this project backed by resources who are all Louisiana-based, we are dedicated to providing reliable, responsive service on this project. With a total Louisiana staff of 101 individuals, annual revenues of over \$19M, and with the ability to execute hundreds of projects each year, DDG will provide the leadership necessary to ensure the work is delivered on time, on budget, and to the quality expected by Jefferson Parish Government.

DDG has the staff resources available to assign team members to various projects and begin work immediately. At DDG, we pride ourselves on timely service and recognize that our clients' schedules are a fundamental and critical success factor for their projects - particularly when it involves grant monies with time constraints for expenditure. As a result, we realize it is important for all parties to understand the time schedule from day one, and we utilize our staff size, experience and workload to best suit the project schedule.

O. To the best of my knowledge, the foregoing is an accurate statement of facts.
