Job Storage

Job Storage Description

Job Storage allows you to send the print job to the printer and have it stored there until you print it from the printer's control panel. Some Job Storage jobs allow an optional PIN to be associated with the job for extra security.

Job Storage USB Installation

To enable Job Storage, you must first insert a dedicated USB storage device (with at least 16GB of memory) in the rear USB slot. This USB storage device will hold the Job Storage jobs sent to the printer. If this USB storage device is removed, Job Storage will be disabled on the printer.

Insert the USB drive in the rear USB slot and follow the instructions on the control panel. This USB drive will be dedicated to Job Storage. The front USB slot will not work for Job Storage.

1. The USB cover may need to be removed to reveal the USB slot on some printer models. If there is a cover, remove it.
2. Insert a USB drive with at least 16GB of memory.
3. Follow the Control Panel messages to format the USB drive for Job Storage.

You may need to update your printer driver if you do not find the "Job Storage" tab after enabling the feature in the printer. Go to the following URL for instructions on how to update the printer driver.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Internal Revenue Code 6724 provides any penalties under Section 6721 may be waived if the filer shows the failure to file a correct TIN on an information return was due to reasonable cause and not willful neglect. Filers may prove due diligence and receive a waiver from proposed penalties if they prove the TIN and name combination they submitted matched IRS records. Providing a copy of the Print Screen of your Interactive Results will be considered proof of due diligence.
