RE: Request for Bid 50-00136703, Two (2) Year Contract for Environmental Laboratory Analytical Services for the Jefferson Parish Department of Environmental Affairs

Dear Ms. Ovalle:

Eurofins Pensacola understand that Jefferson Parish Department of Environmental Affairs is looking for a laboratory to provide as needed support for your Parish Water Quality Laboratory and Bacteriology Laboratory. Receiving quality, accurate analytical data is critical to evaluate and monitor environmental performance.

We recommend using a laboratory with a successful history of teaming with clients to provide services in a timely, cost-effective manner. Eurofins Pensacola has extensive experience supporting similar programs. We will work with you to create a custom solution that meets your regulatory needs, data quality objectives and project schedule.

We will provide Jefferson Parish with the following benefits:

- A dedicated Project Manager with the convenience of a single point of contact
- Experienced laboratory staff, fully trained and committed to meeting project specifications and requirements
- Quality data and technically sound solutions on time and within your established budget
- An extensive suite of more than 750 deliverables formats, plus customization to meet or exceed your requirements
- Extensive experience providing long-term analytical support on similar projects
- Reporting through TotalAccess with 24/7 online secured access for reports, chains of custody, cooler receipts, EDDs and invoices

Eurofins Pensacola offers a local presence to provide sampling support from our Baton Rouge service center for supplies drop-off and pick-up convenience.

We can pick up samples in Jefferson Parish on Monday and Wednesday from 6:45 am to 7:45 am. If Jefferson Parish prefers, we can arrange to be available for sample drop off at our Baton Rouge Service center.

We will work with a local certified laboratory, Waypoint Analytical, to provide testing for E. Coli, Fecal Coliform, and Enterococci.

Our affiliated laboratory, Eurofins Lancaster, will provide testing for Dioxins.

Eurofins Pensacola was founded in 1979 as a laboratory specializing in wastewater analyses. During the past 40 years, Pensacola has expanded its capabilities to include a wide range of environmental analyses and services, such as hazardous waste and UST.

The laboratory occupies a modern 22,000 square foot custom-built facility with a staff of 60 dedicated employees. Multiple state certifications nationwide mean that Pensacola offers large project capabilities with rapid turnaround times.

All proposed laboratories are LA DEQ certified.

Thank you for the opportunity to submit this response to 50-00136703 for Environmental Laboratory Analytical Services. We look forward to working with Jefferson Parish to help ensure the success of your analytical program.

Sincerely,

Garrett Ervin
Business Unit Manager

BID FORM
Non Public Works

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES X NO _____

MAXIMUM ESCALATION PERCENTAGE REQUESTED 3 %

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF 2/10/2023.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.
