RE: Bid Number 50-00115770, Pre-Placed Emergency Equipment Rental for the Jefferson Parish Department of Public Works - Streets
Due: March 31, 2016 at 2:00 PM CT

Dear Ms. Camardelle:

We are pleased to submit the enclosed proposal for the **Jefferson Parish Bid Number 50-00115770, Pre-Placed Emergency Equipment Rental for the Jefferson Parish Department of Public Works - Streets**. Ceres Environmental Services, Inc. is an experienced disaster recovery and government contracting firm capable of providing personnel, equipment and resources to rapidly and efficiently respond to a disaster recovery event. Our services include debris removal and segregation, demolition and hazardous material management, debris reduction and site management, and the collection/generation of FEMA-required project documentation.

In 2008, Ceres received an "Outstanding" performance review from the U.S. Army Corps of Engineers for our work in Louisiana following Hurricane Katrina. We are confident that if Ceres is selected for an event response based on this proposal, you will also find our services to be exemplary. We have a long list of satisfied clients and would be pleased to serve your community as well.

Our 20-acre recycling center and equipment facility located in Houston, TX will manage our post-disaster work in Jefferson Parish. Other permanent offices for Ceres Environmental Services, Inc. give us good geographical dispersion. Those offices are located in Sarasota, FL and Brooklyn Park, MN.

Company Officers David A. McIntyre, Owner and President; Steve Johnson, Corporate Secretary; and David Preus, Senior Vice President have signature authority to bind the company and can all be reached by calling Ceres' toll free number 1-800-218-4424.

We look forward to the opportunity to be your supplier of disaster recovery services.

Sincerely,

A handwritten signature in blue ink, appearing to read "David A. Preus".

David A. Preus
Senior Vice President
Ceres Environmental Services, Inc.

Ceres Environmental Services Facts and Highlights

- **Ceres Environmental Services, Inc. has never defaulted on a contract or failed to complete any work awarded.**
- **No client of Ceres has been denied reimbursement for work Ceres has performed.** Ceres' professional staff assists our local clients, upon request, with their preparation and submission of project worksheets for FEMA and other federal agencies.
- It is Ceres' policy and practice to utilize qualified local small, woman-owned, and minority business enterprises to the maximum extent practicable in full compliance with 44 CFR 206.10.
- Founded in 1976 and incorporated in 1995, Ceres has provided emergency management and other services for 40 years to government entities including the United States Government and various states, counties and municipalities throughout the U.S. and its possessions overseas.
- Exemplary Performance on over \$1.7 billion dollars of Emergency Debris Management contracts awarded by various government agencies within the past 24 years and over over 100 FEMA-funded contracts.
- Ceres responded to the Midwestern flooding and Hurricanes Dolly, Gustav and Ike during 2008 and fulfilled all obligations for nine separate contracts, seven of which were performed simultaneously.
- Performed simultaneously Hurricanes Katrina, Rita, and Wilma recovery operations in three states throughout 44 counties and parishes.
- During Hurricane Katrina recovery, 45,000 cubic yards of debris were hauled on the first day of operations and up to 200,000 cubic yards daily after that. Over 13 million cubic yards were hauled and processed.
- Performed over 40,000 Right of Entry (ROE) work orders for "Blue Roof" repairs for the U.S. Army Corps of Engineers on five contracts, with concurrent operations in over 30 counties.
- Recipient of the "Million Work Hours Award" for our superb safety record on the Katrina Debris project for the U.S. Army Corps of Engineers.
- Ceres was recognized by the *Naval Facilities Engineering Command* as one of their finest contractors. The range of our services provide under this multiyear Multiple Award Contract included Demolition, Minor Construction, Site work, Utilities, and Architecture and Engineering.
- Ceres bonded emergency contracts with a total value of \$517 million in 2005-2006 and USACE Emergency Response Contracts in FL totaling \$52 million for 2004.
- Recipient of the Minnesota Governor's Certificate of Commendation for Tree Waste Recycling.
- In order to speed response, Ceres maintains a rapid-response deployment facility in Sarasota, Florida. Additional equipment is stored in Houma, LA and Houston, TX.
- No Regulatory or License Agency Sanctions have been imposed on Ceres Environmental Services, Inc. or any of its principals.
- Federal Employer Identification Number 41-1816075.

Tom Schedler
SECRETARY OF STATE

As Secretary of State of the State of Louisiana I do hereby Certify that

CERES ENVIRONMENTAL SERVICES, INC

A corporation domiciled in BROOKLYN PARK, MINNESOTA,

Filed charter and qualified to do business in this State on September 27, 2005,

I further certify that the records of this Office indicate the corporation has paid all fees due the Secretary of State, and so far as the Office of the Secretary of State is concerned is in good standing and is authorized to do business in this State.

I further certify that this Certificate is not intended to reflect the financial condition of this corporation since this information is not available from the records of this Office.

In testimony whereof, I have hereunto set my hand and caused the Seal of my Office to be affixed at the City of Baton Rouge on,

February 2, 2011

Secretary of State

Chairman

Andy Ramsey
Secretary-Treasurer

Expiration Date: February 24, 2018

License No: 45210

This License Is Not Transferrable

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES _____ NO X

MAXIMUM ESCALATION PERCENTAGE REQUESTED 0 %

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF 45 days from submittal.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

DELIVERY: FOB JEFFERSON PARISH

INDICATE DELIVERY DATE ON EQUIPMENT AND SUPPLIES

48 - 72 hours from contract activation

LOUISIANA CONTRACTOR'S LICENSE NO.: (if applicable)

AFFIDAVIT

STATE OF MN

PARISH/COUNTY OF Hennepin

BEFORE ME, the undersigned authority, personally came and appeared: _____

David A. Preus , (Affiant) who after being by me duly sworn, deposed and said that
he/she is the fully authorized Senior Vice President of Ceres Environmental Services, Inc. (Entity),

the party who submitted a bid in response to Bid Number 50-00115770 , to the Parish of
Jefferson.

Affiant further said:

Campaign Contribution Disclosures

(Choose A or B, if option A is indicated please include the required attachment):

Choice A _____ Attached hereto is a list of all campaign contributions, including the date and amount of each contribution, made to current or former elected officials of the Parish of Jefferson by Entity, Affiant, and/or officers, directors and owners, including employees, owning 25% or more of the Entity during the two-year period immediately preceding the date of this affidavit or the current term of the elected official, whichever is greater. Further, Entity, Affiant, and/or Entity Owners have not made any contributions to or in support of current or former members of the Jefferson Parish Council or the Jefferson Parish President through or in the name of another person or legal entity, either directly or indirectly.

Choice B X there are **NO** campaign contributions made which would require disclosure under Choice A of this section.

Debt Disclosures

(Choose A or B, if option A is indicated please include the required attachment):

Choice A _____ Attached hereto is a list of all debts owed by the affiant to any elected or appointed official of the Parish of Jefferson, and any and all debts owed by any elected or appointed official of the Parish to the Affiant.

Choice B X There are **NO** debts which would require disclosure under Choice A of this section.

Affiant further said:

That Affiant has employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project or in securing the public contract were in the regular course of their duties for Affiant; and

[The remainder of this page is intentionally left blank.]

That no part of the contract price received by Affiant was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project were in the regular course of their duties for Affiant.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of American Fire and Casualty Company, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS – Section 12. Power of Attorney. Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts – SECTION 5. Surety Bonds and Undertakings. Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Gregory W. Davenport, the undersigned, Assistant Secretary, of American Fire and Casualty Company, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 31st day of March, 2016

By: Gregory W. Davenport
Gregory W. Davenport, Assistant Secretary

JOINT WRITTEN ACTION OF THE BOARD OF DIRECTORS AND SHAREHOLDERS OF CERES ENVIRONMENTAL SERVICES, INC.

The undersigned, being the sole member of the Board of Directors and the sole shareholder of Ceres Environmental Services, Inc., a Minnesota corporation (the "Corporation"), does hereby adopt the following resolution in writing effective as of the 6th day of May, 2013:

WHEREAS, the Corporation desires to appoint David Preus to the Corporate Officer position of Vice President. The Vice President will report to, and be subordinate to, and is required to act in the best interest of the Corporation under the direction and supervision of the President.

NOW, THEREFORE, IN CONSIDERATION OF THE FOREGOING, BE IT:

RESOLVED, that David Preus is appointed to the Corporate Officer position of Vice President.

IN WITNESS WHEREOF, the undersigned Board of Directors and Shareholders have set their hands effective as of the day first written above.

4 CAPABILITIES AND EXPERIENCE

Overview

Ceres Environmental Services, Inc. is one of the nation's leading disaster recovery contractors, deploying across North America from its permanent disaster response facilities in Texas, Florida and Minnesota. Since its founding in 1976, Ceres has been awarded over **\$1.7 billion in FEMA-funded disaster recovery projects** across the United States. While under contract for one billion dollars, Ceres was able to complete the work for about half that amount, saving hundreds of millions of dollars for the Government. The U.S. Army Corps of Engineers officially evaluated **Ceres' overall performance during the Katrina cleanup as "Outstanding"**. **Ceres was specifically noted for use of local contractors; quality, efficiency and swiftness of performance; and cooperation while managing a changing and evolving work scope.** Since 1992, Ceres has been directly involved as a prime contractor in post-event recoveries from such major events as Hurricanes Andrew, Georges, Katrina, and Ike; the 1999 Oklahoma City tornado and the 2011 Alabama tornadoes; flooding in Iowa in 2008 and North Dakota in 2011; earthquakes in Haiti in 2010 and New Zealand in 2011; and Superstorm Sandy.

Our mission is to serve units of Government with time-critical disaster recovery and heavy construction services. We have an enviable reputation for speedy deployment, excellent work, and experienced site management. After 40 years of doing demanding work in almost every U.S. state and territory, Ceres is still known for keeping its promises: **Ceres has never defaulted on a contract, failed to complete a contract, nor had any client denied reimbursement.** An evaluation from the Department of the Navy is typical: *"perhaps the finest contractor I have worked with...."* Ceres always adheres to the highest standards of quality, integrity and safety.

The core competencies Ceres commits to every project are:

- Rapid Deployment
- Experienced Project Management
- Financial Stability
- Owned Equipment, and
- Trusted Subcontractors

Rapid Deployment

Over the years, we have developed and refined our ability for rapid response mobilizations. In Cameron County, Texas, Ceres representatives and equipment were in place before Hurricane Dolly hit and a representative of the Ceres Advance Team sheltered in the County Emergency Operations Center before and during landfall with the County officials. In Jefferson Parish, LA, Ceres hauled more than 45,000 cubic yards on the first day of operation. In Kansas City, MO, more than 200 trucks were hauling within 72 hours of contract award. In Florida's Operation Blue Roof, Ceres had more than 180 roofers installing temporary roofs within 72 hours of contract award. For Hurricane Andrew, Ceres provided the U.S. Army Corps of Engineers with 25 new chippers, along with 25 trucks and associated crews within 48 hours of contract award. The clients' performance requirements were met or exceeded throughout the contracts and subsequently, available contract extension options were exercised.

Ceres uses local "teaming partners" as well as strategically placed owned equipment staging and office locations in Sarasota, FL; Houston, TX; and Brooklyn Park, MN. Ceres can provide significant equipment and staffing within 24 hours of storm subsidence.

Experienced Project Management

The company has more than 60 full-time professional and managerial staff with disaster experience, many of whom hold degrees in areas such as: Business Administration, Structural and Civil Engineering, Forestry, Geology, Science and Accounting. As part of the Company's dedication to quality and safety, many of Ceres' management staff are U.S. Army Corps of Engineers certified in Construction Quality Management;

certified in Emergency Management by FEPA; have been certified by FEMA in NIMS; are Red Cross certified in first aid; and have completed OSHA's 40 hour safety training course. Ceres' management is also experienced in a wide variety of geographic conditions. Their work histories include all U.S. states, Puerto Rico, Thule, Greenland, Ascension Island, Haiti and New Zealand.

Ceres' management has demonstrated its ability to respond to large-scale events. Shortly after Hurricanes Katrina and Rita in 2005, the U.S. Army Corps of Engineers (USACE) awarded Ceres a \$1 billion contract for disaster response, including: loading, hauling, reducing, and disposing of debris and white goods; trimming and removal of hazardous trees; demolition of storm damaged buildings; collection of household garbage; environmental sampling and monitoring of disposal sites; and life support services. This contract covered 11 Louisiana Parishes and required the operation of 54 reduction/disposal sites. Ceres achieved a record-setting mobilization, hauling more than 45,000 cubic yards of debris in its first day on the job (from Jefferson Parish, LA). Ceres rapidly achieved large-scale capacity, reaching a maximum production of 194,584 cubic yards per day and eventually hauling, reducing, and disposing over 13.4 million cubic yards of debris, over 315,000 units of white goods, while trimming or removing over 165,000 hazardous trees.

Ceres has the resources and experience to handle multiple events and locations. During the summer of 2008, Hurricanes Dolly, Gustav and Ike all impacted the Gulf Coast. When Dolly hit the Texas coast Ceres was ready, with people and equipment already on the ground in Cameron County, TX. As Ceres' response to Dolly was wrapping up, Gustav hit Louisiana, and two weeks later Ike hit the Houston, TX area. Ceres responded quickly to both new storms, performing in eleven different locations covered by separate debris removal contracts in Texas and Louisiana.

Following Hurricanes Katrina, Rita, and Wilma in 2005, Ceres performed several other emergency response contracts—often at the same time—including: Katrina debris removal for the City of Biloxi; Hurricane Wilma debris removal for the City of Palm Beach Gardens, FL; Katrina debris removal for the Parish of Terrebonne, LA; and the installation of over 22,000 temporary roofs on private residences in two states under two separate "Blue Roof" contracts with the U.S. Army Corps of Engineers (USACE). During this same period, Ceres maintained its schedule on its non-disaster construction and environmental work for the US Department of Agriculture, the Army Corps, and other customers in CA, TX, AR, MN, and PR.

Our successful experience in multiple response situations as well as our substantial resources and teaming relationships, assures that Ceres performance on this project will be to the Client's utmost satisfaction.

Ceres' management has demonstrated its commitment to safe operations. Safety is a key component of our company. We bring this emphasis to our debris management work as shown by four important awards. We were a 2015, 2011 and 2009 Recipient of the National Safety Council (NSC) Occupational Excellence Achievement Award. This award recognizes outstanding safety achievements among its members and is designed to help promote the prevention of workplace injuries and illnesses. In 2010, we received a Perfect Record Award for operating an entire year without occupational injury or illness and a Million Mile Club award for driving without a Preventable Incident.

In 2007, Ceres received the Million Work Hours award from the NSC. The award is for 1,000,000 work hours without occupational injury or illness involving days away from work during our Hurricane Katrina debris work.

In 2008, Ceres performed sixteen separate debris removal missions following ice storms, flooding, and hurricanes Dolly, Gustav and Ike. During the performance of these missions, there were zero lost time injuries.

Ceres' management has demonstrated its commitment to superior performance and customer satisfaction. During 2005, Ceres' pre disaster event contracts with Terrebonne Parish, LA and Palm Beach Gardens, FL were activated in response to Hurricanes Katrina and Wilma. Ceres had management staff on

the ground before either hurricane made landfall. Katrina and Rita work in other places already had Ceres fully mobilized and in the midst of moving millions of cubic yards of debris and installing thousands of temporary roofs in Mississippi and Florida. Nevertheless, the City of Palm Beach Gardens received such a high level of service that they evaluated Ceres' performance as "Exceptional."

Ceres' management has demonstrated a high level of capability and adaptability. During its performance of Hurricane Georges recovery work for the USACE in Puerto Rico, Ceres rapidly mobilized equipment and personnel from the mainland and operated 17 temporary reduction sites over an area of 3,000 square miles across the island of Puerto Rico. Eventually, Ceres reduced, processed, and sorted more than 2.3 million cubic yards of debris, while simultaneously hauling and disposing of 1 million cubic yards of debris (and processed material), and installing approximately 3,000 temporary roofs. Ceres handled this challenging project despite the fact that it was Ceres' first project in a place where English was not the native language; and where qualified subcontractors did not exist. Ceres management responded with multi-lingual project leadership, who hired and directly managed more than 1,400 local employees. This project earned a high customer evaluation.

Ceres' personnel are trained in FEMA regulations and are schooled in the use of FEMA Public Assistance Debris Management Guide FEMA 325, as well as additional resource books Public Assistance Guide FEMA 322 and Public Assistance Policy Digest 321.

Financial Stability

Ceres' excellent financial stability means that it can provide performance and payments bonds from treasury-listed carriers in amounts in excess of \$400M per single project. During the 2005 storm season, Ceres provided bonds for three concurrent Army Corps hurricane response projects with contract award amounts of \$1B, \$60M, and \$50M. With more than \$50M in liquid working capital and additional credit lines available, Ceres has unrivalled access to the levels of working capital necessary to keep its promises and handle the biggest and most complex jobs.

Owned Equipment

Ceres owns more than 500 pieces of disaster response equipment. Ceres invests heavily in owned equipment because it assures rapid response times, provides additional flexibility and direct management control.

Because of its extensive company-owned fleet, Ceres can send equipment and personnel to respond to a disaster regardless of the availability of subcontractors. On a 2002 storm debris project, for Kansas City, MO, Ceres provided equipment for a project requiring completion within 16 days of contract award (the first pass required hauling over 500,000 cubic yards). Ceres successfully met the 16 day first pass deadline and the Kansas City Project Manager in charge won an award for his outstanding disaster response performance.

Ceres' Houston facility with some of our over 500 pieces of equipment

Ceres owns all the life support equipment needed for supporting its own personnel including: mobile living quarters, food supply, large potable water supply tanks, and large septic storage systems. These systems have saved valuable management time in responses to such higher category storms as Katrina. Ceres also has available life support systems for project-wide support and Government personnel. In Ceres' Jefferson Parish, LA response following Katrina, for example, Ceres provided total life support for more than 400 people, and subcontractor fueling services for enough equipment to move 70,000 CY of debris per day.

Ceres owns four self-contained office trailers including satellite internet connections and satellite phones as well as additional loaner satellite cell phones for the customers' management teams. Ceres regularly supplies rental satellite phone service to its clients.

Trusted Subcontractors

Ceres maintains one of the industry's largest networks of pre-screened and fully qualified subcontractors, including local vendors and preferred vendors. Our subcontractors are evaluated on many levels, including past performance, equipment and personnel availability, mobilization timeframes, insurance, and cost. Ceres knows that a big part of local recovery is economic, so Ceres always strives to employ qualified local labor. The subcontractors are also grouped in Response Regions based on distance from Jefferson Parish's service area in order to facilitate contacts if and when pre-event mobilization plans are activated.

It is the formal policy of Ceres to utilize local subcontract services in the performance of the proposed contract to the maximum extent possible. In the emergency disaster response and recovery activities carried out under the contract, preference will be given, to the extent feasible and practicable, to those organizations, firms, and individuals residing or doing business primarily in the area affected by such major disaster or emergency. Ceres recognizes the advantages obtainable by utilizing other responsible and experienced firms capable of furnishing specialty services and products of high quality, but first priority will be given to those subcontractors who are from the area or regularly do business there. During Ceres' Army Corps contracted disaster relief response in the state of Louisiana following Hurricane Katrina, local contractors received 55.9% of the total dollars paid to Ceres.

In accordance with Ceres Corporate policies, it is our practice to use Local and other Small Businesses (SB) and also HUBZone, Veteran-Owned (VO), Service Disabled Veteran-Owned (SDVO), Small Disadvantaged (SDB), Women-Owned (WOSB), Historically Black Colleges and Universities (HBCU), and Minority Institutions (MI) for the provision of equipment, labor, services, and supplies to the maximum extent possible. In our most recent reporting on our federal contracts, we exceeded our goals in each of the applicable categories. This report shows that Ceres paid Small Business Concerns 75.6% of the total dollars, with 12.0% going to SDBs, 13% to WOSBs, 3.3% to HUBZone SBs, 11% to VOs, and 9.5% to SDVOs.

While Ceres' database of screened and qualified subcontractors consists of over 5,000 firms from all across the country, Ceres intends to draw from a more select list of regionally based subcontractors to provide the highest level of performance, including rapid mobilization. Other firms that have shown exemplary performance standards in previous disaster recovery efforts are included in this list.

In Ceres' subcontractor registration process, all potential firms are required to demonstrate their knowledge of the disaster recovery process, including safety, knowledge of FEMA related topics, eligible debris, etc. After careful scrutiny, the firms that meet Ceres' rigorous standards are added to the list of preferred subcontractors. Additionally, after each disaster recovery project, Ceres managers go through a complete performance evaluation of each subcontractor that worked on the project.

All subcontractors have been screened through the Excluded Parties List System and only those shown to have no history on the list will be chosen for this project.

Qualities and Attributes

Reliable

In 1997, Ceres was selected by the United States Air Force for an emergency demolition project at Thule Air Base, Greenland, 700 miles from the North Pole. This difficult demolition project consisted of a large, severely damaged building that was in imminent danger of collapsing on a critical Early Warning Radar station protecting the U.S. East Coast. Unique project challenges included air lifting a 70,000

pound piece of specialized demolition equipment to Greenland and performing the work during October with limited daylight, severe cold, and the danger of strong winds in excess of 200 mph coming off the Greenland glacier. Ceres was given an outstanding rating for its performance on this project.

Respected

National magazines, including *Biocycle* and *Wood Waste Recycling*, have featured Ceres' urban wood waste recycling efforts and emergency debris management services. Ceres was also the honored recipient of the Minnesota Governor's *Certificate of Commendation* in 1995 for our innovation in the tree recycling industry. We have numerous letters of recommendation and high post project evaluations.

Experienced

Ceres has performed disaster recovery work on over 100 FEMA-reimbursed contracts in excess of \$700M, and has been repeatedly selected by federal and local government agencies for pre-event emergency

response contracts. Ceres has performed emergency work contracts of less than \$25,000 and up to \$1 billion. Our clients have provided excellent references based on their satisfaction with our work. Our experience makes us a superb choice for cities and counties that need the security of a proven company. Ceres has also been selected for large demolition and construction projects contracted by the U.S. Air Force, Navy, and Army.

Our expertise in large construction projects also provides us with the managerial expertise necessary to organize and perform major public projects such as disaster cleanup. Ceres has performed superbly in construction projects ranging from a large park in Puerto Rico with athletic fields and 30 structures, to

levee repair work, to renovation of an underground park in Kentucky. This history exhibits the technical expertise that ensures all of our customers are pleased with their selection of Ceres.

Capable

Ceres is staffed by professionally trained individuals with more than 200 collective years of experience in disaster recovery management. Ceres provides regular on-going training for field employees as well as our professional staff. Ceres' superintendents carry the following certifications and formal training: USACE certification for Quality Control; FEMA NIMS; 30-hour Construction Safety accreditation; and Hazwoper 40-hour training. Selected Superintendents also have training in asbestos and lead abatement. Ceres also provides its employees with outside disaster response training through FEMA-sponsored courses.

The U.S. Army Corps of Engineers evaluated numerous offerors on their project management capabilities and experience and selected Ceres for an award as an Advance Contract Initiative Disaster Debris Management Contractor.

Safe

We take special care to minimize the risk of injury in the disaster area to both our workers and the general public – safety first. It is the practice of Ceres to employ a full-time Health and Safety Officer. The Health and Safety Officer is responsible for overseeing Ceres' field Safety Officers who are experienced in various aspects of safety compliance relative to construction activities, industrial hygiene and traffic safety. Safety Officers possess a variety of qualifications including: OSHA 10-hour and 30-hour training certifications; First Aid and CPR; and Hazwoper 40-hour certifications. Ceres' full time field employees have CPR/First Aid/AED training.

In 2010, we received a **Perfect Record Award** for operating an entire year without occupational injury or illness and a **Million Mile Club** award for driving without a Preventable Incident.

There were no lost time injuries during all of Ceres' 2005 temporary roofing operations with over 22,000 roofs installed. In 2004 with over 1,000 workers in the field, no lost time injuries occurred on any of our projects during disaster recovery operations across nineteen Florida counties.

Ceres was named a recipient of the **Million Work Hours Award** for our superb safety record on the Katrina Debris project for the U.S. Army Corps of Engineers.

FEMA Knowledgeable

Ceres has more than 24 years of successful FEMA-reimbursed disaster work. Ceres' management staff has a long tenure with strong expertise in FEMA requirements for documentation, eligibility, general rules compliance, and methodologies.

Ceres augments staff FEMA experience with certified FEMA training classes for its general management. Ceres has assisted numerous clients during the post-disaster reimbursement application process, and our clients have never been denied reimbursement for our work. For example, two years after one project was completed, FEMA conducted an audit of that City during which the City was unable to provide complete truck certification logs. FEMA indicated that due to the missing truck documentation, they intended to take a reimbursement reduction from the City in excess of \$1,000,000. When the City notified Ceres about this matter, Ceres was able to provide the missing information from its well-organized records; the City subsequently received all of its eligible reimbursement without any reduction.

Community Relations

One of Ceres' most important support functions in the event of a natural disaster is to help Jefferson Parish officials engage in community relations. Ceres provides important resources for keeping residents informed on the progress of cleanup.

Toll Free Hotline and E-Mail Management

Large phone and e-mail traffic from concerned residents are a part of every natural disaster. Ceres maintains a toll free Storm Hotline that is staffed and accessible 24 hours a day, 7 days a week to handle questions, concerns or complaints related to clean-up: **1-877-STORM12**. The number is prominently displayed on all Ceres equipment working the clean-up area. Ceres monitors call and e-mail volume, and establishes additional toll free numbers and enlists additional staff whenever greater capacity is required to ensure maximum community responsiveness.

All call center staff keep a log of incoming calls and e-mails, record the address of the reported incident, resident name, reported complaint, date and time of reported incident, and the truck number (if applicable). All call logs are collected and managed by Ceres' Customer Contact Database Group.

This group compiles all incoming resident communications and organizes them into date/time of receipt and response priorities. Trained Ceres account executives sort through messages and identify time-sensitive incidents such as broken water lines, which would receive immediate attention. Each account executive identifies all the pertinent information, investigates the reported incident, and ultimately locates the responsible crew if fault is found. Reports from this database will be accessible daily or weekly and can be disbursed to Jefferson Parish officials accordingly.

The CeresWeb™ Cleanup Clearinghouse Web Site

Ceres has developed a Web-based disaster-response data clearinghouse specifically designed to provide vital cleanup information and inform residents and businesses of the progress of cleanup in their area. **CeresWeb™** enables residents to rapidly identify their location - right down to the individual neighborhood - and access vital cleanup information, such as debris collection instructions, the latest cleanup scheduling for their area, contact information, etc.

CeresWeb™ gives Jefferson Parish a vital communication tool to employ when seeking to keep residents as informed as possible when handling a natural disaster.

Client Satisfaction-Oriented

Ceres is in business to serve governmental agencies. We recognize that providing customer satisfaction is critical to our success. Our satisfied customers and the commendation letters and evaluations quoted below speak for themselves.

[Ceres] showed extreme reliability and dedication in the midst of chaos... Ceres Environmental has my highest recommendation.

James A. (Jimmie) Stephens, County Commissioner, Jefferson County, Alabama

I would like to officially express my gratitude and admiration for your leadership and expediency of action in providing the Corps of Engineers with logistical and operational support. I feel confident that with leaders like you the Corps of Engineers and the State of Louisiana will have little difficulty in continuing to succeed in the recovery mission.

Wesley Todd, Mission Manager, U.S. Army Corps of Engineers

The City of Palm Beach Gardens recommends Ceres Environmental as a responsive Contractor

David Reyes, Operations Director, City of Palm Beach Gardens

...I would like to thank Ceres and all of its personnel for the services that you provided during this most trying of times. I thought that you and your staff handled yourselves in a most professional manner and it was a pleasure working with you.

Don Brandon, P.E, County Engineer, Chambers County, Texas

Perhaps the finest contractor we've worked with.

This quote was taken from the official Navy project performance evaluation of Ceres. Department of the Navy, Naval Facilities Engineering Command, El Centro CA.

While many out of state contractors used this opportunity to take advantage of the situation, your organization rose above the rest with superior customer service...

James A. Randolph, Asst. to the Town Manager, Town of Windsor, VA

This letter is to strongly recommend Ceres Environmental Services, Inc., as a government contractor.

William T. Hopkins, Director of Planning, Engineering and Public Works, Town of Smithfield, VA

Ceres has given us exemplary service. They have been responsive to the needs that are unique to our County, they have advised us of FEMA regulations, they have made suggestions to save the County money and most importantly they conducted their business in a professional manner....I have been most impressed by their thoroughness and flexibility.

Donald M. Long, Director of Public Works, County of Isle of Wight, VA

I would like to thank Ceres for the excellent job Ceres did an excellent job in the coordination and the removal of tree damage that occurred.... I would highly recommend them for any future cleanup because of the proficiency and timely manner in which they operated.

Tim Stevens, Superintendent of State Highways, Kentucky State Highway Department

197989

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the
requester. Do not
send to the IRS.

Name (as shown on your income tax return)
Ceres Environmental Services, Inc

Business name, if different from above

Check appropriate box: Individual/sole proprietor Corporation Partnership
 Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶ Exempt payee
 Other (see instructions) ▶

Address (number, street, and apt. or suite no.)
3825 - 85th Ave N

City, state, and ZIP code
Brooklyn Park, MN 55443

List account number(s) here (optional)

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number
or
Employer identification number
41 1816075

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ *[Signature]* Date ▶ **10-29-10**

General Instructions
Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form
A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
