BID NO 50-112773

APRIL 17, 2015

Jefferson Parish Purchasing Dept.  
200 Derbigny Street  
Gretna, LA 70053

Thank you for the opportunity to provide the enclosed bid form for BID NO 50-112773. (2) Mobile Restroom Facilities for Jefferson Parish Department of Parks and Recreation.

A.M.S. Global, Inc. manufactures trailers in compliance with NATM Guidelines. A.M.S. Global, Inc. is the leading manufacturer of ADA Compliant 2010 mobile restrooms and showers.

The Omega restroom trailers have the advanced Jets Vacuumator system which liquefies all waste and paper products and can pump directly to a sewer up to 100 yards away or store in the on-board waste tank. The units flush on a pint of water which allows the on-board waste tank to hold twice as many flushes as gravity toilets **saving dollars on pump out services**.

The Omega restroom frame walls are built out of 1.5" tubular steel with Granatized steel floor that can never decompose or rot in any way. The unit is constructed of steel, composite fiberglass panels and .040 aluminum exterior. These units are constructed of the highest quality and designed to last 20+ years. The units are a logical replacement for outdated permanent structures providing the comfort and convenience of a permanent facility at a fraction of the expenditure.

***Pearl Harbor, White Sands Missile Range Monument, Homeland Security, Oakland University, The American Red Cross, City of Coronado, City of New Bedford, City of Las Vegas, Maui National Parks and Recreation, Sky view of Atlanta, St Louis Arch, and Sarasota Veteran Memorial Park have all purchased Omega Restrooms.***

An enclosed copy reflecting the 2010 ADA Guidelines is provided for your convenience. Manufactures building to ADA Accessible and ADA 1990 Guidelines are no longer compliant effective January 01, 2013. We encourage you to have your potential purchase plans reviewed by your local authorities before making a large expenditure and to not consider ADA accessible to be the same as ADA compliance.

Sincerely,

  
Margaret Taaffe

The Department of Justice's revised regulations for **Titles II** and **III** of the Americans with Disabilities Act of 1990 (ADA) were published in the Federal Register on September 15, 2010. These regulations adopted revised, enforceable accessibility standards called the **2010 ADA Standards for Accessible Design**, "2010 Standards." On March 15, 2012, compliance with the 2010 Standards was required for new construction and alterations under **Titles II** and **III**. March 15, 2012, is also the compliance date for using the 2010 Standards for program accessibility and barrier removal.

**The 1991 ADA Standards for Accessible Design**, printed as Appendix A of the title III regulation in the Code of Federal Regulations, July 1, 1994 could be used for new construction and alterations under **Titles II** and **III** until March 14, 2012.

The Department has assembled an official online version of the 2010 Standards to bring together the information in one easy-to-access location. It provides the scoping and technical requirements for new construction and alterations resulting from the adoption of revised 2010 Standards in the final rules for Title II (28 CFR part 35) and Title III (28 CFR part 36).

The Department has also compiled **Guidance on the 2010 Standards** from the revised regulations for **Titles II** and **III**. This explanatory information from the regulations addresses the scoping and technical provisions of the 2010 Standards.

If you have questions about the ADA Standards and want to talk to a Department of Justice ADA Information Specialist, go to the **ADA Information Line** page for the Department's toll-free telephone numbers and times of operation.
