WORK EXPERIENCE

Rialto Unified School District

Nov. 2024 – Apr. 2025

Speech-Language Pathologist

- Developed and implemented engaging and interactive teletherapy sessions using digital tools, games, and virtual whiteboards
- Utilized data collection and progress monitoring tools to track students improvements and adjust intervention
- Implemented augmentative and alternative communication (AAC) strategies and assessments for students with complex communication needs

Prince William County Schools

Aug. 2023 – Nov. 2024

Speech-Language Pathologist

- Conducted comprehensive speech and language assessments to diagnose speech, expressive language, receptive language, fluency, and pragmatic communication disorders for students ages 4-11
- Provided articulation, phonological, language, and fluency therapy for over 65 students ages 3-11 and supervised speech-language pathologist assistants to ensure a quality standard of care
- Maintain compliance with IDEA, state regulations, and district policies for documentation, service delivery, and reporting

Le Bonheur Children's Hospital

Aug. 2022 – Aug. 2023

Speech-Language Pathologist

- Utilized evidence-based interventions and treatments specific to the student's disorders and adapted to the individual needs of the student for students ages 3-18 across three different schools
- Provided resources, interventions, and strategies for students and teachers to provide additional classroom supports
- Managed role of case manager for speech only students and oversaw documentation requirements including leading annual IEP meetings, eligibility meetings, and IEP addendums
