RE: Routine Engineering Services for Sewer Projects (SOQ No. 23-033)

Ms. Reamey,

Thank you for taking the time to review our attached qualifications in response to your request for "Routine Engineering Services for Sewer Projects". You will find our Statement of Qualifications (Jefferson Parish TEC Professional Services Questionnaire) demonstrating our relevant training and experience.

Marais was founded in 2022 by Jennifer Snape, PE. With more than 34 years of combined design experience amongst our employees and over 100 projects as a firm, our staff are competent and qualified to provide quality design services to Jefferson Parish on any upcoming sewer projects. Our employees have designed and managed multiple projects that are solely sanitary sewer design or that include sanitary sewer design.

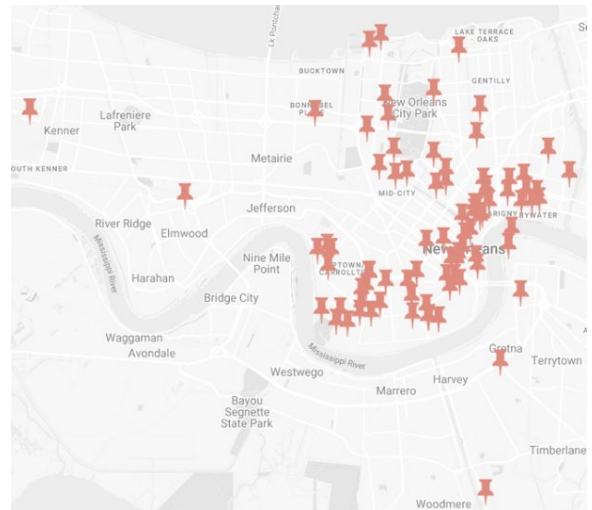

Figure 1: Marais Project Map

- Our lead engineer, Jennifer, spent 1.5 years of her career as a project manager fully dedicated to the Sewer System Evaluation & Rehabilitation Program (SSERP), a Sewerage and Water Board of New Orleans project "to identify and address structural and mechanical deficiencies in the wastewater collection system and to ensure that the system has adequate capacity".
- Jennifer also oversaw testing and inspection of all of the utilities in Federal City in Algiers for the turnover of this private system to the Sewerage and Water Board.
- All of our employees were involved in the design and administration of the St. Anthony Green Streets project as part of the Gentilly Resilience District in the City of New Orleans, which included a large sanitary sewer design component.
- Our employees were also involved in several smaller City of New Orleans street infrastructure reconstruction projects that included sewer design.
- Both Jennifer and Phil, a project designer with Marais, have experience overseeing the construction of roadway infrastructure projects that included new sewer lines.

We believe in providing thoughtful solutions to design challenges for private, federal, and municipal clients in the Gulf Coast Region. We specialize in **civil site design, stormwater management and green infrastructure design, hydrologic/hydraulic modeling, structural design, and construction phase services**. Our company is certified federally as a Woman-Owned Small Business (WOSB) and a Women's Business Enterprise (WBE) and in Louisiana as a Small Entrepreneurship (Hudson Initiative) and a Disadvantaged Business Enterprise (DBE).

AWARDS

- 2022** Jennifer Snape (JS) among 50 professionals nationwide selected for the Society of American Military Engineers National Leadership Development Program
- 2021** JS chosen for the prestigious New Orleans Regional Leadership Institute Leadership Program
- 2020** JS selected Top 20 under 40 Engineers in the Nation by ENR magazine.
- 2020** JS selected as New Orleans City Business Excellence in Construction & Real Estate honoree.
- 2016** JS named Tulane Outstanding Young Alumni (Engineering School)

We were founded on the principal that communication and close coordination within the design team leads to more successful and enjoyable projects. Throughout the life of a project, we understand the importance of responsiveness and clarity in communication. Through our relationships with architects and municipalities and past-performance of our staff, Marais has been established as a firm with a strong technical expertise and an understanding of design challenges in our community. During the design process, our team looks for opportunities to improve the sustainability of every one of our projects, from economical design decisions to considerations for our changing climate. As a part of creative and sustainable designs, we understand the importance of constructability and strive to maintain a relationship with contractors where we can work together to find ways to reduce waste and reuse materials where possible.

In addition, the staff at Marais Consultants has extensive experience with community engagement around infrastructure. We are passionate about teaching the general public about how our infrastructure functions and the work we are trying to do to improve these systems. We carry this passion through to supporting many of the amazing non-profit organizations in southern Louisiana by providing pro-bono engineering services in support of their missions.

In naming the company, the choice of the word *marais*, "marsh" in French, pays tribute to the land that serves as the foundation for our region, where the marshes were drained in order to create our city. Today, the coastal marshes present a case study in the benefits of working alongside natural systems for sustainable solutions to current and future challenges. They are an essential feature of our landscape providing wildlife habitat and protection from damaging storm surges. We strive to provide our clients with the same multi-dimensional utility through innovative engineering, stormwater management and site development, and nature-based design.

We look forward to the opportunity to work with Jefferson Parish.

Sincerely,

Jennifer Snape, PE
Owner and Lead Designer

Technical Evaluation Committee (TEC) Questionnaire

Instructions

- The Technical Evaluation Committee (TEC) Questionnaire shall be used for professional services related to architecture, engineering, or survey projects.
- **The TEC Questionnaire should be completely filled out. Complete and attach ALL sections. Insert “N/A” or “None” if a section does not apply or if there is no information to provide.**
- Questionnaire must be dated and signed by an authorized representative of the Firm. Failure to sign the questionnaire shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- All subcontractors must be listed in the appropriate section of the Questionnaire. Each subcontractor must provide a complete copy of the TEC Questionnaire, applicable licenses, and any other information required by the advertisement. Failure to provide the subcontractors' complete questionnaire(s), applicable licenses, and any other information required by the advertisement shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- If additional pages are needed, attach them to the questionnaire and include all applicable information that is required by the questionnaire.

TEC Professional Services Questionnaire

A. Project Name and Advertisement Resolution Number:

B. Firm Name & Address:

C. Name, title and contact information of Principal, as defined in Section 2-926 of the Jefferson Parish Code of Ordinances, who is a registered, licensed architect, professional engineer, or surveyor in the State of Louisiana:

D. Name and contact information of employee who is a registered and licensed architect, professional engineer, or surveyor in the State of Louisiana in the applicable discipline. A subcontractor may be substituted here only if the advertised Project requires more than one discipline.

E. Please provide the number of employees whose primary function corresponds with each category:

<input type="checkbox"/> Administrative	<input type="checkbox"/> Estimators	<input type="checkbox"/> Specification Writers
<input type="checkbox"/> Architects (Licensed)	<input type="checkbox"/> Geologists	<input type="checkbox"/> Structural Engineers
<input type="checkbox"/> Chemical Engineers	<input type="checkbox"/> Geotechnical Engineers	<input type="checkbox"/> Graduate Engineers
<input type="checkbox"/> Civil Engineers	<input type="checkbox"/> Interior Designers	<input type="checkbox"/> Project Managers
<input type="checkbox"/> Construction Inspectors	<input type="checkbox"/> Landscape Architects	<input type="checkbox"/> Clerical
<input type="checkbox"/> Ecologists	<input type="checkbox"/> Land Surveyor	<input type="checkbox"/> Grant/Funding Specialist
<input type="checkbox"/> Electrical Engineers	<input type="checkbox"/> Mechanical Engineers	<input type="checkbox"/> Sanitary Engineers
<input type="checkbox"/> Engineer Intern	<input type="checkbox"/> Environmental Engineers	
<input type="checkbox"/> Professional Land Surveyors		<input type="checkbox"/> TOTAL

F. Is this submittal by a JOINT-VENTURE? Please check: YES _____ NO _____

If marked "No" skip to Section I. If marked "yes" complete Sections G-H.

TEC Professional Services Questionnaire

G. If submittal is by JOINT-VENTURE, list the firms participating and outline specific areas of responsibility (including administrative, technical, and financial) for each firm. Please attach additional pages if necessary.

Marias Consultants, LLC

Attn: Jennifer Snape

2018 Jena Street

New Orleans, La 70115

Dear Jennifer Snape:

Congratulations! The Louisiana Department of Transportation (LADOTD) Compliance Programs Office, on behalf of the Louisiana Unified Certification Program (LAUCP), is pleased to notify you that your company has been certified as a Disadvantaged Business Enterprise (DBE) in accordance with 49 CFR Part 23, 26, and all the laws of this state applicable to the transaction of business.

The LAUCP has been established to facilitate statewide DBE certification. It eliminates the need for DBE applicant firms to obtain certification from multiple agencies and provides reciprocity within Louisiana. The Louisiana Department of Transportation (LADOTD), the Louis Armstrong New Orleans International Airport (MSY) and the Regional Transit Authority (RTA) are the only certifying agencies, which comprise the LAUCP.

Your firm has been certified to perform services as described in the following North American Industry Classification System (NAICS) & DOTD Work code(s):

NC541330 – Engineering Services

C05 – Structural Engineering

C09 – Civil Engineering

NC541611 – Administrative Management and General Management Con

C10 - Management

Your firm's designation as a DBE will appear on the official Louisiana UCP DBE Directory website at www.laucp.org. This directory consists of DBE firms certified by all of the above-mentioned agencies.

Per the federal regulations, suppliers only receive 60% goal credit towards the materials they provide. Any contractor performing work in excess of \$50,000 with the exception of electrical, mechanical and plumbing, which are required to have a license if work is in excess of \$10,000, requires a Louisiana Contractor's License. You may contact the State Licensing Board for Contractors at (225) 765-2301 for more information.

In accordance with 49 CFR paragraph 26.83 (j), you must provide to the LAUCP, every year on the anniversary of the date of your certification, **May 31, 2024**, an affidavit sworn to by the firm's owner, along with all supporting documents (**Business taxes with all attachments, such as 1098, 1099, K-1's and/or W-2's**) stating your firm continues to meet the eligibility requirements of the program. If you fail to provide this affidavit in a timely manner, you will be deemed to have failed to cooperate under 49 CFR Part 26. 109(c). An email informing you to submit the necessary documentation will be forwarded to you approximately six (6) weeks prior to your anniversary date. However, should you not receive notification for your annual affidavit, contact this office. The responsibility to assure continued certification is yours. Failure to continue your eligibility will result in immediate action to decertify your firm. Additionally, in accordance with 49 CFR paragraph 26.83 (i), as a DBE, you must notify our office, immediately in writing of change in circumstances affecting your ability to meet size, disadvantaged status, ownership or control of your firm. You must provide the written notification within 30 days of the occurrence of the change.

The LADOTD has contracted with Urban League of Louisiana Center for Entrepreneurship & Innovation to provide DBE Supportive Services to all certified DBEs, in the LAUCP, at no cost to you. This consultant can offer your firm assistance and guidance on areas such as marketing, estimating, bidding, financial preparations, etc. Please feel free to contact Klassi Duncan with Urban League of Louisiana Center for Entrepreneurship and Innovation at (504) 620-9647 for any assistance needed to grow your organization.

The Louisiana UCP certifying entity reserves the right to withdraw this certification if at any time it is determined your certification was knowingly obtained by false, misleading will, or incorrect information. The Louisiana UCP certifying entity also reserves the right to request additional information and/or conduct an onsite visit at any time during the certification period to verify any documentation submitted in the application for certification. By accepting certification, your firm hereby consents to the examination of its books and documents by the certifying entity's DBE Program.

We are pleased to have you as a participant in the LAUCP and wish you much success.

If you have any questions regarding the content of this letter, contact the LADOTD DBE Certification Unit at (225) 379-1382.

Respectfully,

Rhonda Wallace
