MEMORANDUM

The stated range of probable construction cost listed within the bid specifications of \$0 - \$250,000.00 was greatly considered during the preparation of this proposal. However, the additional specifications added to this rebid increased the total proposal just over the suggested cost.

The additional items included 180' x 16' heavy equipment matting and 500' of temporary chain link fencing and access gate. Also, during our estimations it was discovered the specifications listed cast aluminum as well as aluminum channel letters. To cover any overages, we determined to include the higher cost cast aluminum letters. Upon Munn receiving this award, a determination will be made with Jefferson Parish to determine the desired specifications and any cost reductions will be applied.

CONTRACT TERMS AND CONDITIONS**GENERAL TERMS, DELIVERY AND PERFORMANCE, AND WARRANTY**

1. **SCOPE, CANCELLATION OF AGREEMENT, AND TIMING:** This CONTRACT is made for specially-constructed equipment. This CONTRACT, if executed, does not allow for cancellation or changes unless approved in writing by MUNN ENTERPRISES, INC., (hereinafter "MUNN") and with all incurred costs paid by the PURCHASING PARTY (hereinafter "PURCHASER") prior to cancellation or change. Prices, terms, and conditions in this CONTRACT are offered for acceptance by PURCHASER within thirty (30) days from the date shown on the face of this CONTRACT.
2. **ACCEPTANCES OF AGREEMENT:** This CONTRACT shall not take effect until signed on behalf of PURCHASER and by an officer and sales representative of MUNN.
3. **MODIFICATION OF CONTRACT:** This CONTRACT represents the entire agreement between MUNN and PURCHASER. It is understood that no representative of MUNN has any power to change, modify, waive, or amend the terms of this agreement. Neither will be bound by any such change unless agreed to in writing and signed by both parties.
4. **COMMENCEMENT OF CONTRACT:** The work described in this CONTRACT shall not begin until this CONTRACT, signed by PURCHASER, is accepted by MUNN. A deposit in the amount of fifty percent (50%) of the CONTRACT's total price is also required to commence work, as is signed artwork and any other supporting specifications. The deposit of fifty percent (50%) of the CONTRACT's total price is due at the signing of this CONTRACT.
5. **TRANSFER OF AGREEMENT:** This CONTRACT shall be binding upon the respective successors and assigns of the parties. However, the interest of PURCHASER shall be transferrable only with the prior written consent of MUNN.
6. **LEGALITY:** It is agreed that this CONTRACT shall be construed according to the laws of the State of Mississippi.
7. **EXCLUSIVE AND LEGAL RIGHTS:** PURCHASER agrees to secure all necessary permissions for use of all registered trademarks or copyrights used on the sign.
8. **SUPERSEDING AGREEMENT:** This CONTRACT contains the full, final, and complete agreement of the PARTIES (MUNN and PURCHASER) and supersedes all prior agreements or representations, whether verbal or written. The PARTIES specifically agree that there are no other understandings of any nature concerning the subject of this CONTRACT unless specifically included therein.
9. **WAIVER OF BREACH:** The waiver by either party of the breach of any provision of this CONTRACT shall not operate or be construed as a waiver of any subsequent breach by either party.
10. **DELIVERY AND PERFORMANCE:** MUNN shall perform its obligations with due diligence but subject to delay or failure resulting from war, fire, labor disputes, unforeseen commercial delays, acts of God, governmental regulations, and other causes beyond reasonable control.
11. **LIMITED WARRANTY:** MUNN unconditionally warrants DISPLAY against defective workmanship and materials for one (1) year from the date of shipment or installation, if installation is performed by MUNN. Whenever there is any circumstance on which a claim may be based, MUNN must be immediately informed or the provisions of this warranty are voided. MUNN shall not be liable for any damages or losses other than the replacement of such defective work or material. This warranty shall not include damage or loss by any act of God, fire, windstorm, vandalism, or any other circumstance whatsoever beyond the control of MUNN. This warranty becomes null and void if DISPLAY is serviced by another company.

SPECIFICATIONS, STORAGE, INSTALLATION, AND ON-SITE CONDITIONS

12. **AGREEMENT TO SPECIFICATIONS:** PURCHASER agrees to all technical drawings, specifications, and artwork submitted by MUNN in accordance with this CONTRACT. PURCHASER agrees to pay any and all additional costs caused by structural changes, deviations, deletions, or inaccurate information provided by PURCHASER, including its agents, representatives, or assigns.
13. **COMPLETION INVOICING AND STORAGE FEES:** Any items not shipped or installed on or before thirty (30) days after CONTRACT date will be invoiced in full at the designated unit price. PURCHASER hereby agrees to pay said invoice within ten (10) days from invoice date. It is agreed that storage charges shall accrue at the rate of one percent (1%) per month of the price of DISPLAY commencing at the end of said thirty (30) day period. MUNN, at its option, may invoice each item called for in this CONTRACT separately upon completion. If completion is delayed for reasons beyond the control of MUNN, MUNN may invoice for that portion of the work completed during any given month. In the event that the size and weight of any item prohibits storage by MUNN, PURCHASER must make arrangements for shipments upon completion and upon written notice by MUNN.

- 14. STANDARD INSTALLATION AGREEMENT:** Installation is predicated on standard conditions and does not take into consideration non-standard soil conditions, installations at inaccessible areas, non-standard building conditions, or other obstacles. Quotations for installation items on structures supplied by PURCHASER are predicated on the assumption that the structures furnished by PURCHASER are structurally sound for accepting MUNN goods with modification. Exterior or interior building rework required to support DISPLAY is not included in the MUNN quotation unless noted.
- 15. DESIGN, ENGINEERING, AND OBSTACLE PAYMENT AGREEMENT:** This CONTRACT may include the necessary structure and foundation for free-standing DISPLAY(s) based upon certain design criteria and engineering by MUNN. The design and engineering are based upon undisturbed soil, free from underground obstructions, and with a sub-surface water table no higher than the lowest point of the foundation required. In the event that disturbed soil, underground obstructions (including excess rock), or high sub-surface water level as herein set forth shall be encountered at the DISPLAY(s) location specified by PURCHASER, PURCHASER shall compensate MUNN, in addition to the CONTRACT price herein set forth, for all costs and expenses necessary to prepare the site for installation of the foundation and structure. PURCHASER shall have the alternative of selecting another site under the same terms and conditions herein set forth. If, after construction has been initiated, it shall be discovered that the site is unsuitable by reason of disturbed soil, underground obstruction, or high sub-surface water, then PURCHASER shall compensate MUNN for its costs and expenses for work expended on site, or if a different site is selected by PURCHASER, for its costs and expenses at any site where said obstacles are encountered.
- 16. UNUSUAL CONDITIONS:** PURCHASER agrees that the excavation of caliche, rock, hard pan, water, or unusual soil conditions are to be performed on a time and material basis at cost by MUNN unless otherwise agreed to in writing by both MUNN and PURCHASER.
- 17. PAINT AND PATCH:** MUNN shall not be responsible for painting the entire wall or signage area where DISPLAY is installed. MUNN will provide patching and limited painting of the area to include caulking any holes with paintable caulk and painting this caulk. MUNN may provide additional painting for an additional charge. MUNN cannot guarantee an exact match to existing paint colors.
- 18. ELECTRICAL SERVICE:** It is understood that all necessary primary electrical wiring, breaker boxes, disconnections, and connections to DISPLAY from the building meter and/or breaker box will be the responsibility of PURCHASER at the expense of PURCHASER. If MUNN agrees to, and can legally connect to an existing service, that service must be within five feet (5'-0") of DISPLAY location and must be on the exterior of the building. If a freestanding DISPLAY is to be connected, the service must be immediately adjacent to a support and extend at least twelve inches (12") above grade. MUNN may return to the DISPLAY location after installation to connect service for an additional charge to be agreed to in writing by both MUNN and PURCHASER. PURCHASER shall be responsible and shall pay all electricity used or needed by DISPLAY.
- 19. ON-SITE AND UNDERGROUND OBSTACLES:** MUNN shall not be responsible for the repair of any landscaping, sprinkler pipes, on-site underground utilities, asphalt, sidewalks, curbing, or other on-site or underground obstacles. Location and re-routing of all underground equipment not located through the 811 process are the responsibility of PURCHASER.

TITLE AND INSURANCE

- 20. TITLE:** Ownership of DISPLAY shall at all times remain in MUNN. PURCHASER hereby grants MUNN a security interest in DISPLAY until all of the payments are made and all of the conditions herein contained are fully satisfied, at which time PURCHASER shall be vested with full title to DISPLAY. In the event of default by PURCHASER, MUNN may at once (and without process of law) take possession and remove, as and when it sees fit, all materials used and intended for use in the construction of DISPLAY and any and all property called for in this CONTRACT without being deemed guilty of trespass. At the request of MUNN, PURCHASER shall execute and deliver to MUNN for filing wherever it may be required a financing statement evidencing MUNN's security interest in DISPLAY.
- 21. INSURANCE AFTER INSTALLATION:** PURCHASER shall bear all risk after delivery or installation has been completed (where installation is a part of this AGREEMENT). PURCHASER shall be responsible for insurance of DISPLAY upon completion of installation.

PERMITTING

- 22. PERMITTING AND ADDITIONAL PERMISSION REQUIREMENTS:** The PURCHASER agrees to secure all necessary governmental permits and/or all necessary permits from the building owner and/or others whose permission is required for the installation of DISPLAY. It is understood and agreed that PURCHASER is responsible for the cost of all permits and fees required by laws, ordinances, and government regulations. DAKTRONICS-VERIZON LIFETIME DATA CELLULAR COMMUNICATION

KEEPS PRIVATE NETWORKS SAFE AND SAVES HOURS ONSITE

Daktronics offers you an affordable communication method for your Galaxy® GS6 or GT6 series displays and Venus® Control Suite(VCS) software. Not only does it last the life of the display, this cellular data plan offers highly secure data transmission.

Verizon as a partner

Daktronics partnered with Verizon to provide a solution unmatched by any other LED sign manufacturer—the Daktronics-Verizon Lifetime Data Cellular Communication plan. Daktronics handles setup, and has the ability to provide Verizon network troubleshooting.

Secure data transmission

Galaxy and video displays need an internet connection to reach the cloud-based control software with content and schedule updates. Customers worry about the security of these connections in this time of malware, viruses, spyware and worms.

This cellular plan blocks public internet traffic to reduce security risks. The private IP address keeps your modem and display isolated from the the public internet. Also, anyone who wants to control the display must have access to Venus Control Suite with username and password.

With this cellular communication plan, you will enjoy your LED sign without worrying about network intrusions. And remember, the one-time purchase of the plan eliminates renewal hassles, monthly fees, data limits and costly overage risks.
