**DETERMINING THE LOW BIDDER:**

Jefferson Parish will determine the low bidder by multiplying the Contractor provided monthly costs by twenty-four (24) months arriving at a total cost for the two year contract. Once the total monthly cost is determined, the Contractor's pricing for the incidental items will be added to this price to determine the low bidder.

**PAYMENT:**

Once the Contractor is in place, his provided monthly maintenance price will be the basis of monthly payment. It may be required to prorate the first and last invoice depending on the day of the month that the contract begins. In addition, any common incidental items, approved by Jefferson Parish and installed by the Contractor, shall be invoiced on the next monthly invoice after they are installed.

In the event any fixture or part needs to be specially ordered for this contract, the Contractor may not submit an invoice until the product(s) is completely installed and operational.

The Contractor shall provide his own form for Jefferson Parish approval prior to the first invoice. The monthly maintenance report(s) shall include the date, time, location and work performed for ALL tasks outlined in these specifications. Jefferson Parish will not pay any monthly invoices unless a maintenance report is received with the invoice.

In the event the work is non-compliant to these specifications, the Contractor will be directed to immediately employ any and all methods or means to bring the Site(s) to compliance with these specifications within three (3) calendar days of notice and without any additional cost(s) to Jefferson Parish. **Electronic Procurement:** Beginning November 1, 2020, Jefferson Parish will no longer accept manual bid submissions; and will only accept bid submissions electronically via our e-Procurement system, Central Bidding. Central Bidding can be accessed by visiting either [www.centralbidding.com](http://www.centralbidding.com) or [www.jeffparishbids.net](http://www.jeffparishbids.net). All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability and the Comprehensive Automobile Liability policies.
