Vinyl Colors

BURGANDY	RED	BROWN
BLACK	GREY	BEIGE
BLUE	HUNTER GREEN	PARK GREEN

Coating: Thermoplastic Coating, Plastisol, PolyVinyl Coating available in an array of rich, vibrant, UV protected colors

PARTS LIST:

- 1 - 8' TOP
- 2 - 8' SEATS

Tops & Seats are 3/4" 9GA expanded metal in 12GA formed and welded steel frame. Plastisol coating adds a nominal 3/16" thickness per surface. Seats extend 96", are braced at center and attach 17" from either end to provided 2 3/8" OD Steel tube frame.

2 - TABLE FRAMES 2 3/8" STEEL TUBE (13GA)

Frames are 2 3/8" OD Structural Steel Tubing formed and welded with 1/4" steel cross members and tabs. Powder coating has nominal 4-10 mil thickness. Frame legs have multiple anchor hole locations; we strongly recommend all units be anchored if possible.

2 - TUBE BRACES 1' STEEL TUBE (14GA)

Manufactured using American Steel (EAF), nearly 100% recycled material, with 75% being post-consumer product.

PLEASE CALL 1-800-356-7248 (MON - FRI 8am - 5pm CST) WITH ANY ASSEMBLY QUESTIONS.
