URREA 1/2 in. Adapter Drive Female X 3/4 in. Male

★★★★★

[Write the first Review](#)[Ask the first question](#)

Product Overview

These accessories let you work with 3/4 inch square drive sockets using 1/2 inch handles. The maximum recommended torque for adapters with 1/2 inch female drive and 3/4 inch male drive is 4500 in-lbs. For FOD (Foreign Object Debris) applications, the use of sockets with a bl... See Full Description
