Technical Evaluation Committee (TEC) Questionnaire

Instructions

- The Technical Evaluation Committee (TEC) Questionnaire shall be used for professional services related to architecture, engineering, or survey projects.
- **The TEC Questionnaire should be completely filled out. Complete and attach ALL sections. Insert “N/A” or “None” if a section does not apply or if there is no information to provide.**
- Questionnaire must be signed by an authorized representative of the Firm. Failure to sign the questionnaire shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- All subcontractors must be listed in the appropriate section of the Questionnaire. Each subcontractor must provide a complete copy of the TEC Questionnaire, applicable licenses, and any other information required by the advertisement. Failure to provide the subcontractors' complete questionnaire(s), applicable licenses, and any other information required by the advertisement shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- If additional pages are needed, attach them to the questionnaire and include all applicable information that is required by the questionnaire.

TEC Professional Services Questionnaire

A. Project Name and Advertisement Resolution Number:

SOQ 23-001 Professional Architectural and Engineering Services on an as-needed basis for architectural type projects located throughout the Parish for an approximate two-year period. Resolution no. 140999

B. Firm Name & Address:

Cushing Terrell
400 Poydras Street, Suite 1510
New Orleans, LA 70130

C. Name, title and contact information of Principal, as defined in Section 2-926 of the Jefferson Parish Code of Ordinances, who is a registered, licensed architect, professional engineer, or surveyor in the State of Louisiana:

Nicole Dovel-Moore
Associate Principal | Architect (LA)
208.577.5644 office
nicoledovelmoore@cushingterrell.com

D. Name and contact information of employee who is a registered and licensed architect, professional engineer, or surveyor in the State of Louisiana in the applicable discipline. A subcontractor may be substituted here only if the advertised Project requires more than one discipline.

Ava B. Allmont
Associate | Architect (LA) | LEED AP
504.684.8932 office
avaballmont@cushingterrell.com

E. Please provide the number of employees whose primary function corresponds with each category:

<u>38</u> Administrative	<u> </u> Estimators	<u> </u> Specification Writers
<u>103</u> Architects (Licensed)	<u> </u> Geologists	<u>13</u> Structural Engineers
<u> </u> Chemical Engineers	<u> </u> Geotechnical Engineers	<u>17</u> Graduate Engineers
<u>19</u> Civil Engineers	<u>18</u> Interior Designers	<u>49</u> Project Managers
<u>2</u> Construction Inspectors	<u>10</u> Landscape Architects	<u>16</u> Clerical
<u> </u> Ecologists	<u> </u> Land Surveyor	<u> </u> Grant/Funding Specialist
<u>12</u> Electrical Engineers	<u>27</u> Mechanical Engineers	<u> </u> Sanitary Engineers
<u> </u> Engineer Intern	<u> </u> Environmental Engineers	<u>70</u> Design Technicians
<u>3</u> Professional Land Surveyors	<u>53</u> Design Professionals	<u>456</u> TOTAL
	<u>6</u> Urban/Regional Planner	

F. Is this submittal by a JOINT-VENTURE? Please check: YES NO X

If marked "No" skip to Section I. If marked "yes" complete Sections G-H.

TEC Professional Services Questionnaire

G. If submittal is by JOINT-VENTURE, list the firms participating and outline specific areas of responsibility (including administrative, technical, and financial) for each firm. Please attach additional pages if necessary.

1.

n/a

2.

n/a

H. Has this JOINT-VENTURE previously worked together? Please check:
YES NO

I. List all subcontractors anticipated for this Project. Please note that all subcontractors must submit a fully completed copy of this questionnaire, applicable licenses, and any other information required by the advertisement. See Jefferson Parish Code of Ordinances, Sec. 2-928(a)(3). Please attach additional pages if necessary.

Name & Address:	Specialty:	Worked with Firm Before (Yes or No):
1. Synergy Consulting Engineers, LLC Lorey Flick, PE & Steve Pinto, PE 805 Howard Avenue, Suite 101 New Orleans, LA 70113 504.613.5775 office steve@synergy-mep.com	Mechanical, Electrical, Plumbing Engineering for Commercial Projects	No (Ava Allmont and Steve Pinto have experience working together at a prior Firm)
2. Spackman Mossop Michaels Wes Michaels, PLA 1824 Sophie Wright Place New Orleans, LA 70130 504.218.8991 office wes@smm.studio	Landscape Architecture, Campus Design, Parks, Planning, Stormwater Management, Wetlands.	No (Ava Allmont and Wes Michaels have experience working together at a prior Firm)
3. n/a	n/a	n/a

J. Please specify the total number of support personnel that may assist in the completion of this Project:

 6

TEC Professional Services Questionnaire

K. List the professional in charge, key persons, specialists, and individual consultants anticipated for this Project and provide their relevant information below. If necessary, please attach additional documentation (i.e. resume) that demonstrates the employment history and experience of the Firm's key persons that may assist in the completion of this Project. Please attach additional pages if necessary.

PROFESSIONAL IN CHARGE OF PROJECT:

Name & Title:

Ava Allmont
Associate | Project Manager | Architect

Project Assignment:

Project Manager, Project Architect, Quality Control

Name of Firm with which associated:

Cushing Terrell

Years' experience with this Firm:

5

Education: Degree(s)/Year/Specialization:

Master of Architecture / 2001 / Architecture

Active registration: Year first registered/discipline:

2013 / Architectural - Louisiana License No. 7918

Other experience and qualifications relevant to the proposed Project:

Cushing Terrell's New Orleans-based office is spearheaded by Architect and Project Manager Ava Allmont, who has lived and practiced architecture in New Orleans for 15+ years. Ava has a talent and passion for finding innovative design opportunities while running projects efficiently. She currently oversees 20+ commercial and retail projects with a combined contract value of over \$20 million. Her background is in mixed-use developments, hospitality, commercial, retail, multi-family, and educational projects from feasibility through construction. She has specialized knowledge in historic renovations and adaptive reuse projects. Ava serves on the state selection committee for the National Register of Historic Places, and is a founding member of the Louisiana Chapter of Women in Architecture.

Relevant Project Management & Architectural Experience:
Google Fiber Retail South Lamar; Austin, TX
Google SRP Hub; Omaha, NE
Google Moffett Place 6; Sunnyvale, CA
Google HEN HUB; Henderson, NV
Apple Parmer 3.4 Tenant Renovation; Austin, TX
Apple RV1.1 & RV2.2 Apple Care Lab; Austin, TX
Facebook 300 West 6th Street – Level 9 Infra Lab; Austin, TX
Accruent NOLA; New Orleans, LA
The Pontchartrain Hotel, New Orleans, Louisiana
Edna Karr High School, New Orleans, Louisiana

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Dane Jorgensen, PE Associate Structural Engineer
Project Assignment:
Structural Engineer
Name of Firm with which associated:
Cushing Terrell
Years' experience with this Firm:
13
Education: Degree(s)/Year/Specialization:
Bachelor of Science / Civil Engineering
Active registration: Year first registered/discipline:
2018 / Professional Engineer - Structural / Louisiana #42837
Other experience and qualifications relevant to the proposed Project:
<p>Dane is a licensed engineer with 13 years of structural engineering experience across the United States. He is passionate about creating functional, economic, and constructible structures without sacrificing client visions and process goals.</p> <p>Dane has a diverse project portfolio; his range of projects provides him with valuable experience in all building materials, including site and pre-cast concrete, masonry, steel, and wood, using various applications and construction methods. He also has vast experience with building assessments, Tier 1 screenings, and building rehabilitation and retrofit. He will bring the required knowledge to complete the work and the experience with process design and coordination required to provide an efficient and effective structural design.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Steve Pinto, PE Partner at Synergy
Project Assignment:
Electrical Engineer of Record
Name of Firm with which associated:
Synergy Consulting Engineers, LLC
Years' experience with this Firm:
4
Education: Degree(s)/Year/Specialization:
Bachelor of Science / 2009 / Electrical Engineering
Active registration: Year first registered/discipline:
2013 / Electrical Engineer
Other experience and qualifications relevant to the proposed Project:
<p>Steve Pinto has over 10 years of experience in electrical engineering design of the built environment. Steve is a licensed Professional Engineer and has experience in the design of normal and emergency power distribution systems, lighting, fire alarm, and low voltage, including audio/visual systems.</p> <p>Steve's project experience spans numerous industry sectors including historic renovations, healthcare, hospitality, and higher education. He was the lead electrical engineer of record and project manager for multiple institutional projects including the Historic New Orleans Collection Seignoret-Brulatour House and MCCNO Linear Park (low voltage).</p> <p>Prior to co-founding Synergy Consulting Engineers, Steve managed the New Orleans office of TLC Engineering Solutions, a nationally ranked Engineering firm. Steve has a proven track record of excellence in design, attention to detail, and exceptional project management.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Lorey Flick, PE HBDP, LEED AP Partner at Synergy
Project Assignment:
Mechanical Engineer of Record
Name of Firm with which associated:
Synergy Consulting Engineers, LLC
Years' experience with this Firm:
4
Education: Degree(s)/Year/Specialization:
Bachelor of Science / 2009 / Mechanical Engineering
Active registration: Year first registered/discipline:
2010 / Mechanical Engineer
Other experience and qualifications relevant to the proposed Project:
<p>Lorey has nearly twenty years of experience in the design of mechanical systems, energy analysis for new and existing buildings, sustainability consulting, LEED documentation, and commissioning. She has led nearly 100 LEED charrettes, educating teams on the relevant criteria and offering insight to the industry's best practices and evolving technology. Her project experience involves design projects spanning numerous industry sectors from \$3M-\$400M+.</p> <p>Before co-founding Synergy Consulting Engineers and acting Principal of Flick Engineering Professionals, Lorey served as Partner of ads ENGINEERS, an established MEP firm in New York City. She has sat on technical committees for the New Orleans Energy Challenge, NYC DOB Energy Task Force, National Buildings Institute (NBI) Technical Advisory Group, among others. Lorey was recognized as NY Business Journal's 2016 Woman of Influence and received the Sustainability leadership award in 2018 from USGBC-Louisiana.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Kenneth "Wes" Michaels, PLA Principal Landscape Architect
Project Assignment:
Landscape Architecture, Planning
Name of Firm with which associated:
Spackman Mossop Michaels
Years' experience with this Firm:
16
Education: Degree(s)/Year/Specialization:
Master of Landscape Architecture, Harvard University, 2003 Bachelor of Landscape Architecture, University of Georgia, 1997
Active registration: Year first registered/discipline:
Louisiana Registered Landscape Architect: No. M-300, First registered 2006
Other experience and qualifications relevant to the proposed Project:
<p>Wes Michaels is a founding principal of Spackman Mossop Michaels landscape architects. He is a licensed landscape architect with over 20 years of professional experience and a LEED Certified Professional. Wes has worked on a diverse range of projects from sustainable campus design to urban waterfronts on a national and international scale. His current work as principal of Spackman Mossop Michaels focuses on the interplay between culture and the environment in parks, streets and urban open space networks. Wes previously taught at Louisiana State University from 2004 to 2016 and co-founded the LSU Urban Landscape Lab in 2006. This lab engages in research projects that explore ecological and cultural relationships in urban landscapes. The work of the lab grew from the rebuilding of New Orleans after Katrina, and has focused on distressed and disaster influenced landscapes.</p>

TEC Professional Services Questionnaire

L. Work by Firm or Joint-Venture members which best illustrates current qualifications relevant to this Project. Please include any and all work performed for Jefferson Parish. Please attach additional pages if necessary.

PROJECT NO. 1

Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>Offices for Confidential Tech Client</p> <p>Sunnyvale, CA</p> <p>Amy Garrison Project Director, Project Management Advisors @ Google 415.509.4641 agarrison@google.com</p>	<p>This project builds upon and evolves the precedents set by existing offices on the campus, all designed for a confidential tech client. Through early visioning sessions with the end-user, Cushing Terrell gained key insights that inspired innovations to evolve this office's design to be unique on the campus while remaining comfortably compatible.</p> <p>Programmatically similar to the other buildings, our design optimized the workspace's space planning to protect focused work areas and gather energetic activities in the building's core area. These results encouraged better interaction among the teams in the space. Reducing the area dedicated to circulation enabled the square footage to be used for other programmatic needs. The design also included a new pedestrian sky-bridge linking the building to a central campus amenity space. We addressed dozens of tenant changes, and the design process went smoothly and resulted in a highly creative and cohesive design aligned with the client's vision. We provided a robust VR Open House session for the client to experience the new building virtually and received positive feedback as part of our process.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
July 11, 2022	\$86.8m	Architecture & Interior Design

PROJECT NO. 2

Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>Google Gates</p> <p>Austin, TX</p> <p>Client contact information is confidential.</p>	<p>The project's objective was to build a new office to consolidate Google's operations in the Austin area and to create a presence for Google in the heart of downtown Austin. The design includes an ambitious range of goals stemming from Google's internal culture and goals established through our collaborative design process. Both human-made and natural environments inspired the design context for Google's Austin headquarters, including grand architecture, historical buildings, streetscapes, and sculptures adjacent to the project. Design cues taken from the natural environment include landmark trees and water (Lady Bird Lake), climate considerations, solar orientation, and vegetation. Cushing Terrell carefully considered workspace functions such as focus, collaboration, recuperation, and ideation, supported by various space types ranging from individual focus rooms to large work lounges.</p> <p>Coordination with the owner's team, general contractor, base building ownership, and the internal engineering team was critical to this project's success.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
2019	\$50,000,000.	Architecture & Interior Design

TEC Professional Services Questionnaire

PROJECT NO. 3		
Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility	
<p>SRP Hub Confidential Tech Client Omaha, Nebraska</p> <p>Mike Jarvis Senior Project Manager, CBRE @ Google 860.209.6416 jarvismichael@google.com</p>	<p>The SRP Hub is a ground up office space to support the engineers that staff this confidential client's data center. Cushing Terrell, designed a ground-up 39,000 sf office building with a full kitchen, café, micro-kitchen, and indoor and outdoor amenities at the SRP Data Center campus in Omaha, Nebraska.</p>	
Completion Date (Actual or estimated)	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
August 2022	\$50m	Architecture, Interior Design, Structural, MEP, FF&E

PROJECT NO. 4		
Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>Canyon Lodge Renovation Yellowstone National Park, Wyoming</p> <p>National Park Service Client contact information is confidential.</p>	<p>Balancing a rich history, delicate environment, and modern needs, Cushing Terrell renovated the historic Canyon Lodge at Yellowstone National Park to restore the structure's original vibrancy and character.</p> <p>Cushing Terrell executed a holistic renovation of the lodge, removing cluttered layers and restoring the building's original openness. Cushing Terrell's architectural, electrical, and mechanical designers worked together to ensure the building was properly and sustainably heated, ventilated, and illuminated. In addition, exterior signage and interior wayfinding were thoughtfully designed and integrated to emulate the Mid-Century Modern spirit of the building and to bolster function and lifespan. This building is a contributing feature of the Canyon Village Historic District, which is eligible for listing in the National Register of Historic Places.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
05/17/2017	\$5.6m	Architecture, Historic Preservation, Interior Design

TEC Professional Services Questionnaire

PROJECT NO. 5		
Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>Pahranagat National Wildlife Refuge Visitor Center</p> <p>Alamo, NV</p> <p>US Fish and Wildlife Service Jeff Rose, USFWS 503.231.2287</p>	<p>This Visitor Center is a marvel of clean energy generation and use, achieving zero net energy (ZNE) and LEED Silver accreditation. Conservation measures implemented include upgraded building insulation, daylight harvesting, and ground-source geothermal HVAC. On-site renewable energy is provided by roof-mounted solar photo-voltaic panels. The 5,000 sf facility is situated on a four-acre site and includes staff office space, visitor facilities, lobby, reception area, multipurpose room, exhibit room, and public restrooms. Exterior elements include parking for visitor buses/RVs, passenger cars, and staff vehicles. ADA-accessible trails provide access to the site's amenities including a seasonal stream with associated riparian area, vistas, and interpretive displays. The design incorporates aspects important to the native populace such as an east-facing entry and banding to express the red-tailed hawk. Inspiration was sought from the cultural history of the area, the landscape, the forms, and the native wildlife. USFWS was integral in the design process, pushing Cushing Terrell to create something as culturally relevant as possible.</p> <p>Cushing Terrell involved all key members of the design team and ideas were evaluated for functionality, aesthetics, and performance. Energy modeling was used with early architectural modeling to inform orientation and building massing as well as materials and systems. The result is a cost-effective, high-performance building exceeding performance goals. After a full year of operation, energy data showed the facility was well below zero net energy consumption. The building pushed almost twice as much energy as it consumed back to the electrical grid over 12 months.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
4/1/2015	\$3.5m	Architecture & Engineering

PROJECT NO. 6		
Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>Bureau of Land Management and the City of Fort Benton Upper Missouri River Breaks National Monument Interpretive Center</p> <p>Fort Benton, MT</p> <p>Client contact information is confidential.</p>	<p>The design of this 5,400 sf building interprets the "white cliffs" as a major design feature, providing visitors a sense of massive scale and beauty that can be experienced throughout the monument area. Another key design feature is the symbolism of riverboats, which played an important role in the discovery and westward progression of civilization.</p> <p>The center is located at the furthest upstream point of the Missouri River that could be navigated by riverboats. It includes 2,000 sf of interpretive exhibit area and 800 sf of Bureau of Land Management offices and visitor information. The balance of the remaining space provides restrooms, lobbies, a multi-purpose room, and circulation/mechanical space.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
2007	\$3.2m	Architecture & Engineering

TEC Professional Services Questionnaire

PROJECT NO. 7		
Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>Old Faithful Visitor Education Center Yellowstone National Park, WY</p> <p>National Park Service Client contact information is confidential.</p>	<p>Cushing Terrell provided full A/E design services from pre-design through construction completion for this new facility. The new building includes a multi-story lobby/information center, a geothermal exhibit area, a 232-seat auditorium, the Yellowstone Association Bookstore, a research library, high-volume public restrooms, classroom space, and NPS administrative offices.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
5/11/2011	\$18.3m	Architecture & Engineering

Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
2019	\$1.7m	Architecture & Interior Design

TEC Professional Services Questionnaire

PROJECT NO. 9		
Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
Kenai National Wildlife Refuge Visitor Center Soldotna, AK US Fish and Wildlife Service Jason Hayes jhayes@fws.gov	Sited partially-sunken into the landscape, this 8,000 sq. f. visitor center welcomes both visitors and locals, and its design facilitates a transition from our technology-driven world into the natural environment of the refuge. The new visitor center provides programming year-round and includes a multipurpose room, exhibit hall, bookstore, accessible restrooms, and lobby/seating areas, along with an outdoor exhibit within the surrounding forested habitat. Incorporating many environmentally-conscious features, the building has a sod roof, PV solar panels, in-floor radiant heating, LED lighting, a natural ventilation system, and a soapstone masonry heater. The \$6.1 million project used a design/build delivery method and earned LEED Silver certification. While the majority of the building is intended to be fairly subdued in its design and integrated into the landscape, the exhibit area, by contrast, floats defiantly above the contours and extends outward into the tree canopy, immersing users into the surrounding forested habitat.	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
12/18/2014	\$6.1m	Architecture & Engineering

PROJECT NO. 10

N. Use this space to provide any additional information or description of resources supporting Firm's qualifications for the proposed project.

Cushing Terrell was founded in Billings, Montana in 1938, and opened a New Orleans-based office in 2012. Cushing Terrell integrates the skills and expertise of more than 20 different technical disciplines into hand-picked teams for any given project. With multiple disciplines working side by side, sharing individual know-how and thriving on the energy inspired by collaboration. Cushing Terrell teams develop progressive designs for a wide range of projects in the six Market Sectors that we serve: Commercial, Education, Government, Healthcare, Living and Retail.

Cushing Terrell is equipped to perform architectural services at any scale for a variety of the Parish's needs. As a firm, our track record of success is due to the many successful partnerships we have had with clients in both the Public and Private Sector.

Annual Average Professional Services Revenues of Cushing Terrell for Last 4 Years:

Federal Work - \$2 million to \$5 million

Non-Federal Work - \$50 million or greater

Total Work - \$50 million or greater

O. To the best of my knowledge, the foregoing is an accurate statement of facts.

hello.

Cushing
Terrell.

Imagine. Create. Improve.

One thing we love about working with Cushing Terrell is the breadth and talent of their services. We started off with a focus on store design/fixture planning and now have the company handling our architectural, HVAC, plumbing, electrical, and refrigeration design, as well creating our interior design and coordinating décor. Every project we've completed with Cushing Terrell has exceeded our expectations.

Susan Allen

Director | Town & Country Markets, Inc.

About Us

Cushing Terrell was founded in 1938 by architects Ralph Cushing and Everett Terrell. Ralph and Everett acted on the belief that integrating architecture, engineering, and design opened the doors for deepened relationships and enhanced creativity: a belief that formed the beginning of our design practice and still defines us today. Driven by empathy, our team works together to design systems and spaces that help people live their best lives, achieve their visions, and enjoy healthy, sustainable built environments. Because after all, our mission is to invent a better way of living.

PROFESSIONAL IN CHARGE OF PROJECT:

Name & Title:

Steven Pinto, PE
Partner
900 Camp St., Suite 315
New Orleans, LA 70130
(504)613-5775

Project Assignment:

Project Manager, Electrical Engineer of Record

Name of Firm with which associated:

Synergy Consulting Engineers, LLC
900 Camp St., Suite 315
New Orleans, LA 70130

Years' experience with this Firm:

3 years (Founded 2019)

Education: Degree(s)/Year/Specialization:

Bachelor of Science/2009/Electrical Engineering

Active registration: Year first registered/discipline:

2013/Electrical Engineer

Other experience and qualifications relevant to the proposed Project:

Steve Pinto has over 10 years of experience in electrical engineering design of the built environment. Steve is a licensed Professional Engineer and has experience in the design of normal and emergency power distribution systems, lighting, fire alarm, and low voltage, including audio/visual systems.

Steve's project experience spans numerous industry sectors including historic renovations, healthcare, hospitality, and higher education. He was the lead electrical engineer of record and project manager for multiple institutional projects including the Historic New Orleans Collection Seignoret-Brulatour House and MCCNO Linear Park (low voltage).

Prior to co-founding Synergy Consulting Engineers, Steve managed the New Orleans office of TLC Engineering Solutions, a nationally ranked Engineering firm. Steve has a proven track record of excellence in design, attention to detail, and exceptional project management.

Synergy Consulting Engineers was formed to provide superior client service to the building community. By utilizing building energy modeling along with maintenance and life cycle costs, Synergy strives to reduce the overall energy costs for the life of the building. Our goal is to advance building systems and influence best practices to Owners, Designers, and Operators through thoughtful implementation, collaboration, and attention to detail

O. To the best of my knowledge, the foregoing is an accurate statement of facts.

Technical Evaluation Committee (TEC) Questionnaire

Instructions

- The Technical Evaluation Committee (TEC) Questionnaire shall be used for professional services related to architecture, engineering, or survey projects.
- **The TEC Questionnaire should be completely filled out. Complete and attach ALL sections. Insert “N/A” or “None” if a section does not apply or if there is no information to provide.**
- Questionnaire must be signed by an authorized representative of the Firm. Failure to sign the questionnaire shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- All subcontractors must be listed in the appropriate section of the Questionnaire. Each subcontractor must provide a complete copy of the TEC Questionnaire, applicable licenses, and any other information required by the advertisement. Failure to provide the subcontractors' complete questionnaire(s), applicable licenses, and any other information required by the advertisement shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- If additional pages are needed, attach them to the questionnaire and include all applicable information that is required by the questionnaire.

TEC Professional Services Questionnaire

A. Project Name and Advertisement Resolution Number:

SOQ 23-001 Professional Architectural and Engineering Services on an as-needed basis for architectural type projects located throughout the Parish for an approximate two-year period. Resolution no. 140999

B. Firm Name & Address:

Spackman Mossop Michaels
1824 Sophie Wright Place, New Orleans, LA 70130

C. Name, title and contact information of Principal, as defined in Section 2-926 of the Jefferson Parish Code of Ordinances, who is a registered, licensed architect, professional engineer, or surveyor in the State of Louisiana:

Kenneth Wesley Michaels, Principal, 1824 Sophie Wright Place, New Orleans, LA 70130, wes@smm.studio

D. Name and contact information of employee who is a registered and licensed architect, professional engineer, or surveyor in the State of Louisiana in the applicable discipline. A subcontractor may be substituted here only if the advertised Project requires more than one discipline.

Emily Bullock, Principal, 1824 Sophie Wright Place, New Orleans, LA 70130, emily@smm.studio

E. Please provide the number of employees whose primary function corresponds with each category:

K. List the professional in charge, key persons, specialists, and individual consultants anticipated for this Project and provide their relevant information below. If necessary, please attach additional documentation (i.e. resume) that demonstrates the employment history and experience of the Firm's key persons that may assist in the completion of this Project. Please attach additional pages if necessary.

PROFESSIONAL IN CHARGE OF PROJECT:

Name & Title:

Kenneth "Wes" Michaels, Principal

Project Assignment:

Principal-in-Charge

Name of Firm with which associated:

Spackman Mossop Michaels

Years' experience with this Firm:

15

Education: Degree(s)/Year/Specialization:

Master of Landscape Architecture, Harvard University, 2003
Bachelor of Landscape Architecture, University of Georgia, 1997

Active registration: Year first registered/discipline:

Louisiana Registered Landscape Architect: No. M-300; Year first registered, 2006

Other experience and qualifications relevant to the proposed Project:

Wes Michaels is a founding principal of Spackman Mossop Michaels landscape architects. He is a licensed landscape architect with over 20 years of professional experience and a LEED Certified Professional. Wes has worked on a diverse range of projects from sustainable campus design to urban waterfronts on a national and international scale. His current work as principal of Spackman Mossop Michaels focuses on the interplay between culture and the environment in parks, streets and urban open space networks. Wes previously taught at Louisiana State University from 2004 to 2016 and co-founded the LSU Urban Landscape Lab in 2006. This lab engages in research projects that explore ecological and cultural relationships in urban landscapes. The work of the lab grew from the rebuilding of New Orleans after Katrina, and has focused on distressed and disaster influenced landscapes.

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Emily Bullock, Principal
Project Assignment:
Project Manager
Name of Firm with which associated:
Spackman Mossop Michaels
Years' experience with this Firm:
11
Education: Degree(s)/Year/Specialization:
Master of Landscape Architecture, Louisiana State University, 2011 Bachelor of Arts - Spanish and International Studies, Davidson University, 2005
Active registration: Year first registered/discipline:
Louisiana Registered Landscape Architect: #B-425; Year first registered, 2022
Other experience and qualifications relevant to the proposed Project:
Emily Bullock is a Principal at Spackman Mossop Michaels landscape architects. Emily's work focuses on planting design, especially the use of native plants, and sustainable landscape design. She has worked on a range of projects that involve comprehensive stormwater management practices and the capture and reuse of water on site. Emily has experience working with dynamic and diverse communities across New Orleans, as well as in cities such as Detroit, Brownsville, TX, and Springdale, AR among others. She has designed and led community engagement efforts in the Fitzgerald neighborhood in Detroit, a youth-inclusive design process with middle school students at Habans Elementary in New Orleans focused on stormwater management, and a bilingual neighborhood green infrastructure engagement plan in San Juan, Puerto Rico.

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Joie Chan, Associate Designer
Project Assignment:
Associate Designer
Name of Firm with which associated:
Spackman Mossop Michaels
Years' experience with this Firm:
5
Education: Degree(s)/Year/Specialization:
Master of Landscape Architecture, Ohio State University, 2017 Bachelor of Environmental design University of Manitoba, 2014
Active registration: Year first registered/discipline:
N/A
Other experience and qualifications relevant to the proposed Project:
Joie Chan is an Associate in SMM's New Orleans office. Joie graduated from the Ohio State University with a Master degree in Landscape Architecture in May 2017. Prior to studying in Columbus, Ohio, she attended the University of Manitoba and obtained a Bachelor degree in Environmental Design. Joie possesses a strong interest in understanding ecology and believes that good design incorporates not only the social dynamics but also considers the ecological systems around. Her approach to design is through detailed analysis, research, and by understanding the history of the site, its current systems (ecologically, socially and economically) as well as imagining new opportunities. Joie pursues landscape architecture as a means to create places for communities that will enhance their quality of life. Rooted in her deep interest in research-based design and a passion for neighborhood revitalization, she applies rigor and a keen eye for detail to each of her projects. Prior to joining SMM, Joie worked with The Neighborhood Design Center, a nonprofit design center in Columbus, Ohio.
