PHARMACYGO MEDICAL SUPPLIES

With over 20 years of experience in the healthcare industry, PharmacyGo is pleased to be able to provide its knowledge, experience, network, partnerships and assistance to keep communities, businesses, and countries safe. With the urgent requirements of many individuals and organizations at the start of the COVID pandemic PharmacyGO Medical Supplies was proud to have a Medical Devices Licence issued by Health Canada to carry PPE products.

In keeping with our core values of quality, timely delivery, and efficiency we are proud to have HELPED Governments in Canada at the Federal, Provincial, State, & Municipal level and Governments globally in addition to multinational corporations, essential services, hospitals, long-term care homes & frontline healthcare workers to keep safe, healthy and protected.

Whether its individuals, small businesses, multinationals or Governments PharmacyGo Medical Supplies can meet your needs and requirements of hundreds or millions of products. With our expertise and experience we have a global network of manufacturers for products. For larger orders we have on the ground Quality Control Teams that are placed within the manufacturing facilities to ensure products are of the highest quality and meet ALL technical requirements and specifications of the buyer.

In addition we have project management teams to ensure all technical requirements and regulations of various countries and their respective Governments are met & end to end solutions are provided with consistency, quality and on time delivery
