All sureties must be in original format (no copies). Rev. 2-22-17

Section 5.0 – Responsibilities of the Contractor:

The responsibility of the contractor is to maintain the specified elevators in good repair and in accordance with the provisions of the American National Standards Institute (ANSI) latest edition, as set forth in Standard A17.1, manufacturer's recommendations, with the practice of first class repair and preventive maintenance procedures performed on a regular routine schedule, and to minimize wear and tear on the equipment, all with the primary intent to prevent elevator downtime.

Section 6.0 – Hours of Work:

All maintenance and scheduled repairs are to be performed during regular working hours (8:00 a.m. to 4:30 p.m., Monday through Friday), except Holidays, whenever possible. Due to the high security concerns of this building, some repairs and regularly scheduled maintenance will have to be performed after hours at a time when the elevators can be shut down without compromising security at no extra charge. Normal response time shall be no more than two (2) hours; however, in the event that someone is trapped in the elevator, the contractor shall provide an estimated time of arrival and make every effort to arrive at the site as soon as possible.

Section 7.0 – Liquidated Damages:

If the contractor fails to report with a qualified serviceman for a period in excess of two (2) hours from the time of the call of complaint, it is mutually agreed that the Parish may withhold, as liquidated damage for each one (1) hour period, including the initial period thereof, the sum of \$50.00 from the succeeding month's billing, for each failure to report in a timely manner to a request for service. Further, it is mutually agreed that this sum is indicated, or is selected as a liquidated damage because of the impossibilities of determining the amount of actual damages the Parish may suffer as a result of the contractor's failure to comply with this provision.

If an elevator remains out of service for a period in excess of forty-eight (48) hours due to neglect or failure to comply with the provisions of these specifications, or should the contractor fail to report with a qualified serviceman within the stated time frame, it is mutually agreed that the Parish may withhold, as liquidated damage for each twenty-four (24) hour period, including the initial period thereof, the sum of \$100.00 from the succeeding month's billing. Further, it is mutually agreed that this sum is indicated, or is selected as liquidated damages, because of the impossibilities of determining the amount of actual damages the Parish may suffer as a result of the contractor's failure to comply with this provision.

Rev. 2-22-17

Section 8.0 – Guaranty:

The contractor shall guaranty for a period of one (1) year from the date of installation or performance, all materials and/or labor provided. The contractor shall also guaranty that he will hold the Parish harmless from any damage arising from faulty workmanship or materials performed and/or installed within the duration of this contract.

All parts furnished and installed by the contractor shall be new and genuine replacements made especially for the elevator specified in this bid, unless substitution is specifically approved by the Parish of Jefferson. All workmanship shall be in accordance with the National Electric and/or Safety Code for Elevators, and the National Fire Protection Association (N.F.P.A.) Code.

In all cases the burden of proof that the proposed product offered for substitution is equal or superior in construction and efficiency to that named in the specifications or contract shall rest on the contractor, and unless the proof is satisfactory to the Department of General Services, the substitution will not be approved.

At the termination of this contract, the Parish shall retain all blueprints, wiring, diagrams, and any other pertinent data that may have been furnished by the Parish, the contractor, or the maintenance company.

All lubricants, cleaning materials, paint, cotton waste, hydraulic fluid, etc., shall be furnished by the contractor. All lubricants shall be of the proper type or grade for the use intended. The use of dirty, contaminated, or deteriorated lubricants is prohibited. Waste lubricants shall be disposed of by the contractor within the workday. The contractor will store all lubricants, fluids, etc., in approved containers and in a manner and place as designated by a representative of the Parish and selected by the Department of General Services. No open containers will be allowed to be stored on the premises, and the contractor shall supply all containers.

Section 9.0 – Accident Prevention:

Precaution shall be exercised at all times for the protection of persons and property. Safety provisions of applicable laws, building and construction codes, shall be observed. Machinery, equipment, and all hazards shall be guarded or eliminated in accordance with the safety provisions of the Manual of Accident Prevention in Construction, published by the Associated General Contractors of America, to the extent that such provisions are not in contravention of applicable laws. The contractor shall also comply with applicable requirements of the Occupational Safety and Health Act of 1970 and the latest revisions thereof.

Rev. 2-22-17

Section 10.0 – Cleaning and Safety:

Job sites must be clean and free of all litter and debris daily and upon completion of the contract. Passageways must be kept clean and free of material, equipment, and debris at all times. Inflammable material must be removed from the job site daily, because storage will not be permitted on the premises. Precautions must be exercised at all times to safeguard the welfare and safety of the general public, employees of Jefferson Parish, and other Parish officials.

Section 11.0 – Special Instructions:

STANDARD INSURANCE REQUIREMENTS – BIDS UNDER \$30k

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the bid. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. However, if a bidder has on file with the Purchasing Department a current (valid) insurance certificate that fulfills the requirements in this document, then this will be accepted as evidence of same. Otherwise, failure to submit a current (valid) insurance certificate with bid submission or if no current (valid) insurance certificate is on file, then the bid will be rejected. Final certificates shall name the **Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability, Workmen's Compensation Insurance and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.

JEFFERSON PARISH REQUIRED STANDARD INSURANCE☒ **WORKER'S COMPENSATION INSURANCE**

As required by Louisiana State Statute, exception; Employer's Liability, Section B shall be \$1,000,000 per occurrence when Work is to be over water and involves maritime exposures to cover all employees not covered under the State Worker's Compensation Act, otherwise this limit shall be no less than \$500,000 per occurrence.

Note: If your company is not required by law to carry workmen's compensation insurance, i.e. not a Louisiana company, sole employee of the company, then bidders must request a workmen's compensation insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being

rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

☒ COMMERCIAL GENERAL LIABILITY

Shall provide limits not less than the following: \$1,000,000.00 Combined Single Limit per Occurrence for bodily injury and property damage.

☒ COMPREHENSIVE AUTOMOBILE LIABILITY

Bodily injury liability \$1,000,000.00 each person; \$1,000,000.00 each occurrence.
Property Damage Liability \$1,000,000.00 each occurrence.

Note: This category may be omitted if bidders do not/will not utilize company vehicles for the project or do not possess company vehicles. Bidder must request an automobile insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

DEDUCTIBLES

No insurance required shall include a deductible not greater than \$10,000.00. The cost of the deductible shall be borne by the contractor.

NOTE: If the vendor requires a change in deductibles, the request must be submitted in writing to the Purchasing Department prior to the due date of the bid. Such request shall be reviewed by the Parish Attorney's Office with the concurrence of the Director of Risk Management.

UMBRELLA LIABILITY COVERAGE

An umbrella policy or excess may be used to meet minimum requirements.

FOR CONSTRUCTION AND RENOVATION PROJECTS:

The following are required unless otherwise specified in the bid. Such insurance is due upon contract execution.

1) OWNER'S PROTECTIVE LIABILITY

To be for the same limits of liability for bodily injury and property damage liability established for commercial general liability.

Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partner's share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person (that is, a partner in a partnership conducting a trade or business in the United States), provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.				
The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

Other Changes Continued:

- Effective June 1, 2017, bidders may no longer send bid responses via facsimile, as some bid solicitations may provide. - Affidavits (Non-Public Works Affidavit or Public Works Affidavit) – as you are aware, bidders are required to submit affidavits pursuant to LA public bid law and Jefferson Parish Code of Ordinances. Bidders must read each bid package to ensure compliance. Effective August 1, 2016, *affidavits are required with bid submission*. While copies are acceptable to include with bid submission, original affidavits are required upon contract execution. Original affidavits are encouraged with bid submission.
- Current W9 Forms and vendor applications may be submitted at any time; however, if your company is not registered and/or a current W-9 form is not on file, a current W-9 form must be supplied upon contract execution, should you be awarded a contract and/or issued a purchase order.
- Upon contract execution, successful bidder must continue producing final insurance certificates per standard Jefferson Parish insurance requirements. Proof of insurance is required for bidding purposes. Bidders must read the insurance requirements attachment included in each bid package for specific instructions.
