General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

2. SPECIAL PROVISION SP.47 – VIBRATIONS DUE TO CONSTRUCTION ACTIVITIES
DELETE the existing page SP-12 and **REPLACE** with the attached page SP-12 containing the following modification: "If at any time any monitor in any direction records a reading of ~~0.25~~ 0.5 inches per second or greater, the laboratory technician shall notify the Contractor and the Owner's field representative immediately and the affecting construction activity shall be suspended." , page SP-12, last paragraph of SP.47.

PLANS:

1. Sheet No. 03 – **CHANGE** per the attached Sheet No. 03. Added Bid Item "S-901" to table.

CONTRACTOR QUESTIONS:

1. Is there a wage rate determination for this project? *No Prevailing Wage Rates; See Special Provision SP.04.*

SP.04 PREVAILING WAGES

The payment of Prevailing Wage Rates is not a requirement of this project.

2. How do you connect the new service to the existing AC water main? *Preferred method to tap new house connections into the existing waterline is to connect with a union into the existing tap near the main line. Corporation stops are used to tie service into new main. Tapping into the main is considered as a point repair and proper precautions should be taken. See "Appendix C" of Jefferson Parish General Standard Notes for Water Distribution and Standard Details for further information.*

3. Request for approval of insurance Deductible of \$250,000 for Workers Compensation and General Liability (respectively), and \$100,000 for Automobile Liability. *The insurance deductible will be accepted from \$10,000 to \$250,000 for both General Liability and Workman's Compensation Insurance. The insurance deductible will be accepted from \$10,000 to \$100,000 for Automobile Insurance. These amounts have been approved by Jefferson Parish Risk Management Department and Parish Attorney Office for this bid.*
4. Request to remove "Owners Protective Liability" and "Builder's Risk Insurance" insurance policies. *See page Special Provisions of Specifications:*

SP.58 BUILDERS RISK INSURANCE

Builders Risk Insurance as referenced in Article 5.04.C.5 of the Standard General Conditions of the Construction Contract is not required for this project.

SP.59 OWNER'S PROTECTIVE LIABILITY

Owners Protective Liability as referenced in Article 5.04.C.4 of the Standard General Conditions of the Construction Contract is not required for this project.

5. Bid Item 302-02-06020 "Class II Base Course (6" Thick) (Stone), and the specifications refers to LADOTD Standard specs for Roads and Bridges, 2016 edition, Section 302 (Class II Base Course). In section 302.02 (Materials), Recycled Portland Cement Concrete is listed as an acceptable material, are you only allowing crushed stone as the base course material? *Crushed Limestone will be the only allowable material for the Class II Base Course.*
6. On plan sheet number 5, Drainage Structures "8-B", Req'd 15" x 6' RCP and a note: "Tie-In 15" RCP with 24" Equiv. Wye". After a conversation with our concrete pipe suppliers, they do not think that this wye can be performed or manufactured at their facility successfully for installation at the job site. You may want to check the outside diameter of the 15" RCP ($\pm 19 \frac{1}{2}$ ") versus the inside rise dimension of the 24" Equiv. RCPA (18" Rise x $28 \frac{1}{2}$ " Span), and consider an alternate method to accomplish this connection successfully. *Please verify with other vendors as this wye can be manufactured.*
7. Which standard JP detail should we follow for pricing the 4 each ADA ramps? None of the ramp details appear to match perfectly with the existing ramps and/or the ramps shown on the plans. *Of the details shown on JP Standard Detail Sheet No. 306, "Alternate No. 2" most closely matches the handicapped configuration shown with-in the plans.*

8. It appears that root pruning the existing trees for installation of the drain line may not be possible in some locations. How should the drain line be installed in locations where root pruning is not possible? *Drain line is in the street and should not affect the main root system. Minor adjustments can be made in the field.*
9. Sheet 2b shows a new 8" water main and abandonment of existing water main, and Note 10 also indicates abandonment. Should this be revised? *Existing 8" waterline is to remain in service. No new 8" waterlines are anticipated. Please disregard note 10 on Sheet No. 1a.*

Note: The following items are attached and hereby made part of this addendum:

- a. Pre-Bid Conference Sign-In Sheet (2 pages)
- b. Revised PUBLIC WORK BID FORM, (4 pages)
- c. Revised Specification Special Provision SP.47, (page SP-12)
- d. Revised Plan Sheet No. 3.

Wording for "DESCRIPTION" is to be provided by the Owner

All quantities are estimated. The contractor will be paid upon actual quantities as verified by Owner.

shall direct the number and placement of monitors to be used for each activity or condition. Monitoring equipment shall directly measure particle velocity (rate of ground movement) in three mutually perpendicular directions (longitudinal, transverse and vertical) and be capable of recording the vector sum of these three measurements to an accuracy of 0.01 in/sec. In addition, the monitoring equipment shall be capable of producing a continuous written record of all measurements taken. A daily report will be furnished to the Engineer including, at a minimum, a monitoring location plan, all recorded data and a narrative of construction activities which is referenced to the recorded data.

The Contractor shall report to the Engineer's field representative at least twenty-four (24) hours in advance of starting any new construction related activity (or if site conditions change) and request that proper vibration monitoring be provided for this activity and/or condition.

If at any time any monitor in any direction records a reading of 0.20 inches per second, the laboratory technician shall notify the Contractor and the Owner's field representative immediately. The Contractor shall record the activity and location causing the reading.

If at any time any monitor in any direction records a reading of 0.50 inches per second or greater, the laboratory technician shall notify the Contractor and the Owner's field representative immediately and the affecting construction activity shall be suspended. The Contractor shall propose to the Engineer corrective measures for the affecting construction activity to ensure that vibration-monitoring limits will not be exceeded. Upon approval by the Engineer, the modified construction activity may resume. Repair of any damage caused by the vibrations above safe limits as specified herein shall be the full responsibility of the Contractor.

SP.48 INCLEMENT WEATHER DAYS

As specified elsewhere in these Special Provisions, a set number of inclement weather days have been specified for this Contract. If the number of actual inclement weather days, as defined in this Special Provision, exceeds the number of inclement weather days specified elsewhere in these Special Provisions, CONTRACTOR may make a claim for time equal to the number of inclement weather days in excess of the number specified.

For this Contract, an Inclement Weather Day shall be defined as any day on which construction operations were unable to proceed for at least five (5) continuous hours of the day or 65% of the regular working hours, whichever is greater. Should CONTRACTOR prepare to begin work on any given day in which inclement weather, or the conditions resulting from inclement weather, prevent work from beginning at the usual starting time, and the crew is dismissed as a result thereof, the day will be declared an Inclement Weather Day, whether or not conditions change during the day, resulting in the rest of the day becoming suitable for work.

SP.49 EXISTING POWER POLES

Where excavation is required adjacent to existing power poles or other structures, the Contractor has the responsibility to maintain the integrity of the structure by bracing or other means subject to the approval of the project Engineer and the utility owner (no direct payment).

The following items are issued to add, modify, and clarify the Contract Documents and Specifications. These items shall have full force and effect, as the contract Documents and the cost involved shall be included in the bid prices.

Acknowledge receipt of the addendum by inserting its number on the Bid Form. Failure to do so will subject the bidder to rejection.

This Addendum No. 1 consists of 13 pages including the title sheet and all attachments.

GENERAL:

1. The pre-bid conference was held on April 16th, 2018 at 10:00. The sign-in sheet (2 pages) is attached and hereby made a part of this addendum.
2. Bid Items W-906-0 and W-906-1 to be used only upon approval by Project Engineer.

SPECIFICATIONS:

2. SPECIAL PROVISION SP.47 – VIBRATIONS DUE TO CONSTRUCTION ACTIVITIES
DELETE the existing page SP-12 and **REPLACE** with the attached page SP-12 containing the following modification: "If at any time any monitor in any direction records a reading of ~~0.25~~ 0.5 inches per second or greater, the laboratory technician shall notify the Contractor and the Owner's field representative immediately and the affecting construction activity shall be suspended." , page SP-12, last paragraph of SP.47.

PLANS:

1. Sheet No. 03 – **CHANGE** per the attached Sheet No. 03. Added Bid Item "S-901" to table.

CONTRACTOR QUESTIONS:

1. Is there a wage rate determination for this project? *No Prevailing Wage Rates; See Special Provision SP.04.*

SP.04 PREVAILING WAGES

The payment of Prevailing Wage Rates is not a requirement of this project.

2. How do you connect the new service to the existing AC water main? *Preferred method to tap new house connections into the existing waterline is to connect with a union into the existing tap near the main line. Corporation stops are used to tie service into new main. Tapping into the main is considered as a point repair and proper precautions should be taken. See "Appendix C" of Jefferson Parish General Standard Notes for Water Distribution and Standard Details for further information.*

3. Request for approval of insurance Deductible of \$250,000 for Workers Compensation and General Liability (respectively), and \$100,000 for Automobile Liability. *The insurance deductible will be accepted from \$10,000 to \$250,000 for both General Liability and Workman's Compensation Insurance. The insurance deductible will be accepted from \$10,000 to \$100,000 for Automobile Insurance. These amounts have been approved by Jefferson Parish Risk Management Department and Parish Attorney Office for this bid.*
4. Request to remove "Owners Protective Liability" and "Builder's Risk Insurance" insurance policies. *See page Special Provisions of Specifications.*

SP.58 BUILDERS RISK INSURANCE

Builders Risk Insurance as referenced in Article 5.04.C.5 of the Standard General Conditions of the Construction Contract is not required for this project.

SP.59 OWNER'S PROTECTIVE LIABILITY

Owners Protective Liability as referenced in Article 5.04.C.4 of the Standard General Conditions of the Construction Contract is not required for this project.

5. Bid Item 302-02-06020 "Class II Base Course (6" Thick) (Stone), and the specifications refers to LADOTD Standard specs for Roads and Bridges, 2016 edition, Section 302 (Class II Base Course). In section 302.02 (Materials), Recycled Portland Cement Concrete is listed as an acceptable material, are you only allowing crushed stone as the base course material? *Crushed Limestone will be the only allowable material for the Class II Base Course.*
6. On plan sheet number 5, Drainage Structures "8-B", Req'd 15" x 6' RCP and a note: "Tie-In 15" RCP with 24" Equiv. Wye". After a conversation with our concrete pipe suppliers, they do not think that this wye can be performed or manufactured at their facility successfully for installation at the job site. You may want to check the outside diameter of the 15" RCP ($\pm 19 \frac{1}{2}$ ") versus the inside rise dimension of the 24" Equiv. RCPA (18" Rise x $28 \frac{1}{2}$ " Span), and consider an alternate method to accomplish this connection successfully. *Please verify with other vendors as this wye can be manufactured.*
7. Which standard JP detail should we follow for pricing the 4 each ADA ramps? None of the ramp details appear to match perfectly with the existing ramps and/or the ramps shown on the plans. *Of the details shown on JP Standard Detail Sheet No. 306, "Alternate No. 2" most closely matches the handicapped configuration shown with-in the plans.*

8. It appears that root pruning the existing trees for installation of the drain line may not be possible in some locations. How should the drain line be installed in locations where root pruning is not possible? *Drain line is in the street and should not affect the main root system. Minor adjustments can be made in the field.*
9. Sheet 2b shows a new 8" water main and abandonment of existing water main, and Note 10 also indicates abandonment. Should this be revised? *Existing 8" waterline is to remain in service. No new 8" waterlines are anticipated. Please disregard note 10 on Sheet No. 1a.*

Note: The following items are attached and hereby made part of this addendum:

- a. Pre-Bid Conference Sign-In Sheet (2 pages)
- b. Revised PUBLIC WORK BID FORM, (4 pages)
- c. Revised Specification Special Provision SP.47, (page SP-12)
- d. Revised Plan Sheet No. 3.

Wording for "DESCRIPTION" is to be provided by the Owner

All quantities are estimated. The contractor will be paid upon actual quantities as verified by Owner.

shall direct the number and placement of monitors to be used for each activity or condition. Monitoring equipment shall directly measure particle velocity (rate of ground movement) in three mutually perpendicular directions (longitudinal, transverse and vertical) and be capable of recording the vector sum of these three measurements to an accuracy of 0.01 in/sec. In addition, the monitoring equipment shall be capable of producing a continuous written record of all measurements taken. A daily report will be furnished to the Engineer including, at a minimum, a monitoring location plan, all recorded data and a narrative of construction activities which is referenced to the recorded data.

The Contractor shall report to the Engineer's field representative at least twenty-four (24) hours in advance of starting any new construction related activity (or if site conditions change) and request that proper vibration monitoring be provided for this activity and/or condition.

If at any time any monitor in any direction records a reading of 0.20 inches per second, the laboratory technician shall notify the Contractor and the Owner's field representative immediately. The Contractor shall record the activity and location causing the reading.

If at any time any monitor in any direction records a reading of 0.50 inches per second or greater, the laboratory technician shall notify the Contractor and the Owner's field representative immediately and the affecting construction activity shall be suspended. The Contractor shall propose to the Engineer corrective measures for the affecting construction activity to ensure that vibration-monitoring limits will not be exceeded. Upon approval by the Engineer, the modified construction activity may resume. Repair of any damage caused by the vibrations above safe limits as specified herein shall be the full responsibility of the Contractor.

SP.48 INCLEMENT WEATHER DAYS

As specified elsewhere in these Special Provisions, a set number of inclement weather days have been specified for this Contract. If the number of actual inclement weather days, as defined in this Special Provision, exceeds the number of inclement weather days specified elsewhere in these Special Provisions, CONTRACTOR may make a claim for time equal to the number of inclement weather days in excess of the number specified.

For this Contract, an Inclement Weather Day shall be defined as any day on which construction operations were unable to proceed for at least five (5) continuous hours of the day or 65% of the regular working hours, whichever is greater. Should CONTRACTOR prepare to begin work on any given day in which inclement weather, or the conditions resulting from inclement weather, prevent work from beginning at the usual starting time, and the crew is dismissed as a result thereof, the day will be declared an Inclement Weather Day, whether or not conditions change during the day, resulting in the rest of the day becoming suitable for work.

SP.49 EXISTING POWER POLES

Where excavation is required adjacent to existing power poles or other structures, the Contractor has the responsibility to maintain the integrity of the structure by bracing or other means subject to the approval of the project Engineer and the utility owner (no direct payment).

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.
Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.
