**BID ITEM # 6**

**MEASURING TAPE**

**PRODUCT # 100B**

## BID ITEM # 6 (CONTINUED)

### Perfect for all your long measuring needs!

Komelon's Open-Reel Fiberglass Tapes features a double-coated blade. A durable ABS frame protects the tape and a rubber handle provides a comfortable grip. Komelon also equips this reel with a hook end and claw. The fiberglass blade measures 100 feet in length and 1/2-inch in width.

Komelon Open-Reel Fiberglass Tapes are perfect for any long measuring needs. The two-colored, double-sided has inches/feet on one side and engineer scale on the opposite side. Its end hook and claw makes it an extremely versatile measuring tool.

The double-coated fiberglass blade of these reels is waterproof and resists dirt. This coating also protects the markings from chemical and mechanical-based abrasion.

### Specs

- ✔ Product weight (pounds): 1-1/2
- ✔ Product length (inches): 12-1/2
- ✔ Product width (inches): 7-1/2
- ✔ Product height (inches): 2
- ✔ Tape material: Fiberglass
- ✔ Tape width (inches): 1/2
