## 1) Our Company

### Lawson History

Sidney L. Port founded Lawson Products in 1952 with a simple goal—to provide for his family. He accomplished that and much more.

After early careers as a publisher and an attorney, Mr. Port joined his father-in-law's company, Lion Auto Parts. During his time there he recognized an opportunity and confirmed its potential by first selling fasteners out of the trunk of his car. That experience convinced him that no one else was effectively supplying businesses with small, consumable parts necessary to keeping their operations running.

At the age of 40, with a \$25,000 loan, Mr. Port opened Lawson Products. For those who knew Mr. Port they'd say, "his word was his bond," and customers and suppliers quickly recognized his integrity. That, combined with Mr. Port's knack for finding the right people, helped continue the Company's growth.

Lawson Products went public in 1970 (currently traded on the NASDAQ – LAWS), but Mr. Port retained a very active role until his death in 2007. When asked about founding his Company, Mr. Port often replied that he simply wanted to create an organization that offered employees a way to make a good living and support their families. As an entrepreneur himself, Mr. Port encouraged that spirit by offering employee benefits such as profit sharing, which was unusual at the time.

Mr. Port named Lawson Products after Victor Lawson, owner of the Chicago Daily News and a philanthropist whom he admired. As the Company's success grew, so did Mr. Port's generosity and philanthropic efforts in the arts, medical research and education.

### Today, Lawson Products in North America...

- is a wholly owned subsidiary of Lawson Products, Inc. with other divisions of Kent Automotive, a Delaware Corporation ("Lawson Delaware") and Bolt Supply (Canada only);
- is a publicly held company traded on the NASDAQ as LAWS;
- carries over 240,000 consumable MRO products like fasteners, electrical supplies, fluid power fittings and hoses, cutting tools, safety supplies, maintenance chemicals and more;
- serves over 80,000 public and private sector customers in the areas of vehicle and automotive repair, manufacturing equipment repair, facility maintenance, food processing, construction, oil and gas, mining and others;
- maintains a 98%-99% fill rate and ships 99% of all products complete within 24 hours from six strategically located distribution centers in North America and 13 branch locations in Canada via its subsidiary Bolt Supply;
- has over 1,500 employees, 1,000 of which are local sales representatives that monitor, put away, and manage inventory levels at the site-level for state and local government entities.

### Core Values

Under the leadership of President & CEO Michael G. DeCata, Lawson Products continues to value the entrepreneurial spirit, results-driven attitude and integrity of its employees and customers alike. At the same time, the Company continues to evolve, recognizing that now more than ever, success depends on teamwork and being progressive in response to meeting customers' needs.

## Business Philosophy

Lawson Products delivers a full range of consumable MRO products coupled with on-site inventory management services that help fleet and facility maintenance personnel keep their operations up and running without interruption. Our goal is to be sure the right products are on hand at the moment they're needed so vehicles and facilities can operate at their full capacity and avoid downtime. Said otherwise, we strive to be sure our customers have "the right part, in the right place, at the right time."

Following the principles of 5S methodology (a workplace organization method) approximately 1,000 Lawson sales representatives partner with maintenance and repair personnel to maximize their operational effectiveness and efficiency. Our ultimate goal is to develop a fully integrated maintenance supply and inventory management partnership with Jefferson Parish Government and participating state, local and education entities to provide quality products and vendor-managed inventory services for consumable maintenance and repair products across the U.S. and Canada.

## Longevity

Lawson Products has been continuously in business since its founding in 1952. Over the last three years, Lawson Products' sales reflect a company-wide average of 10% growth, with the Government sector comprising 12% of total 2017 revenue. Lawson's four-year annual sales include:

- 2015 - \$257,834,000.00
- 2016 - \$276,573,000.00
- 2017 - \$305,907,000.00
- 2018 - \$349,637,000.00

## Government Business

- In 2017, the government sector garnered 10% of total company sales with this year's projection being 12% of total sales.
- Lawson has over 250 direct contracts around the world with government agencies that include: contracts at the state and/or city/county level in every U.S. state, the Federal Government, USPS and the Department of Defense.
- In the state, local government and education sectors (SLED) Lawson Products does business in the U.S. and Canada directly with entities and via cooperative agreements. The SLED sectors comprise 75% of our total government business.
- Some examples of government agencies and departments that use our products and services include: K-12 schools, higher education institutions, vocational and technical schools, Departments of Public Works, Parks Departments, Departments of Transportation, Transit Authorities and more.

Lawson currently has contracts with six cooperatives serving the U.S. and Canada. Our contracts with these cooperatives have grown 364% over the last 2 years. Our largest cooperative, Omnia Partners, (formerly known as National IPA) was awarded in 2015 (as TCPN) and in a 2 year timeframe has grown from no sales to comprising over 25,000 publically funded sites around the U.S. with annual sales exceeded \$7M by year end, Dec. 31, 2018.

Some of Lawson's more substantial contracts include:

Other (shop supplies and hand tools)	10%

## 2) Lawson Spend Management

### Business Objectives for Jefferson Parish Government

1. Hard and soft cost savings
2. Vendor consolidation
3. Customized and standardized inventory
4. Improved MRO inventory management and productivity
5. Improved MRO reporting and transparency
6. Long-term MRO solution

Lawson Products' proven track record of business credibility, reputation and decade-long international commerce experiences with key suppliers is an important strength. Our philosophy is to provide *"the right part, in the right place, at the right time"*. Service and cost effectiveness is one of our primary considerations.

We work at increasing customer productivity in several ways including:

- Reduce the amount of time searching for / purchasing parts.
- Avoid emergency off-site trips for a part by insuring adequate inventory is available at all times.
- Assign a knowledgeable Sales Professional who will inventory, review, and order for those areas where authorized the responsibility.

Lawson Products offers over 350,000 standard products in our current offering and over 60,000 products within our automotive group (Kent Automotive). As we strive to meet all our customers' needs, we continue to add new lines to our offerings.

In addition, we offer our Find MRO group (Specials) to support any product needs outside of our current offering for Jefferson Parish Government, if need be. This group is able to source any and all products for support of future Two Year Contract for the Supply of Hand Tools for the Jefferson Parish Government.

In general, Lawson Products strategic product sourcing involves the following phases:

- Current usage requirements.
- General evaluation of the needs for product sourcing, their feasibility and related industrial intelligence.
- General research on product availability, technological achievability, cost feasibility and potential operation issues.
- Facilitating communications for the Jefferson Parish Government with selected suppliers or the manufacturers regarding technical specifications, engineering plan if needed, cost estimation, contract or agreement term negotiation, production and logistic arrangements and other import/export issues.
- Developing and implementing new and improved product sourcing solutions, including purchasing plan, production plan, quality control measures, supply chain monitoring and management, and logistic solutions.

### Demand-Based Planning

Lawson Product Demand-based planning is a forecasted system that has the ability to use up to 26 different algorithms to generate a raw forecast based on historical data, seeing this would be new business to Lawson Products and not part of our current history we would control demand planning through communication/ forecasting data provided by your location and the sales rep. After 60 days of historical demand from the new account the system will detect sales trend increase and automatically start to increase the raw forecast, at the same time the communication with your locations / sales representative and the government team will continue to identify the items in demand and future forecast needs. We do have the flexibility to adjust or hard key safety stock levels to protect or control inventory levels, we have found in the past that a combination of forecast and safety stock level adjustments best support the customer needs.

Lawson Products will use Customer Demand Planning (CDP) that enables sales teams (and the Jefferson Parish Government) to develop demand forecasts as input to service-planning processes, production, inventory planning and revenue planning for the Jefferson Parish Government. Customer Demand Planning is a vital aspect of managing value chains for our customers. The first step is to forecast product demand determined by your past and present usage history. A Lawson Product Manager can plan resource deployment in accordance with the resulting forecasts. In other words: it's a bottom-up approach vs. the top down planning. Customer Demand Planning coupled with Lawson's current VMI program will ensure product availability for the Jefferson Parish Government's usage history at each location.

Lawson Products demand management for Two Year Contract for the Supply of Hand Tools products strives to manage all the activities associated with discovering the customer location needs, planning products or services for those locations and then fulfilling the customers 'demand'. It is an integrative set of processes across, not just the enterprise, but the trade partner network and ensures that we truly understand the market; we know who the Jefferson Parish Government is and what draws them to doing business with us. It also ensures that they are happy with their product assortment, our product offering and our service. To do this, we will use Customer Demand Planning for forecasting that will take into account such things as product awareness, distribution, price, fulfilling unmet needs and competitive alternatives.

Lawson Products will also examine brand preference for your locations. By examining the brand preference for each brand within our contracts, preference shares for each brand can be determined and Lawson Products will then plan, forecast, and provide those items to each location.

### Cost Reduction

A company's ability to reduce transaction cost and control spend have become increasingly important in today's economy. Lawson Products can help the Jefferson Parish Government with their spend management initiatives by using one of our E-Business Solutions. We have several advantages such as:

- A dedicated E-Procurement website which offers one of the fastest integrations in the industry.
- A standards-based E-Procurement Solutions for hassle free integration.
- E-Invoicing capabilities.
- Ariba-Ready certification for Catalog and "punch-out" options.
- Customized catalog.
- Customer-specific pricing.
- A knowledgeable team of seasoned professionals for supporting implementations.

Lawson Products Cost Reduction plan uses these methods to help reduce costs within the supply chain through a four-step total cost of ownership process. Value-add distributors such as Lawson Products can demonstrate how we impact a customer's total cost of ownership by following this four-step process:

1. Identify value-added services
2. Determine the total cost of ownership
3. Determine the impact on the customer's bottom line
4. Report the results

Here are some ways we manage these four steps:

- Revenue Focused: Lawson Products help customers get back on-line quicker. Reduce turnaround time. Provide efficiencies in output. Provide new products to each customer market.
- Asset Focused: Lawson Products provide system optimization. Overstock reduction. Obsolete inventory removal. Re-allocation of space.

- Process focused: Lawson Products provide Vendor Managed Inventory (VMI) options. Self-service inventory monitoring systems. EDI & EFT efficiencies.
- Expenditure Focused: Lawson Products offers integrated purchasing. Price protection. Product substitution options.
- Service Focused: Lawson Products offers 24/7 service. Technical and Product support. Seminar & Training options for all our customers is the form of Fastener Safety Seminar, Cutting Tool Safety Seminar, Pneumatic Safety Seminar, Electrical Safety Seminar, Hydraulic Safety Seminar, and Unique Customer Requests for any seminar or training your facilities would need.
- Customer Focused: Lawson products offers additional cost savings opportunities in areas of Safety cost reduction. Environmental cost reduction, and equipment cost reduction / exchanges.

Lawson Products commitment to our customer, the Jefferson Parish Government, on this proposal for Two Year Contract for the Supply of Hand Tools, is that we will continue to work with you and to continue to provide and improve your organization, and locations, overall costs within the supply chain to help save you money, time, and improve efficiencies.

### 3) **Vendor Managed Inventory (VMI)**

The goal of onsite distribution and supply stocking services is to provide a mutually beneficial relationship where both sides will be able to more smoothly and accurately control the availability and flow of goods for Jefferson Parish Government. In onsite distribution and supply stocking services, Lawson assumes the role of inventory planning for the customer. Extensive information sharing between Lawson and customers is required so that the Lawson can maintain a high degree of visibility of goods / requirements at your location. Instead of the customer reordering when its supply has been exhausted, Lawson is responsible for replenishing and stocking the customer location at appropriate levels. Lawson has mastered onsite distribution and supply stocking services and Lawson takes the lead against many other organizations and how they benchmark themselves.

Lawson does this through our current Rep Service Model and our Onsite distribution and supply stocking services, also known as Vendor Management of Inventory (VMI) at no cost to Jefferson Parish Government locations.

#### **Onsite distribution and supply stocking services, also known as Vendor Management of Inventory (VMI)**

Onsite distribution and supply stocking services, also known as Vendor Management of Inventory (VMI) is a business model where the buyer at the Jefferson Parish Government locations provides information to Lawson Products and Lawson then takes full responsibility for maintaining an agreed upon inventory of the material, based off of Jefferson Parish Government location's consumption mid/max levels at each location.

Onsite distribution and supply stocking services (VMI) makes it less likely that Jefferson Parish Government will ever unintentionally become out of stock of our products needed and it will reduce Jefferson Parish Government' inventory in the supply chain.

Onsite distribution and supply stocking services (VMI), is a process where the Lawson Products Rep creates orders for the Jefferson Parish Government locations based on demand information provided by the Jefferson Parish Government at the site specific locations. Lawson and Jefferson Parish Government are bound by an agreement which determines the inventory levels, fill rates and costs. This arrangement can improve supply chain performance but reducing inventories and eliminating stock-out situations.

#### **Why Use Onsite distribution and supply stocking services (VMI)?**

One of the benefits of Onsite distribution and supply stocking services (VMI) is that Lawson is responsible for supplying the Jefferson Parish Government locations the items that are needed. This removes the need for Jefferson Parish Government to have significant "safety stock". Lower inventories for Jefferson Parish Government can lead to significant cost savings. To ensure that the Jefferson Parish Government locations has the right product, at the right time, when Jefferson Parish Government needs it, Lawson provides a dedicated Sales Rep to your locations that will come out weekly, check inventory, restock and label bins, and provide a "drop bucket" that will be restocked by the Lawson Sales Rep weekly. This is also a significant cost savings to Jefferson Parish Government as Lawson takes on those costs during the life cycle of this contract.

#### **Lawson Products, Onsite distribution and supply stocking services (VMI) capabilities:**

Lawson's Onsite distribution and supply stocking services (VMI) programs goal is to minimize any capital investment in inventory while providing "package friendly" quantities that assure maximum productivity to the customer locations. To do this, Lawson Products first establishes acceptable min/max service levels at each customer location. Lawson Products then reviews the condition and status of all bin equipment and the disposition of current inventory levels with each location. A site-specific plan will be developed between Lawson products and customer shops individually. During these site-specific planning it will also be determined needs if any new equipment such as bins and cabinets are required. Lawson Products will use current best practices and ensure they are followed; this provides a minimum inventory investment and improved inventory turns and will provide a reduction in cost of ownership for the customer. Lawson's current Onsite distribution and supply stocking services (VMI) program also provides opportunities for obsolete inventory reduction within the customers' current locations where applicable. Current inventory consolidation, inventory standardization and reduced risks results in an overall cost savings to the Lawson customers.

## **How Lawson works with our Customers to make Onsite distribution and supply stocking services (VMI) work:**

1. **Clarify expectations.** There needs to be thorough discussion between Lawson and Jefferson Parish Government locations at time of award about how the system will benefit both organizations in the long term. Ensure the objectives are clear, and, ensure there is constant communication between Lawson and the Jefferson Parish Government locations. When our two parties work in conjunction we can be assured that the planning function, for both sides, will be successful for both short and long term.
2. **Agree on how to share information.** When Lawson and the Jefferson Parish Government locations can agree to share information vital to restocking in a timely manner, then the odds of a synchronized system will dramatically improve. Proprietary information would not have to be shared between Lawson and the Jefferson Parish Government locations, but enough information to maintain a steady flow of goods is necessary. Jefferson Parish Government should be willing to share production/work schedules and/or forecasts to provide some visibility for Lawson.
3. **Keep communication channels open.** When our two parties set out to implement an Onsite distribution and supply stocking services (VMI) program, we need to meet and discuss our goals and how we need to proceed in order to realize those goals at monthly and quarterly. By having open and weekly/monthly communication any miscues that may happen can be studied as opportunities for learning and then used to avoid repetitive problems in the future.

## **Qualifications**

### **1. Ability to Service Locally**

- Lawson's distribution centers are located strategically throughout North America. Our McCook facility location is over 400,000 square feet and is the center point of all our other distribution centers. The McCook location feeds product into all our other centers which allows Lawson the ability to always ensure there is a ready available of stock on hand at all times.

### **2. Extensive experience**

- Lawson has been in business since 1952. Our ability to service our customers with just in time VMI inventory set us apart for our competitors. Jefferson Parish Government will have access to our full distribution centers, their staff, our dedicated customer service staff, Sales Reps/Agents that have unparalleled MRO experience (most with over 25+ years in this industry), a fully supported engineering staff and training staff at the ready to service Jefferson Parish Government locations, and a full Specials Team that has the ability to source product needed that may fall outside of this proposal. A dedicated sales staff, distribution staff, management staff and support staff will be in place to service Jefferson Parish Government.

### **3. VMI / JMI Capabilities**

- The goal of Vendor Managed Inventory is to provide a mutually beneficial relationship where both sides will be able to more smoothly and accurately control the availability and flow of goods for Jefferson Parish Government locations. In VMI Lawson assumes the role of inventory planning for the customer. Extensive information sharing between Lawson and you is required so that the Lawson can maintain a high degree of visibility of goods / requirements at each location. Instead of the customer reordering when its supply has been exhausted, Lawson is responsible for replenishing and stocking the customer location at appropriate levels. Lawson has mastered VMI and Lawson takes the lead against many other organizations and how they benchmark themselves.
- The Jefferson Parish Government locations will benefit when Lawson can see that you are about to exhaust its inventory. Lawson can better prepare to replenish them because we can then better schedule our production/distribution. Your locations will/do reduce/eliminate stock-outs because they will not have to reorder goods at the last minute without knowing whether Lawson has the ability to restock without interrupting operations. Therefore, part of VMI's goal is to reduce uncertainty that arises when the supplier is blind to the customer's inventory status.

## 4) Lawson Products Service Model for the Jefferson Parish Government

### Implementation

A critical component to the installation of an effective system is labeled storage equipment to minimize search time. Lawson Products will work with each location to identify the unique requirements, determine the necessary bins / cabinets, label, transfer stock, and minimize disruption.

Lawson Products offers additional value-added programs. They demonstrate our commitment to service, and they will reduce our customer's acquisition, possession and application costs:

**Bin & Cabinets Storage System** - Lawson Products sales teams can offer and provide your locations with high quality steel storage bins and cabinets when and where appropriate. These labeled, organized bins and cabinets will enable your staff to locate parts easily, reducing "search time". To determine if a customer is eligible the Lawson sales team upon award will provide the locations an in depth analysis of the locations needs and requirements and provide that location with an overall estimation of what is needed and any potential costs incurred.

**A local Lawson Products Sales Representative** - Personally maintains the integrity of your storage system. In addition, the sales person will write recommended orders, and stock the previous order in the proper location.

There is no question that this storage system--with its built-in customer service--will help your locations achieve their uptime goals. As part of our continued improvements efforts as an ISO organization, Lawson Products is enhancing our inventory management systems, software crib management systems, and state-of-the-art cabinets that offer scales and RFID to provide real time inventory management and help improve costs and efficiencies within an organization.

### Ongoing Support

Lawson Products believes customer service is critical to conducting a mutually beneficial business partnership to meet the needs of our valued customers. Lawson Products is poised to provide Jefferson Parish Government members with three different support levels depending on the nature of each member's need:

- 1) Customer Service Team
- 2) Technical and Engineering Support Team
- 3) Government Customer Support Team

**Unified Support Team**

### Customer Service Team

### **Unified Support Team**

Over the years of implementing hundreds of government contracts, Lawson has honed our ability to thoroughly and efficiently train our internal teams in order to prepare them to effectively service Jefferson Parish Government members. Our government sales and operations team, comprised of 10 individuals dedicated to managing and growing Lawson's government contracts, creates and rolls out contract training programs that include the following teams:

- Sales representatives (off-site team)
- District sales managers (off-site team)
- Regional sales managers (off-site team)
- Technical and engineering support (corporate team)

- Customer service (corporate team)
- Marketing (corporate team)
- Accounting (corporate team)

Additionally a district-level Lawson rep will be appointed as their district's local Jefferson Parish Government "expert" and ambassador available to assist their peers with any ongoing day-to-day questions.

The government sales and operations team is ultimately responsible for ensuring the Jefferson Parish Government contract award is successfully created and implemented in a timely fashion. The sales and operations team implements the same roll-out strategy as with our large nationwide contracts to ensure all customers and contracts are roll-outed and implemented within the first 7 days of contract award successfully. Lawson implementation goals for customer of equivalent size:

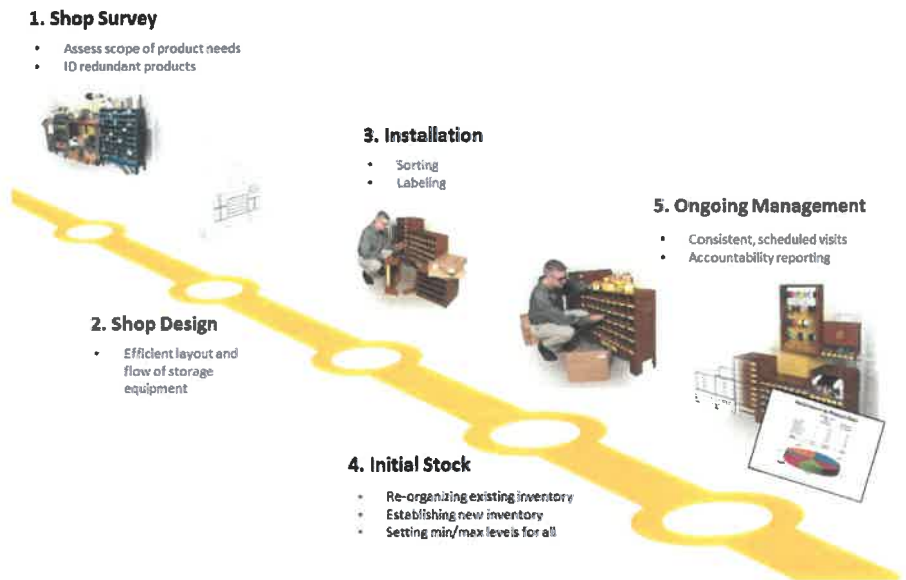

- Pre-work upon award – online and system loads fully completed to contract spec within 7 business days
- Contract and Catalog Loads
- Review Scope of Work
- Draft an implementation strategy
- Determine number of sites and locations in each location
- Identify internal resources
- Determine customer contacts
- Identify suppliers needed if there are special requests by individual locations
- Planning Session
- Confirm implementation strategy with planning team
- Develop implementation checklist including dates with customer and team
- Develop communication documents
- Align internal and external resources
- Develop site workshop agenda
- Key Actions put in place
- Fully engage overall field teams and get all contract detail and requirements in their hands with required timelines
- Conduct implementation workshop at customer location sites
- Assign workshop objectives and timelines unique to that location
- Conduct customer location site assessments
- Establish team barrier removal process
- Identify functional process
- Engage Lawson cross-referencing at customer sites, if necessary
- Reports built by Lawson cross-referencing of SKU level data
- Deliver data back to customer
- Monitoring
- Implementation Project Manager and Government Sales Manager reviews
- Measure compliance
- Develop Standardization Strategy
- Identify gaps / remove barriers
- Weekly Call Cycle reviews at each location
- Weekly and Monthly reporting, review, and Best Practices

Lawson has nationwide contracts currently with other cooperative agencies that include: Omnia Partners, Kinetic, Health Systems and many other contracts around the USA and oversees with GSA, the Navy, the Airforce, and the Department of Defense. Lawson Products also has 100's of contracts with large strategic customers around the USA and in Canada and include: Schlumberger, United Rentals, Delta, Ameriquet, Motion Industries, Camping World and more. The government sales and operations team will retain this award with the same momentum and attention to detail for Jefferson Parish Government.

## Lawson's Team Commitment

- The local Lawson representative will meet with the District's Team to establish an agreed upon cadence for field visits
- Lawson will handle all labor necessary to transition to the Lawson storage system (if needed)
- Reduce your capital output for supplies while increasing your service levels
- Provide reporting and visibility into your purchase trends
- Product demonstrations, safety seminars
- Access to product engineers and chemists
- Focus on inventory turns
- Single Government Account Management contact for the Jefferson Parish Government locations
- Site surveys, savings analysis reports, and best practice sharing

The Jefferson Parish Government understands Lawson Products' Value Proposition: we maintain your inventory levels and turns as part of our "smarter maintenance" strategy – which leads to less time and money maintenance for the District.

## 5) Quality

Lawson Products Family of Businesses has developed a quality management system to better satisfy the needs of our customers and to improve management of our operations. The scope of our Quality System encompasses the distribution of expendable maintenance repair and replacement supplies including Lawson Products, Kent Automotive, and Find MRO Group (Special Sourcing), to orders specified by field sales. This includes the purchasing, inspection, warehousing and order processing of catalogued and special order items.

Lawson incorporates the 5S process into our site assessments which minimizes inventory cost and provides a consistent, efficient and organized environment for our customers. Lawson is ISO certified. The International Organization for Standardization establishes processes and practices intended to ensure compliance with the requirements of ISO 9001:2015.

ISO 9001:2015 is an important piece of Lawson's Quality Management System which also includes Lean and Six Sigma methodologies. One of the key functions in scope of our ISO registration is quality control. Although Lawson is not a manufacturer, we understand the importance of validating products against set specifications. To ensure that procedures developed from our Lean and Six Sigma methodologies are being followed correctly, internal and external audits are performed at regular intervals. Lawson has a trained staff of internal auditors that perform monthly audits on all quality-related procedures. External audits are performed by our registration company (UL/DQS) twice a year.

Lawson's Quality Manual addresses each section of the quality system requirements of the ISO 9001 standard. Within the Quality Manual, procedures and work instructions are referenced when appropriate. This Quality Manual has been reviewed and approved by the management of Lawson Products who are committed to implementing the policies stated, striving for total customer satisfaction, identifying areas for improvement, and encouraging communication between ourselves, our customers and our suppliers.

In addition to ISO certification, Lawson Products has trained over 100 employees to meet black and green belt levels of Six Sigma certification in order to improve our processes and affect better efficiencies and outcomes. It has streamlined and reduced process variation leading to improved customer experiences and customer retention.

### **Return Policy**

Lawson has a standardized return policy. Returns must have a Return Material Authorization (RMA), which can be obtained through email, Customer Service, or you're local Sales Rep. RMA's and Pre-Paid Shipping labels will be provided to the customer. Once the products are returned, Lawson will credit the customer immediately.

### **Warranty**

Limited warranty: all products sold are warranted by Lawson only to customers for: (i) resale; or (ii) use in business, government or original equipment manufacturer. Lawson warrants products against defects in materials and workmanship under normal use for a period of one (1) year after the date of purchase from Lawson, unless otherwise stated. Provided that Lawson accepts the product for return during the limited warranty period, Lawson may, at its option: (i) repair; (ii) replace; or (iii) refund the amount paid by customer. Customer must return the product to the appropriate Lawson location, as designated by Lawson, shipping costs prepaid. Lawson's repair, replacement, or refund of amounts paid by customer for the product, shall be customer's sole and exclusive remedy.

Warranty disclaimer: (a) no warranty or affirmation of fact, express or implied, other than as set forth in the limited warranty statement above, is made or authorized by Lawson. Lawson disclaims any liability for claims arising out of product misuse, improper product selection, improper installation, product modification, miss-repair or misapplication. Lawson expressly disclaims any warranty that the products: (i) are merchantable; (ii) fit for a particular purpose; or (iii) do not and will not infringe upon other's intellectual property rights. (b) Lawson makes no warranties to those defined as consumers in the magnuson-moss warranty-federal trade commission improvement act.

Limitation of liability: Lawson expressly disclaims any liability for consequential, incidental, special, exemplary, or punitive damages. Lawson's liability in all circumstances is limited to, and shall not exceed, the purchase price paid for the product that gives rise to any liability.

### Documentation Requirements

The quality system uses three levels of documentation. The top level, the quality manual, describes the policies, objectives and interaction between processes of our quality system. The second level, the procedures, defines specific steps, instructions, authorities and responsibilities for implementing activities. The third level, the work instructions explain in detail how to perform certain tasks. Procedures govern the issue, approval and revision of all documentation. Lawson has the ability to create any kind of report for the Jefferson Parish Government. Reporting can include the following:

- #1 – Cost Savings Reports monthly & quarterly

It is Lawson's policy to invoice orders within 24-48 hours of the complete shipment of the order. In the event of an incomplete order shipment, Lawson offers a combined invoice solution that consolidates invoices. In these cases, an invoice will be generated when the final items of the order ship within ten days after the order is processed. In instances where a backorder takes longer than the holding period, a unique invoice will be generated for that backorder. Invoices can be mailed or sent electronically via email to any and all Jefferson Parish Government and its locations. Payments can be remitted electronically and the customer can benefit with a 1% discount if payment is made within 10 days; otherwise, net due in 30 days.

## Conclusion

Lawson Products is very versed in the Government Sales/Public Sector space. With over \$40 million dollars in Government Sales spend annually and over 250 contracts within the USA, overseas and with several cooperatives around North America, Lawson is looking forward to a long-term partnership with the Jefferson Parish Government. Helping the Jefferson Parish Government hit their strategic goals with our partnership is something we are excited to take on. By working with Lawson, Jefferson Parish Government can be assured a real partnership - grounded in organization, satisfaction, and service.

Unless otherwise specified, all workmanship and materials must have at least one (1) year guaranty, in writing, from the date of delivery and/or acceptance of the project. Any deviations or alterations from the specifications must be indicated and/or supporting documentation supplied with bid submission.

Bidders should submit all questions in writing via email to the buyer's email address as indicated above, no later than Five (5) working days prior to the bid opening. Bid numbers should be mentioned in all requests. If submitting online, vendors may send questions via the E-Procurement site no later than Five (5) working days prior to the bid opening.

If this bid requires a pre-bid conference (see Additional Requirements section), bidders are advised that such conference will be held to allow bidders the opportunity to identify any discrepancies in the bid specifications and seek further clarification regarding instructions. The Purchasing Department will issue a written response to bidders' questions in the form of an Addendum. Please note that all official communication will be expressed in the form of an addendum.

All formal Addenda require written acknowledgement on the bid form by the bidder. Failure to acknowledge an Addendum on the bid form shall cause the bid to be rejected. JEFFERSON PARISH reserves the right to award bid to next lowest responsive and responsible bidder in this event.

JEFFERSON PARISH will accept one price for each item unless otherwise indicated. Two or more prices for one item will result in bid rejection. Bidders are required to complete, sign and return the bid form and/or complete and return the associated line item pricing forms as indicated. Vendors must not alter the bid forms. Doing so will cause the bid to be rejected.

A corporate resolution or written evidence of the individual signing the bid having such authority must be submitted with the bid. Failure to comply will cause bid to be rejected. For corporate entities, such written evidence may be a printout of the Louisiana Secretary of State's website listing the signatory as an officer. Such printout shall be included with the bid submission. Bids submitted by Owners or Sole Proprietorships must include certification that he or she owns the entity for which the bid is signed. This documentation must be submitted with the bid. Failure to do so will result in bid rejection.

NOTE: A sample corporate resolution can be downloaded from our website <http://purchasing.jeffparish.net> or you may provide your own document. A sample certification of sole proprietorship can also be downloaded from our website <http://purchasing.jeffparish.net> or you may provide your own document.

### INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

**A. AWARD OF CONTRACT:** JEFFERSON PARISH reserves the right to award contracts or place orders on a lump sum or individual item basis, or such combination, as shall in its judgment be in the best interest of JEFFERSON PARISH. Every contract or order shall be awarded to the LOWEST RESPONSIVE and RESPONSIBLE BIDDER, taking into consideration the CONFORMITY WITH THE SPECIFICATIONS and the DELIVERY AND/OR COMPLETION DATE. SPLIT AWARDS MADE TO SEVERAL VENDORS WILL ONLY BE GRANTED TO THOSE DEEMED RESPONSIVE AND RESPONSIBLE.

All bid prices shall remain valid for 45 days. Jefferson Parish and the lowest responsive and responsible bidder(s) by mutual written consent may mutually agree to extend the deadline for award by one (1) or more extensions of thirty (30) calendar days.

**PROTESTS:** Only those vendors that submit bids in response to this solicitation may protest any element of the procurement, in writing to the Director of the Purchasing Department. Written protest must be received within 48 hours of the release of the bid tabulation by the Purchasing Department. After consultation, the Parish Attorney's Office will then respond to protests in writing. (For more information, please see Chapter 2, Article VII, Division 2, Sec. 2-914.1 of the Jefferson Parish Code of Ordinances.)

**PREFERENCE:** Unless federal funding is directly spent by Jefferson Parish for this purchase, preference is hereby given to materials, supplies, and provisions produced, manufactured or grown in Louisiana, quality being equal to articles offered by competitors outside the state. "LSA – R.S. 38:2251-2261"

**B. USE OF BRAND NAMES AND STOCK NUMBERS:** Where brand names and stock numbers are specified, it is for the purpose of establishing certain minimum standards of quality. Bids may be submitted for products of equal quality, provided brand names and stock numbers are specified. Complete product data may be required prior to award.

**C. CANCELLATION OF CONTRACT:** JEFFERSON PARISH reserves the right to cancel all or any part if not shipped promptly. No charges will be allowed for parking or cartage unless specified in quotation. The order must not be filled at a higher price than quoted. JEFFERSON PARISH reserves the right to cancel any contract at anytime and for any reason by issuing a THIRTY (30) day written notice to the contractor.

For good cause and as consideration for executing a contract with Jefferson Parish, vendor conveys, sells, assigns and transfers to Jefferson Parish or its assigns all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of Louisiana, relating to the particular good or services purchased or acquired by Jefferson Parish.

**D. PRICES:** Jefferson Parish is exempt from paying sales tax under LSA-R.S. 47:301 (8)(c). All prices for purchases by Jefferson Parish of supplies and materials shall be quoted in the unit of measure specified and unless otherwise specified, shall be exclusive of state and Parish taxes. The price quoted for work shall be stated in figures. In the event there is a difference in unit prices and totals, the unit price shall prevail.

Quantities listed are for bidding purposes only. Actual requirements may be more or less than quantities listed.

Bidders are not to exclude from participation in, deny the benefits of, or subject to discrimination under any program or activity, any person in the United States on the grounds of race, color, national origin, or sex; nor discriminate on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, or on the basis of religion, except that any exemption from such prohibition against discrimination on the basis of religion as provided in the Civil Rights Act of 1964, or Title VI and VII of the Act of April 11, 1968, shall also apply. This assurance includes compliance with the administrative requirements of the Revenue Sharing final handicapped discrimination provisions contained in Section 51.55 (c), (d), (e), and (k)(5) of the Regulations. New construction or renovation projects must comply with Section 504 of the 1973 Rehabilitation Act, as amended, in accordance with the American National Standard Institute's specifications (ANSI A17.1-1961).

Jefferson Parish and its partners as the recipients of federal funds are fully committed to awarding a contract(s) to firm(s) that will provide high quality services and that are dedicated to diversity and to containing costs. Thus, Jefferson Parish strongly encourages the involvement of minority and/or woman-owned business enterprises (DBE's, including MBE's, WBE's and SBE's) to stimulate participation in procurement and assistance programs.

## INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

The purpose and intention of this invitation to bid is to afford all suppliers an equal opportunity to bid on all construction, maintenance, repair, operating supplies and/or equipment listed in this bid proposal. JEFFERSON PARISH WILL ACCEPT ONE BID ONLY FROM EACH VENDOR. Items bid must meet specifications.

Advertised bids will be tabulated and a copy of the tabulation will be forwarded to each responding bidder.

### IN ACCORDANCE WITH STATE REGULATIONS JEFFERSON PARISH OFFERS ELECTRONIC PROCUREMENT TO ALL VENDORS

This electronic procurement system allows vendors the convenience of reviewing and submitting bids online.

This is a secure site and authorized personnel have limited read access only. Bidders are encouraged to submit electronically using this free service; while the website accepts various file types, one single PDF file containing all appropriate and required bid documents is preferred. Bidders submitting uploaded images of bid responses are solely responsible for clarity. If uploaded images/documents are not legible, then bidder's submission will be rejected. Please note all requirements contained in this bid package for electronic bid submission.

Please visit our E-Procurement Page at [www.jeffparishbids.net](http://www.jeffparishbids.net) to register and view Jefferson Parish solicitations. For more information, please visit the Purchasing Department page at <http://purchasing.jeffparish.net>.

The general specifications for construction projects and the purchase of materials, services and/or supplies are those adopted by the JEFFERSON PARISH Council by Resolution No. 113646 or 113647 dated 12/09/09. The general conditions adopted by this resolution shall be considered as much a part of this document as if they were written wholly herein. A copy may be obtained from the Office of the Parish Clerk, Suite 6700, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, LA 70053. You may also obtain a copy by visiting the Purchasing Department webpage at <http://purchasing.jeffparish.net> and clicking on Online Forms.

### ADDITIONAL REQUIREMENTS FOR THIS BID

PLEASE MATCH THE NUMBERS PRINTED IN THIS BOX WITH THE CORRESPONDING INSTRUCTIONS BELOW.

10,12,13,15

1. All bidders must attend the MANDATORY pre-bid conference and will be required to sign in and out as evidence of attendance. In accordance with LSA R.S. 38:2212(I), all prospective bidders shall be present at the beginning of the MANDATORY pre-bid conference and shall remain in attendance for the duration of the conference. Any prospective bidder who fails to attend the conference or remain for the duration shall be prohibited from submitting a bid for the project.
2. Attendance to this pre-bid conference is optional. However, failure to attend the pre-bid conference shall not relieve the bidder of responsibility for information discussed at the conference. Furthermore, failure to attend the pre-bid conference and inspection does not relieve the successful bidder from the necessity of furnishing materials or performing any work that may be required to complete the work in accordance with the specification with no additional cost to the owner.
3. Contractor must hold current applicable JEFFERSON PARISH licenses with the Department of Inspection and Code Enforcement. Contractor shall obtain any and all permits required by the JEFFERSON PARISH Department of Inspection and Code Enforcement. The contractor shall be responsible for the payment of these permits. All permits must be obtained prior to the start of the project. Contractor must also hold any and all applicable Federal and State licenses. Contractor shall be responsible for the payment of these permits and shall obtain them prior to the start of the project.
4. A LA State Contractor's License will be required in accordance with LSA R.S. 37-2150 et. seq. and such license number will be shown on the outside of the bid envelope. Failure to comply will cause the bid to be rejected. Additionally if submitting the bid electronically, then the license number must be entered in the appropriate field in the Electronic Procurement system. Failure to comply will cause the bid to be rejected.
5. It is the bidder's responsibility to visit the job site and evaluate the job before submitting a bid.
6. Job site must be clean and free of all litter and debris daily and upon completion of the contract. Passageways must be kept clean and free of material, equipment, and debris at all times. Flammable material must be removed from the job site daily because storage will not be permitted on the premises. Precautions must be exercised at all times to safeguard the welfare of JEFFERSON PARISH and the general public.

### INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

7. PUBLIC WORKS BIDS: All awards for public works in excess of \$5,000.00 will be reduced to a formal contract which shall be recorded at the contractor's expense with the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. A price list of recordation costs may be obtained from the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. All awards in excess of \$25,000.00 will require both a performance and a payment bond. Unless otherwise stated in the bid specifications, the performance bond requirements shall be 100% of the contract price. Unless otherwise stated in the bid specifications, the payment bond requirements shall be 100% of the contract price. Both bonds shall be supplied at the signing of the contract.
8. NON-PUBLIC WORKS BIDS: A performance bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The performance bond shall be supplied at the signing of the contract.
9. NON-PUBLIC WORKS BIDS: A payment bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The payment bond shall be supplied at the signing of the contract.
10. All bidders must comply with the requirements stated in the attached "Standard Insurance Requirements" sheet attached to this bid solicitation. Prior to contract executions/purchase order issuance, the successful bidder will be required to provide final insurance certificates which shall name Jefferson Parish as an additional insured in accordance with the instructions in the aforementioned "Standard Insurance Requirements" sheet.
11. A bid bond will be required with bid submission in the amount of 5% of the total bid, unless otherwise stated in the bid specifications. Acceptable forms shall be limited to cashier's check, certified check, or surety bid bond. All sureties must be in original format (no copies). If submitting a bid online, vendors must submit an electronic bid bond through the respective online clearinghouse bond management system(s) as indicated in the electronic bid solicitation on Central Auction House. No scanned paper copies of any bid bond will be accepted as part of the electronic bid submission.
12. This is a requirements contract to be provided on an as needed basis. JEFFERSON PARISH makes no representations or warranties with regard to minimum guaranteed quantities unless otherwise stated in the bid specifications.
13. Freight charges should be included in total cost when quoting. If not quoted FOB DELIVERED, freight must be quoted as a separate item. Bid may be rejected if not quoted FOB DELIVERED or if freight charges are not indicated on bid form.
14. PUBLIC WORKS BIDS - Completed, Signed and Properly Notarized Affidavits Required; This applies to all solicitations for construction, alteration or demolition of public buildings or projects, in conformity with the provisions contained in LSA-RS 38:2212.9, LSA-RS 38:2212.10, LSA-RS 38:2224, and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Conviction Affidavit, Non-Collusion Affidavit, Campaign Contribution Affidavit, Debt Disclosures Affidavit and E-Verify Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.
15. NON PUBLIC WORK BIDS - Completed, Signed and Properly Notarized Affidavits Required in conformity with the provisions contained in LSA - RS 38:2224 and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Collusion Affidavit, Debt Disclosures Affidavit and Campaign Contribution Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled NON PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.
16. The ensuing contract for this bid solicitation may be eligible for FEMA reimbursement and/or Federal funding/reimbursement. As such, the referenced appendix will be applicable accordingly and shall be considered a part of the bid documents. All applicable certifications must be duly completed, signed and submitted with bid submission. Failure to submit applicable certifications with bid submission will result in bid rejection.
17. For this project, the Contractor shall not pay any state or local sales or use taxes on materials and equipment which are affixed and made part of the immovable property of the project or which permanently incorporated in the project (hereinafter referred to as "applicable materials and equipment"). All purchases of applicable materials or equipment shall be made by the contractor on behalf of and as the agent of Jefferson Parish (Owner), a political subdivision of the State of Louisiana. No state and local sales and use taxes are owned on applicable materials and equipment under the provisions of Act 1029 of the 1991 Regular Session - Louisiana Revised Statute 47:301(8)(c). Owner will furnish contractor a certificate form which certifies that Owner is not required to pay such state or local sales and use taxes, and contractor shall furnish a copy of such certificate to all vendors or suppliers of the applicable materials and equipment.

It shall be the duty of every parish officer, employee, department, agency, special district, board, and commission; and the duty of every contractor, subcontractor, and licensee of the parish, and the duty of every applicant for certification of eligibility for a parish contract or program, to cooperate with the Inspector General in any investigation, audit, inspection, performance review, or hearing pursuant to Jefferson Parish Code of Ordinances Section 2-155.10(19). By submitting a bid, vendor acknowledges this and will abide by all provisions of the referenced Jefferson Parish Code of Ordinances.

**BID FORM**  
Non Public Works

**All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form**

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES X NO       

MAXIMUM ESCALATION PERCENTAGE REQUESTED 1.9%

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF 1 YEAR UPON AWARD DATE.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

## **STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES**

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

---

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability, Workmen's Compensation Insurance and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.

---

## **JEFFERSON PARISH REQUIRED STANDARD INSURANCE**

### **☒ WORKER'S COMPENSATION INSURANCE**

As required by Louisiana State Statute, exception; Employer's Liability, Section B shall be \$1,000,000 per occurrence when Work is to be over water and involves maritime exposures to cover all employees not covered under the State Worker's Compensation Act, otherwise this limit shall be no less than \$500,000 per occurrence.

**Note:** If your company is not required by law to carry workmen's compensation insurance, i.e. not a Louisiana company, sole employee of the company, then bidders must request a workmen's compensation insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being

rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

☒ **COMMERCIAL GENERAL LIABILITY**

Shall provide limits not less than the following: \$1,000,000.00 Combined Single Limit per Occurrence for bodily injury and property damage.

☒ **COMPREHENSIVE AUTOMOBILE LIABILITY**

Bodily injury liability \$1,000,000.00 each person; \$1,000,000.00 each occurrence.  
Property Damage Liability \$1,000,000.00 each occurrence.

**Note:** This category may be omitted if bidders do not/will not utilize company vehicles for the project or do not possess company vehicles. Bidder must request an automobile insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

**DEDUCTIBLES** - The Parish Attorney with concurrence of the Director of Risk Management have waived the deductible section of the Terms and Conditions for all Invitations to Bid, until further notice.

**UMBRELLA LIABILITY COVERAGE**

An umbrella policy or excess may be used to meet minimum requirements.

**FOR CONSTRUCTION AND RENOVATION PROJECTS:**

The following are required unless otherwise specified in the bid. Such insurance is due upon contract execution.

**1) OWNER'S PROTECTIVE LIABILITY**

To be for the same limits of liability for bodily injury and property damage liability established for commercial general liability.

**2) BUILDER'S RISK INSURANCE**

The contractor shall maintain Builder's Risk Insurance at his own expense to insure both the owner (Parish of Jefferson) and contractor as their interest may appear.

## 7) Conformance Documents

- W9
- ISO Certificate
- Warranty Policy
- Mission Statement
- Certificates of Insurance

Requester's name and address (optional)

### Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

### Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

### General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.
