Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

DEPARTMENT OF AGRICULTURE BUY AMERICAN PROVISION (7 C.F.R. § 210.21)

(This specific requirement applies to contracts for projects receiving federal financial assistance through USDA. Pursuant to Uniform Guidance 2 C.F.R. § 200.322, performance of the provision for domestic preference applies to all contracts funded through federal financial assistance not only for the agricultural commodities)

Jefferson Parish requires that a [school food authority](#) purchase, to the maximum extent practicable, domestic commodities or products.

Definition of domestic commodity or product: the term ‘domestic commodity or product’ means -

- * An agricultural commodity that is produced in the [United States](#); and
- * A food product that is processed in the [United States](#) substantially using agricultural commodities that are produced in the [United States](#).
- * Any commodity required by the Federal Grant to be domestically manufactured; parts or equipment to be manufactured in the United States.

The School Food Authority and vendor shall comply with the **Buy American Provision** for all solicitations and contracts that involve the purchase of food, USDA Regulation (7 CFR Part 250 and 7 CFR Part 210). The vendor is required to utilize, to the maximum extent practicable, domestic commodities and products. This requirement pertains to component items. It does not include spices, sauces, etc.

The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practical, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR Part 210.21(d). Section 12(n) of the National School Lunch Act defines “domestic commodity or product” as an agricultural commodity that is produced in the U.S. and a food product that is processed in the U.S. Substantially means over 51% of the final processed product (by weight or volume) must consist of agricultural commodities that were grown domestically. The Buy American provision must be followed in all procurements where funds are used from the nonprofit food service account, whether directly by an SFA or on its behalf.
