## 1/2" Drive Micrometer Torque Wrench 30-250 ft/lbs.

Torque accuracy of +/- 3% CW between 20% and 100% of wrench capability

Meets or exceeds ISO 6789 and ASME B107.300-2010 standards and specifications

Thin profile, sealed, teardrop head design offers improved access and durability for highly effective application

Pull adjustment collar feature allows you to make quick and easy torque setting changes

Scale markings are highly visible and easy to read

Knurled anodized aluminum handle lets you grip the wrench comfortably, helping to reduce hand fatigue

Midpoint on handle clearly marked for accuracy

1 year limited warranty; calibration accuracy warrantied for 90 days
