TrueCare24, Inc. has around 7 years of experience in providing equal access to high-quality care to a heterogeneous population (children, young adults), in areas pertaining to vaccination, substance abuse testing/prevention, mental and behavioral health counseling services- regardless of their income and status, so as make life easier for people. Our programs are highly flexible in nature which allows us to customize our offerings to fulfil the requirements of our clients. We have had immense success with our evidence-based approaches in mental and behavioural programs and would like to provide the same, if not better, services to Jefferson Parish Correctional Center as well. We also have telehealth platform to provide counseling and medication management services to everyone. Of course, our staff are available for in-person services at the site. We are currently working with Gwinnett County Schools to provide mental health services to their students. We believe everyone has the right to access high quality care and in our mission to reach every corner of the nation, we also provide pro-bono or "Counseling at no cost" to school students* who are unable to pay for services.

N. To the best of my knowledge, the foregoing is an accurate statement of facts.
