STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability and the Comprehensive Automobile Liability policies. Water Damage Repairs

Otis to provide a repair crew to replace and/or clean and lubricate components damaged by water exposure. There were three (3) points of water entry into the hoistway. Two (2) places in the ceiling of the hoistway have been drilled through by another vendor. These holes are allowing water to run into the hoistway and directly on top of elevator #2. The third point of entry was soapy water flowing underneath the hoistway doors as the surrounding areas were cleaned. All components replaced will be replaced with like-for-like components. The following repairs are necessary to return elevator #2 to safe operation:

1. Replacement of four (4) hall buttons. Located at the 5th and 6th floors.
2. Replacement of the door operator pc board.
3. Replacement of two (2) interlock assemblies. Located at the 5th and 6th floors.
4. Replacement of the gate switch.
5. Replacement of the governor tail sheave assembly.
6. Replacement of the governor rope.
7. Replacement of the governor slack switch
8. Cleaning and painting of all pit steel with rust inhibitive paint.

PLEASE NOTE

- 1.) The work quoted in this proposal is water related. Unfortunately, water damage is a problem that may not be uncovered during an initial survey. While making the aforementioned repairs and troubleshooting the equipment prior to turnover, we may uncover other water related issues. Should other items be uncovered, they shall be quoted and once approved, we will move forward with that work. Additionally, problems may arise over a period of time and we caution you that other items may have also been exposed to water and future issues may arise.
- 2.) The scope proposed herein represents the entire scope that we are contracted for, if additional work is required by others to allow for completion of this work and/or for the inspection to occur, that work is not included.
- 3.) If we are able to place the unit back in service this does not indicate that there is not further damage caused by water. If later damage is discovered, Otis Elevator Company cannot be held responsible for the cost of those repairs.

4.) The payments of these repairs are per the terms contained herein. Your payment Otis Elevator Company for these repairs is independent of any reimbursement from your insurance company. Customer UNDERSTANDS and agrees that payment for our services shall not be predicated, CONTINGENT, CONDITIONED UPON, OR OTHERWISE RELATED TO any reimbursement from any insurance company OR ANY OTHER THIRD PARTY.

5.) The price quoted below is based on all work being performed during the normal working hours of the elevator trade.

6.) Any work you authorize to be performed on overtime will be billed as an extra to this contract at our normal billing rates.

7.) Materials will be ordered and this work will be scheduled following our receipt of the executed proposal and payment. A local Otis representative will then contact you to schedule the work.

8.) Upon commencement of this work, should there be an interruption in our ability to complete the work due to issues beyond our control (loss of power, etc.), applicable re-mobilization costs will be billed as an extra at our normal billing rates.

9.) Damaged components that are replaced will be left on-site for your reference and use on any insurance claims. It will be the responsibility of others to secure and retain the damaged components.

10.) The price quoted below does not include sales tax and is valid for 30 days from the date specified above. Please add any applicable tax to the price quoted below.

11.) The price quoted below assumes the work will be scheduled based on the availability of material and manpower to complete the job efficiently. A local representative will contact you to schedule the work.

12.) In the event a third party inspection agency is required to "inspect" the completed project prior to returning the equipment to normal operation payment in full is due prior to scheduling the final handover/turnover of the equipment.

13.) In the event you do not address the water impacted components, future requests for service or repairs related to water impacted components are excluded from our service agreement. These future requests and repairs would be billable.

Material provided shall be installed in accordance with the ASME A17.1 or CSA-B44 Safety Code for Elevators and Escalators.

The customer will be responsible for paying local inspection fees if applicable.

A representative will contact you to schedule the work. All work will be performed during regular working days and hours of the Elevator Trade unless otherwise specified above.

WE MAKE NO OTHER WARRANTIES EXPRESS OR IMPLIED, AND SPECIFICALLY MAKE NO WARRANTY OF MERCHANTABILITY, OF FITNESS FOR ANY PARTICULAR PURPOSE, OR THAT THE SOFTWARE IS FREE FROM VIRUSES OR VULNERABILITIES WHICH MAY BE EXPLOITED BY A THIRD PARTY, AND THE EXPRESS WARRANTIES SET FORTH IN THIS AGREEMENT ARE IN LIEU OF ANY SUCH WARRANTIES AND ANY OTHER OBLIGATION OR LIABILITY ON OUR PART.
17. Your remedies set forth herein are exclusive and our liability with respect to any contract, or anything done in connection therewith such as performance or breach thereof, or from the manufacture, sale, delivery, installation, repair or use of any equipment furnished under this contract, whether in contract, in tort, in warranty or otherwise, shall not exceed the price for the equipment or services rendered.
18. It is agreed that after completion of our work, you shall be responsible for ensuring that the operation of any equipment furnished hereunder is periodically inspected. The interval between such inspections shall not be longer than what may be required by the applicable governing safety code. By accepting delivery of parts incorporating software you agree that the transaction is not a sale of such software but merely a license to use such software solely for operating the unit(s) for which the part was provided, not to copy or let others copy such software for any purpose whatsoever, to keep such software in confidence as a trade secret, and not to transfer possession of such part to others except as a part of a transfer of ownership of the equipment in which such part is installed, provided that you inform us in writing about such ownership transfer and the transferee agrees in writing to abide by the above license terms prior to any such transfer.
19. Our work shall not include the identification, detection, abatement, encapsulation or removal of asbestos, polychlorinated biphenyls (PCB), or products or materials containing asbestos, PCB's or other hazardous substances. In the event we encounter any such product or materials in the course of performing work, we shall have the right to discontinue our work and remove our employees from the project until you have taken the appropriate action to abate, encapsulate or remove such products or materials, and any hazards connected therewith, or until it is determined that no hazard exists (as the case may require). We shall receive an extension of time to complete the work hereunder and compensation for delays encountered as a result of such situation.
20. This Agreement constitutes the entire understanding between the parties regarding the subject matter hereof and may not be modified by any terms on your order form or any other document, and supersedes any prior written or oral communication relating to the same subject. Any amendment or modifications to this Agreement shall not be binding upon either party unless agreed to in writing by an authorized representative of each party. Both parties agree that any form issued by you that contains any terms that are inconsistent with those contained herein shall not modify this Agreement, nor shall it constitute an acceptance of any additional terms.

TERMS AND CONDITIONS

1. The work shall be performed for the agreed price plus any applicable sales, excise or similar taxes as required by law.
2. In addition to the agreed price, you shall pay to us any future applicable tax imposed on us, our suppliers or you in connection with the performance of the work described.
3. This quotation is subject to change or withdrawal by us prior to acceptance.
4. We warrant to you that the work performed by us hereunder shall be free from defects not inherent in the quality required or permitted, in material and workmanship for one (1) year from the date of substantial completion. We used commercially reasonable efforts to ensure that the LIMS (Parotima 2.0) software provided to you is free from viruses and vulnerabilities that may be exploited by third parties. Our duty and your remedy under this warranty are limited to our correcting any such defect you report to us within the warranty period by, at our option, repair or replacement, provided all payments due under the terms of this contract have been made in full. All parts used for repair or replacement under this warranty shall be good quality and furnished on an exchange basis. Printed circuit boards used for replacement parts under this warranty may be refurbished boards. Exchanged parts become our property. This warranty shall be voided if said defect is caused by your breach or negligence or unauthorized access or manipulation of the system.
5. We shall perform the work during our regular working hours of our regular working days unless otherwise agreed in writing. You shall be responsible for providing suitable storage space at the site for our material.
6. You shall obtain title to all the equipment, excluding the software, furnished hereunder when final payment for such material is received by us.
7. Any drawings, illustrations or descriptive matter furnished with the proposal are submitted only to show the general style, arrangement and dimensions of the equipment.
8. Payments shall be made as follows: A down payment of hundred percent (100%) of the price shall be paid after we have completed processing your equipment requirements, and orders are placed. The balance shall be paid on completion if the work is completed within a thirty day period. If the work is not completed within a thirty day period, monthly progress payments shall be made based on the value of any equipment ready or delivered, if any, and labor performed through the end of the month less a five percent (5%) retainage and the aggregate of previous payments. The retainage shall be paid when the work is completed. We reserve the right to discontinue our work at any time until payments shall have been made as agreed and we have assurance satisfactory to us that subsequent payments will be made when due. Payments not received within thirty (30) days of the date of invoice shall be subject to interest accrued at the rate of eighteen percent (18%) per annum or at the maximum rate allowed by applicable law, whichever is less. We shall also be entitled to reimbursement from you of the expenses, including attorney's fees, incurred in collecting any overdue payments.
9. Any material removed by us in the performance of the work shall become our property.
10. Our performance is conditioned upon your securing any required governmental approvals for the installation of any equipment provided hereunder and your providing our workmen with adequate electrical power at no cost to us with a safe place in which to work, and we reserve the right to discontinue our work in the building whenever in our opinion working conditions are unsafe. If overtime work is mutually agreed upon and performed, an additional charge thereof, at our usual rates for such work, shall be added to the contract price. The performance of our work hereunder is conditioned on your performing the preparatory work and supplying the necessary data specified on the front of this proposal or in the attached specification, if any. Should we be required to make an unscheduled return to your site to begin or complete the work due to your request, acts or omissions, then such return visits shall be subject to additional charges at our current labor rates.
11. We shall retain a security interest in all material furnished hereunder and not paid for in full. You agree that a copy of this Agreement may be used as a financing statement for the purpose of placing upon public record our interest in any material furnished hereunder, and you agree to execute a U.C.C.-1 form or any other document reasonably requested by us for that purpose.
12. Except insofar as your equipment may be covered by an Otis maintenance or service contract, it is agreed that we will make no examination of your equipment other than that necessary to do the work described in this contract and assume no responsibility for any part of your equipment except that upon which work has been done under this contract.
13. Neither you nor we shall be liable to the other party hereto for any loss, damage or delay due to any cause beyond your or our reasonable control, including, but not limited to, acts of government, strikes, lockouts, fire, explosion, theft, floods, riot, civil commotion, war, malicious mischief or actions, or act of God, provided, however, that, should loss of or damage to our material or work occur at the site, you shall compensate us therefor unless such loss or damage results from our acts or omissions.
14. We do not agree under our warranty to bear the cost of repairs or replacements due to vandalism, abuse, misuse, neglect, normal wear and tear, modifications not performed by us, improper or insufficient maintenance by others, or any cause beyond our control.
15. We shall conduct, at our own expense, the entire defense of any claim, suit or action alleging that, without further combination, the use by you of any equipment provided hereunder directly infringes any patent, but only on the conditions that (a) we receive prompt written notice of such claim, suit or action and full opportunity to assume the sole defense thereof, including settlement and appeals, and all information available to you for such defense, (b) said equipment is made according to a specification or design furnished by us, and (c) the claim, suit or action is brought against you. Provided all of the foregoing conditions have been met, we shall, at our own expense, either settle said claim, suit or action or shall pay all damages, excluding special, consequential damages (INCLUDING DAMAGES FOR LOSS OF PROFITS, DAMAGES TO ANY COMPUTER, DEVICE, OR SYSTEM, LOSS OF DATA, GOODWILL, USE OR OTHER LOSSES), indirect damages, punitive damages, and costs awarded by the court therein and, if the use or resale of such equipment is finally enjoined, we shall at our option, (i) procure for you the right use of the equipment, (ii) replace the equipment with equivalent noninfringing equipment, (iii) modify the equipment so it becomes noninfringing but equivalent, or (iv) remove the equipment and refund the purchase price (if any) less a reasonable allowance for use, damage or obsolescence.
16. THE EXPRESS WARRANTIES SET FORTH IN THIS AGREEMENT ARE THE EXCLUSIVE WARRANTIES GIVEN. WE MAKE NO OTHER WARRANTIES EXPRESS OR IMPLIED, AND SPECIFICALLY MAKE NO WARRANTY OF MERCHANTABILITY, OF FITNESS FOR ANY PARTICULAR PURPOSE, OR THAT THE SOFTWARE IS FREE FROM VIRUSES OR VULNERABILITIES WHICH MAY BE EXPLOITED BY A THIRD PARTY, AND THE EXPRESS WARRANTIES SET FORTH IN THIS AGREEMENT ARE IN LIEU OF ANY SUCH WARRANTIES AND ANY OTHER OBLIGATION OR LIABILITY ON OUR PART.
17. Your remedies set forth herein are exclusive and our liability with respect to any contract, or anything done in connection therewith such as performance or breach thereof, or from the manufacture, sale, delivery, installation, repair or use of any equipment furnished under this contract, whether in contract, in tort, in warranty or otherwise, shall not exceed the price for the equipment or services rendered.
18. It is agreed that after completion of our work, you shall be responsible for ensuring that the operation of any equipment furnished hereunder is periodically inspected.
