RE: Statement of Qualifications: Professional Surveying Services for the Department of Public Works, As-Needed Resolution No. 142423

August 8th, 2023

To Whom It May Concern:

Bryant Hammett & Associates, LLC (BHA) submits the following statement of qualifications for Professional Surveying Services for the Jefferson Parish Department of Public Works on an As-Needed basis.

This opportunity will allow us to continue to provide Jefferson Parish with the caliber of work and results that have been exceeding our clients' expectations since 1984. Clients of the BHA team have come to expect a quality product delivered on time and within budget.

BHA has performed dozens of surveys directly for Jefferson Parish for roadway, sewer, waterline, and drainage improvements projects, as well as numerous surveys for consultants contracted directly by Jefferson Parish. We look forward to continuing providing the quality, professional services that Jefferson Parish has come to expect from BHA.

I am the **principal** and sole owner of the firm and both a **Professional Land Surveyor** and Civil Engineer licensed in the State of Louisiana. I have *more than 45 years of experience* in this type of work. Hugh McCurdy is a full-time employee of the firm and is the professional in charge of projects; he is licensed as a Professional Land Surveyor in Louisiana and has over *50 years' experience* in the land surveying field. BHA also employs two Land Survey Interns (LSI) licensed by the State of Louisiana who are in the process of obtaining licensure as Professional Land Surveyors.

BHA also employs CADD operators, certified floodplain managers, several project managers, construction managers and construction inspectors, cost estimators, geologists, and other administrative employees. *BHA employs 29 full-time individuals, many who are cross-trained, ensuring that no facet of a project will ever be delayed.*

The quality personnel at BHA have provided many government agencies, political subdivisions and private entities with professional land surveying, civil engineering, construction inspection, and environmental services.

C. KEITH CAPDEPON, JR., P.E.
HUGH "BUD" MCCURDY, III, P.L.S.

Based on the current and projected project workload and schedule, BHA can allocate the *necessary resources and manpower required to fulfill the requirements pursuant to this engagement in a timely fashion.*

No project in which BHA has been involved has been jeopardized because of failure to meet schedules. BHA has not been involved in any projects that were jeopardized because of cost overruns, or because inadequate designs were rejected by parish, state, or federal review agencies.

The primary office from which work on this project, if awarded, will be performed is in *Harahan, in Jefferson Parish.*

BHA has no past, present, nor anticipated future litigation against Jefferson Parish.

As principal of the firm, I will be available as you require. Our Harahan office can be reached at (504) 733-8004 or bhammett@bha-engineers.com.

History and Background

BRYANT HAMMETT & ASSOCIATES, LLC

CIVIL ENGINEERING & LAND SURVEYING

Bryant Hammett & Associates, LLC (BHA) is a Louisiana-based civil engineering, land surveying, and disaster response firm that provides services for various governmental and private concerns.

BHA celebrates its 39th year in business this year, established August 1, 1984. We have grown from a small four-member firm to operate offices in Plaquemines, Jefferson, East Baton Rouge and Concordia parishes. All of our technical personnel have experience in the engineering and land surveying fields.

Our executive management team has been working together since 1984 and has achieved a wealth of knowledge of engineering, surveying and the governmental permitting and funding processes. Our long-term working relationships with local, state and federal governments and regulatory agencies have provided us with valuable experience and a keen understanding of what these and other agencies require.

BHA is a HUBZone business certified by the U.S. Small Business Administration and is certified under the Small Entrepreneurship Program as a Hudson Initiative Certified Firm by the Louisiana Department of Economic Development.

BHA is a Louisiana-licensed land surveying and civil engineering company, as well as holding valid construction licenses in Residential Construction and Building Construction: Heavy Construction; Highway, Street, and Bridge Construction; Municipal and Public Works Construction

Memberships:

National Society of Professional Surveyors (NSPS)
National Society of Professional Engineers (NSPE)
Louisiana Society of Professional Surveyors (LSPS)
Association of State Floodplain Managers (ASFPM)

Center for GeoInformatics, Louisiana State University
American Council of Engineering Companies (ACEC)
Council of Professional Surveyors (COPS)
American Society of Civil Engineers (ASCE)

CIVIL ENGINEERING

BHA provides civil engineering for the design of water treatment systems; stormwater management systems; water distribution systems; water supply systems; wastewater treatment systems; NPDES permitting; USCOE permitting; landfill permitting, design, inspection and construction staking; building site design; utility relocation; gas distribution systems; street and highway construction/reconstruction; bridge design; subdivision design

DISASTER MANAGEMENT

BHA provides services in storm and disaster preparedness, emergency management, post-event recovery and redevelopment with an emphasis on disaster recovery management and hazard mitigation. The firm is especially familiar with catastrophic flooding and the need to recover and mitigate severely damaged properties. Services include: property condition assessment; property security; discovery; forensic investigating; due diligence; remediation management; document management for reimbursement from FEMA; claims review for insurance and FEMA.

CDBG EXPERIENCE

BHA has been involved in the Louisiana Community Development Block Grant (LCDBG) program for more than 30 years. We have been the engineering design professionals for more than 60 infrastructure projects funded through the CDBG Disaster Recovery Program, CDBG Public Facilities Program, the CDBG Demonstrated Needs Program and the CDBG Economic Development Program for a total dollar volume of approximately \$35 million, which assisted 14 separate communities.

PROJECT MANAGEMENT

BHA provides complete project management for construction and HMGP projects, including: Coordination with federal, state and local agencies; preparation of scope, work schedule and cost estimates; feasibility studies; preliminary and final design; preparation and administration of bid documents; reviewing and processing contract documents; monitoring of payroll; permitting; on-site supervision; change order processing; final inspections and testing for quality assurance.

LAND SURVEYING

BHA's offers the following Land Surveying services:

- Boundary & control surveys
- ALTA surveys
- Hydrographic surveys
- Topographic surveys
- Right-of-way determination
- Control for photogrammetric surveys and aerial photography
- Establishing benchmarks
- Accident site surveys
- Wetlands delineation
- Construction surveys/ construction layout
- Utility layout
- Pipeline surveys
- Elevation certificates
- Subdivision design & layout

CONSTRUCTION SUPERVISION FOR HAZARD MITIGATION GRANT PROGRAMS

BHA is currently responsible for construction supervision services for Jefferson Parish's Hazard Mitigation Assistance home elevation and reconstruction grant. BHA provides licensed Certified Floodplain Managers, Surveyors, Construction Managers, Licensed Contractors, Inspectors, Professional Engineers, and FEMA, HMA and NFIP subject matter experts to facilitate the overall construction supervision of Jefferson Parish's home elevation program.

Personnel have been involved in the response to Hurricanes Katrina, Rita, Gustav, Ike and Isaac in the cities of Kenner, Gretna, Harahan, Westwego, Grand Isle, Jean Lafitte, Metairie, Marrero, River Ridge, Harvey, and Barataria.

<p>1. Professional Training and Experience (35 Pts):</p> <p>Bryant Hammett & Associates, LLC (BHA) is a Louisiana-based Limited Liability Corporation multi-disciplinary consulting land surveying, civil engineering, and disaster response firm which provides professional services for various governmental and private concerns. BHA was first organized in Concordia Parish in August 1984, starting as a small 4-member firm providing civil engineering and land surveying services to surrounding municipalities. Since then, the firm has grown to operate offices in Plaquemines, Jefferson, East Baton Rouge, and Concordia parishes.</p> <p>BHA employees licensed and experienced professional land surveyors with decades of experience. The firm has been the surveyor of record for numerous types of projects. BHA provides land surveying for the design of water treatment systems; water distribution systems; water supply systems; sewer systems; sewer lift stations; street and highway construction/reconstruction; drainage improvements; building site design; utility relocation; gas distribution systems; bridge design; subdivision design.</p>		

TEC Professional Services Questionnaire

BHA professionals have extensive experience in the services required to support all types of public works projects and provide topographic, utility, hydrographic, and boundary surveying to support the design of these projects.

In addition to two licensed Professional Land Surveyors and two Land Survey Interns, BHA employs three CADD technicians, multiple field crews, and several support staff to complete projects professionally and efficiently.

2. Capacity for Timely Completion (20 pts):

Based on the current and projected project workload and schedule, BHA is capable of allocating the necessary resources and manpower required to fulfill the requirements of this engagement in a timely fashion. BHA currently has the professional and support personnel available to provide the required services and initiate those services once authorized to proceed. BHA maintains a strong working relationship with the client to protect their interests and accomplish project goals in a cost effective, responsive, and responsible manner.

BHA maintains a staff of highly qualified, experienced, and licensed engineers, surveyors, technicians, cost estimators, GIS managers, certified floodplain managers, administrators, disaster recovery subject matter experts, inspectors, CADD operators and clerical support ensuring availability of professional and support personnel no matter the project.

No project in which BHA has been involved has been jeopardized because of failure to meet schedules. BHA is currently performing several surveys simultaneously for Jefferson Parish and has not missed a scheduled deadline for the Parish to date.

3. Location of Principal Office Where Work Will be Performed (15 pts):

BHA's central locations allow us to work easily throughout Louisiana, however all work for this project will be performed out of our **Harahan, LA** office in Jefferson Parish.

4. Adversarial Legal Proceedings between the Parish and the Person or Firm (15 pts):

BHA nor any BHA professionals have any prior, on-going, or anticipated adversarial legal proceedings with Jefferson Parish.

5. Prior Successful Completion of Projects Requiring Surveying Services, Verifiable References (15 pts):

As illustrated in Section L, as well as in Number 7 below, BHA has successfully completed dozens of projects providing professional surveying services for public works projects. References and contact information is listed in the cover letter of this SOQ response.

BHA provides professional surveying for numerous public entities including the southern parishes of Plaquemines, St. Bernard, St. Tammany, St. Charles, Pointe Coupee, Ascension, Orleans, and Terrebonne, as well as several Ports (Plaquemines, Orleans, Vidalia, Columbia) and Levee Boards in Louisiana.

TEC Professional Services Questionnaire

6. Size of Firm (10 pts):

Bryant Hammett & Associates has grown from a small four-member firm in 1984 to 29 current, full-time employees. The firm began by primarily serving local municipalities. The team at BHA worked, and continues to work, with these clients in coordinating, permitting, and securing funding sources through grants and bonds. Our executive management team has been working together since 1984 and has achieved a wealth of knowledge of engineering, surveying, and the governmental permitting and funding processes. As a small business, the BHA Team is flexible and able to adapt to changing circumstances quickly and efficiently, as well as develop close relationships with clients to intimately understand project needs from inception to completion. Employees are cross-trained, ensuring that no facet of a project will ever be delayed.

BHA employs two licensed Professional Engineers, two licensed Professional Land Surveyors, two licensed Land Survey Interns, a civil engineer, multiple survey field crews, HMGP Subject-Matter Experts, several construction managers and inspectors, as well as multiple support staff. BHA's Cadd Technicians have over 40 years of combined experience in producing 3D planimetric drawings, topographic and contour maps, right-of-way maps, boundary plats, cross section diagrams and field data points.

7. Past Performance by Person of Firm on Parish Contracts (10 pts):
