POWERS OF ATTORNEY
CERTIFIED COPY

KNOW ALL MEN BY THESE PRESENTS: That THE HANOVER INSURANCE COMPANY and MASSACHUSETTS BAY INSURANCE COMPANY, both being corporations organized and existing under the laws of the State of New Hampshire, and CITIZENS INSURANCE COMPANY OF AMERICA, a corporation organized and existing under the laws of the State of Michigan, do hereby constitute and appoint

Stephen L. Cory, Pamela K. Tucker, Jill K. Tucker and/or Melanie Stern

of **Metairie, LA** and each is a true and lawful Attorney(s)-in-fact to sign, execute, seal, acknowledge and deliver for, and on its behalf, and as its act and deed any place within the United States, or, if the following line be filled in, only within the area therein designated any and all bonds, recognizances, undertakings, contracts of indemnity or other writings obligatory in the nature thereof, as follows:

Any such obligations in the United States, not to exceed Forty Million and No/100 (\$40,000,000) in any single instance

and said companies hereby ratify and confirm all and whatsoever said Attorney(s)-in-fact may lawfully do in the premises by virtue of these presents. These appointments are made under and by authority of the following Resolution passed by the Board of Directors of said Companies which resolutions are still in effect:

"RESOLVED, That the President or any Vice President, in conjunction with any Vice President, be and they are hereby authorized and empowered to appoint Attorneys-in-fact of the Company, in its name and as its acts, to execute and acknowledge for and on its behalf as Surety any and all bonds, recognizances, contracts of indemnity, waivers of citation and all other writings obligatory in the nature thereof, with power to attach thereto the seal of the Company. Any such writings so executed by such Attorneys-in-fact shall be as binding upon the Company as if they had been duly executed and acknowledged by the regularly elected officers of the Company in their own proper persons." (Adopted October 7, 1981 - The Hanover Insurance Company; Adopted April 14, 1982 - Massachusetts Bay Insurance Company; Adopted September 7, 2001 - Citizens Insurance Company of America)

IN WITNESS WHEREOF, THE HANOVER INSURANCE COMPANY, MASSACHUSETTS BAY INSURANCE COMPANY and CITIZENS INSURANCE COMPANY OF AMERICA have caused these presents to be sealed with their respective corporate seals, duly attested by two Vice Presidents, this 4th day of November 2011.

CERTIFIED COPY OF
EXCERPT OF MINUTES OF A SPECIAL MEETING
OF THE BOARD OF DIRECTORS OF
WALLACE C. DRENNAN, INC.

Held on April 5, 2016
1500 Nine Mile Point Road
Westwego, LA

I, Teresa S. Deemer, Secretary of Wallace C. Drennan, Inc., do hereby certify the following to be a true and correct excerpt of the minutes of the meeting of the Directors of the Corporation held on April 5, 2016; and that the following RESOLUTIONS passed at that meeting are still in full force and effect:

* * *

“...it was further RESOLVED that the President, Wallace C. Drennan, III, be authorized to act for Wallace C. Drennan, Inc., in all phases of the operations of its business, to sign all contracts, bid applications and bids, to manage the business of the corporation, to make loans, execute banking resolutions, sign checks, deposit and withdraw funds, execute payment and performance bonds, make purchase of vehicles, equipment, materials and supplies for the corporation; to sell vehicles, equipment materials and supplies of the corporation; or lease or purchase movable or immovable property and improvements on behalf of the corporation; to hire and fire employees; to manage and oversee construction jobs; to estimate and submit bids; to procure advertising packets, bid packages and other documents necessary to formulate bids for construction work; to manage and oversee the maintenance, scheduling and uses of equipment within the corporation; to direct, manage and supervise labor and construction work; generally, without limitation, to sign all documents and perform all acts necessary for the conducting of the operation and business of Wallace C. Drennan, Inc., as its President; and also the President should have general and specific powers on behalf of the corporation to carry out and work with the Secretary of the corporation in carrying out the banking business of the corporation; to deposit and withdraw funds; to make loans, to sign checks in accordance with the banking resolution contained hereinbelow; to execute mortgages or chattel mortgages, or documents pursuant to the Uniform Commercial Code as necessary to purchase equipment, materials or property;

to execute all necessary banking documents, banking resolutions, loan documents, drafts, continuing guaranties, or other banking documents; and generally to perform any act and execute any document necessary to carry out the banking and financial business of Wallace C. Drennan, Inc., in cooperation with the duties and responsibilities of the Secretary of the corporation.”

CERTIFICATE

I, the undersigned President of Wallace C. Drennan, Inc., do certify that the above and foregoing resolution was unanimously adopted at a meeting of the Board of Directors of the Said Corporation held on April 5, 2016, and that the same is in full force and effect this date.

IN TESTIMONY WHEREOF, I have hereunto set my hand and the seal of said corporation this 4th day of October, 2016.

Wallace C. Drennan, III
President

STATE OF LOUISIANA
PARISH OF ST. TAMMANY

BEFORE ME, the undersigned authority, duly commissioned and qualified and sworn in and for the State and Parish aforesaid, personally came and appeared Wallace C. Drennan, III, President who after being duly sworn, did depose and say as follows:

LA. R.S. 38:2212.10(C) VERIFICATION OF EMPLOYEES INVOLVED IN CONTRACTS FOR PUBLIC WORKS

- A. At the time of bidding, bidder is registered and participates in a status verification system to verify that all new hires in the state of Louisiana are legal citizens of the United States or are legal aliens.
- B. If awarded the contract, bidder shall continue, during the term of the contract, to utilize a status verification system to verify the legal status of all new employees in the state of Louisiana.
- C. If awarded the contract, bidder shall require all subcontractors to submit to it a sworn affidavit verifying compliance with Paragraphs (A) and (B) of this Subsection.

LA. R.S. 38:2224 NON-COLLUSION AND NON-SOLICITATION

- A. The bidder employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the bidder whose services in connection with the construction of the public building or project or in securing the public contract were in the regular course of their duties for bidder.
- B. That no part of the contract price received by bidder was paid or will be paid to any persons, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the bidder whose services in connection with construction of the public building or project were in the regular course of their duties for bidder.
- C. Said bid is genuine and the bidder has not colluded, conspired, or agreed, directly or indirectly, with any other bidder to offer a sham or collusive bid.
- D. Said bidder has not in any manner, directly or indirectly, agreed with any other person to fix the bid price of affiant or any other bidder, or to fix any overhead profit or cost element of said bid price, or that of any other bidder, or to induce any other person to refrain from bidding.
- E. Said bidder is not intended to secure an unfair advantage of benefit from the Owner or in favor of any person interested in the proposed contract.
- F. All statements contained in said bid are true and correct.
- G. Neither affiant nor any member of his company has divulged information regarding said bid or any data relative thereto to any other person, firm, or corporation.

LA. R.S. 38:2227 PAST CRIMINAL CONVICTIONS OF BIDDERS

- A. No sole proprietor or individual partner, incorporator, director, manager, officer, organizer, or member who has a minimum of a ten percent (10%) ownership in the bidding entity named below has been convicted of, or has entered a plea of guilty or nolo contendere to any of the following state crimes or equivalent federal crimes as listed below:
 - (a) Public bribery (R.S. 14:118)
 - (b) Corrupt influencing (R.S. 14:120)
 - (c) Extortion (R.S. 14:66)
 - (d) Money laundering (R.S. 14:23)
- B. Within the past five years from the project bid date, no sole proprietor or individual partner, incorporator, director, manager, officer, organizer, or member who has a minimum of a ten percent (10%) ownership in the bidding entity named below has been convicted of, or has entered a plea of guilty or nolo contendere to any of the following state crimes or equivalent federal crimes, during the solicitation or execution of a contract or bid awarded pursuant to the provisions of Chapter 10 of Title 38 of the Louisiana Revised Statutes:
 - (a) Theft (R.S. 14:67)
 - (b) Identity Theft (R.S. 14:67.16)
 - (c) Theft of a business record (R.S.14:67.20)
 - (d) False accounting (R.S. 14:70)
 - (e) Issuing worthless checks (R.S. 14:71)
 - (f) Bank fraud (R.S. 14:71.1)
 - (g) Forgery (R.S. 14:72)
 - (h) Contractors; misapplication of payments (R.S. 14:202)
 - (i) Malfeasance in office (R.S. 14:134)

I hereby certify that the information herein is true and correct to the best of my knowledge, information, and belief.

Public Works Bid

AFFIDAVIT

STATE OF Louisiana

PARISH/COUNTY OF St. Tammany

BEFORE ME, the undersigned authority, personally came and appeared: _____

Wallace C. Drennan, III, (Affiant) who after being by me duly sworn, deposed and said that he/she is the fully authorized President of Wallace C. Drennan, Inc. (Entity), the party who submitted a bid in response to Bid Number 50-00117630, to the Parish of Jefferson.

Affiant further said:

Campaign Contribution Disclosures

(Choose A or B, if option A is indicated please include the required attachment):

Choice A _____ Attached hereto is a list of all campaign contributions, including the date and amount of each contribution, made to current or former elected officials of the Parish of Jefferson by Entity, Affiant, and/or officers, directors and owners, including employees, owning 25% or more of the Entity during the two-year period immediately preceding the date of this affidavit or the current term of the elected official, whichever is greater. Further, Entity, Affiant, and/or Entity Owners have not made any contributions to or in support of current or former members of the Jefferson Parish Council or the Jefferson Parish President through or in the name of another person or legal entity, either directly or indirectly.

Choice B X there are **NO** campaign contributions made which would require disclosure under Choice A of this section.

Affiant further said:

Debt Disclosures

(Choose A or B, if option A is indicated please include the required attachment):

Choice A _____ Attached hereto is a list of all debts owed by the affiant to any elected or appointed official of the Parish of Jefferson, and any and all debts owed by any elected or appointed official of the parish to the Affiant.

Choice B X There are **NO** debts which would require disclosure under Choice A of this section.

Affiant further said:

That Affiant has employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project or in securing the public contract were in the regular course of their duties for Affiant; and

That no part of the contract price received by Affiant was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project were in the regular course of their duties for Affiant.

Affiant further said:

Affiant personally has not been convicted of, nor has he/she entered into a plea of guilty or nolo contendere to any of the crimes or equivalent federal crimes listed below. No individual partner, incorporator, director, manager, officer, organizer, or member, who has a minimum of a ten percent ownership in the Bidding Entity, has been convicted of, or has entered a plea of guilty or nolo contendere to any of the crimes or equivalent federal crimes listed below. A conviction of or plea of guilty or nolo contendere to the following state crimes or equivalent federal crimes shall permanently bar any person or the bidding entity from bidding on public projects:

- (a) Public bribery (R.S. 14:118)
- (b) Corrupt influencing (R.S. 14:120)
- (c) Extortion (R.S. 14:66)
- (d) Money laundering (R.S. 14:230)

A conviction of or plea of guilty or nolo contendere to the following state crimes or equivalent federal crimes shall bar any person or the bidding entity from bidding on public projects for a period of five years from the date of conviction or from the date of the entrance of the plea of guilty or nolo contendere:

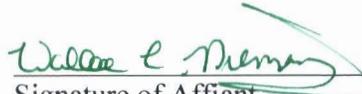

- (a) Theft (R.S. 14:67)
- (b) Identity Theft (R.S. 14:67, 16)
- (c) Theft of a business record (R.S. 14:67.20)
- (d) False accounting (R.S. 14:70)
- (e) Issuing worthless checks (R.S. 14:71)
- (f) Bank fraud (R.S. 14:71.1)
- (g) Forgery (R.S. 14:72)
- (h) Contractors; misapplication of payments (R.S. 14:202)
- (i) Malfeasance in office (R.S. 14:134)

The five-year prohibition provided for in this section shall apply only if the crime was committed during the solicitation or execution of a contract or bid awarded pursuant to these provisions. If evidence is submitted substantiating that a false attestation has been made and the project must be readvertised or the contract cancelled, the awarded entity making the false attestation shall be responsible to the public entity for the costs of rebidding, additional costs due to increased costs of bids and any and all delay costs due to the rebid or cancellation of this project.

[The remainder of this page is intentionally left blank.]

Affiant further said:

- (1) Entity is registered and participates in a status verification system to verify that all employees in the State of Louisiana are legal citizens of the United States or are legal aliens.
- (2) Entity shall continue, during the term of the contract, to utilize a status verification system to verify the legal status of all new employees in the State of Louisiana.
- (3) Entity shall require all subcontractors to submit to the Entity a sworn affidavit verifying compliance with statements (1) and (2).

BID DATE: October 4, 2016 at 2:00 PM
BID LOCATION: Jefferson Parish General Government Building
Jefferson Parish Purchasing Dept., Suite 4400
200 Derbigny St., Gretna, LA 70053

This addendum shall be part of the Contract Documents as provided in the Instructions to Bidders.

The following items are issued to add to, modify, and clarify the Contract Documents. These items shall have full force and effect as the Contract Documents, and the cost involved shall be included in the bid prices.

Acknowledge receipt of the addendum by inserting its number and date on the Bid Form of the Bid Documents. Failure to do so may subject the bidder to disqualifications.

This Addendum No. 1 consists of 41 pages including the title sheet and all attachments.

Bid Proposal No. 50-00117630

Addendum No. 1

Pre-Bid

A pre-bid conference was held on September 26, 2016 at 10:00 am. The pre-bid meeting memorandum and sign-in sheet are provided as attachments to this addendum.

General

This project is funded through a Louisiana Department of Health and Hospitals Drinking Water Revolving Loan. The project is subject to the Davis Bacon Act and the Davis Bacon Wage Decision. The most recently updated Davis Bacon Wage Decision is included in the specifications and these minimum wages will be required for the listed job classifications on this project.

In some locations it may be necessary to remove and replace existing fencing along the right of way to install the new waterline. Approval shall be obtained from the Engineer before any fence can be removed for waterline installation. The permanent fence along the right of way shall be returned to its original condition following installation of the water line in locations where fence is removed. A fencing bid item for any kind of existing fence has been added to the bid form and will be paid for on a linear foot basis.

Items have been added to the project for handicap ramps and concrete roadway, walks and curb removal and replacement. Details for these items are included as an attachment to this addendum. Only the details that apply to this project in these attachments shall be used.

Handicap ramps will be installed in locations directed by the Engineer. Approval shall be obtained from the Engineer before any handicap ramps are installed. The handicap ramp bid item shall cover all three types of handicap ramps shown in the standard details. It will be at the discretion of the Owner as to which type of handicap ramp will be installed.

A permit from the Southeast Louisiana Flood Protection Authority (SLFPA) – West has been applied for. This permit typically outlines trenching and excavation requirements in relation to the stage of the Mississippi River. The permit has not yet been issued. A letter of no objection that was issued by the US Army Corps of Engineers New Orleans District is attached as reference for stipulations that will be required in the SLFPA West permit. One of the stipulations is that drilling fluid will not be allowed in the directional drilling process. Directional drilling has been removed from the project and waterline in previously proposed directional drill locations shall be installed by open-cut installation. Another critical stipulation is that all excavation work is performed and backfilled while the state of the Mississippi River is below elevation +11.0 feet on the Carrollton gage, at New Orleans, Louisiana. All excavations need to be backfilled to natural ground prior to the river stage rising to +11.0 feet on the Carrollton gage, at New Orleans, Louisiana.

On the day the Carrollton gage reaches +11.0 feet contract time will be suspended. Contract time will resume on the day the Carrollton gage recedes below +11.0.

A permit from the Louisiana Department of Transportation and Development (DOTD) has been applied for. The engineer is currently coordinating with DOTD on the issuance of this permit.

Front Ends

Important Notice to All Bidders

Attached to this addendum is an updated Important Notice to All Bidders.

Louisiana Uniform Public Work Bid Form

A revised bid form dated September 29, 2016 with adjusted quantities for items 202-02-06100, 706-02-00200, W-112, W-412, W-807, W-810 and W-901 is included. Bid Items S-010, 202-02-02021, 202-02-06200, 601-01-00300, 706-01-00100, 706-04-00100, and 707-01-00100 were also added. This revised form shall be used to submit bids on this project.

Table of Contents

Section 02690 - Clearance in the Table of Contents is only one page in lieu of the four pages shown in the Table of Contents.

Technical Specifications

Measurement and Payment Section 01025

Section 01025-4.13 Mobilization (Item No. 727-01-00100) third paragraph. Replace the words "maximum of 5 percent of the total contract" with "maximum of 10 percent of the total contract".

Section 01025-4.33 Waterline (HDPE) (Directional Drill) (ITEM No. NS-P26-23180) shall be removed and replaced with the following:

4.33 HANDICAPPED CURB RAMPS (ITEM NO. 706-04-00100)

- A. Measurement: Measurement for payment for handicapped curb ramps will be made by the actual field measurement on a per each basis.
- B. Payment: Payment for this item will be made for the actual number of ramps installed as determined by the field measurement and will be paid at the unit price bid. The work will include installation, labor, equipment, tools and materials.

Add the following to the end of the Measurement and Payment Section:

4.35 FENCING ANY KIND (ITEM NO. S-010)

- A. Measurement: Measurement for payment for fencing any kind will be made by the actual field measurement on a linear foot removed and replaced basis.

B. Payment: Payment will constitute full payment for removal and replacement of any kind of existing fence along the length of the project right of way. The actual total linear feet of fence removed and replaced shall include all labor, materials, tools, and equipment necessary to layout and install fence of any kind along the project right of way.

4.36 REMOVAL OF PORTLAND CEMENT CONCRETE PAVEMENT (ITEM NO. 202-02-0202)

A. Measurement: Measurement for payment for removal of portland cement concrete pavement will be made by field measurement on a square yard basis for removal of portland cement concrete roadway.

B. Payment: Payment for removal of portland cement concrete pavement will be made at the square yard price bid and will constitute full compensation for providing all labor and equipment for the removal and proper disposal of any material to be removed. Unit price shall include any saw cutting required for removal of pavement.

4.37 REMOVAL OF CONCRETE WALK (ITEM NO. 202-02-06200)

A. Measurement: Measurement for payment for removal of portland cement concrete walks will be made by field measurement on a square yard basis for removal of portland cement concrete walks.

B. Payment: Payment for removal of portland cement concrete walks will be made at the square yard price bid and will constitute full compensation for providing all labor and equipment for the removal and proper disposal of any material to be removed. Unit price shall include any saw cutting required for removal of pavement.

4.38 PORTLAND CEMENT CONCRETE (9" THICK) (ITEM NO. 601-01-00300)

A. Measurement: Measurement for Portland Cement Concrete will be made by the actual field measurement on a square yard basis.

B. Payment: Payment for this item will be made for the actual square yardage installed as determined by the field measurement and will be paid at the unit price bid. The work will include installation, labor, equipment, tools and materials.

4.39 CONCRETE WALK (4" THICK) (ITEM NO. 706-01-00100)

A. Measurement: Measurement for payment for concrete walks will be made by the actual field measurement on a square yard basis.

B. Payment: Payment for this item will be made for the actual square yardage installed as determined by the field measurement and will be paid at the unit price bid. The work will include installation, labor, equipment, tools, and materials.

4.40 REMOVE AND REPLACE CONCRETE CURB (ITEM NO. 707-01-00100)

- A. Measurement: Measurement for payment for removal and replacement of concrete curb will be made by the actual field measurement of curb removed and replaced.
- B. Payment: Payment for this item will be made for the actual linear feet of concrete curb removed and replaced as determined by field measurement and will be paid at the unit price bid. The work will include removal, proper disposal, installation, labor, equipment, tools and materials.

END OF ADDENDUM

AGENDA
PRE-BID MEETING
JEFFERSON PARISH DEPARTMENT OF WATER
RIVER RD. WATERLINE REPLACEMENT PHASE 2
WILLSWOOD LANE TO RIVET BLVD

SEPTEMBER 26, 2016

Location:

**Jefferson Parish Purchasing Department Conference Room
200 Derbigny Street, Suite 4400
Gretna, LA 70053**

I. Project Overview

Scope:

Base Bid: The work of this contract includes construction and installation of a 12-inch water line along River Road in Waggaman, LA. The waterline will begin at the intersection of Willswood Lane and River Road and will parallel River Road until reaching the tie-in location approximately 570 ft. east of the centerline of the intersection of Rivet Boulevard and River Road. The contract shall be constructed complete in place with all valves, hydrants, fittings, and services and restoration of roadway, roadway drainage ditches, driveways and sidewalks to original conditions.

Time of Construction: 180 calendar days

Engineer's Cost Estimate: \$1,885,700

II. Coordination with Jefferson Parish & Engineers

- a) Digital Engineering Contact – Rob Delaune – Project Manager (504-468-6129)
rdelaune@deii.net
- b) Jefferson Parish Water Department – Sal Maffei – Dept. Director (504-736-6060)
- c) Jefferson Parish Water Department – Doug Pertuit – Asst. Director (504-736-6060)
- d) Purchasing Department – Sidney Duffy – Assigned Buyer (504-364-2682)

III. Issuance of Addenda

All technical questions will be made in writing (preferably email) to Rob Delaune of Digital Engineering, Inc. Responses cannot be guaranteed for any questions posed within 72 hours of the Bid Date (Tuesday, October 4, 2016).

All addenda shall be submitted to purchasing for approval prior to distribution.

IV. Bid Opening – Bids will be received until 2:00 PM, October 4, 2016 in the Purchasing Department, Jefferson Parish General Government Building.

The Office Hours for the Purchasing Department are Monday, Friday 8:30 am to 4:30 pm. Please opt to drop off the bids or mail them in.

In the delivery of the bid, please remember to make sufficient time to find parking and deliver the bid, keeping in mind that the government building has metal detectors at the entrance. Late Bids will not be accepted.

On the outside of the bid package envelope, please provide the company name and address, bid number, and the company's license number.

On the inside of the bid package envelope, please include the completed bid form, a corporate resolution (if the signature on the bid form is not of a company officer), and 5% surety bond, signed in original ink. Any corrections must be initialed by bid signee. If you do not have a corporate resolution form, please download the one provided on the Jefferson Parish Website – www.jeffparish.net

On the public bid form, please acknowledge the receipt of all addenda.

V. Coordination Efforts with Jefferson Parish

- a) Water service must remain in effect at all times during construction. Any water service interruptions will have to be approved in advance in writing by the Jefferson Parish Water Department.

VI. Permits

- a) Pontchartrain Levee District Permit
- b) LDOTD Utility Permit

VII. Contractor questions

**River Rd. Waterline Replacement Phase 2
Willswood Lane to Rivet Blvd.
Contractor Questions and Answers**

Command Construction Questions and Answers

Question 1: Please advise on the liquidated damages for the subject project.

Answer 1: The liquidated damages information is located on the second page of the Important Notice to All Bidders – Bid Requirements. Upon notice to proceed the bidder agrees that all work shall be completed within 180 calendar days. The bidder agrees to pay as liquidated damages the sum of \$500 per day each consecutive calendar day after the agreed date of completion that the work remains substantially incomplete.

Question 2: Could you please clarify when the DBA/Debarment/Lobbying forms are to be submitted?

Answer 2: These documents do not have to be submitted with the bid but will be required from the apparent low bidder following the bid opening.

Global Contractors Questions and Answers

Question 1: I found the 180 calendar days for the project but could not locate what the Liquidated Damages are. It was not listed in the "Agreement".

Answer 1: See answer to question 1 under Command Construction Questions and Answers.

Question 2: Would you entertain putting a bid item for Sand? Depths can vary from drawings during installation.

Answer 2: Depths of the waterline installation are shown in the profile of the drawings. Calculate your sand quantity accordingly based on the depths of installation shown. No separate item for sand will be added. It is considered incidental to the unit price.

Question 3: Would you entertain putting an item for fence? The waterline comes fairly close in some spots and the fence will have to be replaced.

Answer 3: Item S-010 Fence Any Kind has been added.

Question 4: What is the existing waterline made of? AC? If so laying the new line next to the AC line is problematic at best. AC pipe is very brittle and also has short pipe lengths (6' I think). If room allows can we shift away for the existing AC waterline to avoid breaking it?

Answer 4: The existing waterline is AC pipe in some locations and cast iron in other locations. The existing waterline locations shown on the plans are approximate and will have to

be verified in the field by the contractor. Any proposed adjustments to the new waterline alignment shall be approved by the Engineer before waterline installation begins.

Question 5: What is the size and type of the two waterlines on Modern Farms Rd? The chart on Sht. 34 calls out 12" connection. Sht. 25 calls out a (2) 12" x 8" Tees which would indicate an 8" line.

Answer 5: The size of the waterline at Sta. 201+52.18 is 12" in diameter. The type will have to be verified in the field by the contractor. A 12"x12"x12" tee will be required for this tie-in. The size of the waterline at Sta. 201+91.58 is 2" and will be paid as a water service connection up to 2".

Question 6: My quantity takeoff for Transition Couplings are as follows: (2) 12", (15) 8" and (1) 6". This does not match the bid item quantity. I assumed Modern Farm had (2) 8" transition couplings not 12.

Answer 6: The quantities have been changed and the changes are included as part of this addendum. The new quantities are (1) 6", (13) 8" and (3) 12".

Question 7: I came up with (45) 12" gate valves. Bid item calls for 42 ea 12" gate valves. I did not assume Modern Farm was 12" as shown on Sht. 34.

Answer 7: The quantity has been changed to (46) 12" gate valves.

Question 8: In the specifications, Instruction to bidders Par. B Price (4)...Is this a tax exempt job?

Answer 8: This project is not sales tax exempt.

Question 9: In the specifications, Instructions to bidders Par. B Price (5)...2%, 10 days...Does this mean 2% discount if paid within 10 days? Does this apply to our invoices?

Answer 9: This does not apply to the Contractor's invoices on this project.

Question 10: Could you please specify all forms that need to be included with the bid?

Answer 10: The Important Notice to All Bidders and the Changes to Jefferson Parish Bidding Procedures documents as part of this addendum specify all forms that need to be included with the bid.

Question 11: Is this a Buy American Project?

Answer 11: No

Question 12: Should the mainline tee be included with the fire hydrant assembly or will it be paid under the fitting item?

Answer 12: The main line tee shall be included with the fire hydrant assembly bid item.

Question 13: Are the ductile iron fittings to be paid by actual weight less accessories?

Answer 13: Yes, ductile iron fittings shall be paid by actual weight. Accessories are considered incidental to the fittings installation.

Boh Bros. Construction Questions and Answers

Question 1: Sheet No. 33 Water and Sewer Force Main Standard Trench Detail Final Backfill Cover lists ***, **** as acceptable backfill materials. Which one should we use? **** says River Sand within Street Right of Way which is property line to property line. So all water lines installed would be within the right of way. *** & **** contradict each other. Also, a large portion of the water line is to be installed in the bottom of the existing ditch and in the slope of the ditch wall. River Sand backfill will surely be washed away as soon as we have a large rain event. Please clarify your intention as it relates to the Final Backfill of the water lines.

Answer 1: All backfill shall be river sand since all installations will be within the street right of way. In the case of waterline installed in the bottom of existing ditches and slopes of the ditch wall river sand will be used as backfill however the top six inches of the trench shall be backfilled with select excavated material to prevent the river sand from washing away during rain events.

Question 2: Will all exiting ground cover that is disturbed to install water line be required to be restored with grass sod or seeding?

Answer 2: Existing established residential lawns will require sod. All other areas will require seed.

Question 3: Page 02230-3 says we should notify St. Bernard Parish Sewer & Water Division? Is this correct?

Answer 3: All references to St. Bernard Parish Sewer and Water Division on page 02230-3 are incorrect. This should be the Jefferson Parish Department of Water. Water General Superintendent, Tyrell Chatman needs to be alerted by the Contractor prior to the performance of any work impacting existing water utility features. Tyrell's office phone number is 838-4315.

Question 4: Page 02230-3 says a Class IV Water Distribution Operator Certificate license shall be required to oversee water line install. Will someone from Jefferson Parish water department have this license and is there any fees associated with same?

Answer 4: The Contractor will have to supply the Class IV Licensed Water Distribution Operator to operate valves or complete a tie-in on any active (live) water distribution or water supply system in the Parish. If the Contractor does not have a Class IV Water Distribution

Operator on staff he can hire a sub-contractor that does have the certification to oversee the installations and provide this required license.

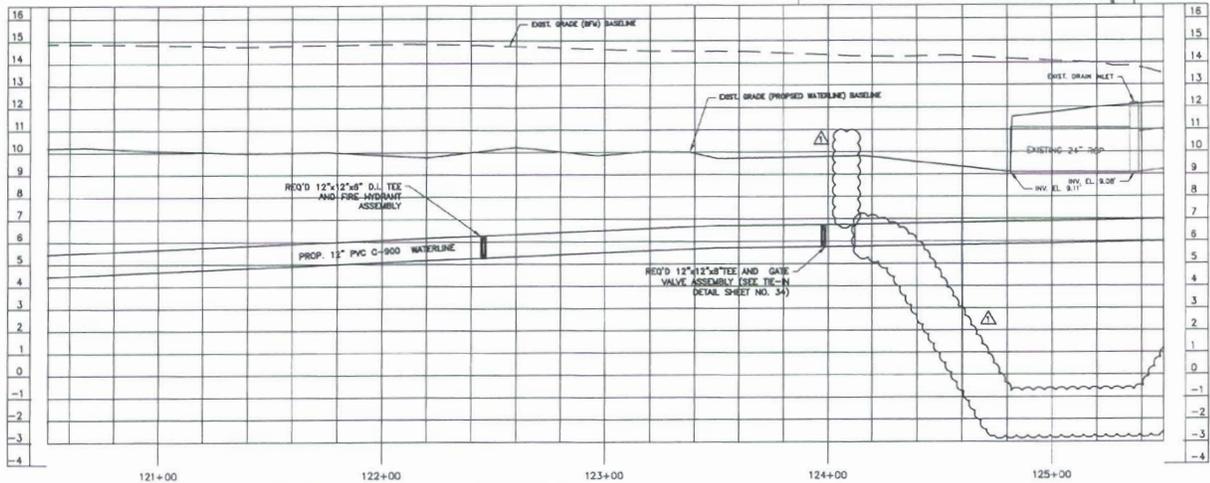

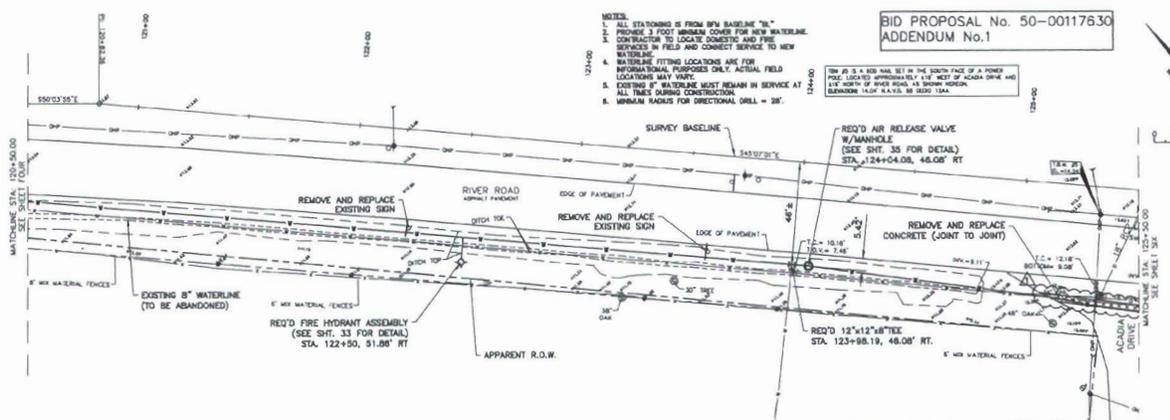

Question 5: Some chain link fences and ornamental fences will be in conflict/close proximity to our water line installation. How will the contractor be compensated to remove/replace any removed/damaged fencing?

Answer 5: An item has been added for fencing.

BID PROPOSAL No. 50-00117630
ADDENDUM No.1

- NOTES:
1. ALL STATIONING IS FROM SFW BASELINE "A".
 2. PROVIDE 3 FOOT MINIMUM COVER FOR NEW WATERLINE. CONTRACTOR TO LOCATE DOMESTIC AND FIRE SERVICES IN FIELD AND CONNECT SERVICE TO NEW WATERLINE.
 3. WATERLINE FITTING LOCATIONS ARE FOR INFORMATIONAL PURPOSES ONLY. ACTUAL FIELD LOCATIONS MAY VARY.
 4. EXISTING 8" WATERLINE MUST REMAIN IN SERVICE AT ALL TIMES DURING CONSTRUCTION.
 5. MINIMUM RADIUS FOR DIRECTIONAL DRILL = 25'.

THE 1/8" DIA. 800 HAS SET IN THE SOUTH FACE OF A POWER POLE LOCATED APPROXIMATELY 1/4 MILE WEST OF ACASA DRIVE AND 1/4 MILE NORTH OF RIVER ROAD, AS SHOWN HEREON. DIMENSIONS IN FEET & INCHES. SEE SHEET 1324-00.

Brenda J. Campos
Director

CHANGES TO JEFFERSON PARISH BIDDING PROCEDURES

Bidders should carefully read and must respond accordingly per the requirements of the bid packages. Bidders should reference the "Additional Requirements" section of the bid instructions and/or the "Important Notice to Bidders" included in the bid package for specific requirements to respond accordingly.

Effective August 1, 2016, please be advised:

- Affidavits (Non-Public Works Affidavit or Public Works Affidavit) – as you are aware, bidders are required to submit affidavits pursuant to LA public bid law and Jefferson Parish Code of Ordinances. Bidders must read each bid package to ensure compliance. Effective August 1st, ***affidavits are required with bid submission***. While copies are acceptable to include with bid submission, original affidavits are required upon contract execution. Original affidavits are encouraged with bid submission.
- Current W9 Forms and vendor applications may be submitted at any time; however, if your company is not registered and/or a current W-9 form is not on file, a current W-9 form must be supplied upon contract execution, should you be awarded a contract and/or issued a purchase order.
- Upon contract execution, successful bidder must continue producing final insurance certificates per standard Jefferson Parish insurance requirements. Proof of insurance is required for bidding purposes. Bidders must read the insurance requirements attachment included in each bid package for specific instructions.

These changes are pursuant Louisiana Public Bid Law more specifically, Act 406 of the 2016 Louisiana Legislative Regular Session. For the purposes of this communication, this change applies to Jefferson Parish Government bid solicitations only. For more information, please call Jefferson Parish Purchasing at 504-364-2678.

Bid Proposal No. 50-00117630
Addendum No. 1

DEPARTMENT OF THE ARMY
CORPS OF ENGINEERS, NEW ORLEANS DISTRICT
P. O. BOX 60267
NEW ORLEANS, LA 70160-0267

September 15, 2016

REPLY TO
ATTENTION OF

Operations Division
Operations Manager
Completed Works

Mr. John Monzon P.E., M.ASCE - Regional Director
Southeast Louisiana Flood Protection Authority - West
West Jefferson Levee District
7001 River Road
Marrero, Louisiana 70072

Dear Mr. Monzon:

We have received a letter request, dated May 11, 2016, from Digital Engineering, Inc., on behalf of Jefferson Parish Department of Water, concerning permission to replace 13,100 linear feet of a water line from Willswood Lane to Rivet Boulevard landward of the right descending Mississippi River levee, between second order levee stations 120+00 and 257+00, at Westwego, Louisiana, in Jefferson Parish.

We have no objection to your Office's issuance of a permit for the proposed work provided:

a. The work is accomplished in accordance with the above referenced letter and accompanying drawings.

b. All drilling work is performed and completed while the stage of the Mississippi River is below elevation +11.0 feet on the Carrollton gage, at New Orleans, Louisiana. Information concerning current river stages may be obtained on our website at www.mvn.usace.army.mil.

c. Drilling fluid is not allowed in the directional drilling process.

d. All excavation work is performed and backfilled while the stage of the Mississippi River is below elevation +11.0 feet on the Carrollton gage, at New Orleans, Louisiana.

e. All open excavations need to be backfilled to natural ground prior to the river stage rising to +11.0 feet on the Carrollton gage, at New Orleans, Louisiana.

Bid Proposal No. 50-00117630
Addendum No. 1

-2-

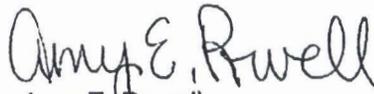

d. The applicant must provide written notification to this office of the construction timeline to include the proposed start and end dates. Additionally, the applicant must notify this office prior to commencement and upon completion of the work permitted herein.

This letter of no objection is based upon engineering criteria, and no interpretation or comments regarding local laws, zoning, or ordinances concerning property rights, etc., have been made. Additionally, this letter of no objection does not obviate the applicant's requirement to obtain federal, state, or local permits required by law, and no work should commence until all necessary permits are required.

If you have any questions, please contact me or Mayra Flores of my office at 504-862-2241 or 504-862-2459, respectively. Additionally, future correspondence concerning this project should reference our Letter of No Objection number 16-503. This will allow us to more easily locate records of previous correspondence, and thus provide a quicker response.

Please furnish this office a copy of your permit if the applicant's proposal is approved by your Office.

Sincerely,

Amy E. Powell
Operations Manager, Completed Works

IMPORTANT NOTICE TO ALL BIDDERS – BID REQUIREMENTS

Vendors may submit electronic bids with no fee for submission by using Central Auction House. Vendors may visit www.purchasing.jeffparish.net for further information and for link to Central Auction House or visit them directly at www.jeffparishbids.net. By submitting a bid, vendor agrees to comply with all provisions of Louisiana Law as well as compliance with the Jefferson Parish Code of Ordinances, Louisiana Code of Ethics, as published on <http://ethics.la.gov> and applicable Jefferson Parish ethical standards.

As per LA R.S. 38:2212(B)(2), the bid form shall contain Bid Security or Bid Bond, Acknowledgment of Addenda, Base Bid, Alternates, Signature of Bidder, Name, Title and Address of Bidder, Name of Firm or Joint Venture Corporate Resolution or other appropriate signature authorization, if required, Louisiana Contractors License Number, and on public works projects where unit prices are utilized, a section on the bid form where the unit price utilized in the bid shall be set forth; however, unit prices shall not be utilized for the construction of building projects, unless the unit price is incorporated into the base bid or alternates.

Pursuant to LA R.S. 28:2212(B)(3)(b), all bidders bidding on public works for Jefferson Parish shall submit all bid forms as required by statute or by LA Administrative Code to the governing authority of Jefferson Parish or by Jefferson Parish Code of Ordinances and the Jefferson Parish General Terms and Conditions with bid submission. Failure to provide said information and documentation with bid submission shall be grounds to declare the bid non-responsive. This required information and documentation includes, but is not limited to, the Public Works Bid Affidavit and current insurance certificate. For bidding purposes, all bidders must submit with bid submission completed, signed and properly notarized affidavits, including: Non-Conviction Affidavit, Non-Collusion Affidavit, Campaign Contribution Affidavit, Debt Disclosures Affidavit and E-Verify Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled PUBLIC WORKS BID AFFIDAVIT, which is included in this bid package. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

Bidders must review the bid specifications and include any other required documentation as appropriate, especially if federal funding regulations and requirements apply. Please note that the payment and performance bonds must be supplied by the successful bidder upon contract signing. Further, while Jefferson Parish may have these on file, all bidders are encouraged to furnish their current W-9 Form and respective Tax Identification Numbers with bid submission; records on file may be invalid or expired. However, the successful bidder must submit a W-9 Form and respective Tax Identification Number upon contract execution. Failure to do so may result in payment delays.

Louisiana Contractor's License shall be in the following category:

Municipal and Public Works Construction

Probable Construction Cost: \$ 1,885,700.00

Bidder agrees that this bid shall be good and may not be withdrawn for a period of forty-five (45) calendar days after the scheduled closing time for receiving bids. In the event the Owner issues the Letter of Award (copy of adopted resolution awarding bid by Jefferson Parish Council) during this period, the bid accepted shall continue to remain binding until the execution of the Contract.

Bid Proposal No. 50-00117630
Addendum No. 1

Low Bidder will execute the formal agreement and will deliver a Performance Bond or Bonds for the faithful performance of the Contract.

Bid Security, in the sum of five percent (5%) of the total bid price (Base Bid and any Alternates), is to become the property of the Owner in the event the successful bidder fails or refuses to execute the Contract or fails to produce performance and payment bonds upon contract signing. If submitting a bid online, vendors must submit an electronic bid bond through the respective online clearinghouse bond management system(s) as indicated in the electronic bid Solicitation on Central Auction House. No scanned paper copies of any bid bond will be accepted as part of the electronic bid submission.

Further, upon receiving a notice to proceed, the Bidder agrees that all work shall be completed as follows: Within 180 calendar days of Notice to Proceed

Further, as per Resolutions 113646 and 113647, the Bidder agrees to pay, as liquidated damages, the sum of \$500.00 as follows for: (1) each consecutive calendar day after the agreed date of completion that the work remains substantially incomplete, or (2) each consecutive calendar day after substantial completion that the work has not been finally completed.

In addition to and not in lieu of the per diem liquidated damages, Owner shall also be entitled to recover from Contractor or Contractor's Surety additional liquidated damages as detailed in Resolutions 113646 and 113647. These additional liquidated damages may include, but are not limited to the following, in the amounts and for each of the items identified in the Supplementary Conditions:

- (1) Extended architectural and/or engineering fees \$ 265.00 ;
- (2) Extended Resident Project Representative fees \$ 520.00 ;
- (3) Extended construction management fees \$ 322.00 ;
- (4) Extended Owner's overhead and personnel expenses \$ 265.00 ; and
- (5) Owner's other costs directly related to the delay in completion beyond the Contract Times.

In addition to liquidated damages, in accordance with Section 6.02, "Labor; Working Hours," whenever Contractor's work requires inspections in excess of the budgeted amount for inspection, Contractor shall reimburse Owner for the additional costs incurred by the Owner with respect to inspection of the contracted project provided the additional costs for inspections are above the budgeted amount for the contracted project.

For this project, the Project Representative Services, in accordance with the terms of the Engineer's agreement with the Owner, provides that the average hourly rate to be charged for resident inspection for this construction project is \$ 65.00 and the reasonable budget for such inspections is \$ 90,000.00 (the overtime rates shall be \$ 78.00 per hour). The cost of inspection in excess of this budgeted amount shall be assessed against Contractor's progress payments, all in accordance with LSA R.S. 38:2216(L)(2).

It shall be the duty of every parish officer, employee, department, agency, special district, board, and commission; and the duty of every contractor, subcontractor, and licensee of the parish, and the duty of every applicant for certification of eligibility for a parish contract or program, to cooperate with the inspector general in any investigation, audit, inspection, performance review, or hearing pursuant to this chapter. Every parish contract and every bid, proposal, application or solicitation for a parish contract, and every application for certification of eligibility for a parish contract or program shall contain a statement that the corporation, partnership, or person understands and will abide by all provisions of this chapter.

CONCRETE PAVEMENTS

ROADWAY RESTORATION

A. REPLACEMENT OF QUARTER POINT JOINTED SLABS

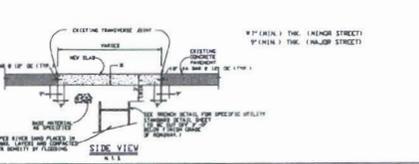

- NOTE:**
- IF TRENCH IS BETWEEN THE EDGE OF THE ROAD AND 1/2 QUARTER POINT, REMOVE SLAB TO THE QUARTER POINT AND REPLACE THE SECTION TO GRADE AND THICKNESS AS SPECIFIED AND FORM BUTT JOINT.
 - IF TRENCH IS BETWEEN THE CURB AND CENTERLINE OF SLAB, PART THE QUARTER POINT, SAW CUT THE PAVEMENT ALONG CENTERLINE, REMOVE HALF THE SLAB, REPLACE HALF SLAB WITH NEW CONCRETE TO SPECIFIED THICKNESS AND FORM A BUTT JOINT ALONG CENTERLINE.
 - EXISTING SLOPE MAY BE PARALLEL OR TANGENT. SLOPE OF THE NEW SLAB SHALL MATCH THE EXISTING SLAB.

B. REPLACING JOINT WITH DAMAGED STARBUCK SITUATION

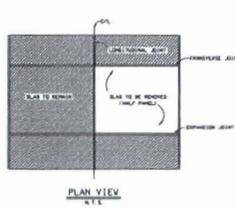

- NOTE (CONT.):**
- REMOVE ALL OF THE STARBUCKS FROM THE EXISTING SECTION OF CONCRETE WITH DRAINING THE SLAB.
 - DRILL 1/4" DIA. HOLES 1/2" IN LENGTH BETWEEN STARBUCK LOCATIONS IN THE EXISTING SLAB AT CENTER OF SLAB.
 - INSERT A 1/2" DIA. STEEL BOLT AND GROUT WITH APPROXIMATE 1:1 RATIO.
 - GRAB THE REMAINDER OF THE BOLT AND SLIT A 1/2" PLASTIC SLEEVE FILLED WITH GREASE OVER END OF BOLT AS SHOWN IN DETAIL.
 - POUR THE NEW SLAB WITH SMOOTH BOLT AND IN POSITION.
 - DO NOT USE CONCRETE UNDER EXPANSION JOINT.
 - IF THE EXPANSION BOARD IS DAMAGED AND CANNOT BE SALVAGED, REMOVE THE BOARD AND REPLACE.

C. CONCRETE REPLACEMENT OVER TRENCH

D. REPLACEMENT OF HALF PANEL SLABS

- NOTE (CONT.):**
- REMOVE THE SLAB JOINT TO JOINT.
 - REPLACE EXPANSION JOINT TRANSVERSE OR LONGITUDINAL JOINT AS NEEDED.
 - REPAIR THE BASE TO GRADE.
 - FILL SLOPE SPOTS, GRADE THE AREA WITH RIVER SAND AND RECOMPACT.
 - POUR THE NEW SLAB TO REQUIRED GRADE AND APPROPRIATE THICKNESS.
 - REPAIR THE ADJACENT DAMAGED AREAS AS NEEDED WITH CRISP OR OTHER APPROVED GRADE.
 - REMOVE CONCRETE SLAB JOINT TO JOINT.
 - LONGITUDINAL JOINTS SHALL BE RESTORED IN ACCORDANCE WITH JEFFERSON PARISH STANDARD PRACTICE.

GENERAL

- CONTRACTOR IS RESPONSIBLE FOR CLEANING UP ALL DIRT OFF THE STREET AS A RESULT OF HIS CONSTRUCTION ACTIVITIES DURING CONTRACT PERIOD.
- CONTRACTOR IS RESPONSIBLE FOR REPAIRING ALL DAMAGE TO ADJACENT PAVEMENT WHICH RESULTS FROM HIS CONSTRUCTION ACTIVITIES.
- BRIDGE APPROACH SLABS AT SPECIAL LOCATIONS SHALL BE RECONSTRUCTED TO ACCOMMODATE FULL REQUIREMENTS AND CONDITIONS. SUBJECT TO APPROVAL BY THE DEPARTMENT OF PUBLIC WORKS.
- CONTRACTOR IS REQUIRED TO EXTEND WORK UNDER-BASE MINIMUM OF 2 FEET BEFORE THE EDGE OF CONCRETE PAVEMENT OR ONE FOOT OF BASE COURSE (TYPICAL) FOR ASPHALT PAVEMENTS.
- CONCRETE MIX FOR CURING SHALL BE THE SAME AS THAT OF THE ROADWAY.
- AS IS (IF AVAILABLE) VERTICAL CURB, THE GUTTER LINE OF THE ROADWAY SHALL BE MAINTAINED FOR SMOOTH FLOW OF SURFACE RUNOFF TO THE NEAREST DRAINAGE (HOLE).
- ALL TRAFFIC CONTROL DETAILS SHALL BE APPROVED BY THE TRAFFIC ENGINEERING DIVISION OF THE OFFICE OF PUBLIC WORKS ENGINEERING.

CONCRETE ROADWAY

- ALL CONCRETE ROADWAY DIRECTLY AFFECTED BY CONSTRUCTION OR DAMAGED AS A RESULT OF THE CONTRACTOR'S OPERATIONS SHALL BE REMOVED AND REPLACED FROM JOINT TO JOINT, UNLESS OTHERWISE DIRECTED BY THE ENGINEER AND APPROVED BY JEFFERSON PARISH DEPARTMENT OF PUBLIC WORKS.
- TRANSVERSE EXPANSION OR CONTRACTION LONGITUDINAL AND CONTRACTION JOINTS SHALL ALL BE INSTALLED IN ACCORDANCE WITH JEFFERSON PARISH DEPARTMENT OF PUBLIC WORKS STANDARD DETAILS. IN CASE WHERE THE SECTION OF ROADWAY TO BE RESTORED MATCHES AN EXISTING ROADWAY, ALL TRANSVERSE AND LONGITUDINAL JOINTS SHALL BE OF THE SAME TYPE AS THE EXISTING JOINTS (EXPANSION, CONTRACTION, ETC.) AND, IN ADDITION, INCLUDE THE MINIMUM NUMBER AND SPACING OF CONTRACTION JOINTS DOWN TO THE STANDARD.
- BEFORE RESTORATION OF THE ROADWAY, THE ENGINEER SHALL FORWARD TO THE DEPARTMENT OF PUBLIC WORKS A CONCRETE MIX SUBMITTAL PREPARED BY A REPUTABLE TESTING LABORATORY FOR THEIR APPROVAL.
- THE THICKNESS OF THE CONCRETE PAVEMENT IS SEVEN INCHES FOR MAJOR STREETS AND NINE INCHES FOR MAJOR STREETS. ALL CONCRETE PAVEMENT SHALL BE REINFORCED.
- THE FINAL ROADWAY SHALL HAVE "ROAD FINISH" AS ESTABLISHED UNDER LOUISIANA STANDARD SPECIFICATIONS FOR ROADS AND BRIDGES' LATEST EDITION, UNLESS A FINISH EXISTS.
- DEFINITE TESTS WILL BE REQUIRED FOR ALL ROADWAY BASE MATERIALS WHERE REQUIRED IN THE CONTRACT. THE CONTRACTOR SHALL NOT BE ALLOWED TO RESTORE THE ROADWAY UNTIL ALL DEFINITE TESTS HAVE BEEN COMPLETED AND THE RESULTS MET DEPARTMENT OF PUBLIC WORKS SPECIFICATIONS.
- THE CONTRACTOR SHALL GIVE A MINIMUM NOTICE OF 24 HOURS (EXCLUDING WEEKENDS AND HOLIDAYS) TO THE ENGINEER AND THE RELEVANT TESTING LABORATORY PRIOR TO THE POURING OF ANY CONCRETE FOR ROADWAY RESTORATION.

CONCRETE REQUIREMENTS

- 7 SACKS OF CEMENT PER CUBIC YARD
 - 4" TO 1/2" SLUMP RANGE
 - THE ATTAINMENT OF A COMPRESSIVE STRENGTH OF 4,000 PSI MIN IS DESIRABLE, EITHER THREE (3) DAYS OF THE POUR (IF STREET IS TO BE OPENED)
- THE PAVEMENT SHALL NOT BE OPENED TO TRAFFIC UNTIL A COMPRESSIVE STRENGTH OF 4,000 PSI IS ATTAINED. IN NO CASE SHALL THE PAVEMENT BE OPENED TO TRAFFIC WITHIN A THREE (3) DAY PERIOD AFTER THE CONCRETE HAS BEEN PLACED.
- DEFINITE REQUIREMENTS (STANDARD PRACTICE):
- BASE COURSE (SANDS) - 1/2"
 - BASE COURSE (SANDS) - 1/2"
 - DOT-BASE (SANDS) - 1/2"
- TESTING REQUIREMENTS:
- ONE BASE THICKNESS VERIFICATION PER 400 SQUARE YARDS OR FRACTION THEREOF
 - ONE DEFINITE TEST ON SUB-BASE (IF APPLICABLE) AND BASE MATERIAL PER 400 SQUARE YARDS OR FRACTION THEREOF
 - ONE SLUMP TEST MINIMUM PER 100 CUBIC YARDS OF CONCRETE OR FRACTION THEREOF
 - FOUR (4) CILINDRICAL MINIMUM PER 100 CUBIC YARDS OF CONCRETE OR FRACTION THEREOF
 - ONE PAVEMENT CORE FOR THICKNESS VERIFICATION PER 400 SQUARE YARDS OF PAVEMENT OR FRACTION THEREOF
- ADDITIONAL SPECIFICS: SLUMP, CYLINDRICAL CORES, ETC., WILL BE REQUIRED FOR ISOLATED AREAS.

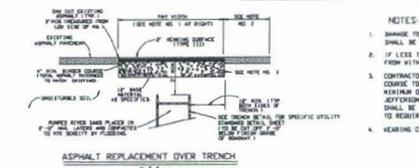

ASPHALT ROADWAY

- SAW CUTTING USING A CONCRETE CUTTING TYPE SAW TO MAKE A TRUE STRAIGHT LINE TO A MINIMUM DEPTH OF ONE (1) INCH SHALL BE REQUIRED ALONG THE ENTIRE LENGTH OF THE AFFECTED AREA OF REMOVAL. UNLESS OTHER METHODS ARE RECOMMENDED BY THE ENGINEER AND APPROVED BY THE DEPARTMENT OF PUBLIC WORKS.
- REQUIREMENTS 3 AND 10 SPECIFIED UNDER CONCRETE ROADWAY (ABOVE) SHALL ALSO APPLY FOR ASPHALT.
- JOINT MIX FORMULA (PER LA. S.D.E.S. STANDARD)
- ALL CONSTRUCTION MATERIALS, PROCEDURES, TESTING, FINISHING, ETC., SHALL CONFORM TO THE LOUISIANA STANDARD SPECIFICATIONS FOR ROADS AND BRIDGES' LATEST EDITION. DEVIATIONS FROM THESE SPECIFICATIONS SHALL HAVE TO BE APPROVED BY JEFFERSON PARISH DEPARTMENT OF PUBLIC WORKS.

TYPICAL ROADWAY RESTORATION PLAN WILL BE IN CONJUNCTION WITH THE FOLLOWING:

- TYPICAL ROADWAY DETAIL SHEET 1 OF 2 REVISED 04/24/15
- SHEET 2 OF 2 REVISED 04/24/15
- TYPICAL DRAINAGE DETAIL SHEET 1 OF 2 REVISED 07/11/13
- SHEET 2 OF 2 REVISED 07/11/13
- TYPICAL SIDEWALK DETAIL SHEET 1 OF 1 REVISED 04/24/15
- TYPICAL WATER DETAIL SHEET 1 OF 1 REVISED 03/08/15
- TYPICAL SEWER DETAIL SHEET 1 OF 2 REVISED 07/11/13
- SHEET 2 OF 2 REVISED 07/11/13
- TYPICAL CROWN & PIPE DETAIL SHEET 1 OF 1 REVISED 03/08/15

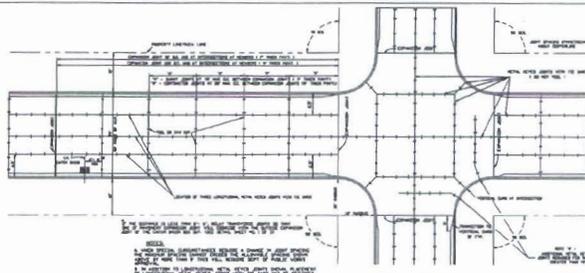

ASPHALT PAVEMENTS

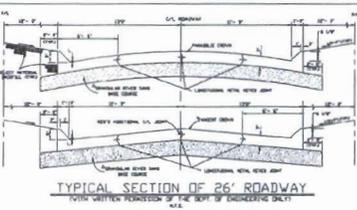

- NOTES:**
- DAMAGE TO STREET CAUSED BY CONTRACTOR'S OPERATIONS BEYOND PAY LIMITS SHALL BE REPAIRED AND REPLACED AT HIS (CONTRACTOR'S) COST TO THE GRADE.
 - IF LESS THAN 1/2" FROM EDGE OF CUT TO EDGE OF ROAD, REMOVE ALL ROAD FROM WITHIN THE STRIP AND INCLUDE IN THE PAY VESTING.
 - CONTRACTOR SHALL BACKFILL WITH BASE MATERIAL AND 1/2" OF ASPHALT BINDER COURSE TO EXISTING GRADE AND MAINTAIN AREA AS A FINISH SURFACE FOR A MINIMUM OF ONE MONTH OF ALL DIRECTED BY THE ENGINEER AND APPROVED BY JEFFERSON PARISH DEPARTMENT OF PUBLIC WORKS. ASPHALT BINDER MATERIAL SHALL BE REMOVED FROM TRENCH AND EXPOSED SUBGRADE MECHANICALLY COMPACTED TO REQUIRED COMPRESSION PRIOR TO ASPHALT PLACEMENT.
 - WEARING COURSE MIX MAY BE USED AS A BINDER BUT NOT VICE-VERSA.

TYPICAL SECTION
(STREET WITH CURB)
(N.T.S.)

- ① THE TYPICAL STANDARD SLOPE WITHIN ① IS 5.2% (5/100 PER FOOT). THE MAXIMUM ALLOWABLE SLOPE WITHIN ① IS 7.3% (73/1000 PER FOOT) IN THE VICINITY OF AREAS ADJACENT TO EXISTING OR PROPOSED DRIVEWAYS. ANY SLOPE WITHIN ① GREATER THAN THE TYPICAL STANDARD SLOPE OF 5.2% (5/100 PER FOOT) MUST BE APPROVED IN WRITING BY MR. ERROL MARTIN, JR., ENGINEERING DIVISION SUPERVISOR, AT 564-736-6793 PRIOR TO CONSTRUCTION.
- ② DRIVEWAYS MUST BE DESIGNED AND CONSTRUCTED TO PROVIDE FOR A MAXIMUM LONGITUDINAL SIDEWALK SLOPE OF 8.33% (1/12 PER FOOT), WHICH INCLUDES THE LONGITUDINAL TRANSITION FROM NEW SIDEWALK TO EXISTING SIDEWALK LOCATED AT THE ADJACENT PROPERTY LINE.

※ RESIDENTIAL SIDEWALK SPECIFICATIONS ※

- CONTACT THE DEPARTMENT OF ENGINEERING AT (504)736-6793 PRIOR TO BEGINNING ANY SIDEWALK CONSTRUCTION. ANY DEVIATION FROM STANDARD DETAILS AND SPECIFICATIONS WILL NEED THE APPROVAL OF THE DIRECTOR OF ENGINEERING.
- ALL SIDEWALKS SHALL BE CONSTRUCTED OF PORTLAND CEMENT CONCRETE AND HAVE A COMPRESSIVE STRENGTH OF THREE THOUSAND (3000) POUNDS PER SQUARE INCH IN TWENTY-EIGHT DAYS.
- ALL (OPC) SIDEWALKS SHALL HAVE A MINIMUM THICKNESS OF FOUR (4) INCHES.
- ALL (OPC) SIDEWALKS SHALL BE CONSTRUCTED AT A DISTANCE OF ONE (1) FOOT FROM THE PROPERTY LINE UNLESS OTHERWISE ALLOWED BY THE DIRECTOR OF THE DEPARTMENT OF ENGINEERING.
- ALL (OPC) SIDEWALKS SHALL HAVE A MINIMUM WIDTH OF FOUR (4) FEET.
- ALL (OPC) SIDEWALKS SHALL BE SCORED AT FOUR (4) FOOT INTERVALS TO A DEPTH OF 3/4".
- ALL (OPC) SIDEWALK SHALL HAVE EXPANSION JOINTS NO FURTHER APART THAN TWENTY (20) FEET. EXPANSION JOINTS SHALL BE CONSTRUCTED OF THREE-FOURTH INCH THICK TREATED (ROT-RESISTANT) TIMBER, OR REDWOOD WITH MINIMUM OF FOUR #10 NAILS DRIVEN THROUGH EACH SIDE (SEE PERSPECTIVE "B").
- ALL (OPC) EDGES SHALL BE TOOLED TO ONE-FOURTH (1/4) INCH RADIUS.
- NO OBSTRUCTIONS OR OPEN GRATES FOR DRAIN LINES WILL BE ALLOWED IN SIDE WALK. (SEE DETAIL FOR GOING AROUND OBSTRUCTIONS.)
- HANDICAPPED RAMPS AT CORNERS WILL BE CONSTRUCTED WITH DETECTABLE WARNINGS CONSISTING OF TRUNCATED DOMES. (SEE TYPICAL DETAILS.)
- TRANSITION RAMPS CONSTRUCTED WHERE NEW SIDEWALK MEETS EXISTING SIDEWALK SHALL HAVE A MAXIMUM SLOPE OF 8.33% (1/12 PER FOOT). SUCH RAMPS SHALL NOT EXTEND BEYOND THE PROJECTED SIDE PROPERTY LINES AND SHALL HAVE AN EXPANSION JOINT AT TOP OF SLOPE. PLACE EXPANSION JOINT AT BOTTOM OF SLOPE IF POSSIBLE (SEE ELEVATION VIEW "A").

NOTES:

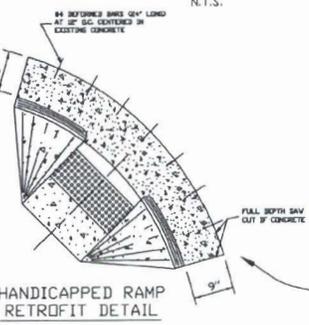

1. TRUNCATED DOMES IN A DETECTABLE WARNING SURFACE SHALL HAVE A BASE DIAMETER OF 0.9 INCHES (23 mm) MINIMUM TO 1.4 INCHES (36 mm) MAXIMUM, A TOP DIAMETER OF 50% OF THE BASE DIAMETER MINIMUM TO 45% OF THE BASE DIAMETER MAXIMUM, AND A HEIGHT OF 0.2 INCHES (5 mm).
2. TRUNCATED DOMES IN A DETECTABLE WARNING SURFACE SHALL HAVE A CENTER-TO-CENTER SPACING OF 1.6 INCHES (41 mm) MINIMUM AND 2.4 INCHES (61 mm) MAXIMUM, AND A BASE-TO-BASE SPACING OF 0.65 INCHES (16 mm) MINIMUM, MEASURED BETWEEN THE MOST ADJACENT DOMES ON SQUARE GRID.
3. TRUNCATED DOMES SURFACES SHALL CONTRAST VISUALLY WITH ADJACENT WALKING SURFACES EITHER LIGHT-ON-DARK, OR DARK ON LIGHT.
4. THE MATERIAL USED TO PROVIDE CONTRAST SHALL BE AN INTEGRAL PART OF THE WALKING SURFACE. DETECTABLE WARNINGS USED ON INTERIOR SURFACES SHALL BUFFER FROM ADJOINING WALKING SURFACES IN RESILIENCY OR SOUND-ON-CANE CONTACT.
5. TRUNCATED DOMES ON CURB RAMPS WITHIN THE STREET R.O.V. SHALL BE CAST-IN-PLACE PREFABRICATED DETECTABLE WARNING UNITS INSTALLED DIRECTLY IN WET CONCRETE. SURFACE APPLIED OR SURFACE MOUNTED SYSTEMS WITH MECHANICAL OR ADHESIVE ANCHORAGE ARE NOT ACCEPTABLE.
6. TRUNCATED DOMES SHALL COVER AT LEAST 2 FEET IN DEPTH AND EXTEND FULL WIDTH OF THE RAMP. ANY RAMP HAVING FLARED SIDES WILL NOT BE REQUIRED TO HAVE THESE DETECTABLE WARNINGS ON THE FLARES.
7. THE LIMITS OF THE MAIN SURFACE OF THE RAMP ON WHICH THE DETECTABLE WARNINGS ARE PLACED SHALL HAVE A REDDISH COLOR SIMILAR TO THAT OF 'TERRA COTTA'. THE COLOR MUST BE APPROVED BY JEFFERSON PARISH DEPARTMENT OF ENGINEERING.

8. STAMPING OF TRUNCATED DOMES WITHIN THE R.O.V. WILL NOT BE ALLOWED.

DATE ISSUED: October 3, 2016

BID DATE: October 13, 2016 at 2:00 PM
(Extended from October 4, 2016)

BID LOCATION: Jefferson Parish General Government Building
Jefferson Parish Purchasing Dept., Suite 4400
200 Derbigny St., Gretna, LA 70053

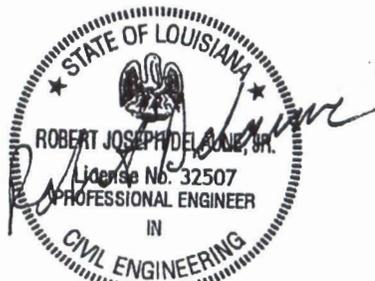

This addendum shall be part of the Contract Documents as provided in the Instructions to Bidders.

The following items are issued to add to, modify, and clarify the Contract Documents. These items shall have full force and effect as the Contract Documents, and the cost involved shall be included in the bid prices.

Acknowledge receipt of the addendum by inserting its number and date on the Bid Form of the Bid Documents. Failure to do so may subject the bidder to disqualifications.

This Addendum No. 2 consists of 2 pages including the title sheet and all attachments.

Bid Proposal No. 50-00117630

Addendum No. 2

10-3-16

General

Bid opening on this project is postponed for seven working days to October 13, 2016.

- Reason for postponement:
Finalizing utility permit with the Louisiana Department of Transportation and Development
- Further clarification will be issued under separate addendum.

This Addendum No. 3 consists of 40 pages including the title sheet and all attachments.

Bid Proposal No. 50-00117630

Addendum No. 3

General

Asphalt Patching and Restoration Requirements

All areas of asphalt roadway and driveways which are impacted by construction of the waterline are to receive a 12" temporary asphaltic pavement patch as per the details on Sheet 35 of the plans at the conclusion of each working day. Work associated with Asphalt Patching shall be paid under

510-01-00100 – Asphalt Patching

Fourteen (14) days after the completion of installation of any asphalt patch within roadways, one-half to one full lane of the roadway (does not include asphalt driveways) shall be milled and overlaid (2" thick) as per the details on Sheet 35 of the plans. The pavement patch will remain in place. Backfill requirements for pipe trench shall be as shown on Sheet 33 of the plans. Bid items related to the milling and overlaying of the roadway include:

502-01-00100 – Superpave Asphaltic Pavement

509-01-00100 – Cold Planing Asphaltic Concrete Pavement

Work associated with these items for asphalt patching and restoration shall be performed in accordance with their respective sections of the Louisiana Standard Specifications for Roads and Bridges, 2006 Edition (Blue Book), and latest revisions, or as amended herein.

Louisiana Uniform Public Work Bid Form

The following bid items have been removed from the bid form.

202-02-02000 – Removal of Asphalt Pavement

202-02-02020 – Removal of Asphalt Concrete Pavement

S-004 – Asphalt Patching

The following bid items have been added to the bid form.

510-01-00100 – Asphalt Patching

502-01-00100 – Superpave Asphaltic Pavement

509-01-00100 – Cold Planing Asphaltic Concrete Pavement

Front Ends

A revised bid form dated October 10, 2016 is attached as part of this addendum which includes revised and new items. The item numbers revised or added as part of this addendum include 701-03-00100, 701-03-00101, 510-01-00100, 502-01-00100, 509-01-00100, S-001, W-712, W-901 and S-004.

Drawings

Sheet No. 2 General Notes and Legend

Add the following general note number 19.

19. Fire hydrants and valves shall not be installed within ditches. The fire hydrant ductile iron spool piece shown on the fire hydrant assembly detail on sheet no. 33 shall be extended at no direct pay to move the fire hydrant valve and assembly outside the limits of existing ditches.

Add the following general note number 20.

20. All new driveway pipes installed any diameter in size shall be placed at an elevation that will allow for positive drainage towards the nearest outfall. Before these new driveway pipes are placed, the designated LDOTD District 02 Engineer shall approve the elevation at which the new pipe will be placed. Any new driveway pipes set at an unapproved elevation shall be removed and placed at the proper elevation at no additional cost to the Owner.

Add the following general note number 21.

21. When waterline crosses or runs parallel to the ditch side slope or bottom of ditch three feet of depth shall be required from the ditch side slope or bottom of ditch. If offsets are required to attain three feet of depth clearance the fittings used for offsets will be paid under Item No. W-901.

Sheet No. 4

Quantities have been updated, items were deleted and new items were added.

Sheet No. 6, 7, 10, 11, 12, 20, 21, and 22

Revised waterline alignment.

Sheet No. 8

Offset below drain manhole.

Sheet No. 9

Removed air release valve.

Sheet No. 16

Revised minimum clearance to 3 feet for waterline offset.

Sheet No. 19

Added 24" RCP drain pipe installation.

Sheet No. 32

Added drainage ditch and offset.

Sheet No. 35

Removed ARV detail and Trench Near Edge of Roadway Detail. Added concrete bollard detail and Typical Section – Trench in Roadway detail.

Jefferson Parish Typical Roadway Restoration Detail Issued in Addendum No. 1

The asphalt replacement over trench on this detail sheet shall not be used. A new detail for asphalt pavement trench in roadway is included in this addendum and shall be used for asphalt removal and replacement on this project.

Technical Specifications

Section 01025

Delete Section 01025-4.04 REMOVAL OF ASPHALT PAVEMENT (ITEM NO. 202-02-02000)

Delete Section 01025-4.06 REMOVAL OF ASPHALTIC CONCRETE PAVEMENT (ITEM NO. 202-02-02020)

Delete Section 01025-4.09 24" RCP DRIVEWAY PIPE REPLACEMENT (ITEM NO. 701-03) and replace with the following:

4.09 24" RCP NEW DRIVEWAY PIPE (ITEM NO. 701-03-00100)

- A. Measurement: Measurement for payment for 24" RCP Driveway Pipe Replacement will be made on a per each basis.
- B. Payment: Payment for this item will be made at the per each price bid and will constitute full compensation for providing all labor, materials, equipment and incidentals required for removing the existing driveway pipe if necessary as instructed by the engineer and installing a new 24" RCP driveway pipe. Excavation, geotextile fabric, backfill, bedding material, and all incidentals required for removal if necessary and installation of the 24" RCP pipe shall be included in the unit price for this item.

Delete Section 01025-4.18 ASPHALT PATCHING (ITEM NO. S-004)

Delete Section 01025-4.34 AIR RELEASE VALVE WITH MANHOLE (ITEM NO. NS-P55-23500) and replace with the following:

4.34 18" RCP NEW DRIVEWAY PIPE (ITEM NO. 701-03-00101)

- A. Measurement: Measurement for payment for 18" RCP Driveway Pipe Replacement will be made on a per each basis.
- B. Payment: Payment for this item will be made at the per each price bid and will constitute full compensation for providing all labor, materials, equipment and incidentals required for removing the existing driveway pipe if necessary as instructed by the engineer and installing a new 18" RCP driveway pipe. Excavation, geotextile fabric, backfill, bedding

material, and all incidentals required for removal if necessary and installation of the 18" RCP pipe shall be included in the unit price for this item.

Add the following to the end of the Measurement and Payment Section:

4.41 REMOVE AND REPLACE CONCRETE BOLLARDS (ITEM NO. S-001)

- A. Measurement: Measurement for payment for removal and replacement of concrete bollards will be made on a per each basis.
- B. Payment: Payment for this item will be made at the per each price bid and will constitute full compensation for providing all labor, materials, equipment and incidentals required for removal and replacement of concrete bollards

4.42. REMOVE AND REPLACE WOODEN BOLLARDS (ITEM NO. S-004)

- A. Measurement: Measurement for payment for removal and replacement of wooden bollards will be made on a per each basis.
- B. Payment: Payment for this item will be made at the per each price bid and will constitute full compensation for providing all labor, materials, equipment and incidentals required for removal and replacement of wooden bollards.

Section 02060

This section shall be added to the project construction specifications and is included with this addendum.

Section 02070

The existing specification section shall be deleted in its entirety and replace with the new section enclosed with this specification.

Note: The following items are attached and are hereby made part of this addendum:

- a) Additional Contractor's questions submitted in writing
- b) Revised Sheet Nos. 4, 6, 7, 8, 9, 10, 11, 12, 16, 19, 20, 21, 22, 32, 35
- c) Revised Louisiana Uniform Public Work Bid Form dated October 10, 2016
- d) West Jefferson Levee District Permit (For reference only. Fully executed permit will be provided to the Contractor that is awarded the project as low bidder)
- e) Section 02060 – Asphaltic Concrete
- f) Section 02070 – Asphaltic Concrete Pavement Patching

END OF ADDENDUM

River Rd. Waterline Replacement Phase 2
Willswood Lane to Rivet Blvd.
Contractor Questions and Answers

Global Contractors Questions and Answers

Question 1: Asphalt removal and replacement is somewhat confusing. A new Asphalt Restoration drawing was issued with addendum no. 1 and should take precedence. It calls for 6" (previously 12" polymer). It also calls out to use a 6" binder course for temporary 6" binder to be removed prior to permanent asphalt replacement. Can you add an item for saw cut? Can you add an item for the temporary binder course? Will the Traffic Maintenance Aggregate Item still be used and paid for prior to the temporary asphalt? Can you delete Specification Section 02070 Asphalt Concrete Pavement Patching and replace with a new Measurement and Payment to reflect the new asphalt restoration drawing? Section 02070 calls for 12" thick Polymer Asphalt and the new drawing calls for 4" Binder and 2" Type III wearing course.

Answer 1: A new asphalt patching detail is included in this addendum and the bid items, measurement and payment and asphalt concrete pavement patching technical specification has been revised to clarify asphalt removal and replacement.

Question 2: Drawing Sheet 35 Typical Section Trench near edge of Roadway: Does this detail still apply? Does the 12" thick Asphalt still apply? Does the mill and overlay still apply? How will all this be paid? This detail refers to Drawing Sht 36 which is "Drainage Pipe Details" (Trench Width OD + 4'). Does this detail only apply to drainage pipe installations? I am assuming we are to go by the Waterline Trench Detail on Drawing Sht 33 (Trench Width OD +2').

Answer 2: See answer to question number 1. Trench near edge of roadway detail has been removed.

Subterranean Construction, LLC

Question 1: Can you please re-visit your answer to Boh Brothers question 1 regarding sand backfill. I understand that the Jefferson Parish standard detail says to backfill with sand in streets right of way but if that was the case then every water and sewer line in the parish would get backfilled with sand because they are all in the street right of way. When we are doing subdivisions we only backfill the drain with sand because it is close to the back of curb, all sewer and water lines are backfilled with existing material. Also, by backfilling entirely with sand most of the mud will have to be loaded on trucks and hauled off which to me will change the scope of the project and require ongoing lane closures. I can't recall if your firm engineered the last phase of this project but I can tell you on that project the contractor backfilled with the existing material.

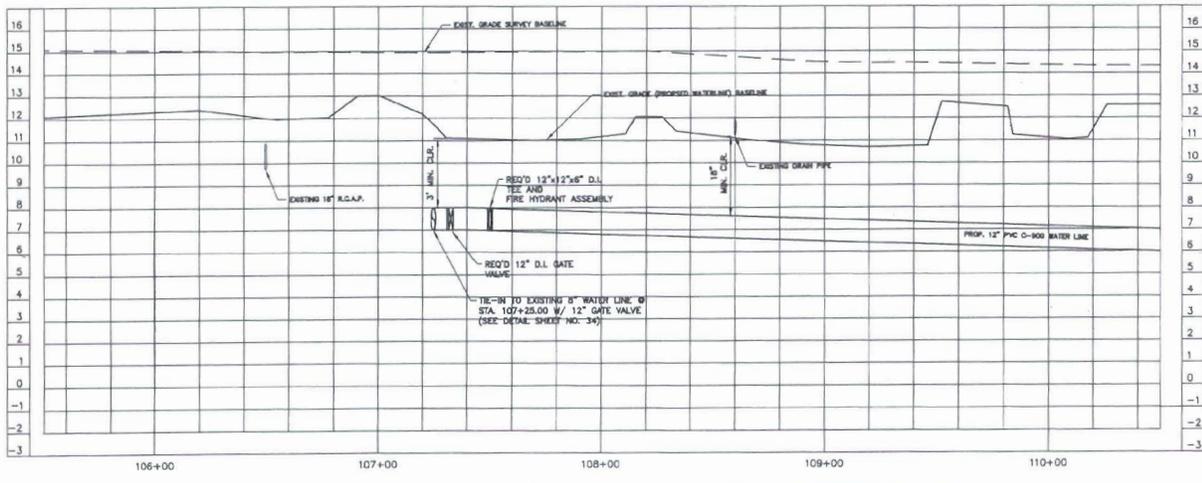

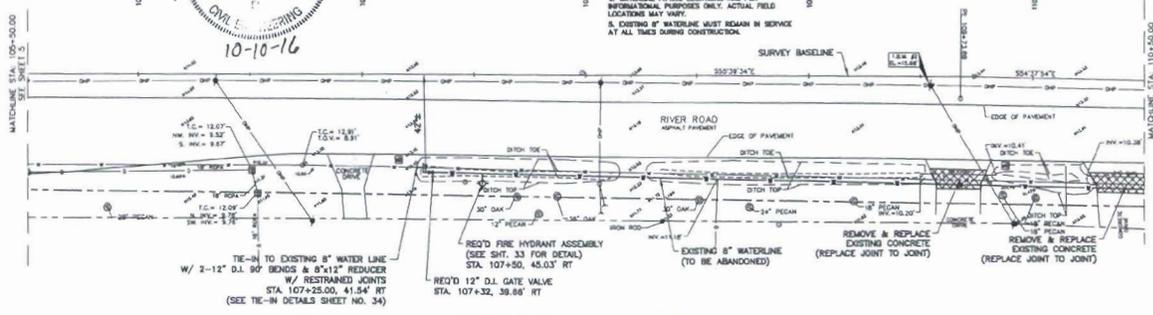

Answer 1: Backfill on the first phase of the project was river sand. River sand will be required as backfill in trenches on this project.

BID PROPOSAL No. 50-00117630
ADDENDUM No.3

- NOTES:
1. ALL STATIONING IS FROM 8PM BASELINE "BL"
 2. PROVIDE 3 FOOT MINIMUM COVER FOR NEW WATERLINE.
 3. CONTRACTOR TO LOCATE BONDERS AND FIRE SERVICES IN FIELD AND CONNECT SERVICE TO NEW WATERLINE.
 4. WATERLINE FITTING LOCATIONS ARE FOR INFORMATIONAL PURPOSES ONLY. ACTUAL FIELD LOCATIONS MAY VARY.
 5. EXISTING 8" WATERLINE MUST REMAIN IN SERVICE AT ALL TIMES DURING CONSTRUCTION.

THE #2 IS A 800 GAL. SET IN THE EAST FACE OF A POWER POLE LOCATED APPROXIMATELY 15 FEET WEST OF EXIST DITCH AND THE NORTH OF RIVER ROAD AS SHOWN HEREON. REFER TO SHEET 10-10-16 FOR DETAILS.

Bid Proposal No. 50-00117630
Addendum No. 3

West Jefferson Levee District

7001 River Road
Marrero, LA 70072

Date: 10/4/2016

Permit No.: 1003

This is to certify that Jefferson Parish
1221 ELMWOOD PARK BLVD
HARAHAN, LA 70123

is granted a permit to replace 13,100 linear feet of a water line from Willswood Lane to Rivet Boulevard landward of the right descending Mississippi River levee, between second order levee stations 120+00 and 257+00, at Westwego, Louisiana, in Jefferson Parish.

This permit is issued provided the following requirements are complied with:

- 1 All work is to be performed in accordance with the rules and regulations of the Office of Coastal Protection and Restoration and the U.S. Army Corps of Engineers (see Letters of No Objection from Office of Coastal Protection and Restoration and U.S. Army Corps of Engineers, attached).
- 2 The work is accomplished in accordance with applicant's letter dated 5/11/2016 and accompanying typical drawings.
- 3 Construction must begin within 6 months after request is approved, or a request submitted to this Board for an extension of time. Applicant must notify this office when construction work will begin. Before the start of any work covered under this permit, notice shall be given to the Levee District 72 hours in advance by contacting the Permits Group at (504) 371- 6863 or Permit@slfpaw.org
- 4 Applicant and his surety assumes all cost of proper maintenance and upkeep relative to the facility herein permitted.
- 5 That should changes in the location or section of the existing levee and/or river, or in the generally prevailing conditions in the vicinity be required in the future in the public interest, the applicant shall make such changes in the project.
- 6 The applicant agrees to indemnify and save grantor harmless from any and all liability, including liability of grantor to applicant, its heirs, successors, and/or assigns, arising out of and/or incident to the rights herein granted. Applicant further agrees to appear and defend any and all suits instituted against this Board arising out of and/or incident to this permit, and to pay in full any judgment rendered against this Board arising out of and/or incident to the granting of this permit.
- 7 This permit is valid for a period of one year. A request for renewal should be submitted to this office prior to expiration.
- 8 In addition, it is required that a copy of the permit be kept on site.
- 9 Applicant is advised that any damage to the levee as a result of applicant's activities shall be repaired at applicant's expense and to the satisfaction of the Levee District.

Operations Division
Operations Manager
Completed Works

Mr. John Monzon P.E., M.ASCE - Regional Director
Southeast Louisiana Flood Protection Authority - West
West Jefferson Levee District
7001 River Road
Marrero, Louisiana 70072

Dear Mr. Monzon:

We have received a letter request, dated May 11, 2016, from Digital Engineering, Inc., on behalf of Jefferson Parish Department of Water, concerning permission to replace 13,100 linear feet of a water line from Willswood Lane to Rivet Boulevard landward of the right descending Mississippi River levee, between second order levee stations 120+00 and 257+00, at Westwego, Louisiana, in Jefferson Parish.

We have no objection to your Office's issuance of a permit for the proposed work provided:

a. The work is accomplished in accordance with the above referenced letter and accompanying drawings.

b. All drilling work is performed and completed while the stage of the Mississippi River is below elevation +11.0 feet on the Carrollton gage, at New Orleans, Louisiana. Information concerning current river stages may be obtained on our website at www.mvn.usace.army.mil.

c. Drilling fluid is not allowed in the directional drilling process.

d. All excavation work is performed and backfilled while the stage of the Mississippi River is below elevation +11.0 feet on the Carrollton gage, at New Orleans, Louisiana.

e. All open excavations need to be backfilled to natural ground prior to the river stage rising to +11.0 feet on the Carrollton gage, at New Orleans, Louisiana.

Bid Proposal No. 50-00117630
Addendum No. 3

-2-

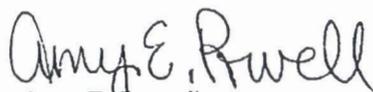

d. The applicant must provide written notification to this office of the construction timeline to include the proposed start and end dates. Additionally, the applicant must notify this office prior to commencement and upon completion of the work permitted herein.

This letter of no objection is based upon engineering criteria, and no interpretation or comments regarding local laws, zoning, or ordinances concerning property rights, etc., have been made. Additionally, this letter of no objection does not obviate the applicant's requirement to obtain federal, state, or local permits required by law, and no work should commence until all necessary permits are required.

If you have any questions, please contact me or Mayra Flores of my office at 504-862-2241 or 504-862-2459, respectively. Additionally, future correspondence concerning this project should reference our Letter of No Objection number 16-503. This will allow us to more easily locate records of previous correspondence, and thus provide a quicker response.

Please furnish this office a copy of your permit if the applicant's proposal is approved by your Office.

Sincerely,

Amy E. Powell
Operations Manager, Completed Works

Restoration Authority of Louisiana

State of Louisiana

July 11, 2016

John Bel Edwards
GOVERNOR

West Jefferson Levee District
7001 River Road
Marrero, LA 70072
Attention: Mr. John Monzon

PERMIT REQUEST FORM OF NO OBJECTION

This Letter of No Objection is not a regulatory permit and does not authorize the implementation of any project without documented approval from all appropriate regulatory authorities.

Permit Applicant: Jefferson Parish Department of Water

Date of Request 06-01-2016
Agent: Digital Engineering

Applicant's Request: Approval to abandon an existing eight-inch diameter water line and replace it with approximately 13,000-linear feet of new 12-inch diameter pipe, fire hydrants, and isolation valves. The pipe will be installed using open-cut and directional drill methods, with the expected diameter of the drill hole to be 25.3-inches. The trench excavation will be three-feet wide by a maximum of nine-feet beneath ground surface, while the average trench depth will be five-feet beneath ground surface. The closest work location is approximately 50-feet from the toe of the Mississippi River Levee.

Received 6/1/16 via e-mail
Project No. 2015-049-WR

Project Location: All work will take place on the protected side of the right-descending Mississippi River Levee, Waggaman, Jefferson Parish, Louisiana.

Project Coordinates:..... 29° 57' 42.840" , -90° 14' 38.630"

The above referenced request has been examined by Coastal Protection and Restoration Authority, and no objection is proffered for this request, provided:

1. This Letter of No Objection is only for stated work within or in the vicinity of the Levee District right-of-way, and must be accomplished in accordance with the details set forth in the applicant's request and the conditions contained herein. Any changes to the limits or scope of the proposed work must be submitted for additional review. The Levee District must be contacted in writing prior to commencement and at the end of activities. The applicant is responsible for obtaining and providing copies of any permits or lease agreements necessary from the U.S. Army Corps of Engineers, the U.S. Coast Guard, the Louisiana State Land Office, the Louisiana Department of Transportation and Development, the Louisiana Department of Natural Resources - Office of Coastal Management, the Louisiana Department of Wildlife and Fisheries, the Parish Government and/or any other applicable agencies, as well as documented approval from the area landowner(s) prior to the initiation of the work. The applicant is responsible for adhering to the provisions of any existing permits. The proposed work must not restrict the Levee District's maintenance operations, or any potential flood fight activities at the levee, nor shall it obstruct or impede drainage, or create areas of standing water on the levee batture. The applicant must employ and maintain suitable erosion protection measures at the project site to the satisfaction of the Levee District. The applicant or owner must immediately notify the Levee District of any seepage or sand boils that occur during high water conditions. All materials associated with the proposed work must be removed from the area upon completion of the project and the area must be returned to its original state of existence or better. Any damage done to the levee, floodwall or other flood

Bid Proposal No. 50-00117630
Addendum No. 3

2016-07-11
Page 2

control structure, revetment, or surrounding project area, resulting from the proposed work must be repaired or replaced by the applicant. Should any change in the location of the existing levee, river, floodwall, drainage canal, waterway, or generally prevailing conditions in the vicinity, or should any changes in the area be required in the future, in the public interest, the applicant shall make such changes in the project as necessary. Any required changes or repairs shall be at the applicant expense. This letter of no objection is offered with no opinion or approval of the design or engineering feasibility of the work.

Failure to abide by the conditions and requirements set forth in this Letter of No Objection may constitute non-compliance with the State of Louisiana comprehensive master coastal protection plan and may subject the levee district and/or the applicant/agent to any and all procedures and actions by CPRA or the CPRA Board pursuant to La. R.S. 49:214.5.2(A)(6) and as may be necessary to ensure compliance with such comprehensive master coastal protection plan.

2. That the proposed activities occur and are completed prior to or after high water stages or hurricane conditions such that no operations are conducted at saturated levee systems. Authorization for work periods will be determined at the discretion of the Levee District.
3. That all subsurface work is performed and backfilled prior to the Mississippi River attaining or exceeding + 11.0 feet NGVD, on the Carrollton Gage at New Orleans, unless the applicant receives documented approval to the contrary from the U.S. Army Corps of Engineers-New Orleans District.
4. That the cutting of trees be kept to the minimum deemed necessary to accomplish the proposed project.
5. That no equipment, vehicles, or materials of any kind are parked or stored on the levee or on its slopes without prior approval from the levee district.
6. That all directional drilling activities must be coordinated and performed with the approval and monitoring of the U.S. Army Corps of Engineers.
7. That if an existing pipeline is being replaced, and will not serve any future use, it must be immediately removed or properly abandoned. Any voids resulting from abandonment of the pipeline section in the area located within 40 feet of the floodside levee toe, and 15 feet of the protected side levee toe, must be completely sealed with cement-bentonite slurry in accordance with the slurry description specified in the State of Louisiana's "Water Well Rules, Regulations and Standards" (November 1985) in Chapter 2, Section 2.6.1.0, Item A.
8. That once directional drilling operations are complete, the ground surface of the work site is returned to pre-project condition and the applicant repairs any damage that may have occurred to existing infrastructure.
9. That the applicant contact the Department of Transportation & Development Office and obtain any permits that may be required for any operations, work or construction occurring within or adjacent to U.S. or Louisiana Highway Right-of-Way. The applicant must adhere to any DOTD District Office requirements imposed for vehicle ramp intersection with the Louisiana Highway right-of-way, as well as for traffic control and safety needs. The appropriate Highway Right-of-Way Permit Contact can be found at the following link:

http://wwwsp.dotd.la.gov/Inside_LaDOTD/Divisions/Engineering/Road_Design/Right-of-Way/Pages/Contacts.aspx
10. That the applicant is responsible for maintaining the existing level of flood protection at all times to the satisfaction of the Levee District.

Bid Proposal No. 50-00117630
Addendum No. 3

2016-07-11
Page 3

11. This Letter of No Objection (LNO) is conditioned upon the applicant/agent providing the following to CPRA, USACE, and the levee district, before commencing any activity allowed under the LNO. Final work products deemed necessary for granting of this Letter of No Objection associated with this project shall be stamped (construction ready drawings, designs, reports, as-builts differing significantly from final plans, etc...) by each professional engineer responsible for their relevant field of practice for the project. Failure to provide information requested or failure to abide by the conditions and requirements contained herein shall constitute grounds for rescinding this Letter of No Objection. In such an event, CPRA will provide notice to USACE and the levee district that the LNO has been rescinded.

Yours very truly,

for Ignacio Harrouch, Operations Division Chief
Coastal Protection and Restoration Authority of Louisiana

Office Of Coastal Management
Mr. Billy Wall

SECTION 02060

ASPHALTIC CONCRETE

1.01 DESCRIPTION

This section of the specifications includes the furnishing of all labor, materials, equipment, and the performance of all asphalt work required for the construction of the roadway in accordance with plan details and Sections 501, 503, 504, 505, 1002 and 1003 of the Louisiana Standard Specifications for Roads and Bridges, 2006 Edition and its latest revisions.

1.02 MATERIALS

Asphalt concrete mixes shall be Superpave wearing course Level 1 (PG70-22m). All materials shall conform to the requirements of Sections 502, 504, 505, 1002, and 1003 of the Louisiana Standard Specifications for Roads and Bridges, 2006 Edition and its latest revisions.

1.03 GENERAL

Asphalt shall be batched and placed in accordance with the requirements of Section 503 referenced above. The mix formula shall be submitted to the Testing Laboratory for prior approval. Recycled material will be allowed per latest Louisiana Standard Specifications for Roads and Bridges, 2006 Edition and its latest revisions.

Asphalt courses shall be laid down to grades shown on the plans and cross-sections after application of prime coat to the compacted base course. Abutting edges of existing asphalt pavement shall be tack-coated.

The testing for surface tolerance shall be in accordance with Section 501 of the Louisiana Standard Specifications for Roads and Bridges, 2006 Edition and its latest revisions.

The Engineer reserves the right to require removal and replacement of deficient areas.

1.04 MEASUREMENT AND PAYMENT

No measurement or direct payment will be made for prime coat or tack coat, but shall be included in the contract price bid for related items.

Penalty and corrective measures for variances from thickness tolerances and width tolerances will be applied as per Section 501.11 and payment adjustment for deficiencies of asphaltic mix will be applied as per Table 501-5 of Section 501 of the Louisiana Standard Specifications for Roads and Bridges, 2006 Edition and its latest revisions.

Payment will be made under:

ITEM 502-01-00100, "SUPERPAVE ASPHALTIC PAVEMENT", per Ton.

END OF SECTION

SECTION 02070

ASPHALTIC CONCRETE PAVEMENT PATCHING

1.01 DESCRIPTION

This work consists of patching existing asphaltic concrete pavement in accordance with these specifications and in conformity with the lines and typical sections shown on the plans or as directed by the Engineer.

All work shall be performed in accordance with the provisions of Section 510 of the Louisiana Standard Specifications for Roads and Bridges, 2006 Edition (Blue Book), and latest revisions, or as amended herein.

1.02 MATERIALS

Asphaltic concrete used for pavement patching shall be Superpave Base Course Level 1 (PG64-22m) in accordance with Section 501.02 of the "Blue Book".

1.03 MEASUREMENT AND PAYMENT

Measurement for asphalt patching will be made by the square yard. Payment shall include asphalt roadway removal, asphaltic concrete pavement patching (12" thick), subgrade material, saw-cutting pavement, subgrade preparation and other require work as per details and specifications shown in the bid documents.

Payment will include all material, equipment, and labor necessary to perform the work and will be made at the contract unit price bid for the pay items shown below:

ITEM 510-01-00100, "ASPHALT PATCHING", per Square Yard

ADDENDUM NO. 4

DATE ISSUED: October 11, 2016

BID DATE: October 25, 2016 at 2:00 PM
(Extended from October 13, 2016)

BID LOCATION: Jefferson Parish General Government Building
Jefferson Parish Purchasing Dept., Suite 4400
200 Derbigny St., Gretna, LA 70053

This addendum shall be part of the Contract Documents as provided in the Instructions to Bidders.

The following items are issued to add to, modify, and clarify the Contract Documents. These items shall have full force and effect as the Contract Documents, and the cost involved shall be included in the bid prices.

Acknowledge receipt of the addendum by inserting its number and date on the Bid Form of the Bid Documents. Failure to do so will result in bid rejection.

This Addendum No. 4 consists of 2 pages including the title sheet and all attachments.

General

The sentence "Failure to do so may subject the bidder to disqualifications." on the Addendum title sheet was changed to "Failure to do so will result in bid rejection."
