# DOUBLE EAGLE BLEND

TURF-TYPE PERENNIAL RYEGRASS

Highest Germination Rate | Advanced Testing | Unparalleled Standards

## FEATURES

- Quick establishment
- Dense growth habit
- Dark green color
- Fine texture
- Varieties thrive in cool season climate
- Gray Leaf Spot resistance
- Excellent traffic tolerance

## RECOMMENDED MAINTENANCE PRACTICES

Highest quality and durability are reached using moderate maintenance levels. Allow turf to establish prior to heavy use. Mowing height at 1 ½ to 2 ½" is recommended (lower mowing heights require higher maintenance).

## TURF ESTABLISHMENT GUIDELINES

Adequate seed bed preparation is important in new turf grass establishment as well as in overseeding. Check soil pH and apply LESCO Starter Fertilizer prior to seeding. Cool-season grasses germinate best in the 60° to 85°F (16° to 30°C) soil temperature range. Frequent light irrigation and/or seed starter mulch is required for optimum germination. Germination should be visible within 14 days; complete turf establishment will take two to six months to exhibit mature growth characteristics.

## AGRONOMIC CHARACTERISTICS

Double Eagle Blend contains three advanced generation cultivars of turf-type perennial ryegrass. The varieties used in Double Eagle Blend have all undergone university trials and have shown high turf quality, dark green color, traffic tolerance and resistance to Gray Leaf Spot. The endophyte levels in these varieties make Double Eagle Blend resistant to surface feeding insects.

## SUGGESTED USAGE

Golf course tees, fairways and roughs, home lawns, athletic fields, commercial turf areas, parks and playgrounds.

## ENVIRONMENTAL TOLERANCE

Double Eagle is best suited in cool humid and cool arid zones of the United States.

## INGREDIENTS

100% Turf-Type Perennial Ryegrass

3 of the following varieties:

*Align/2 | Evolve*

*Peridot | Virte*

*Named Perennial Ryegrass*

## SEEDING RATES

New Establishment:

4-6 lbs./1,000 sq. ft.

Renovation:

2-3 lbs./1,000 sq. ft.

Overseeding:

10-15 lbs./1,000 sq. ft.

## NOS PLUS

Slow-Release Stabilized Nitrogen

### PRODUCT OVERVIEW

LESCO® NOS Plus is an advanced, slow-release stabilized nitrogen fertilizer with industry-first dual mode of action technologies that releases nitrogen up to 3 months. Building on the benefits of LESCO NOS (Nitrogen Optimization System) with the added benefit of an exclusive polymer coating, this product maximizes nutrient efficiency, reduces environmental loss, and provides metered release of exclusive DCD (dicyandiamide)-infused stabilized nitrogen technology. LESCO NOS Plus may be used to assist with nutrient restrictions and blackout management.

### FEATURES

- Exclusive DCD-infused stabilized nitrogen technology reduces leaching and denitrification
- Stabilized nitrogen means less nitrogen loss to the environment for a sustainable greening solution
- Polymer coating and stabilized urea enhance efficacy and longevity per application

### SUGGESTED USAGE

Granular fertilizer can be applied to golf courses, residential and commercial turf, athletic fields and nurseries through a standard LESCO broadcast spreader.

### ENVIRONMENTAL TOLERANCE

Regardless of geography, this product may be used to enhance turf nitrogen uptake efficiency and greening with minimal environmental nitrogen loss and reduced labor requirements.

### BENEFITS

- Increased Nutrient Uptake and Efficiency
- Improved Greening Longevity
- Reduced Labor Needs
- High-Value Performance

#### ANALYSIS

- 45-0-0 | Standard SGN
- 45-0-0 | Mini SGN

#### FORMULATION

Granular Fertilizer

#### MODE OF ACTION

Root Absorbed

#### RESTRICTED USE

No

## LESCO PROFESSIONAL TURF FERTILIZER

For use in Rotary Spreaders Only  
Contains LESCO® NOS Plus™ (Nitrogen Optimizing System) for increased nitrogen use efficiency and extended greening.

50 lb COVERS 12,000 sq ft

SGN 230

**DIRECTIONS FOR USE:** This LESCO product is a professional quality turf fertilizer for use on all lawn areas. The best results with this product are obtained when it is applied to actively growing grass, and watered into the turf soon after application. Avoid mowing immediately following application to prevent pick-up.

For best results, sweep or blow the fertilizer off walks and painted surfaces following application to avoid discoloration.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn/garden.

Recommended applications are at the rate of one pound of phosphate per 1,000 sq ft. Actual rates and timing of applications will vary with weather, soil and turf conditions.

According to state law in Maryland, this product may not be applied at an application rate of more than .7 lbs. Nitrogen per 1,000 sq. ft.

According to state law in Virginia, do not apply more than 0.9 pounds of total nitrogen per 1,000 square feet within a 30-day period.

For additional LESCO, Inc. product assistance call 1-800 347-4272.

**COVERAGE:** 50 pounds of LESCO 18-24-12 Fertilizer covers approximately 12,000 sq ft at the application rate of one pound of phosphate (4.20 pounds of fertilizer) per 1,000 sq ft.

### WARNING

Harmful if inhaled. Eye and skin irritant. Avoid breathing dust. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

### CONDITION OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully and completely. It is impossible to eliminate all risks inherently associated with the use of this product. Buyer and/or User assume all risks of ineffectiveness or other unintended consequences or damages that may result from conditions outside or beyond the control of LESCO, Inc. including but not limited to such factors as manner of use or application, weather or weather conditions outside the range considered normal at the application site or for the time period in which the product is applied, the presence of other materials, incompatible products, or other influencing factors which are beyond the control of LESCO, Inc. All such risks shall be assumed by Buyer and/or User, and Buyer and/or User agrees to hold LESCO, Inc. harmless for any claims relating to such factors. LESCO, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with the Directions for Use under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of LESCO, Inc. and Buyer and/or User assumes the risk of any such use.

LESCO, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

THE EXCLUSIVE REMEDY OF THE BUYER AND/OR USER AND THE EXCLUSIVE LIABILITY OF LESCO, INC. FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF LESCO, INC., REPLACEMENT OF THE PRODUCT, OR IF NOT

ACQUIRED BY PURCHASE, REPLACEMENT OF SUCH QUANTITY. IN NO EVENT SHALL LESCO, INC. BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES. LESCO, Inc. offers this product, and Buyer and/or User accepts it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of LESCO, Inc.
