RE: Jefferson Parish Bid No. 50-00114849 to supply labor and materials to raise sinking press box at the Avondale Playground.

Dear Mr. Warren Davie:

Thank you for your bid submission for the above referenced bid. While all bids received are still under review and action for award is still pending, please be advised that your company is the apparent low bidder quoting on all items. Jefferson Parish reserves the right to award contracts or place orders on a lump sum or individual basis item basis, or such combination, as shall in its judgment be in the best interest of Jefferson Parish.

In accordance with the bid documents, you have 10 calendar days from date of bid opening, as stated above, to provide the Purchasing Department with the following documentation:

- Completed, Signed and Notarized "Public Works Bid Affidavit" (Original)
- Current Insurance Certificate with designated policies and coverage as required
- W-9 Form.

Please review the bid specifications and include any other required documentation as appropriate. Jefferson Parish reserves the right to award the bid to the next lowest responsive and responsible bidder should you fail to return the required documentation.

All required ORIGINAL documentation must be received in the Purchasing Department at the address below within 10 calendar days from the bid opening; the tenth day for this bid is by 4:30 pm on November 14, 2015.

Purchasing Department  
Attn: Ms. Sidney Duffy, Buyer II  
200 Derbigny St Ste. 4400  
Gretna, LA 70053

Should you have any questions, please immediately contact my office at 504-364-2678.

Sincerely,

*Sidney Duffy*

**DAVIE SHORING, INC.****3 Veterans Blvd., Kenner, LA 70062 (504) 464-4712 -- FAX (504) 468-3279****HOUSE SHORING CONTRACT**

This agreement is made by and between Jefferson Parish (hereinafter referred to as "Owner") whose property to be repaired is located at 709 S Jamie Blvd Avandale LA and Davie Shoring, Inc., a domestic corporation, qualified to do business in the State of Louisiana (hereinafter referred to as "Contractor").

**WORK TO BE PERFORMED:**

The work to be performed is designed to return the foundation to as near its proper horizontal position as possible. In order to achieve this we excavate around the perimeter of the house, removing concrete in order to allow accesses under the slab. We also tunnel under the house as necessary. Using 8" concrete blocks, we will drive 8 new interlocking concrete pilings around perimeter of the structure and 0 new interlocking concrete pilings under the interior grade beams. These blocks are secured by the use of 5/8" bolts through a 3/4" hole. The blocks are driven, one on top of another until twelve (12) tons of pressure is reached or upon reaching the point of refusal. When wood pilings exist these will be utilized in the installation of the above concrete pilings extending them to the desired pressure. When all the blocks have been driven, 15-ton hydraulic cylinder jacks are placed on the top of these pilings. The house is then leveled to as near as possible its highest point or in case of additions, its original position; or house is stabilized only according to agreement with homeowner. We then block up the house and remove the jacks and backfill displaced dirt under the house. 8 breakouts will be made in sidewalk/patio to access piling locations with repair of same. Contractor will secure engineering, permitting, and inspections only for Contractor Scope of work.

All pilings to receive PermaLock Warranty, except those under the outer edge of a porch (if applicable).

100% Performance Bond and 5% Bid Surety will be provided at signing of this contract.

**PAYMENT:**

For and in consideration of the price and sum of **\$ 9,815.99** we, the undersigned persons of full age of majority, being all of the Owners of the property described above do hereby employ, engage and authorize the Contractor to provide all materials, labor, equipment, transportation, supervision, and all the other services and facilities necessary to ensure that the work will be done in accordance with the Work to be Performed contained herein.

25% when contract is signed	<b>\$ 2,454.00</b>
60% when all pilings are installed and jacks are placed	<b>\$ 5,889.59</b>
15% upon completion of work	<b>\$ 1,472.40</b>

Work is completed when jacks, debris are removed and backfill is completed. If owner elects to continue work, i.e., plumbing, etc. after contractors work is completed owner will pay contractor in full. A Lifetime Perma-Lock piling warranty will be issued upon confirmation of payment in full.

**ACCEPTANCE:**

Initial \_\_\_\_\_ Initial \_\_\_\_\_

This agreement shall be binding only upon the Contractors written acceptance or upon the Contractors commencing performance, and upon such acceptance or commencement of performance this shall constitute the entire contract and be binding upon the parties hereto, there being no covenants, promises, warranties or agreements, written or oral, expressed or implied except as herein set forth. No Sales Representatives of the Contractor has authority to alter the terms of this agreement. I, the undersigned owner/or agent for owner of this residential property at the above address in the State of Louisiana, acknowledge that the above named contractor has delivered this notice to me, the receipt of which is accepted, signifying my understanding that said contractor is about to begin improving my residential property according to the terms and conditions of a contract, and that in accordance with the provisions of law in Part 1 of Chapter 2 of Code Title XXI of Title 9 of the Louisiana Revised Statutes of 1950, R.S. 9:4801, et seq.:

**RESPONSIBILITIES:**

Initial \_\_\_\_\_ Initial \_\_\_\_\_

Contractor shall not be responsible for damage that may occur to plaster, sheetrock, ceilings, walls, floors, tiles, windows, doors, cabinets, bricks, roof, slab, plumbing, wiring, mirrors, contents, paving, flowers, sprinkler systems, etc., or any other items incidental to work. Contractor does not include any work not specifically stated in this agreement. Contractor agrees to remove all trash and rubbish caused by its work. All plumbing, electrical, air conditioning disconnection's and reconnections are to be furnished by Owner. Permits, if necessary, will be obtained by the Contractor. However, contractor is only responsible for the work as outlined above. The leveling or stabilization process can and may reverse the damage already done to the foundation and structure and can and may cause or create new damage by movement or lack of movement. Upon leveling it is discovered that the foundation has been constructed of substandard material or is of inadequate structural strength to properly transfer the load imposed by underpinning, there can and may be an adjustment in the contract price. Any engineering, permitting, or inspections required for closing out permits including electrical, plumbing, mechanical, etc., not specifically listed in the Work To Be Performed section shall be the responsibility of the Owner.

Initial \_\_\_\_\_ Initial \_\_\_\_\_

In the event of a breach of this agreement, owner shall pay all reasonable costs, attorney's fees, collection and other costs associated with the enforcement of this agreement.

Should Owner desire to wait to backfill tunnels so that plumbing inspection or plumbing repairs can be accomplished by Owner, Owner may withhold \$500.00 from final payment. The rest of the contract price must be paid in full at the completion of the leveling work, prior to the completion of backfilling. Owner will be responsible to backfill any new tunneling that the plumber does to access plumbing repair locations
