**Subject: SOQ 22-013 – ROUTINE ENGINEERING SERVICES FOR WATER PROJECTS
Jefferson Parish Technical Evaluation Committee (TEC) Questionnaire**

Dear Selection Committee,

Founded in 2014, Batture is dedicated to the idea that a highly inspired team can deliver outstanding results while also creating powerful social and environmental change. During every one of our engineering or surveying projects, we are energized by this unique purpose. Our clients deserve our best efforts and so does our amazing region and state.

We have established ourselves as a leader in the design of resilient infrastructure for the Coastal Parishes of Louisiana. Our projects re-imagine how infrastructure can better serve communities for the next 50 years rather than duplicating exactly what was done 50 years ago. **We believe forward thinking solutions are necessary for Jefferson Parish to thrive in the future; solutions that consider community health, environmental impacts, flood reduction, as well as long-term operation & maintenance costs.** Our talented staff members are focused on addressing those issues through their work. These staff members include 7 licensed professional engineers, a licensed land surveyor, 8 engineers in training, a landscape architect, a biologist, and 3 drafters.

As someone born and raised in Jefferson Parish; as well as spending my entire career working in Southeast Louisiana, I am familiar with the infrastructure in Jefferson Parish. Whether in a coastal community, subdivision, or commercial corridor I see the value Batture can provide to the citizens of Jefferson Parish through our work.

As a locally founded company, we look forward to the opportunity to work with Jefferson Parish and thank you for considering our statement of qualifications.

Sincerely,

Robert Mora, PLS, PE
Managing Partner
Batture, LLC

Technical Evaluation Committee (TEC) Questionnaire

Instructions

- The Technical Evaluation Committee (TEC) Questionnaire shall be used for professional services related to architecture, engineering, or survey projects.
- **The TEC Questionnaire should be completely filled out. Complete and attach ALL sections. Insert “N/A” or “None” if a section does not apply or if there is no information to provide.**
- Questionnaire must be dated and signed by an authorized representative of the Firm. Failure to sign the questionnaire shall result in disqualification of proposer pursuant to J.P. Code of Ordinances Sec. 2-928.
- All subcontractors must be listed in the appropriate section of the Questionnaire. Each subcontractor must provide a complete copy of the TEC Questionnaire, applicable licenses, and any other information required by the advertisement. Failure to provide the subcontractors' complete questionnaire(s), applicable licenses, and any other information required by the advertisement shall result in disqualification of proposer pursuant to J.P. Code of Ordianances Sec. 2-928.
- If additional pages are needed, attach them to the questionnaire and include all applicable information that is required by the questionnaire.

TEC Professional Services Questionnaire

A. Project Name and Advertisement Resolution Number:

Routine Engineering Services for Water Projects
Resolution Number: 138809; SOQ 22-013

B. Firm Name & Address where Project work will be performed:

Batture, LLC
5110 Freret Street
New Orleans, LA 70115

C. Name, title and contact information of Principal, as defined in Section 2-926 of the Jefferson Parish Code of Ordinances, who is a registered, licensed architect, professional engineer, or surveyor in the State of Louisiana:

Robert Mora, PE, PLS
Managing Partner
Phone: 504.261.7143
Email: bmora@batture-eng.com

D. Name and contact information of employee who is a registered and licensed architect, professional engineer, or surveyor in the State of Louisiana in the applicable discipline. A subcontractor may be substituted here only if the advertised Project requires more than one discipline.

Jennifer Snape, PE
Managing Partner
Phone: 480.522.9502
Email: jsnape@batture-eng.com

E. Please provide the number of employees whose primary function corresponds with each category:

<u>4</u> Administrative	<u> </u> Estimators	<u> </u> Specification Writers
<u> </u> Architects (Licensed)	<u> </u> Geologists	<u>2</u> Structural Engineers
<u> </u> Chemical Engineers	<u> </u> Geotechnical Engineers	<u> </u> Graduate Engineers
<u>4</u> Civil Engineers	<u> </u> Interior Designers	<u> </u> Project Managers
<u>2</u> Construction Inspectors	<u>1</u> Landscape Architects	<u> </u> Clerical
<u>1</u> Ecologists	<u>4</u> Land Surveyor	<u> </u> Grant/Funding Specialist
<u> </u> Electrical Engineers	<u> </u> Mechanical Engineers	<u> </u> Sanitary Engineers
<u>8</u> Engineer Intern	<u> </u> Environmental Engineers	
<u>1</u> Professional Land Surveyors		<u>27</u> TOTAL

F. Is this submittal by a JOINT-VENTURE? Please check: YES ☐ NO ☒

If marked "No" skip to Section I. If marked "yes" complete Sections G-H.

TEC Professional Services Questionnaire

G. If submittal is by JOINT-VENTURE, list the firms participating and outline specific areas of responsibility (including administrative, technical, and financial) for each firm. Please attach additional pages if necessary.

1.

N/A

2.

N/A

H. Has this JOINT-VENTURE previously worked together? Please check:

YES ☐ NO ☐

I. List all subcontractors anticipated for this Project. Please note that all subcontractors must submit a fully completed copy of this questionnaire, applicable licenses, and any other information required by the advertisement. See Jefferson Parish Code of Ordinances, Sec. 2-928(a)(3). Please attach additional pages if necessary.

Name & Address:	Specialty:	Worked with Firm Before (Yes or No):
1. N/A		
2. N/A		
3. N/A		

J. Please specify the total number of support personnel that may assist in the completion of this Project:

15 _____

TEC Professional Services Questionnaire

K. List the professional in charge, key persons, specialists, and individual consultants anticipated for this Project and provide their relevant information below. If necessary, please attach additional documentation (i.e. resume) that demonstrates the employment history and experience of the Firm's key persons that may assist in the completion of this Project. Please attach additional pages if necessary.

PROFESSIONAL IN CHARGE OF PROJECT:

Name & Title:

Jennifer Snape, PE
Managing Partner

Project Assignment:

Principal Engineer / Professional in Charge of Project

Name of Firm with which associated:

Batture LLC

Years' experience with this Firm:

6 years

Education: Degree(s)/Year/Specialization:

Master's Certificate /2012/ Coastal Engineering
B.S./2004/Civil Engineering

Active registration: Year first registered/discipline:

2010/LA Civil Engineering PE # 35470

Other experience and qualifications relevant to the proposed Project:

Jennifer Snape, PE is a co-founder and managing partner at Batture LLC and has 20 years of experience in the engineering field. She has a wide range of project experience including drainage design; coastal erosion protection systems design; structural design for both residential and commercial structures for renovations and new construction; civil site design for sites ranging from less than an acre to over 1000 acres; hydrologic and hydraulic modeling; stormwater management plans for urban, rural, and coastal systems; environmental consulting and due diligence studies; and permitting through federal, state, and local agencies. She has successfully managed and delivered projects for private and public clients, including the City of New Orleans, Sewerage & Water Board of New Orleans, Plaquemines Parish, St. Bernard Parish, St. Tammany Parish, and others. At Batture LLC, she oversees stormwater management, structural, environmental, and civil engineering projects.

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Robert Mora, PE, PLS Managing Partner
Project Assignment:
Principal Engineer / Professional in Charge of Project
Name of Firm with which associated:
Batture LLC
Years' experience with this Firm:
8 years
Education: Degree(s)/Year/Specialization:
B.S./2003/ Civil Engineering
Active registration: Year first registered/discipline:
2009/LA Civil Engineering PE #35109 2010/LA Land Surveying PLS # 5042
Other experience and qualifications relevant to the proposed Project:
<p>Bob Mora, PE, PLS, is a co-founder and managing partner at Batture LLC and has 19 years of experience in the engineering and surveying fields. Mr. Mora has coastal experience in both wetland assimilation projects and hurricane protection projects. He has thorough experience in drafting and modeling within various platforms of AutoCAD. He has successfully managed and completed projects for entities such as Jefferson Parish, CPRA, LaDOTD, Sewerage and Water Board of New Orleans, City of New Orleans Department of Public Works, Regional Planning Commission, St. Bernard Parish, Orleans Levee Board, and Army Corps of Engineers. Additionally, Mr. Mora has extensive experience with construction management/administration and project management. His management experience and project success is a testament to his ability to coordinate between agencies, companies, and clients in an effective manner.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Troy Jeanfreau, PE Civil Operations Manager
Project Assignment:
Engineering Design Lead
Name of Firm with which associated:
Batture LLC
Years' experience with this Firm:
1 year
Education: Degree(s)/Year/Specialization:
B.S./1993/Civil Engineering
Active registration: Year first registered/discipline:
1999/LA Civil Engineering PE #28248
Other experience and qualifications relevant to the proposed Project:
<p>Troy Jeanfreau, PE is a professional Civil Engineer, licensed throughout the Gulf Coast. His 26 years of experience includes project management and design work in drainage, sewer, earthen levees, sediment diversion, floodwalls, floodgates, pump stations, roadways. He has performed numerous engineering projects for public and private clients on the local, state, and federal level. He has also served on the program management side with both municipal and federal clients, providing oversight of projects designed by other consultants, providing design reviews and coordination between the consultant and the multiple other agencies involved. Additionally, he serves as the Quality Control Manager with an oversight role not only on project level quality reviews, but also on office level spanning across multiple departments and disciplines.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Ryan Jeansonne, PE Project Engineer
Project Assignment:
Civil Engineer
Name of Firm with which associated:
Batture LLC
Years' experience with this Firm:
4 years
Education: Degree(s)/Year/Specialization:
B.S./2014/Civil Engineering
Active registration: Year first registered/discipline:
2019/LA Civil Engineering PE#43741 2019/NY Civil Engineering PE#100885
Other experience and qualifications relevant to the proposed Project:
<p>Ryan Jeansonne is a Project Engineer at Batture LLC, providing services for the Civil department. His primary duties include drainage and utility design, drafting proposals, and performing project management duties for Roadway Enhancement and Reconstruction projects and Green Infrastructure projects. He has extensive experience with Civil-3D and cost estimating. He is also proficient in construction administration, including submittal and shop drawing review for residential and commercial projects. In addition to work, Ryan serves as either a Project Lead or the Engineer of Record for various pro-bono projects for the CECorps. When he joined the team in 2018, he had over 3 years of design and drafting experience in the heavy civil and building industries. Ryan has completed construction phase services, structural evaluation & design, and quality assurance for the East Side Access Project in Manhattan. Ryan's design contributions included structural calculations & reports, anchorage design, stress analysis software, 3-D BIM, and CADD drafting.</p>

TEC Professional Services Questionnaire

KEY PERSON, SPECIALIST, OR INDIVIDUAL CONSULTANT:
Name & Title:
Mark Schexnayder, MS Coastal Biologist
Project Assignment:
Project Manager
Name of Firm with which associated:
Batture LLC
Years' experience with this Firm:
1 year
Education: Degree(s)/Year/Specialization:
B.S./1983/Marine Biology M.S./1987/ Botany/Biology
Active registration: Year first registered/discipline:
Professional Association of Diving Instructors (PADI)
Other experience and qualifications relevant to the proposed Project:
<p>Mark Schexnayder is a career biologist who joined the Batture team in 2020. Over his career, he earned respected roles such as Louisiana Department of Wildlife and Fisheries (LDWF) Louisiana shrimp program manager and the Director of the LDWF Marine Laboratory on Grand Terre before joining LSU AgCenter in 2000 as a Coastal Advisor. He was named a Special Assistant to the Chancellor to oversee recovery efforts in the Greater New Orleans Area after Hurricane Katrina. Mark helped craft the Bayou St. John Management Plan and lead several restoration projects in the bayou and in New Orleans City Park. He also was part of a team that installed nine artificial fishing reefs in Lake Pontchartrain. When the 2010 BP oil spill occurred, Mark returned to LDWF to help coordinate fisheries recovery efforts. As Deputy Assistant Secretary for the Office of Fisheries, his projects included the development of seafood sustainability, certification and traceability programs. Additionally, he represented LDWF on the Crab, Shrimp and Oyster Task Forces. As an employee of Batture, Mark is able to apply his talents to public parks and coastal projects, as well as local, State and Federal government projects.</p>

TEC Professional Services Questionnaire

L. Work by Firm or Joint-Venture members which best illustrates current qualifications relevant to this Project. Please include any and all work performed for Jefferson Parish. Please attach additional pages if necessary.

PROJECT NO. 1

Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>St. Anthony Green Streets - Programming and Design New Orleans, Louisiana</p> <p>City of New Orleans DPW Stephanie Dreher stephanie.dreher@nola.gov 504-658-8000 1300 Perdido Street Suite 6W03 New Orleans, LA 70112</p>	<p>Batture, LLC is leading the design team for this project , part of the Gentilly Resilience District. The goal is to create a network of small green infrastructure improvements that will capture water where it falls, reduce runoff flowing into the city's drainage system, infiltrate stormwater, and reduce flooding. We are working to improve stormwater management and reduce flood risk and subsidence, empower residents to participate in adapting their block and neighborhood parks to manage water and build resilience, enhance social cohesion and community well-being, and develop a replicable model for block-by-block strategies for stormwater management and community resilience across the city. Batture is the prime consultant for this project, overseeing all street design. Batture LLC is performing all surveying tasks within the project.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
On-going	\$13,400,000	\$1,640,000

PROJECT NO. 2

Project Name, Location and Owner's contact information:	Nature of Firm's Responsibility:	
<p>Lakeview City Park Drainage New Orleans, Orleans Parish, LA</p> <p>City of New Orleans Mary Kincaid 1300 Perdido St New Orleans, LA 70112 (504) 658-8048 mkincaid@nola.gov</p>	<p>As prime consultant for the Lakeview City Park Drainage Improvements Project, Batture is overseeing all professional design and construction administration services for the FEMA HMGP-eligible project site in City Park of New Orleans. This project explores how New Orleans City Park might be used to manage stormwater and mitigate flooding in the surrounding neighborhoods. In addition to project management, Batture is providing engineering design, H&H modeling, water quality monitoring, habitat assessments, beneficial use of dredge material, surveying, and construction administration services. Plans and specifications for the project site may include the following design features: large retention/detention basins, street basins, streetside bioswales, streetscapes, green alleyways, and upgraded grey infrastructure.</p>	
Completion Date (Actual or estimated):	Estimated Cost:	
	Entire Project:	Work for which Firm was Responsible:
<p>Design - Estimated February 2022 Construction - Estimated April 2023</p>	<p>\$15,828,879 (Construction) \$1,606,245 (Consulting)</p>	<p>\$890,000 (Estimated)</p>

Lakeshore Landing Phase 1 New Orleans, Louisiana Studio Network-Lakefront LLC Roland Von Kurnatowski (504) 309-7934 info@lakeshorelandingnola.com	This private entertainment complex development on the New Orleans Lakefront includes an amphitheater, boathouse, and open-air market near the Lakefront Airport on Lake Pontchartrain. Batture, LLC provided surveying, civil, environmental, and structural engineering on this on-going project. Structural design includes a new boathouse for the PT Boat that was restored by the WWII Museum. This structure, with a frame and truss constructed of steel tubes, is built partially over land and partially over water. Other structures at the site include a marina store and the renovation of an existing building into a restaurant/concert venue. Additional surveying, civil design, and environmental consulting services provided include a 20-acre topographic and boundary survey, stormwater management design, new utility lines, grading/drainage design, and a Phase I Environmental Site Assessment.

<p>Emergency Repairs to Marina Parking Lot New Orleans, Louisiana</p> <p>Non-Flood Protection Asset Management Authority (Lakefront Management Authority) Jesse Noel, PE (504) 293-2477 jnoel@nolalakefront.com</p>	<p>The Non-Flood Protection Asset Management Authority (NFPAMA), now known as the Lakefront Management Authority, established this project to temporarily address erosive failure issues within the Orleans Marina Parking Lot. Batture worked with Fleming construction during the selective demolition of the parking lot to better understand the extent of scouring underneath the asphalt parking lot. Batture surveyed the bulkhead wall and drainage structures on site before and after work was completed. Batture collected existing data - including surveying and reviewing as-built drawings, prepared construction documents, reviewed bids, and managed construction of the repairs. Since the temporary repairs were complete, Batture has continued to monitor the parking lot and made recommendations on additional repairs on an as-needed basis.</p>

Established in 2014, Batture LLC is a Louisiana-based civil engineering and land surveying firm specializing in drainage & utility design, hydraulic/hydrodynamic modeling, land surveying, site development, environmental research, civil site design, and construction management. Our company is a certified Disadvantaged Business Enterprise (DBE) and a Small Entrepreneurship (Hudson Initiative), dedicated to the progress and protection of Southeast Louisiana. The highly-diversified team of Batture LLC possesses a wide range of professional knowledge. Most of the work that we do is centered around infrastructure, open space development, and housing, with projects ranging from residential jobs to large neighborhood-wide green infrastructure projects. Batture LLC has successfully completed projects for many local and government agencies, including Jefferson Parish, Lakefront Management Authority, City of New Orleans, Sewerage & Water Board of New Orleans, City of N.O. Department of Public Works, City of N.O. Network for Economic Opportunity, Port of N.O., St. Bernard Parish, and others. The team at Batture prides itself on maintaining excellent communication with clients and delivering projects that improve the livelihood of communities.

O. To the best of my knowledge, the foregoing is an accurate statement of facts.
