Orleans Parish Sheriff's Office (OPSO) OD Security North America – Experience and Record of Past Performance

OD Security North America, 707 Texas Avenue, College Station, Texas
77840

Experience and Record of Past Performance/References

Experience and Record of Past Performance –

OD Security North America offers OPSO access to the experience, knowledge and technical capability of OD Security, the world's leading manufacturer of Full Body Security Scanning Systems. OD Security Group has been manufacturing, installing and maintaining Full Body Security Scanning Systems worldwide for over 17 years, and has most recently been awarded National Contracts in South Africa, and Japan.

OD Security North America was established in late 2012, operating out of College Station, Texas, to offer the SOTER RS to the US market. As part of the establishment of the new US Operations, the supply chain supporting the manufacturing process was re-designed to promote a BUY US procurement strategy (for example, Spellman Inc. (NY) supply the US business with our X-Ray Generator). The Company spent 2013 investing in Product Development to add new functionality specifically for the US Market, and mapping and migrating the manufacturing processes from Europe to the US to deliver a US manufactured System specifically for the US Market.

Our first two US Systems were installed into Georgia Department of Corrections facilities in December 2013 and January 2014, and to date we have been awarded contracts by Tennessee Department of Corrections; Santa Fe County Sheriff's Office, New Mexico; Knox County Sheriff's Office, Tennessee; Webb County Sheriff's Office, Texas; Adam's County Sheriff's Office, Colorado; The City of Hoover Police Department, Alabama; Frederick County Sheriff's Office, Maryland; The City of Newport News Sheriff's Office, Virginia; and Utah Department of Corrections.
