**PLAQUEMINES PARISH SCHOOL BOARD  
CUSTODIAL SUPPLIES**

**INFORMATION TO BIDDERS:**

The Plaquemines Parish School Board invites your bid on custodial supplies for our school system.

Bids packets may be obtained from the Plaquemines Parish School Board, Facilities Office, 1484 Woodland Hwy., Belle Chasse, LA 70037. All bids must be submitted to the Plaquemines Parish School Board Central Office, 1484 Woodland Hwy., Belle Chasse, LA. 70037 by Friday, April 21, 2023 by 10:00 a.m. All questions concerning specifications please contact Clinton Ware at (504) 247-2340 or by email at [cware@ppsb.org](mailto:cware@ppsb.org).

**CONTRACT TERMS:**

The successful Bidder shall understand that the bid form, when duly signed by the proper representative as previously stated, will constitute a contract between the Plaquemines Parish School Board to furnish the item(s) included in the bid in accordance with the conditions stated in the sections entitled INFORMATION TO BIDDERS.

At the option of the Plaquemines Parish School Board and acceptance by the contractor, this contract may be renewed at the same terms and conditions for two (2) additional twelve (12) month periods.

**TERMINATION OF CONTRACT:**

The Plaquemines Parish School Board reserves the right to terminate each contract prior to the end of the period indicated on twenty-four (24) hours written notice, for unsatisfactory delivery, or for failure to meet the required specifications. All orders delivered prior to the effective date of termination shall be paid for by the Board in accordance with the terms of the contract, whereupon all obligations of both parties to the contract shall cease.

## TASKI® QuattroSelect®

### Highly efficient dilution platform for medium to large size building care operations

Searching for a solution for cleaning your large site, which requires simple implementation, full control, safety and speed? Designed for multiple users and different product requirements, QuattroSelect includes trigger sprays, buckets and/or scrubber driers filling at different dilution rates and speed. With QuattroSelect, Building Care cleaning has never been so easy, safe and fast!

#### Improves your efficiency

The QuattroSelect dilution station always delivers the right dilution, so there is no unnecessary re-work due to over or under dosing. It also delivers optimal filling speed with low flow bottle filling and high flow bucket and scrubber drier filling.

#### Increases your safety

QuattroSelect is a closed system, so there is no possibility of contact between concentrated chemicals and your employees. It can additionally be fully locked.

#### Simplifies your operation

QuattroSelect has the option of four concentrated chemicals with four different dilutions. All chemicals and accessories are colour coded, easy to operate and extremely reliable.

#### Improves your environmental footprint

Two 2.5 L QuattroSelect pouches are capable of delivering up to 2,500 L of the same product in ready to use format. This means savings from transporting and storing the product and also less packaging waste, so kinder for the environment. Daily cleaning range also available with EU Ecolabel certified concentrate.

#### Benefits of dilution control

- 100% control of consumption and cost dilution guarantees predictable consumption and costs and always the right dilution rates.
- 100% safe dilution guarantees that your employees will not get into contact with the concentrated chemicals.
