ADDENDUM # 2

Bid Number: 50-00138058

Bid Opening Date: May 26, 2022

Description of Bid: Two year contract for landscape and chemical maintenance for the Jefferson Parish Department of Parkways.

Answer vendor questions:

1. I am not seeing a area to put a lump sum pricing for 43 mowing services. I see an incidental mowing line item. Are we to bid this contract as a per service only? Incidental line item #1 is for mowing only. Where are we to put crack weed spraying, pruning of shrubs, sweeping/blowing, hand weeding, weed eating, and edging?

ANSWER: Per Addendum #1, a line item has been added for the monthly maintenance price (24 months total for the contract term). The monthly maintenance price shall include all required work, landscape and chemical, as outlined within scope of work of the specifications. This includes, but is not limited to, mowing cycles, trimming and pruning, mulching, annual color installations and scheduled chemical applications.

2. I am not seeing a area to put a price for the irrigation system inspections since there is not a lump sum line item for all these services combined.

ANSWER: Per Addendum #1, a line item has been added for irrigation system testing.

3. I am not seeing a area to put a price for the palm trimming each year. How are we to bid this item required in the contract?

ANSWER: Palm trimming pricing shall be included in the monthly maintenance price.

4. Are the flowers to be billed per 6inch pot/flower installed? If so this number of 6 inch plants will have to be special grown for each change out. Who is to eat the cost on the flowers if Jeff Parish decides they don't want all 2610 1 month before being installed due to construction in certain areas since they will all have to be grown months prior to each installation?

ANSWER: The annual color installations (3 installations per year) shall be included in the monthly maintenance price. It is recommended that the annuals are contract grown to ensure the correct quantity, species, color and quality of plant material is consistent. If circumstances prevent annual color planting in a certain location(s), the Contractor will be directed to plant the remaining annuals in a different location(s) within the project site.

5. Is the mulch to be calculated prior to being installed since there is no lump sum area for this item also? If so will a Jeff Parish rep be on site to inspect the mulch numbers before being installed? What will be the lead time on getting a mulch count that will be needed to give enough time to order and have delivered to site and installed to not cause damages being accessed?

ANSWER: No calculation of mulch is provided by Jefferson Parish. The Contractor shall determine the amount of material to install the mulch in accordance with the specifications. Mulch lead time shall be determined by the Contractor.

6. In regard to the chemical applications, with each item being incidental pricing what will be the lead time to get chemicals ordered and applied? Not having a lump sum number for all applications a contractor will not want to stock chemicals for this contract if they can be changed at any time. Also what will be the protocol if certain chemicals become unavailable due to supply chains issues? Will the contractor be charged damages due to this unforeseen future circumstances?

ANSWER: The chemical maintenance program outlined within the specifications shall be included in the monthly maintenance price. It is expected that the Contractor secure all products and incidentals to perform the applications in accordance with the specifications. If any products off of the incidental list are requested by Jefferson Parish, a timeframe for application will be determined at the time of the request. While it is the Contractor's responsibility to source and acquire products, Jefferson Parish does monitor national product availability and is prepared to make chemical program revisions, as required.

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF July 31, 2024

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.
