BONDING AND INSURANCE REQUIREMENTS

1. This attachment sets forth bonding and insurance requirements for grants. No other bonding and insurance requirement shall be imposed other than those normally required by the grantee.
2. Except in otherwise required by law, a grant that requires the contracting (or subcontracting) for construction of facility improvements shall provide for the grantee to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds \$100,000.00. For those contracts or subcontracts exceeding \$100,000.00 the State may accept the bonding policy and requirements of the grantee provided the State has made a determination that the State's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:
 - a. A bid guarantee from each bidder equivalent to five (5) percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his/her bid, execute such contractual documents as may be required within the time specified. (See Section 5 of "Information for Bidders".)
 - b. A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
 - c. A payment bond on the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and materials in the execution of the work provided for in the contract.
3. Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties (31 CFR 223).
