PROJECT NAME
Jefferson Parish Performing Arts Center, window washing and power wash building.

### SUMMARY

We would arrive and be on site 8AM to 5PM to provide the services requested in the bid.  
We will provide all equipment and materials needed to complete the job.  
We will provide all necessary barricades and block off areas which we are working in for pedestrian safety.  
We will also provide all up-to-date and current safety rigging and equipment to rappel down the building to pressure wash and window clean the exterior of the building.  
We will maintain a clean and organized work area on the job site.

The pressure washing of the building from top to bottom would be were we start.  
We will provide pressure washers, hoses, water keys etc.  
Then we would pressure wash the surrounding ground level cement areas as stated in the bid.  
We will provide the surface washers and fuel needed.  
Followed by the window cleaning of all the exterior pieces of glass on the building.  
We will provide out-rigging equipment to safely descend down the building to prevent roof damage.
