LEMON SPOTLESS ALL PURPOSE

Safe on
Soft Metals

Excellent for
Pressure Washers

Neutral pH

Excellent for
Damp Mopping

Money Saving
Concentrate

Low Foaming

DESCRIPTION:

Lemon Spotless is an excellent product for damp mopping waxed or composite floors. Contains no harsh alkalis or acids to damage floor finish.

Lemon Spotless was specially designed as an effective, neutral, low-foaming cleaner. It is non-acid, non-alkali, non-butyl, non-corrosive, and nontoxic. It will not cause corrosion of soft metals such as aluminum, magnesium, and zinc.

Lemon Spotless will dilute clearly without a precipitate in hard water, either hot or cold. Will not clog orifices in nozzles of automatic scrubbers and pressure sprayers.

DIRECTIONS:

General Cleaning and Degreasing:

Dilute 1 part cleaner with 8 to 10 parts water.

Wet Mopping and Sponging:

Dilute 1 part cleaner with 40 to 80 parts water.

Heavy Grease and Oil Removal:

Dilute 1 part cleaner with 2 to 5 parts warm water.

Steam Cleaning:

Dilute 1 part cleaner to 8 to 16 parts water.

High Pressure Washing:

Dilute 1 part cleaner with 40 to 80 parts water.

Automatic Scrubbing:

Dilute 1 part cleaner with 40 to 80 parts water.

Use on all surfaces not harmed by water.

PINE~ALL CLEANER

*ALL PURPOSE DEODORANT
CLEANER WITH REAL PINE OIL*

Made With
100% Real Pine Oil

Multi-Purpose Use

Deodorizer

Money Saving
Concentrate

DIRECTIONS:

TO CLEAN- Floors, walls woodworks, scrub all parts well with product diluted 60 ounces water to 2 ounces product. Allow to remain on surface at least 15 minutes.

LAUNDRY- Washing sheets, towels and the like use six ounces to the rinse water, it will clean as well as impart a nice clean fresh odor to linens.

FLOORS-- Use 2 ounces to the gallon of water for mopping tile and linoleum floors, also plain wood floors.

ODORS-- Mix four ounces to the gallon of water to wash garbage pails, spray around places where there are unpleasant odors. Wash hands with this solution to remove fish odors after the cleaning and handling.

WOODWORK-- Use two ounces to the quart of water to clean woodwork, rubbing with a soft cloth. Apply pure to cloth to remove axle grease, lipstick and paint. Rub well. Sponge off with warm water.

PETS-- For dogs, use two ounces to each gallon of water when bathing dogs. Helps eliminate unpleasant odors.

BATHROOM-- Use pure on rag to clean all the fixtures, tub, basin, bowl rinse off afterwards with clean wet cloth. Nothing to scratch the porcelain.

ALUMINUM BRIGHTENER 366

Non-Flammable

Rinses Clean

Removes
Water Stains

Money Saving
Concentrate

DESCRIPTION:

This CLEANER / BRIGHTENER is a concentrated acid, solvent, detergent compound. It was especially designed to brighten not etch those "problem" cleaning jobs that regular alkali cleaners, such as soap, cannot do. Easy to apply. Follow simple directions and get results no other cleaners can give you. *IT WORKS GREAT ON BOATS, BUSES, TRUCKS, TRAILER BODIES AND ALL OTHER ALUMINUM SURFACES.*

IMPORTANT:

Do not allow chemical to dry on surface as rinsing is very difficult after cleaner dries.

DIRECTIONS:

Mix with 30 to 40 parts water, depending on condition of surface to be cleaned. Apply with spray nozzle pressure or fiber brush. Use liquid directly to surface area working always from bottom to top on vertical surfaces to prevent streaking. Allow 3 minutes for complete action. Rinse with hose or brush, flushing thoroughly with clean water until all suds are gone and no chemical is left on surface. Be sure surface is rinsed well before chemical dries. For best results flush entire surface with cool water before cleaner is applied.

100% Product Satisfaction -- Money Back Guarantee

ASSURE

ACID FREE DISINFECTANT CLEANER

Hospital Grade
Disinfectant

PUBLIC RESTROOMS

KENNELS

Ready To Use

Athletic Clubs

Non-Acid
Bowl Cleaner

**PSEUDOMONACIDAL - STAPHYLOCIDAL - SALMONELLACIDAL -
BACTERICIDAL - FUNGICIDAL - MILDEWSTATIC - *VIRUCIDAL**

Cross-contamination is of major concern not only in hospitals, but in schools, institutions and industry. *Assure* has been formulated to aid in the reduction of cross-contamination in these areas. *Assure* is a one-step disinfectant-cleaner that is selective against a broad spectrum of bacteria, is virucidal, fungicidal, and controls the growth of mold and mildew. When used as directed, *Assure* will also deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors.

MOLD AND MILDEW CONTROL:

ASSURE will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surfaces (as indicated in general instructions above). Allow to dry on surface and repeat when mildew growth returns.

VIRUCIDAL PERFORMANCE:

ASSURE was evaluated and found to be effective in the presence of 5% serum against the following viruses: Hepatitis B Virus, HIV-1 (AIDS virus), Influenza A/Brazil, Herpes Simplex Type 1 and Type 2, and Vaccinia, on inanimate hard non-porous environmental surfaces.

KILLS HIV-1 AND HBV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids and in which the surfaces/objects likely to be soiled with blood or bodily fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1. (HIV-1) (associated with AIDS) or Hepatitis B virus (HBV).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: Clean-up should always be done wearing protective latex gloves, gowns, masks and eye protection.

CLEANING PROCEDURE: Blood and other body fluids containing HIV or HBV must be thoroughly cleaned from surfaces and objects before application of *ASSURE*.

CONTACT TIME: Leave surface wet for 1 minutes (60 seconds) HIV-1 and 10 Minutes for HBV. Use a 10 minute contact time for disinfection against all other viruses, bacteria and fungi.

For Schools, Industry and Medical Institutional Use:

Assure has been evaluated in the presence of 5% serum by the AOAC Use-Dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms tested: (Bacteria): *Pseudomonas aeruginosa*, *Enterobacter aerogenes*, *Staphylococcus aureus* (Staph), *Streptococcus faecalis*, *Salmonella choleraesuis*, *Shigella dysenteriae*, *Escherichia coli* (E. coli), *Salmonella typhi*, *Staphylococcus aureus* Multi-Drug Resistant, (Viruses): Hepatitis B Virus (HBV), HIV-1, (AIDS), Herpes Simplex 1&2, Respiratory Syncytial (RSV), Vaccinia (Fox Virus) (Fungi): *Aspergillus Niger* (Black Mold), *Trichophyton mentagrophytes* (Athlete's Foot Fungus) (Animal Viruses): Canine Distemper, Avian Influenza, Avian infectious Bronchitis, Newcastle, Pseudorabies

FUNGICIDAL CONTROL:

ASSURE is an effective fungicide against *Tichophyton mentagrophytes* (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities.

DISINFECTION - To disinfect hard, non-porous surfaces, treated surfaces must remain wet for 10 minutes.

Apply this *Assure* undiluted to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks, tile, toilets, glazed porcelain, and bedframes with a cloth, mop, pump or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. For spray applications, use a coarse spray device. Spray 6-8 inches from surface, rub with brush, sponge or cloth. Do not breath spray mist.

Non-Acid Toilet Bowl Disinfectant/Cleaner Application: 1. Empty toilet or urinal and apply *Assure* to exposed surfaces with a cloth, mop, sponge, or mechanical spray. 2. Brush thoroughly over exposed surfaces including under the rim, allow to stand for 10 minutes, and flush.

Hi-Tech® Neutral Clean All

Item# EJ-5214

#95

Neutral All Purpose Cleaner Degreaser With Pleasant Neutral Fragrance

Description:

An excellent product for damp mopping waxed or composite floors. Contains no harsh alkalis or acids to damage floor finish.

This product was specially designed as an effective neutral low foaming cleaner, non-acid, non-alkali, non-butyl, neutral pH, non-corrosive, and non-toxic. It will not cause corrosion of soft metals such as aluminum, magnesium, and zinc.

It dilutes clearly without a precipitate in hard water, either hot or cold. Will not clog orifices in nozzles of automatic scrubbers and pressure sprayers.

Directions:

General Cleaning and Degreasing:

Dilute 1 part cleaner with 8 to 10 parts water.

Wet Mopping and Sponging:

Dilute 1 part cleaner with 64 parts water.

Heavy Grease and Oil Removal:

Dilute 1 part cleaner with 8 to 16 parts water.

Steam Cleaning:

Dilute 1 part cleaner with 40 to 80 parts water.

High Pressure Washing:

Dilute 1 part cleaner with 40 to 80 parts water.

Use on all surfaces not harmed by water. Food equipment and surfaces subject to contact with food should be rinsed thoroughly with potable water and a no rinse sanitizer after cleaning procedure.

Bio-Clean

NATURAL BIOLOGICAL ENZYME PRODUCING ODOR COUNTERACTANT CULTURES

IDEAL FOR USE IN:

PUBLIC RESTROOMS

KITCHENS

KENNELS

SEPTIC TANKS

DRAIN LINES

FABRIC SAFE

Bio-Clean contains a selection of specialized natural live bacteria strains, that will digest and degrade both human and animal waste matter with safe biological action while enhancing the performance of all waste systems. This biologically active deodorant also contains a powerful odor counteractant which DESTROYS malodors at their source.

Bio-Clean will clean more effectively than ordinary cleaning products and reduce your need for hazardous chemicals such as caustic, bleach, and acids.

It has been proven that with regular use of **Bio-Clean** your restrooms, toilets, sinks, urinals, showers, and drain lines will be cleaner than ever before. With the help of this product your waste systems will stay clean, trouble-free and odor-free.

Bio-Clean was field tested and proven to work in, and enhance the performance of marine waste systems. **Bio-Clean** will keep your closed marine waste system or septic tanks working at peak performance. **Bio-Clean** has been used to eliminate odors caused by floods. It is Ideal for deodorizing refrigerators and freezers.

DIRECTIONS:

Although this **Bio-Clean** is safe on most surfaces, be sure to pre-test before using.

BATHROOMS, URINALS, SINKS, KENNELS: Remove larger matter. Spray **Bio-Activator** on all surfaces to be cleaned, including inside, outside, and underside of urinals and sinks. Also spray area around urinals and bowl. No need to rinse. For mopping bathrooms use 8 oz per gallon of water.

CARPETS: Mix 10 to 1 with water. To remove pet odors from carpets, rugs or floor, simply pour or spray **Bio-Clean** directly on odor spot. Use a clean white cloth to blot out product. If the odor persists, repeat the procedure.

UPHOLSTERY: To remove musty odors from upholstered couches and chairs, simply mist the fabric with product.

CARPET MACHINES: To deodorize carpets, add 1/4 cup of **Bio-Clean** each time the solution tank is refilled.

LAUNDRY PRE-SPOTTER: Spray soiled or blood stained area prior to washing.

BOWL CLEANER: Use product daily as a toilet cleaner. Spray to adequately cover the interior surface of the toilet bowl. Leave **Bio-Clean** in the bowl for as long as possible or until the first flush. May also be sprayed around base and around seat hardware to help control odors. For heavy incrustations a bowl mop may be needed.

DEODORIZER: Physically remove as much of the source of malodor as possible. Follow this by spraying product directly on the source of odor.

DRAIN LINES AND SEPTIC TANKS, GREASE TRAPS: Add 1 quart for your initial treatment. There after use 8 oz. per week into grease trap or by flushing down commode.

BOAT AND RECREATIONAL VEHICLES: Add 2 oz. per gallon of water in holding tank. Then use one pint per week for maintenance. To maintain scuppers on marine vessels add product daily.

FLOOD CLEANING: Ideal for deodorizing refrigerators and freezers. Mix 10 to 12 oz. Per gallon of water.

ONE-STEP GERMICIDAL NEUTRAL CLEANER & DEODORANT

**Hospital Grade
Disinfectant**

Marble Safe

Neutral pH

Athletic Clubs

**Money Saving
Concentrate**

**Public
Restrooms**

Ideal for use in: Hospitals, Nursing Homes, Whirlpools, Homes, Hotels & Motels, Waterbed Conditioner, Institutional, Industrial, School Dairy, Equine, Poultry/Turkey, Farm, Veterinary and Restaurant Food Handling and Process Areas, Federally Inspected Meat and Poultry Plants, Bar and Institutional Kitchen Use and for Harvesting & Handling Equipment.

When used as directed, is formulated to disinfect hard, non-porous inanimate environmental surfaces such as: floors, walls, metal surfaces, painted surfaces, exterior bowl surfaces, empty basins, showers, conductive flooring, lavatory fixtures, and other hard, non-porous surfaces made of stainless steel and metal, glazed tiles and sealed stone.

Non-food contact glass, metal, stainless steel, glazed porcelain, glazed ceramic, sealed granite, sealed marble, plastic (such as polystyrene, polyvinylchloride, polycarbonate or polypropylene), sealed limestone, sealed slate, sealed stone, sealed terra cotta, sealed terrazzo, chrome and vinyl.

Enameled surfaces, painted woodwork (finished), Formica, vinyl and plastic upholstery, porcelain, washable wallpaper.

- Economical. DILUTION: 1:32 4 OUNCES PER GALLON OF WATER
- Phosphate free, pH neutral formulation designed to provide effective cleaning, deodorizing and disinfection in areas where housekeeping is of prime importance in controlling the hazard of cross contamination on treated surfaces.
- Will not leave a grit or soap scum.

Bathroom and other household use:

- Effective at controlling mold and mildew on shower curtains.
- Non-scratch cleaning of showers and tubs, shower doors and curtains, fixtures and toilet bowls.
- Safe for most surfaces. For a cleaner, fresher household. Removes stains. Removes dirt. Non-staining. Clear formula.

Malodor use:

- Inhibits bacterial growth on moist surfaces and deodorizes by killing microorganisms that cause offensive odors.
- Neutralizes musty odors and tough odors from smoke, pet accidents, and spills on contact.
- Effectively eliminate offensive odors caused by mold and mildew.

Medical institution use:

- This product meets AOAC Use Dilution Test Standards for hospital disinfectants at 400 ppm water hardness.
- One-step neutral disinfectant that is effective against a broad spectrum of bacteria (including but not limited to MRSA), is virucidal* (including HIV-1, HCV and HBV) and inhibits the growth of mold and mildew and their odors when used as directed.
- Clean, sanitize and disinfect non-porous ambulance equipment and surfaces by rinsing all equipment that comes in prolonged contact with skin before reuse with clean warm water (about 120°F), and allow to air dry. (Precaution: Cleaning at the 120°F temperature will avoid overheating and distortion of the ambulance equipment and surfaces that would necessitate replacement.)

Bar and restaurant (non-food contact) use:

- Meets AOAC efficacy standards for hard surface non-food contact sanitizers.
- Cleans non-food contact kitchen surfaces and food preparation areas.
- *Escherichia coli* (E. coli), *Salmonella choleraesuis* (Salmonella), and *Staphylococcus aureus* (Staph) are common germs found where food is prepared and stored. This product kills these germs and helps prevent the spread of food borne contamination on (treated) kitchen surfaces listed on this label. A potable water rinse is required after application on food contact surfaces. This product is not for use on dishes, glassware or eating utensils.
- Provides effective cleaning strength that will not dull high gloss floor finishes with repeated use.

Animal care use:

- Versatile Disinfectant & Sanitizer for Veterinarian, Veterinary Practice, Animal Care, Animal Laboratory, and Agricultural and Farm Premise applications.
- Cleans by removing dirt, grime, blood, urine, fecal matter and other common soils found in animal housing facilities, livestock, swine poultry facilities, grooming facilities, farms, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. It (also) eliminates odors leaving surfaces smelling clean and fresh.

Versatile Application methods:

- May be applied through low-pressure sprayers, and fogging (wet misting) systems.
- Economical concentrate that can be used with a mop and bucket, trigger sprayers, sponges, or by soaking.

Hi-Tech[®] Lemon Disinfectant Cleaner

Item# EJ-1LT

Cross-contamination is of major concern not only in hospitals, but in schools, institutions and industry. Formulated to aid in the reduction of cross-contamination in these areas.

A one-step disinfectant-cleaner that is selective against a broad spectrum of bacteria, is virucidal, fungicidal, and controls the growth of mold and mildew. When used as directed, it will also deodorize surfaces in toilet areas, behind and under counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause malodors.

Sold By: the Gallon or Case of 4 Gallons

DISINFECTANTS 32

ONE-STEP GERMICIDAL NEUTRAL CLEANER & DEODORANT

**Hospital Grade
Disinfectant**

Marble Safe

Neutral pH

Athletic Clubs

**Money Saving
Concentrate**

**Public
Restrooms**

Ideal for use in: Hospitals, Nursing Homes, Whirlpools, Homes, Hotels & Motels, Waterbed Conditioner, Institutional, Industrial, School Dairy, Equine, Poultry/Turkey, Farm, Veterinary and Restaurant Food Handling and Process Areas, Federally Inspected Meat and Poultry Plants, Bar and Institutional Kitchen Use and for Harvesting & Handling Equipment.

When used as directed, is formulated to disinfect hard, non-porous inanimate environmental surfaces such as: floors, walls, metal surfaces, painted surfaces, exterior bowl surfaces, empty basins, showers, conductive flooring, lavatory fixtures, and other hard, non-porous surfaces made of stainless steel and metal, glazed tiles and sealed stone.

Non-food contact glass, metal, stainless steel, glazed porcelain, glazed ceramic, sealed granite, sealed marble, plastic (such as polystyrene, polyvinylchloride, polycarbonate or polypropylene), sealed limestone, sealed slate, sealed stone, sealed terra cotta, sealed terrazzo, chrome and vinyl.

Enameled surfaces, painted woodwork (finished), Formica, vinyl and plastic upholstery, porcelain, washable wallpaper.

- Economical. DILUTION: 1:32 4 OUNCES PER GALLON OF WATER
- Phosphate free. pH neutral formulation designed to provide effective cleaning, deodorizing and disinfection in areas where housekeeping is of prime importance in controlling the hazard of cross contamination on treated surfaces.
- Will not leave a grit or soap scum.

Bathroom and other household use:

- Effective at controlling mold and mildew on shower curtains.
- Non-scratch cleaning of showers and tubs, shower doors and curtains, fixtures and toilet bowls.
- Safe for most surfaces. For a cleaner, fresher household. Removes stains. Removes dirt. Non-staining. Clear formula.

Malodor use:

- Inhibits bacterial growth on moist surfaces and deodorizes by killing microorganisms that cause offensive odors.
- Neutralizes musty odors and tough odors from smoke, pet accidents, and spills on contact.
- Effectively eliminate offensive odors caused by mold and mildew.

Medical institution use:

- This product meets AOAC Use Dilution Test Standards for hospital disinfectants at 400 ppm water hardness.
- One-step neutral disinfectant that is effective against a broad spectrum of bacteria (including but not limited to MRSA), is virucidal* (including HIV-1, HCV and HBV) and inhibits the growth of mold and mildew and their odors when used as directed.
- Clean, sanitize and disinfect non-porous ambulance equipment and surfaces by rinsing all equipment that comes in prolonged contact with skin before reuse with clean warm water (about 120°F), and allow to air dry. (Precaution: Cleaning at the 120°F temperature will avoid overheating and distortion of the ambulance equipment and surfaces that would necessitate replacement.)

Bar and restaurant (non-food contact) use:

- Meets AOAC efficacy standards for hard surface non-food contact sanitizers.
- Cleans non-food contact kitchen surfaces and food preparation areas.
- *Escherichia coli* (E. coli), *Salmonella choleraesuis* (Salmonella), and *Staphylococcus aureus* (Staph) are common germs found where food is prepared and stored. This product kills these germs and helps prevent the spread of food borne contamination on (treated) kitchen surfaces listed on this label. A potable water rinse is required after application on food contact surfaces. This product is not for use on dishes, glassware or eating utensils.
- Provides effective cleaning strength that will not dull high gloss floor finishes with repeated use.

Animal care use:

- Versatile Disinfectant & Sanitizer for Veterinarian, Veterinary Practice, Animal Care, Animal Laboratory, and Agricultural and Farm Premise applications.
- Cleans by removing dirt, grime, blood, urine, fecal matter and other common soils found in animal housing facilities, livestock, swine poultry facilities, grooming facilities, farms, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. It (also) eliminates odors leaving surfaces smelling clean and fresh.

Versatile Application methods:

- May be applied through low-pressure sprayers, and fogging (wet misting) systems.
- Economical concentrate that can be used with a mop and bucket, trigger sprayers, sponges, or by soaking.

Sulfuric Acid Drain Cleaner

Description: This acid cleaner will remove any clog. Will dissolve grease, paper, hair or any other organic material.

Directions: Make sure to wear proper protective clothing before using including rubber gloves.

For completely clogged drains: Remove standing water before pouring. Pour 4 ounces drain cleaner into drain. Using more than 4 ounces could generate excessive heat, causing toilet bowls to crack. Allow to stand 15 minutes. Carefully and

DANGER:
CAUSES SEVERE BURNS TO SKIN, EYES, AND MUCOUS MEMBRANES.
CONTACT WITH EYES CAN CAUSE PERMANENT EYE DAMAGE.
INHALATION OF MIST OR SPRAY CAN CAUSE SEVERE LUNG DAMAGE.

PRECAUTIONARY STATEMENT:

Do not get into eyes, on skin, on clothing.

Avoid breathing mist, or spray.

Do not take internally.

Use with adequate ventilation and employ respiratory protection when exposure to dust, mist or spray is possible.

When handling, wear chemical splash goggles, face shield, rubber gloves, and protective clothing.

Wash thoroughly after handling or contact. Exposure can cause burns which are not immediately painful or visible.

General Purpose Green Pad

Poly blend construction, medium abrasive, and general purpose cleaning. Designed for most daily cleaning jobs. Rinses clean and last longer. Cleans equipment, kitchenware and other durable surfaces. Hand-size eliminates cutting or folding the larger pad.

Heavy-Duty Green Pad

Thick, tough, poly blend construction, heavy-duty abrasive. Rugged yet flexible. Perfect for corners and hard to reach areas. Use where heavy, aggressive action is required.

All Purpose Maroon Pad

All purpose maroon pad made of tough non-woven material, impregnated with abrasive grain and bonded with synthetic resin. Ideal for removing rust and corrosion in surface preparation and cleaning.

3M™ Niagara™ 7200N Black Stripper Pad - 18"

Every floor pad in the 3M line is designed and manufactured with a uniform coating throughout, assuring longer-lasting performance in a variety of maintenance operations.

To remove all finish, sealer and contaminants from the floor surface.

- Use with Rotary or Automatic
- Low Speed 175-600 RPM
- 5 per pack

Additional Information:

Done at the start of a maintenance program and at times when scrubbing will not achieve the desired results.

- . The industry standard against which all other stripping pads are compared.
- . Maintains consistent high performance throughout the life of the pad

3M™ Niagara™ 19" Red Buffer Pad - 5100N

Item# 3MC-35052

This product is a floor maintenance buffing pad.

The pad is made of polyester fiber in an open textured non-woven construction. Cleaning and polishing abrasive particles are dispersed throughout the nonwoven construction and bonded with a durable adhesive. The pad is nominally one inch thick.

The pad is used for spray cleaning or dry buffing under a rotary floor machine (175-600 rpm).

It is also used for light scrubbing under an automatic scrubber.

Series: 5100N

Color: Red

Sold By: a Case of 5 Pads

3M™ Niagara™ 20" Black Floor Stripping Pads

Item# 3MC-35023

Pad maintains consistent high performance throughout the life of the pad. It is an ideal pad to strip finish as well as remove dirt and buildup. Use it on a rotary floor cleaner at conventional speeds from 175 to 600 RPM. Pad has a long life and is washable and reusable.

Size: 20"

Color: Black

Series: 7200N

Material: Non-Woven Nylon & Polyester Fiber

Speed: 175-600 RPM

Sold By: the Case of 5 Pads

3M™ Niagara™ Natural Tan 20" Hog's Hair Pad
Item # 3MC-59322

Blend of natural and synthetic fibers removes black marks and scuffs while polishing. Powerful burnishing pad is effective on harder finishes and in high-traffic conditions. Uniform coating throughout the floor pad delivers consistent performance over the life of the pad. For use with electric, battery, and propane floor machines running at ultra-high speeds. Washable, reusable pads provides long-term economy.

Color: Tan
Material: Natural Hog's Hair
Series: 3500N
Size: 20"
Speeds: 1500 RPM & Above
Sold By: a Case of 5 Pads

UNDER SEAL

FLOOR SEALER

CAUTION
FOR INDUSTRIAL USE ONLY
KEEP OUT OF REACH OF CHILDREN

DESCRIPTION:

For use on both new and old floors. Asphalt tile, linoleum, vinly rubber, cork, concrete, terrazzo, magnasite, travertine. This remarkable product seals the floor itself against, stains and soiling. It provides a salt and detergent-resistant base coat or can be used as both base coat and top coat.

DIRECTIONS:

PREPARATION OF FLOOR: For best results, floors must be thoroughly cleaned and rinsed. All previous floor finish or wax should be completely removed by use of heavy duty wax cleaner-wax stripper. Cleaner-stripper should be completely rinsed, then allowed to dry. We recommend Presto Rinse Free Power Stripper for a total strip and no need for rinsing.

APPLICATION OF FOUNDATION-SEALER: Apply Foundation Sealer to clean, dry floor using cotton mop or lambswool applicator. Spread product evenly over entire floor area. Avoid excessive agitation of product and do not allow material to dry in puddles.

This product meets or exceeds ASTM Method D0247 for Slip-Resistance.

SOFT & SILKY

Bag-In-Box Dispensing System

800mL, 1200mL BNB
and 1000mL Boxless Bag

The most convenient and widely used dispensing system today, the Soft & Silky line features contamination-free sealed pouches with integrated dispensing tubes in a broad range of products and sizes.

800mL - The most common bag-in-box size and designed to fit most competitive dispensers.

1200mL - Lasts longer, requires fewer change outs and reduces labor. Utilizes the shorter, large diameter dispensing tube.

1000mL Boxless Bag - Save Money and Reduce Waste... Eliminate the box! Fits most 800mL dispensers for less money than traditional bag-in-box.

Lava[®] Professional Heavy Duty Hand Cleaner

Item# JS-29004

The Lava Bar is the original heavy-duty hand cleaner. Since 1893, do-it-yourselfers, coal miners, and oil rig workers have depended on the power of pumice in Lava to cut through even the toughest grease and grime. Lava's name was derived from one of its key ingredients-pumice. A by-product of volcanic activity, pumice is used in combination with other cleaning and moisturizing agents to clean and soften even the dirtiest of hands.

Scent: Fresh

Size: 4 oz.

Sold By: the Case of 48 Bars

SOFT PINK ANTIBACTERIAL HAND SOAP

*Highest Quality
pH Balanced*

Rinses
squeaky clean

High Sudsing

Won't Dry Out
Skin

Almond Scented

EASY TASK™

Item# BC-608

Thermoplastic spray buff

This spray buffing compound combines detergents, thermoplastics and solvent for the answer to terrific looking floors. Simply spray on floors and polish with a spray buff pad to easily remove black heel marks, scuffs and scratches leaving a wet look gloss. Regular use of this spray buff will allow the user to reduce stripping and rewaxing procedures by over 75%. Spray buff leaves floor finish very hard and durable yet slip resistant.

Features

Provides excellent lubricity to pad surface for a higher shine.
Effective repair of all floor finish types.
Versatile - The perfect product for use with conventional and high speed equipment.

Available In:

4-1 Gal. Bottles Item#60804-00

12 - 32 oz. Bottles Item #60812-00

Sold By: the Gallon or a Case of 4 Gallons

Directions for Use

Remove soil and dust mop the floor. Spray a light mist of product on the floor in front of the floor machine. DO NOT OVERWET. Using a nylon or polyester spray buff pad, buff the floor where the fine mist of spray buff has been applied. Flip or change pad as necessary. After spray buffing the floor is completed, dust mop the floor if dust is still present.

NOTE: In order for spray buff to work correctly, three or four base coats of floor finish must be applied before using spray buff in order to achieve maximum gloss and wear properties. Heavy traffic areas may require dust mopping, followed by damp mopping, followed by spray buffing. Use of this spray buff will eliminate powdering and will never yellow the floor.

NOTE: Slip resistance meets or exceeds standard, (ASTM D 2047-11) James Machine 0.5 minimum.

Higher output: 1.4 mil. Longer, comfortable trigger. Rear support fits comfortably in your hand. Enclosed piston provides protection against damage.

- Will not leak when used on bottles filled with liquid
- Holds up to common janitorial chemicals
- 200 per case

Hi-Tech Cuts It Wax Stripper

Item# EJ-5212

Descriptions:

Cuts-It Wax Stripper is a concentrated liquid product designed specifically for use on asphalt tile and other composition flooring. It is equally suitable for marble, tile, terrazzo, vinyl, rubber, and linoleum. This concentrate is designed to be diluted according to directions of use. It will effectively disperse and deflocculate self-polishing water-based waxes as well as soils, maintaining them in a dispersed state. Mopping or flushing is accomplished without redeposition to the surface.

Directions:

Ordinary Wax: Mix 1 part of this product with 4 parts of warm or hot water. Spread solution over floor then scrub with floor machine with black stripping pad till wax is dissolved. After, remove with wet vacuum or mop. Rinse surface with clear water. Reapply stripping solution is necessary.

Crusty Wax: Mix 1 part of this product with 1 part of warm or hot water. Spread adequate amount of this solution over the area to be stripped and allow to stand 10 minutes. Use of a scrub machine with black stripping pad will greatly speed up action. Remove dissolved wax with a mop. Reapply if any wax still remains, then rinse with clear water. When using this stripper, it is very important to use plenty of water. Water is the means by which gummy soft old finish is removed from the floor surface and away from the stripping pad.

WAXY WASH

AUTO SHAMPOO AND WAX

Great For Automatic
Wash Systems

Non-acidic or
Corrosive

Rinses Clean

High Sudsing

Money Saving
Concentrate

No Streaking

DESCRIPTION:

Waxy Wash is a highly concentrated blend of detergents, emulsifiers, and waxing agents designed for the efficient cleaning of your vehicle while leaving a shining surface. It is free rinsing to eliminate streaking.

DIRECTIONS:

Use 2 to 3 ounces of Waxy Wash in a regular car wash pail, depending on condition of car. Fill pail with water hose, using water pressure to produce a rich, sudsy solution that rapidly emulsifies dirt and road film. Wash car, starting at bottom and working upward. Rinse with hose, flooding freely with water, and allow to air dry. For Auto wash system; add 5 gallons product to 50 gallon holding tank, this solution is then metered for application.

CAUTION:

If car is hot, cool by rinsing with cold water before washing. Do not wash car in hot sun.

FINISH 101™

Acrylic polymer floor finish

This finish delivers both optimal value and performance and is developed specifically for facilities that desire to contain floor maintenance costs. Education and retail facilities will realize savings to their bottom line, while also meeting bid specifications. This formula is designed for low maintenance programs where burnishing is minimal or unavailable. Great off the mop gloss, quick build and superior leveling make this finish easy to apply.

Features

- Optimal value and performance.
- Reduced labor - Fast build with fewer coats.
- Deep gloss.
- 0.0% Free Styrene

Available In

4 - 1 Gal. Bottles Item #69604-00

5 Gal. Pail Item #69605-00

55 Gal. Drum Item #69655-00

Directions for Use

Recommended for use on all types of resilient tile flooring and properly prepared hard surfaces.

RESTORATIVE MAINTENANCE: Completely remove all old wax, finish and soil from floor surface following strip procedure instructions on Betco® #174; stripper label. Floor surface must be clean, dry and free of residue before finish is applied. Rinse with clean water if necessary. Apply finish in uniform, thin to medium coats using a clean synthetic finish mop, microfiber mop or applicator system. Allow each coat to dry thoroughly before applying additional coats, usually 20 - 30 minutes. Elevated temperatures, heavy coats and humidity may extend dry time. A minimum of 4 coats of finish is recommended. Note: This product is a self-sealing finish, however, if tile is old, worn or porous, initially applying 1 - 2 coats of a Betco sealer will enhance gloss and long term performance.

ROUTINE MAINTENANCE: Sweep large debris and dust mop. Damp mop or automatic scrub using a Betco floor cleaner. Buff or burnish the floor to enhance gloss as needed. Use Betco® #174; One Step High Speed Cleaner/Restorer to condition the floor and extend the time between top scrub and recoating.

INTERIM MAINTENANCE: Sweep large debris and dust mop. Top scrub the floor using Daily Scrub SC and maroon pad or equivalent to remove the top soiled layers of finish. Floor surface must be clean, dry and free of residue before finish is applied. Apply 1 - 2 coats of finish as directed above.

Please recycle empty containers. Note: Slip resistance meets or exceeds standard, (ASTM D 2047-11) James Machine 0.5 minimum.
