

Makrite 9500-N95 Mask

Product Details:

Brand	Makrite
Type	9500-N95
Color	White
Box Quantity	20 masks per box
Carton Quantity	12 boxes per Carton
Size	Adult/One Size
NIOSH Approval #	TC-84A-5411
FDA 510(K) Approval #	K020474
Made in	China

Product Features:

- 5 PLY Construction
- $\geq 95\%$ Filtration Efficiency: effective against particulate aerosols free of oil
- Nose Bar Adaptable
- Secured Head Straps
- NIOSH Approved
- FDA Approved

Directions:

Hold the respirator in hand with the nosepiece at your fingertips, allowing the headbands to hang freely below your hand. Press the respirator firmly against your face with the nosepiece on the bridge of your nose. Stretch and position the top bend high on the back of the head. Stretch the bottom band over the head and position below your ears. Using both hands, mold the nosepiece to the shape of your nose. To test fit: Cup both hands over the respirator being careful not to disturb position, and inhale vigorously. If fair leaks around the edges, reposition the straps or adjust strap tension for better fit.
