drillmaster

Drill Master - Item#44460

★★★★★ (352) ∨ Write A Review

Nine sizes in one high speed steel titanium step bit

Item
0060

Description

drillmaster

This step drill bit has a titanium coating to run cooler and last longer. Drill up to 9 different size holes with this step drill bit, deburring as you drill. The two flute design makes this step drill cut faster and smoother.

- Cool-running titanium coating lasts longer than uncoated bits
- High speed steel for longer life
- Automatically deburrs holes while drilling
- Two flute design for faster, smoother cutting
- 1/4 in. hex shank
