Reference: Water Meter Replacement

To Whom It May Concern:

Our experience with RG-3 Utilities, who were selected for the 2010 City of New Braunfels AMR Meter Change Out Program, was that they performed at a very high level throughout the contract. We were extremely pleased with the quality of workmanship, professionalism, and efficiency displayed by RG-3 and their superintendents. We look forward to working with RG-3 Utilities in the future and would highly recommend them to other municipalities who have similar work to be performed.

Please feel free to contact me with any questions.

Sincerely,

Chad Wolf

Dear Sirs,

I would like to Thank You and your company for the great job that was done during our meter change out project completed this year. Your employees were very professional and completed everything safely and well within the project completion timeline. We have enjoyed working with you and your staff on this project and look forward to working with you again on future projects.

Thank you again and have a great year.

**Re: RG3 Utilities, Inc. recommendation**

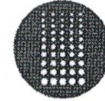

To whom it may concern:

RG3 Utilities, Inc. worked as a sub to a General Contractor and performed a complete water meter change out installation as part of a larger fixed network water meter implementation project for the City of Highland Village. Their crews were professional, courteous and completed the installation in the time and budget allotted for the project. I am recommending the water meter installation service of RG3 Utilities, Inc. to your organization. The City of Highland Village is very pleased with the results of their work.

If you have any further questions, please feel free to contact me at 972-317-2989.

Sincerely,

Scott Kriston  
Deputy Director of Public Works

11 Jul 11

The Texas based company, RG-3 Utilities, was sub-contracted by our company, SouthWest Water Company, to perform a substantial meter replacement project in several of our operational areas during the last quarter of 2010, lasting thru the first quarter of 2011. This project also included replacement of broken or missing district cut-off devices.

Their field personnel were very knowledgeable, very courteous, and had a professional attitude. They completed all projects well within the allotted time frame with minimal, if any, errors and were very reasonable in the project's overall price.

I would highly recommend them for replacement projects that your utility may have planned.

Thank You.

To Whom It May Concern:

I highly recommend the services of RG-3 Utilities. They worked in our city recently replacing all our water meters with new meters and transmitters for an automated meter reading system. They were accurate and fast, completing the job very quickly. RG-3 Utilities employees were very likeable and easy to work with and were very courteous to the citizens.

If you have questions, I would be happy to talk with you about the work performed in our city.

Sincerely,

A handwritten signature in blue ink that reads "Wade Walker".

**RE: RG3 Utilities, Inc. Recommendation**

To Whom It May Concern:

RG3 Utilities was recently hired to perform 1,000 residential water meter changes for the City of North Richland Hills Public Works Department. Their crews performed in a professional and courteous manner and followed the guidelines and operating procedures required by the City. The meter change outs were completed in less than ten days and to the satisfaction of the department. I am recommending the water meter installation service of RG3 Utilities, Inc. to your organization. The City of North Richland Hills is pleased with the results of their work.

If you have any further questions, please feel free to contact me at 817-427-6452.

Sincerely,

Alan Knapp

Public Works Utility Superintendent
