All other relevant fees and taxes in this pricing structure are held constant throughout the contract. **For bidding purposes, bidder must use the OPIS PADD 3 New Orleans, Louisiana rack unbranded fuel issued December 19, 2016 for all price moves confirmed through December 15, 2016 (OPIS Vol. 36, No. 51).**

Octane:

The minimum octane and product specifications shall be as specified:
87% Octane and low sulfur diesel. The EPS Energy Policy Act of 2005 states the national standard applicable to gasoline refiners and importers for 2008 is 7.76% of gasoline production and imports. The expectation is that, on average, the national pool of gasoline will contain at least 7.76% Ethanol – the RFS standard is a minimum requirement, so actual Ethanol use may be higher. The standard will be met by blending gasoline with 10% ethanol and some ethanol will find its way to E85. All motor fuels must meet or exceed federal state specifications for the ASTM test method. The motor fuel products shall be equivalent to Texaco, Exxon, or Shell. Should any equipment perform improperly from poor quality fuel, the fuel will be tested by the Parish. If fuel is found to be of lesser quality than the manufacturers listed, it shall be removed and replaced at contractor's expense.

Fuel Tankers:

(For Emergency Events (Hurricanes/Flood/Etc.)

Vendor must provide one (1) fuel tanker and driver on an as needed basis to be available within a twenty-four (24) hour notice during Hurricane Season or any other declared emergency.

Trucks are to arrive fully filled at designated locations on the east bank of Jefferson Parish. They MUST have full access to company owned depots to refuel as needed. Jefferson Parish MUST have first priority rights to the company's fuel depots for the duration of the emergency. The fuel tanker is to have an 8,500 gallon capacity and to be filled with 4,000 gallons of diesel fuel and 4,500 gallons unleaded fuel. Truck and driver will remain under the director of the Jefferson Parish President for the duration of the emergency.

Jefferson Parish will provide the driver with room and board with the Emergency Staff of Jefferson Parish. Driver must be licensed, insured and HAZMAT certified.

Jefferson Parish will only pay for the amount of diesel and unleaded fuel actually pumped from the tanker for Jefferson Parish use.

Jefferson Parish will pay for the time that the driver is under the direction of Jefferson Parish.

The EPA Energy Policy Act of 2005 states “the national standard application to gasoline refiners and importers for 2008 is 7.776 percent of gasoline production and imports. The expectation is that, on average, the national pool of gasoline will contain at least 7.76% of ethanol – the RFS standard in minimum requirement. Increasingly, gasoline without ethanol will be more difficult to find and it may be limited to certain areas. The change to ethanol gasoline will not affect pricing under our current contract and due to changes no additional equipment is needed at any of our on-site fueling locations.

Pricing to be for one (1) fuel tanker and one (1) driver.

Contract:

If you are successful bidder you will be required to execute a contract in accordance with Resolution No. 113646 and all amendments thereto.

A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.
16. The ensuing contract for this bid solicitation may be eligible for FEMA reimbursement and/or Federal funding/reimbursement. As such, the referenced appendix will be applicable accordingly and shall be considered a part of the bid documents. 17. For this project, the Contractor shall not pay any state or local sales or use taxes on materials and equipment which are affixed and made part of the immovable property of the project or which permanently incorporated in the project (hereinafter referred to as "applicable materials and equipment"). All purchases of applicable materials or equipment shall be made by the contractor on behalf of and as the agent of Jefferson Parish (Owner), a political subdivision of the State of Louisiana. No state and local sales and use taxes are owned on applicable materials and equipment under the provisions of Act 1029 of the 1991 Regular Session - Louisiana Revised Statute 47:301(8)(c). Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES _____ NO

MAXIMUM ESCALATION PERCENTAGE REQUESTED N/A %

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF end of contract

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

STANDARD INSURANCE REQUIREMENTS – PUBLICLY ADVERTISED BIDS

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the advertised bid. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish’s standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid’s due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability, Workmen’s Compensation Insurance and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.

JEFFERSON PARISH REQUIRED STANDARD INSURANCE

Note: If your company is not required by law to carry workmen’s compensation insurance, i.e. not a Louisiana company, sole employee of the company, then bidders must request a workmen’s compensation insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

COMMERCIAL GENERAL LIABILITY

Shall provide limits not less than the following: \$1,000,000.00 Combined Single Limit per Occurrence for bodily injury and property damage.

Bidder must request an automobile insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

DEDUCTIBLES

No insurance required shall include a deductible not greater than \$10,000.00. The cost of the deductible shall be borne by the contractor.

NOTE: If the vendor requires a change in deductibles, the request must be submitted in writing to the Purchasing Department prior to the due date of the bid. Such request shall be reviewed by the Parish Attorney's Office with the concurrence of the Director of Risk Management.
