**CONFIDENTIALITY NOTICE:** Privileged and/or confidential information may be contained in this message. If you are not the intended recipient of this electronic message, you are hereby notified that any disclosure, copying, distribution, or action taken in reliance on the contents of this document is strictly prohibited. If you receive this information in error, please notify the sender immediately and arrange for the destruction of this document.

Our experienced sales representatives will determine the best shipping method and add the appropriate shipping charges to your invoice. Items shipped directly from the factory will be F.O.B. from their factory location. Please note the normal shipping DOES NOT include lift-gate service or inside delivery. Be sure to have enough help available to assist with unloading truck carrier shipments. Shipments are tailgate deliveries and drivers are not required to assist in unloading. Lift gate and/or inside delivery services may be added for an additional fee.

#### Attention: Information for Damaged Shipment

**VERY IMPORTANT:** The delivering carrier is responsible for any loss or damage.

**YOU** are responsible for inspecting all shipments for any shortage or damage **BEFORE THE DRIVER DEPARTS**. Note any loss or damage on the delivery receipt **BEFORE SIGNING FOR THE SHIPMENT**. If concealed damage is discovered, **YOU** must save all cartons and packaging and request an inspection from UPS, Federal Express, or the appropriate truck carrier **IMMEDIATELY**. Damage must be reported within 15 days.

Our Customer Service Department can provide advice and assistance when you are filling your claim. Do not return damaged merchandise to Grady's Foodservice Equipment and Supplies without authorization. This will waive your right to file a claim or receive proper credit for the item. When in doubt, contact our Customer Service Department toll-free at 1-800-566-7068; they will assist you in any way possible!

## Ingredient Bins

### Slant Top

Models IBS20 - 21 gallon (81 L)

IBS27 - 27 gallon (102 L)

IBS37 - 37 gallon (140 L)

### Features & Benefits

- Stores and transports a wide variety of dry ingredients such as flour, sugar, rice or grains. Perfect for restaurants, food manufacturers or commissaries.
- Available in 21, 27, and 37 gallon (81, 102, 140 L) capacity to meet standard industry requirements for storage and transportation of bulk foods.
- One-piece, seamless single-wall polyethylene bin construction is extremely durable. Won't rust or corrode. Liquids and dry foods will not stick or seep between seams.
- FDA accepted material. Meets all food contact requirements and eliminates need for liners.
- Smooth interior and exterior are easy to clean.
- Injection molded Camwear® polycarbonate lids are transparent, break resistant and offer quick and easy identification of contents. Slide-back feature means easy access.
- Special design of lid allows for easy drainage and quick drying while completely protecting contents. Spilled fluids drain off back lid.
- Slant Top models include an S-Hook on the front of the bin for conveniently hanging ingredient scoops.
- Working height permits storage under standard work tables.
- Heavy-duty 3" (7,6 cm) casters, 2 front swivel, 2 fixed.
- No assembly required.
- Available in White (148) only with Clear (135) cover.

# KLEEN-PAIL®

THE ORIGINAL DEDICATED NON-FOOD CONTAINER

## BENEFITS

**RAISED LETTERING**  
FEATURE ENSURES MEETING  
HEALTH CODE GUIDELINES

**DURABLE HANDLE DESIGN**  
PREVENTS BROKEN OR LOST HANDLE

Dedicated non-food container for cleaning and sanitation.

**Kleen-Pails® eliminate confusion between cleaning and sanitizing solution containers. Use Green Pails with the Kleen-Pail Water Soluble Detergent Packets (KPDET). Use Red Pails with Kleen-Pail Water Soluble Sanitizer Packets (KPSAN).**

**Meets HACCP guidelines for storing of in-use cleaning/sanitizing cloths used to wipe down surface areas.**

**Available in a wide variety of sizes, from 3 qt. to 10 qt., front-of-house and back-of-house applications.**

 **san jamar®**  
smart. safe. sanitary.

# Edlund #1 and #2 Manual Can Openers

Edlund invented these original can openers 75 years ago, and they have set the standard in foodservice ever since. Now we've improved them to meet the even tougher requirements of today's foodservice operations. With a new smoother action base design, long wearing spool and rust resistant arbor, you just can't copy our quality.

- ① Delrin plastic spool reduces friction against handle to improve wear
- ② Base design for more rigidity

- ③ Melonite arbor provides greater rust resistance to make gear changing easier

- ④ Replaceable plastic base insert provides smooth glide action and reduces wear on opener shaft

# “Old Reliable” just got more dependable.

#1 with long bar  
and optional cast  
iron base

## FEATURES:

- Rust resistant arbor
- Made in U.S.A.
- New base with plastic insert

#1 and #2 models available  
with plated or stainless steel bases

## SPECIFICATIONS:

MODEL #	DESCRIPTION	PRODUCT CODE	CASE CUBE FT <sup>3</sup> /M <sup>3</sup>	CASE WEIGHT LBS./KGS
#1	Can opener with new plated steel base (for cans up to 11" tall)	11100	1.6/.05	27/12.3
#1 S	With stainless steel base	11300	1.6/.05	28/12.6
#1 WB	Without base (Caution: Using #1 without a base may prevent proper operation)	11000	1.4/.04	22/9.9
#2	Table style can opener with new plated steel base	12100	2.6/.07	31/15.8
#2 S	With new stainless steel base	12200	2.6/.07	31/15.8
#2 WB	Without base (Caution: Using #2 without a base may prevent proper operation)	12000	2.3/.07	23/10.8

**CAMBRO****Service Carts****Open Sides**

Models BC225, BC2254S  
 BC230, BC2304S  
 BC235, BC2354S

**Features & Benefits****StoreSafe**

- These sturdy carts are built to handle transporting prepared foods, table set up service or bussing boxes full of dirty dishware.
- Raised sides prevent bus boxes from slipping off.
- Open sided service cart can be loaded or unloaded on either side for greater speed and efficiency.
- One-piece molded high-density polyethylene construction is extremely durable and easy to clean.
- Foamed-in polyurethane insulation adds structural strength and reduces noise.
- Molded-in handle provides sturdy and controlled handling. Will not bend or break.
- Four heavy duty 5" (12,7 cm) or 3" (7,6 cm) casters are bolted to molded-in metal plates to create quiet, easy transportation.

Model BC225 - 3" (7,6 cm), 2 fixed, 2 swivel, 1 w/ brake

Model BC2254S - 3" (7,6 cm), 4 swivel, 1 w/ brake

Model 230 - 5" (12,7 cm), 2 fixed, 2 swivel, 1 w/ brake

Model 2304S - 5" (12,7 cm), 4 swivel, 1 w/ brake

Model 235 - 5" (12,7 cm), 2 fixed, 2 swivel, 1 w/ brake

Model 2354S - 5" (12,7 cm), 4 swivel, 1 w/ brake

- Optional removable 11 gallon (42 L) Trash Container and Catch-All Silverware Holder available.
- No assembly required.
- Available in 10 colors.

# STANDARD DUTY - 300 LB. (135 KG) CAPACITY

## TRADITIONAL UTILITY CARTS | STAINLESS STEEL

Transporting | Standard Duty

Model #311

- What qualifies these carts for the Standard Duty rating:
  - Durable, unitized electronically welded stainless steel angle leg design.
  - Reinforced, hemmed front on 22 gauge stainless steel shelves, adds strength where it is needed. Legs are 20 gauge stainless steel.
- Sound deadening panels under shelves restrict vibration and noise.
- Bumpers on legs and handles protect walls and furniture.
- Cleans and sanitizes easily.

Shipping Weight .....2 pounds, 3 oz.

# Edlund 401 NSF Certified Electric Knife Sharpener

Introducing Edlund's factory precise Model 401 Electric Knife Sharpener. The 401 was designed with the input of engineers from the market leader of professional cutlery. The result: a sharpener that recreates a factory fresh knife and maintains the integrity of the entire edge, tip to handle. The blade is not merely sharpened; it's restored each time as if the knife were new.

**Another sharp idea from Edlund, of course!**

- Precision guidance system to help maintain a perfect edge
- ABS knife guide pops out for easier cleaning and ease of maintenance
- All stainless steel housing
- Newly engineered knife guide allows knife heel to be inserted closer to stone than previous models to maximize sharpening area
- Grinding wheel assembly is replaceable
- Sharpens knives from  $\frac{3}{16}$  of an inch to cleaver blades. Also sharpens scalloped edge bread knives
- NSF Certified
- Made in USA

## From sharper minds, come sharper products.

The NSF Certified Model 401 is so easy to use and clean you'll have factory fresh knives every shift, every day.

Model 401 shown with Easy-Track Guidance System removed for cleaning, or for replacement of grinding wheel.

### FEATURES:

- Precision guidance system to help maintain a perfect edge
- ABS knife guide pops out for easier cleaning and ease of maintenance
- Newly engineered knife guide allows knife heel to be inserted closer to stone than previous models to maximize sharpening area
- Pressure sensitive motor shuts down automatically if too much pressure is applied, preventing burn or excess wear
- All stainless steel housing
- The Model 401 was designed with the input of engineers from the market leader of professional cutlery
- Grinding wheel assembly is replaceable
- Sharpens knives from  $\frac{3}{8}$  of an inch to cleaver blades. Also sharpens scalloped edge bread knives
- Lighted rocker switch indicates when motor is running
- NSF Certified
- Made in USA

# Edlund Four Star Series NSF Dishwasher Safe Portion Scales

Edlund's NSF Certified line of Four Star Series portion control scales is now dishwasher safe with no need to disassemble the scale. In addition to the FMD-2 model with a fixed dial, all Four Star scales feature a 30 degree viewing angle for readability and accuracy, a new platform design, and stainless steel springs and mechanisms for long life and consistent measurements, made in the U.S.A. of course.

- Dishwasher safe. No need to disassemble scale
- All stainless steel construction
- 30 degree viewing angle allows for more accurate readings
- Redesigned larger stainless steel platform
- Metric versions can be submerged for thorough cleaning after removing faceplate
- NSF Certified
- Made in U.S.A.

# Edlund's Four Star Series brings a cleaner slant to your portion control needs.

Shown with CK-32 calibration kit.

Remove faceplate on metric models for submersible cleaning.

## FEATURES:

- Stainless steel springs and inner mechanism for rustproof operation, longer life and greater accuracy
- Removable molded scale window (shown above) completely encloses scale plate to prevent spilled food product from running down into scale dial window
- 30 degree viewing angle for easier reading at table height
- Adjustable air dashpot on deluxe models (gold dial) acts as a shock absorber to prevent scale pointer from vibrating when product is on scale
- RMD-2, FMD-2 and RM-2 can be field-calibrated with our CK-32 calibration kit (shown above). RMD-1000 and RM-1000 can be field-calibrated with our CK-1000 calibration kit
- Made in U.S.A.

# Edlund Four Star Series NSF Dishwasher Safe Portion Scales

Edlund's NSF Certified line of Four Star Series portion control scales is now dishwasher safe with no need to disassemble the scale. In addition to the FMD-2 model with a fixed dial, all Four Star scales feature a 30 degree viewing angle for readability and accuracy, a new platform design, and stainless steel springs and mechanisms for long life and consistent measurements, made in the U.S.A. of course.

- Dishwasher safe. No need to disassemble scale
- All stainless steel construction
- 30 degree viewing angle allows for more accurate readings
- Redesigned larger stainless steel platform
- Metric versions can be submerged for thorough cleaning after removing faceplate
- NSF Certified
- Made in U.S.A.

# Edlund's Four Star Series brings a cleaner slant to your portion control needs.

Shown with CK-32 calibration kit.

Remove faceplate on metric models for submersible cleaning.

## FEATURES:

- Stainless steel springs and inner mechanism for rustproof operation, longer life and greater accuracy
- Removable molded scale window (shown above) completely encloses scale plate to prevent spilled food product from running down into scale dial window
- 30 degree viewing angle for easier reading at table height
- Adjustable air dashpot on deluxe models (gold dial) acts as a shock absorber to prevent scale pointer from vibrating when product is on scale
- RMD-2, FMD-2 and RM-2 can be field-calibrated with our CK-32 calibration kit (shown above). RMD-1000 and RM-1000 can be field-calibrated with our CK-1000 calibration kit
- Made in U.S.A.

## SPECIFICATIONS:

# NEW! DFG SERIES PRECISION PORTION SCALES

**DFG-160 OP**

**WOW! Our new DFG Series Precision Portion Scale offers all of the features operators having been asking for, now at our LOWEST PRICE EVER!** With more corrosion protection, larger standard and oversize platforms options, NSF Certification, dual-voltage power supply, larger LCD display, and decimal ounce, fractional ounce, and gram functions all included, this scale leaves the competition weigh behind.

## Features:

- NSF Certified
- Standard 6" x 6 3/4" removable stainless steel platform
- OP Model includes both standard and larger 10" x 7" stainless steel platforms
- Power jack plug provides corrosion protection when batteries are used
- UL/ CUL/CE approved dual voltage AC power supply included
- Also operates on 9 volt battery (not included)
- Low battery indicator
- Ounce, fractional ounce and gram selection switch
- Automatic shut-off feature when used with battery (not included)
- Larger, easy-to-read LCD display
- Field recalibratable (with optional calibration weight not included)

# DFP450W Digital Pocket Test Thermometer with Temperature Alarm

The DFP450W Digital Pocket Test with adjustable temperature alarm was specifically designed for the harshest foodservice environments. The instrument can be programmed to provide a visual alarm (blinking display) once the set temperature is reached. The DFP450W is guaranteed Accurate For Life and requires no "field" adjustment of calibration settings, eliminating the risk of introducing error into the instrument.

Reduced Tip for Delicate Products and Quick <6 Second Response Time

## Specifications

- Temperature Range: -40° to 450°F (-40° to 232°C)
- Accuracy:  $\pm 2^\circ\text{F}$  /  $\pm 1^\circ\text{C}$
- Resolution: 0.1°
- LCD: 0.375" H x 0.8125" W (9.5 mm x 20.6 mm)
- IPX7 Waterproof Rating
- Anti-microbial Enclosure and Sheath
- Adjustable Preset Temperature Alarm, Default at 140°F (60°C)
- Min / Max / Hold Modes
- Used to Test Dishwasher Rinse Temperatures
- 4.75" (121 mm) Stainless Steel Stem
- Reduced Tip for <6 Second Response Time
- Protective Sheath & Pocket Clip
- Auto Shut-off After 10 Minutes of Non-use
- Low Battery Indicator
- 1.5v #LR44 Battery & Spare Included
- CE Certified, NSF-Listed, WEEE Marked, RoHS Compliant
- Guaranteed Accurate For Life
- Lifetime Warranty

**LIFETIME WARRANTY INCLUDES CALIBRATION ACCURACY:**  
Any AFL designated instrument which proves to measure temperatures out of the specified accuracy range or be defective in material or workmanship will be replaced without charge upon receipt of the unit prepaid.

## Packaging

- Individual Clamshell Package Weight: 2.5 oz. (71 grams)
- Package Dimensions: 4.9" x 1" x 9.4" (124.5 mm x 25.4 mm x 238.8 mm)
- Package Cube: 0.03
- 6 per Shelf Box, 36 per Master Carton

Potentially hazardous mercury thermometers are often used to check the maximum water temperature of commercial dishwashers. Eliminate the risk of a mercury spill with our Digital Pocket Test Thermometer. The DFP450W is waterproof (IPX7), can withstand the environment of a commercial dishwasher, and will store the maximum temperature of the rinse cycle.

# WATERPROOF

## Digital Pocket Test with Temperature Alarm

### DFP450W

- Checks the rinse temperature of your commercial dish washing machine
- Stores maximum temperature registered in rinse cycle
- IPX7 waterproof-rated
- Anti-microbial additive\*
- LCD flashes when desired temperature is reached
- Accurate for Life!
- Lifetime Warranty!

#### \*Anti-Microbial Additive:

The anti-microbial additive in the ABS plastic housing inhibits the growth of bacteria on the unit. It does not protect users or others against food bacteria. Always clean and wash products thoroughly before and after each use.

#### Specifications: 255

Instrument Range	-60° to 120°F / -50° to 50°C
Accuracy	±2°F
Dial	6" diameter
Weight	5 oz

### Cooper Tips

When storing potatoes, be sure they are thoroughly dry. If the potatoes will be used in within four to six weeks, they can be stored in a dark area with a temperature as high as 70°F. For winter storage, fully mature potatoes should be stored in a dark location at temperatures between 30° to 40°F with high humidity and good air circulation. If the conditions are maintained properly they will last for 5 or 6 months. Darkness is important because light will promote greening. Higher temperatures may cause the potatoes to sprout.

Paper mildews because of a number of fungi varieties which cause brownish spots. On watercolor paper the fungi digests the sizing almost invisibly and results in dark spots appearing after the painting is complete. Mildew can seriously damage the fibers on canvas and discolor matboards.

Mildew grows in areas of high humidity and the damage done cannot be reversed. Ideally, paper and matting boards should be stored in an area with 50% relative humidity at 70°F.

# Pocket Test Thermometers (2" dial)

The 2" glass lens series feature a stainless steel vessel clip, allowing for multiple uses. Made with the same quality we put into our 1" dial pocket test, except these units can be seen from further away. Ideal for reading temperatures in overhead ductwork or piping as well as any cooking application where a larger dial is desirable when reading the temperatures.

# Pocket Test Thermometers (1" dial)

Still popular after all these years are the mechanical pocket test thermometers. For a quick and easy way to monitor temperatures you cannot beat the ease of a pocket test thermometer. Our units all feature a protective sheath with pocket clip. For easy access, place it in your shirt pocket or clip it to your shirt. Ideal for all food processing applications where monitoring is critical. It is also common to see a pocket test thermometer in the shirt pocket of a HVAC/R service person as they are used regularly to spot check heating and air-conditioning ducts.

## Mechanical Pocket Test Thermometers

### Features

- 1" dial with polycarbonate lens
- Red protective sheath with clip (excluding 1236-70)
- Recalibrateable
- 5" stainless steel stem
- Bimetal coil movement
