## Organizational Profile

---

Founded in 1999, MLU Services, Inc. (MLU) is a minority woman owned disaster recovery contractor with operations in Baton Rouge LA, Lake Charles LA, and Athens GA. MLU is a national leader in emergency logistics, warehouse operations, disaster recovery operations, temporary facilities housing, and medical support services as well as emergency basecamp services. MLU is a proven partner to the U.S. Department of Homeland Security (DHS) Federal Emergency Management Agency (FEMA) and United States Army Corps of Engineers (USACE) with a proven record of focused responsive and safe disaster recovery operations. MLU Services Includes former Military emergency planners, disaster response and mobilization experts, who specialize in providing scalable, flexible, and adaptable concepts identified in the National Incident Management System (NIMS) to all types of disasters and emergencies. Our core domains include delivering essential medical supplies and services, delivering related equipment, and emergency services in support of impacted communities and survivors, to include emergency power support, as well as the coordination of access to community staples.

Our approach is to be a reliable team partner with solutions for the Jefferson Parish Government. MLU will synchronize logistics capabilities and We look forward to teaming with the Jefferson Parish Government in the Emergency Contract to Provide a Supply of Portable Toilets and Portable Hand Washing Stations for the Jefferson Parish Department of Emergency Management in accordance with the terms of this statement of work and any resultant contract.

MLU brings 21 years of disaster response warehousing experience supporting federal, state, and local governments and agencies to State of Louisiana and its first responders and public offices. We have been involved in virtually every federally declared disaster since 1999 in **support of Federal Emergency Management Agency (FEMA) disaster response missions**. We can deploy in advance; or as soon as an emergency response is needed, and we enact our project management services to oversee the management of all logistic and emergency-related tasks. To date, we have managed and supported hundreds of FEMA and other relevant Federal Government projects and helped Federal, state, and local Governments obtain, administer and close out projects committed to disaster recovery. As a leading provider of disaster response and cleanup, emergency standby ancillary products and material, logistics, and services for base camps, temporary housing, warehousing, maintenance and operations, heavy equipment, and supplies, MLU is committed to safe and responsive performance for the people of Jefferson County and their communities and parishes. Based on our knowledge of the National Response Framework (NRF) and our disaster-focused experience, MLU respects and understands the responsibility that comes with stewardship of public resources, and we actively pursue cost efficient solutions that reduce historical expenditures for supply chain management, emergency material, and delivery services.

*Exhibit 1: In addition to recovery services, emergency management and disaster response capabilities, MLU provides experts to manage logistics programs to ensure customers have continuity of operations, and victims of disasters receive services and supplies when needed.*

### **Oversight from a Committed Senior Executive Team**

MLU has retained its core management structure since 2004. Led by President Marcia Ulm, MLU has a consistent and committed backbone of individuals who assist with all phases of any emergency response mission. Senior managers Billy Ulm, James Kelley, Eric Ulm, William Ulm, Jr., and Joseph Ulm have all directly supported previous missions, and will support execution of all emergency contingency contract operations for the Jefferson County requirements. In addition, MLU's legal counsel, Colin Stoner, has worked with MLU since 2002, and will serve as MLU's Subcontracts Manager under this contract, bolstering MLU leadership team's commitment to stability and its longstanding commitment to customer missions. These individuals are ready to assist the offices Jefferson County Purchasing Department, when necessary to ensure mission success.

MLU consists of over 125 full-time employees with its corporate headquarters in Athens, GA, and operations in Baton Rouge, LA, Destin, FL, Mobile, AL and Santa Rosa, CA. MLU operates comparable facilities for similar full-service operations at MLU-owned operations located across the United States at Bogart, GA, Fort Pierce, FL, Baton Rouge, LA and Santa Rosa, CA. In addition, to strengthen MLU's performance, logistics, and staffing capabilities throughout the contract periods, MLU has built a network of 35 subcontractors, all of which have extensive experience in logistics distribution channels and disaster recovery support.

In performance of the contract requirements, MLU Services intends to utilize locally sourced employees depending on workload requirements and will always maintain the ability to surge in the number of locally sourced workers and additional properties, as needed, in support of surges in missions.

*Exhibit 2: MLU has managed major base camp logistics and equipment movement operations for FEMA across the country. For example, MLU has provided base camp logistics services to include reception and onforward movement of critical supplies and personnel in response to wildfires in California.*

### **Key Personnel Staffing**

Team MLU has cultivated a deep pool of talented personnel with experience in supporting FEMA, State, and local governments, working relationships with subcontractors to augment crews during disaster, and valuable assets. MLU assigns dedicated key personnel, program management support, supervision, corporate and field organizational structure, and maintains a flat management infrastructure to facilitate communication, flexibility, and responsiveness. MLU's key personnel have years of experience for planning and assessment of contingency operations and have practices in working with FEMA Public Assistance (PA) grant programs and the Robert T. Stafford Disaster Relief and Emergency Assistance Act. MLU also hired several former military members with a combined 57 years of experience who supported US Government Agencies in disaster response; including the Veterans Administration (VA), Defense Threat Reduction Agency (DTRA), United States Air Force (USAF), and United States Army (USA) Disaster Response.

### **Other Key Personnel Labor Categories**

MLU has a proven track record with strong leadership and dedicated Program Managers, Contract Liaison and Deputy Program Managers also provided leadership resumes for the LA Pre-Placed Emergency Contract to Provide a Supply of Portable Toilets and Portable Hand Washing Stations for the Jefferson Parish Department of Emergency Management in the appendices performing the key personnel requirements.

### **Operations Plan**

---

A complete Operations Plan will be provided upon award. The abbreviated plan is provided as an overview:
