SECTION 16.0 PERFORMANCES & RATINGS

The forms attached in these specifications will be used by the Library Personnel for the janitorial inspection ratings of the Library properties after contract is awarded.

This rating of service and performance of the contract will be based on a point inspection with a percentage rating of 100 percent representing the highest. Any rating of less than 90 percent will be unacceptable as per the terms and scope of the work in this contract. Therefore, the Jefferson Parish Library Department reserves the right to reduce the monthly payment for these services by the percentage rating of the inspection report and level of performance. For example, if Jefferson Parish Library Department inspected the facilities, and it ranked 87 percent, Jefferson Parish Library Department will then remit to the contractor, 87 percent of their invoice for these services.

Ratings and tasks performances are scored on a scale of points for the Acceptable/highest grade, and zero (0) for the Unacceptable/lowest rate. A rating and tasks performance inspection that indicates a need for improvement or a much needed improvement will be scored and calculated accordingly.

If a category does not apply, place the X in the appropriate box, and deduct the points for each X from the total points possible.

If the deficiencies in services performed are deemed an emergency because of contractor's failure to perform contracted services, the Jefferson Parish Library Department reserves the right to hire its own staff to accomplish the work not being performed by the contractor and charge the contractor a rate of \$20.00 per hour to accomplish the deficiencies in their cleaning services. The Library Inspection Form attached in the bid specifications will be the standard for inspections and ratings.

Ratings and tasks performances are scored on a scale of points for the Acceptable/highest grade, and zero (0) for the Unacceptable/lowest grade. A rating and tasks performance inspection that indicates a need for improvement, (a small need for improvement or a much needed improvement will be scored and calculated accordingly).

If a category does not apply, place the X in the appropriate N/A box.

Below is the formula used for calculating the rating and tasks performed:

Total Possible Points	_____
Total rating score	_____
Percentage rating	_____ (percent)
Payment Percentage	_____ (percent)

(Total Rating Score Divided By Total Possible Points = Percentage Rating)

STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.
