Lafourche Ambulance Service District #1  
17078 West Main Street  
Cut Off, LA 70345

Dear Mr. Daigle

We appreciate the opportunity to provide a quote on the remount of your ambulance body. We wanted to clarify our delivery and production schedule. As of today we have a new Ford E-450 chassis available and could start your remount process in March and should be able to complete in July.

With that being said we cannot hold chassis for anyone without a signed sales agreement and or purchase order submitted. With all of the inconsistencies of the chassis market at this time and the Ford strikes that are going on we cannot guarantee chassis availability and therefore cannot give exact dates of start and or delivery dates. The monetary delivery penalty would have to start after receipt of chassis at our facility in Texas and then we could negotiate a firm start and delivery date.

Again we appreciate the opportunity to continue our business relationship together. If we can provide any further information or answer any questions please contact me at 800-468-5473.

Respectfully,

Robert W. Lowrie  
Territory Manager for LA & MS
