RE: BID 50-00140433  
ADA+4 Shower/Restroom Trailers

Ms Folse,

Following please find the response of Ready2Go Restroom Trailers Sales, LLC ("R2G") to the above referenced bid.

1. As a point of clarification, the Bid Document, Section 3.0 Unit Description, refers to "Oahu Series SKU#CHS19490". This is the stock number used by a dealer - Portable Restroom Trailers – for the Comforts of Home (manufacturer) ADA+4 shower/restroom trailer. R2G also carries Comforts of Home trailers, and this particular model is also on our website ([www.ready2gorestroomtrailers.com](http://www.ready2gorestroomtrailers.com)) under stock #AA-412432-ASC. Comforts of Home uses the stock number 6502NB.
2. Subject to Paragraph 3 below, R2G's response meets all the requirements cited in the bid documents.
3. The sole variance between R2G's response and the Specifications is the size of the waste tank. Comforts of Home's ADA+4 Shower/Combo is built with a 600 gallon waste tank; a 750 gallon is not available.

Common methods of reducing the number of waste tank pump-outs are:

- a. Installing diverter valves on the shower drains, thereby enabling the 'gray' water to flow through a hose and empty into a field, storm drain, etc;
- b. Utilization of a bladder bag (<https://www.readycontainment.com/>)
- c. Direct connect to nearby sewer/septic field (see enclosed attachment).

4. In addition to the above referenced warranties, R2G also provides technical support for the life of the trailer. The President of R2G, Mark Rosen, is available at anytime to respond to technical queries pertaining to trailers sold by R2G. His cell phone number is provided to all customers.
5. Terms: Net 30
6. Delivery is anticipated 14 weeks after receipt of order.

Copies of Warranties, Detail Sheets, Product Specifications and pictures are attached.

Should there be questions with any aspect of this response, please don't hesitate to contact me at your earliest convenience.

Thanking you in advance for your consideration, and in anticipation of working with you in the very near future, I remain,

Very truly yours,

A handwritten signature in dark ink, appearing to read "Lee Currie", with a stylized flourish at the end.

**BID FORM**  
Non Public Works

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES \_\_\_\_\_ NO X \_\_\_\_\_MAXIMUM ESCALATION PERCENTAGE REQUESTED n/a %INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF January 24, 2023.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

## Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

## Ready2Go Restroom Trailers Sales, LLC

# Warranty

**Ready2Go Restroom Trailers Sales, LLC** (warrantor), of Pittsburgh, Pennsylvania hereby provides a 5-year limited warranty on its trailer frame and axles, and a 2-year limited warranty on the trailer as a whole. Air conditioning units are warranted for 1-year. Sealant, electrical components, hydraulics, hoses, wall coverings, trim and paint are warranted for 1-year. The warrantor guarantees the product against defects in materials and workmanship. The warranty described in this agreement is in lieu of all other warranties, expressed or implied from **Ready2Go Restroom Trailers Sales, LLC** or its suppliers. This warranty shall apply to the retail consumer (original purchaser), as shown on the sales agreement.

Certain individual components are warranted by their respective manufacturers' warranties and therefore are excluded from the limited warranty provided by the warrantor. These components include, but are not limited to; tires, wheels, axles, couplers, jacks, light fixtures, windows, doors, heaters, toilets, sinks, faucets, pumps, etc. Warranty claims must be filed with the respective component manufacturer's warranty department.

This limited warranty is void if the product: 1. is not properly maintained and/or inspected; 2. is neglected, abused or misused; 3. is overloaded or made to perform beyond recommended specifications.

The limited warranty is also void if damage results from continued use after a suspected defect is or should have been discovered. The warrantor reserves the right to make the final determination as to whether any of the above exclusions may nullify a warranty claim.

The warranty shall not pay nor make provisions for: 1. Service charges; towing charges; and transportation charges, which are the responsibility of the purchaser. 2. Loss of time, inconvenience; loss of use; rental substitution equipment; loss of revenue; or other commercial or personal loss. 3. Loss or damage to any and all contents. 4. Defacing; scratches; dents; chips; and tears, on any surface, not caused by the warrantor. Furthermore, the warrantor does not warrant any modification(s) made to either the interior or exterior of the product, even if damage occurs as a result of warranty claim. The warranty may not cover items that can be maintained or repaired using basic human skills in a short time; for example, tightening a leaky hose/pipe or other item, replacing/tightening screws, and other simple quick repair and maintenance type items.

Please refer to the product owner's manual, or authorized representative of the warrantor, for instructions on filing a warranty claim. The provisions of this limited warranty shall be interpreted and governed pursuant to the laws of the State of Pennsylvania.

## Direct to Sewer Option for Restroom Trailers with Holding Tank:

You will need a “Trash Pump” (i.e., a pump that will remove the solid waste from the holding tank along with the liquids; *see below for recommended brand*). A plumber should connect the pump and hose to the sewer.

Trailer will have to be monitored:

1. Wait until holding tank on trailer is at least half full.
2. Open the clean out valve on trailer and turn on trash pump.
3. Follow the directions for the pump according to the owner's manual.
4. After tank is empty turn off the pump then close the cleanout valve on the trailer.
5. It is important to monitor the pump while the waste is being emptied into the sewer.
6. Never leave the pump running after waste has been emptied.

**VERY IMPORTANT:** Leaving pump on after waste has been removed can cause damage to holding tank.

**Flushing out the Holding Tank:** perform as needed to control odor and buildup of solids.

1. If possible, adjust the stabilizing jacks to slant trailer towards the clean out valve.
2. Insert a water hose in the toilet on highest end of trailer (or furthest from clean out valve)
3. Turn on water to full flow
4. Let the holding tank fill to at least half full. Then follow same steps as above to empty into sewer.
5. Of course, you will have to re-level the trailer when completed.

**HINT: Keeping Tank Fresh- Using a tank deodorizer can help control odor.**

**BE ADVISED:** Ready2Go Restroom Trailers Sales LLC, is providing this as a reference guide; specific trailer placement and installation of plumbing, piping, and pumps are the responsibility of the customers, and Ready2Go will not warrant or guarantee results.

**IMPORTANT:** This option is for purchase only (rentals must always use a trash pump).

### **Gravity Option:**

**The Gravity Option (i.e., without a trash pump) is not ideal, but it will get the job done. It is recommended to have a plumber connect trailer to the sewer. The gravity option does not work on ADA trailers that are lowered to the ground.**

1. Wait until holding tank on trailer is almost full or at least half full. *(the fuller the better to let the liquids help wash out the solids.)*
2. Then open the clean out valve on trailer and let waste flow into the sewer.
3. This option does run the risk of some solids being left behind which will cause an odor.

**HINT: Lowering the trailer with the stabilizing jacks towards the corner of trailer where the clean out valve is located will help with the gravity option.** Of course, you will have to re-level the trailer when completed.

**Flushing out the Tank:** Do as needed to control odor and buildup of solids.

4. If you can, lower the trailer with the stabilizing jacks towards the clean out.
5. Then insert a water hose in the toilet on highest end of trailer on full flow.
6. Let the holding tank fill at least half way. Then open clean out valve to sewer. Repeat if needed until all solids are washed out.

**HINT:** You may consider changing toilets to full flush toilets if you intend to keep trailer hooked up to sewer permanently.

**HINT: Keeping Tank Fresh- Using a deodorizer can help keep smell away. On Amazon.com Holding tank deodorizers. Walex PPRVLAV Porta-Pak Lavender Breeze Holding Tank Deodorizer (many varieties to choose from)**
