BID FORM
Non Public Works

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES X NO

MAXIMUM ESCALATION PERCENTAGE REQUESTED 10 %

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF 6/5/2025.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

Subject: [EXTERNAL]Changes to your contractor's license - Classification Consolidation

November 20, 2023

Grand Isle Shipyard, L.L.C.

PO Box 820
Galliano, LA 70354

Dear Contractor:

The Louisiana State Licensing Board for Contractors has recently updated *Title 46 – Professional and Occupational Standards, Part XXIX, Contractors Rules and Regulations*, which became effective November 20, 2023. Some of the updates include the repeal, merger, or renaming of a classification currently carried on your commercial license. This consolidation will reduce the total number of classification names, simplify the bidding process, and clarify the scope(s) of work conducted under your license.

The following classifications have merged into one classification called Limited Specialty Services. If you held any of the classifications listed below, they have all merged into one classification, Limited Specialty Services, which is now reflected on your license.

The new classification may cover exactly the same type of work, or it may expand the work that you are currently allowed to do. In no case, however, should the new classification name decrease the type of work you have been able to do with the classification you held previously.
