ADDENDUM #1

Bid Number: 50-00134322

Bid Opening Date: June 03, 2021

Description of Bid: ONE TIME PURCHASE OF A DUPLEX AIR COMPRESSOR PACKAGE
FOR THE JEFFERSON PARISH DEPARTMENT OF PUBLIC WORKS-DRAINAGE

CLARRIFICATIONS:

QUESTION: As for the single electric skid mounted compressor pkg., with a 240 gallon horizontal tank mount description as item #3 under general criteria, it is assumed that we have a single compressor mounted on this tank and we don't have a base mounted air compressor sitting along side of a tank with a pre-piped arrangement to a remote tank sitting along side on a single compressor skid pkg., and all mounted on a general steel skid.

ANSWER: See item 1 below.

QUESTION: We have made a review of the specifications verses that of the price sheet description for each commodity. Item #1 has a duplex air compressor tank mounted air compressor pkg. The intend is to supply (2) compressors on horizontal air receiver tank as inside pump station mounted application. Spec. is clear with a 200 PSI rated tank as MAWP working pressure air received tank. However we want to point out that due to setting of relief valve 200 PSI setting, max working pressure tank can see will be 185 PSI. This is due to cracking pressure of the relief valve prior to 200 PSI relieving pressure. If wanting to operate at 200 PSI, tank will need to be pressure rated at 250 PSI. A tank mounted duplex pkg. is not considered a skid mounted pkg. unit. as page 2 item 2 under spare parts/warranties section.

ANSWER: See items 2 and 3 below.

QUESTION: Since no starter control panel is supplied with either piece of equipment, only the compressor pump is assumed to be tested at the factory for both packages. Clarify exactly what is expected, since incomplete starter controls are excluded to perform any testing of such equipment. Reference where engine is noted, is assumed to mean electric motor.

ANSWER: Pump only shall be factory tested. See items 4 and 5 below.

QUESTION: Reference made to contractor in item 3 of both compressor packages is assume to make reference to authorized eqpt. supplier and manufacturer for packaged mfg. warranty responsibility of latest available warranty offered. Currently, Gardner Denver Champion published warranty no longer offers a pro-rated 5 year on the compressor itself, but a 3 year as noted on warranty form as of 8/1/2018. Motor is 1 year and not 2 year. Refer to attached std. warranty form.

ANSWER: See item 4 below.

CHANGES TO CONTRACT SPECIFICATIONS

1. Delete item 3 under general in section 2 in its entirety.
2. Delete Receiver tank paragraph in section 1 in its entirety and replace with the following:

3. Section 1 and 2 item 2 in spare parts/warranties: Delete "for each skid mounted package unit." In its entirety.
