This Technical Proposal will be organized as follows:

I. Company Information

II. Product Details

III. Price and Deliverable

I. Company Information

Incorporated in 2018 in Charlotte, North Carolina by owner Xinguo Mike Wang, UWePort is an import/export logistics company, created to provide large-scale international and domestic freight delivery to our clients. In response to the recent situation, we are utilizing our considerable logistics capabilities to provide ongoing supply of PPE from sources in Asia and the US. Our product comes to you directly from the manufacturer. We have stock located now in

the US now and can also import extremely large quantities, in regularity if requested. Please see our list of references on the next page.

When you order from us, you can rest assured that the product will be exactly what you expect and that it will arrive when agreed. What's more, UWePort will provide responsive and professional 24/7 customer support every step of the way. Please utilize our point of contact listed below in the signature at any time for questions or concerns that may arise during our business dealings together.

I. Product Details

1. NG10001 Disposable Gloves: Vinyl/Nitrile Blended

III. Price and Deliverable
