SUBJECT: Bidder's Questions - 5000125906 One-Year Contract for Supply of Tires

**Insurance Requirements**

The Goodyear Tire & Rubber Company utilizes a combination of primary, excess and self-insured retentions. Goodyear is self-insured for general liability coverage, with \$3,00,000 CSL each occurrence self-insured retention. Because of the large volume of transactions required by its business activities, Goodyear has found it impractical to agree to follow specific notice of cancellation of terms of contract or bid documents, as to its concern for not meeting its obligations.

As an entity cannot be added as additional insured on a self-insured retention, will the Parish delete the additional insured language requirement except for automobile coverage?

Copies of our certificates for self-insured general liability and Worker's Compensation coverages will be included in our bid proposal.

Goodyear therefore requests the following changes in these requirements:

- a. Delete the requirement for additional insured status regarding negligence by the contractor for the Commercial General Liability and Workmen's Compensation Insurance. As noted above, the Parish will be included as additional insured on our Automobile Liability policies.
- b. Commercial General Liability coverage may be met through a self-insured retention.
- c. Change "Comprehensive Automobile Liability" to read "Commercial Automobile Liability" coverage.
- d. Delete the language "No insurance required shall include a deductible not greater than \$10,000.00.", as Goodyear is self-insured with self-insured retentions.

**C. Cancellation of Contract, General Terms and Conditions**

As a rule, Goodyear pursues its rights to anti-trust prosecution. Goodyear requests that the anti-trust provision included in this provision be deleted.

Anti-trust claims are often related to raw materials and it is difficult to determine to what extent Jefferson Parish was affected (if at all) and what "part" of the claim would be assigned. The bid prices proposed are firm, net prices. Goodyear did not price the bid on a cost+ basis, nor was that bid requirement, which is when anti-trust claims would have any effect on Jefferson Parish.

The logistics of tracking exactly what/if any portion of our claim that Jefferson Parish would be owed would be cost prohibitive and time consuming. Because we generally "eat" any price increase that would result from an anti-trust violation, there is/or/will be no effect on the purchase pricing for Jefferson Parish.

## **STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES**

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

---

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability, Workmen's Compensation Insurance and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.
