BID NO.: 50-00132205

BID FORM
Non Public Works

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES _____ NO DD

MAXIMUM ESCALATION PERCENTAGE REQUESTED _____%

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF 12/31/2023

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

Congratulations on becoming ASSE Certified!

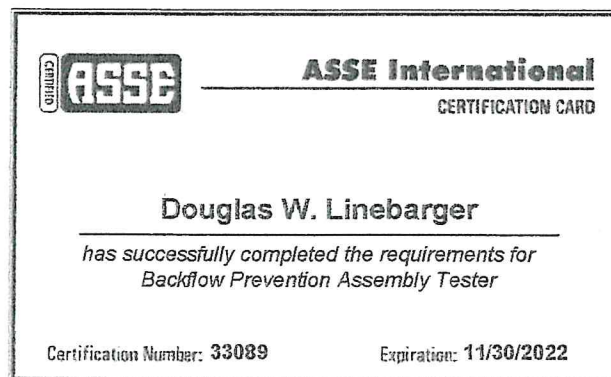

Attached is your ASSE certification card. Take careful notice of the expiration date on the card; you must renew your certification with ASSE International by that date.

Please note that being ASSE Certified does not mean that you are a member of ASSE International. However, if you are not currently a member, we strongly encourage you to join at www.assewebstore.com/membership.

As a member of ASSE International, you will belong to an organization represented by all disciplines of the plumbing and mechanical industries, including contractors, engineers, inspectors, journeymen, apprentices, manufacturers, etc. Together you'll form a platform to understand and solve industry problems relating to standards, codes, engineering, and business. Our mission is to continually improve the performance, reliability, and safety of plumbing and mechanical systems through our professional qualifications standards, professional certifications, product performance standards, and product listing programs. It is through the support and involvement of ASSE International members that we as an organization can continue to grow and promote the importance of our motto, "Prevention Rather Than Cure."

On a local level, members are able to attend their local chapter's monthly meetings, participate in chapter outings, serve on chapter boards, and receive local chapter publications. On a national level, members are eligible to participate in national committees, vote at Annual Meetings, and receive free subscriptions to ASSE International's publications -- Working Pressure magazine (www.workingpressuremag.com) and the ASSE International eNewsletter. Members are also entitled to one free ASSE International standard per year and discounts on publications published by ASSE.

Rates are half-price for the first year of new membership. If you would like to become a member today, or if you would like further information about ASSE International, please visit www.asse-plumbing.org or call (708) 995-3019.
