SECTION 00410

**BID BOND FORM**  
FOR

***Isaac Recovery – Fire Hydrant Replacement***

Date: August 21, 2013

KNOW ALL MEN BY THESE PRESENTS:

That **Wallace C. Drennan, Inc.** of **P.O. Box 15438, New Orleans, LA 70175**, as Principal, and **The Hanover Insurance Company**, as Surety, are held and firmly bound unto the **City of Mandeville** (Obligee), in the full and just sum of 5% of the price bid, lawful money of the United States, for payment of which sum, well and truly be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally firmly by these presents.

Surety represents that it is listed on the current U. S. Department of the Treasury Financial Management Service list of approved bonding companies as approved for an amount equal to or greater than the amount for which it obligates itself in this instrument or that it is a Louisiana domiciled insurance company with at least an A - rating in the latest printing of the A. M. Best's Key Rating Guide. If surety qualifies by virtue of its Best's listing, the Bond amount may not exceed ten percent of policyholders' surplus as shown in the latest A. M. Best's Key Rating Guide.

Surety further represents that it is licensed to do business in the State of Louisiana and that this Bond is signed by surety's agent or attorney-in-fact. This Bid Bond is accompanied by appropriate power of attorney.

THE CONDITION OF THIS OBLIGATION IS SUCH that, whereas said Principal is herewith submitting its proposal to the Obligee on a Contract for:

***Isaac Recovery – Fire Hydrant Replacement***  
***FEMA PW-CMA004F***

NOW, THEREFORE, if the said Contract be awarded to the Principal and the Principal shall, within such time as may be specified, enter into the Contract in writing and give a good and sufficient bond to secure the performance of the terms and conditions of the Contract with surety acceptable to the Obligee, then this obligation shall be void; otherwise this obligation shall become due and payable.

# CODE OF CONDUCT

## A. POLICY STATEMENT.

The citizens of the City of Mandeville rightfully expect elected municipal officials, unclassified employees and appointed personnel to adhere to the highest standards of professional and ethical conduct in the performance of their duties and responsibilities. The City of Mandeville Personnel Policies and Police Standard Operating Procedures Manual specifies the conduct of the classified civil service employee so that this code does not apply to this class of city employees. This code applies to the following persons:

1. Elected municipal officials of the City of Mandeville.  
Unclassified employees of the City of Mandeville.
3. Persons appointed or elected to the various boards and commissions of the City of Mandeville.
4. Contractors as described in Section D of this code. Contractors are not obligated to participate in the training requirements of this code but will be required to demonstrate that they are familiar with this code and the Louisiana State Code of Ethics.

While this document in and of itself is not punitive in nature, it complements the existing laws incorporated in the Louisiana State Code of Ethics and other existing policies that cover persons employed by the City of Mandeville. All elected municipal officials, unclassified employees and appointed personnel of the city in whatever capacity should know that infractions of this Code of Conduct may also be violations prohibited by state ethical rules and regulations which do carry punitive provisions.

Every person covered by this Code has a unique position of trust in the community and, therefore, assumes a special responsibility to act with the highest standards of honesty, fidelity and fairness. Said persons should conduct themselves in a manner that merits public trust and confidence.

## B. PURPOSE OF THIS POLICY.

Section 7-02 of the City Charter for the City of Mandeville provides that "All officers and employees of the city government shall comply with the provisions of the Louisiana State Code of Ethics pertaining to local government." The purpose of the Code of Conduct is to complement the Code of Ethics with a code that requires conduct over and above the strict adherence to the letter of the general law and the Louisiana State Ethics Code. To establish a set of guidelines for the behavior of the persons covered by this code which will enhance the effectiveness of city government while maintaining the high standards of quality and professionalism necessary for the city to successfully project the best image possible.

**C. CITY OF MANDEVILLE CODE OF CONDUCT FOR ELECTED,  
UNCLASSIFIED EMPLOYEES AND APPOINTED PERSONNEL.**

All persons in each category as defined by the above title shall sign a copy of this Code of Conduct thereby acknowledging that they have received a copy and understand that it is therefore their responsibility to comply with this Code of Conduct and any revisions to it as follows:

1. Adhere to the principle that all activities undertaken by persons covered by this code shall be in the best interests of the citizens of the city and with the goal of perfection of city government. That no personal gain or benefit, except for compensation and benefits accompanying applicable personnel, should be accepted.
2. Accept the responsibility that any improper conduct can reflect negatively on the public image of the city and bring embarrassment and discontent to the citizens of the city. It is the intent of this Code of Conduct to make the persons covered by this code aware, through training, of the existing laws and city rules and regulations of employment that are designed to respond to any improper conduct in whatever context.
3. Participate in a comprehensive training program regarding the Louisiana State Code of Ethics and this Code of Conduct for all levels of personnel defined by this Code of Conduct except Contractors. This training shall include, but not be limited to, ongoing small and large group training sessions highlighting general rules of conduct and specific rules of conduct pertaining to elected municipal officials, unclassified employees or appointed personnel. This training shall amplify what personnel can or cannot do in complying with the Louisiana State Code of Ethics and this Code of Conduct. It shall also identify and help personnel recognize potential conflicts of interest and provide mechanisms for alerting the proper officials of such potential conflicts. Each person covered by this code, except Contractors, shall be required to participate in at least two hours of training per calendar year. These hours shall be certified to the Personnel Director and be a part of the person's record.
4. Always be in full compliance with all applicable federal, state and local laws and regulations.
5. Direct all requests for documents under the Public Records law to the City Attorney for response. All requests for documents under the Public Records law shall be in writing.
6. Respect the confidentiality of information concerning the City, City personnel or proceedings of the City.

#### **D. CONTRACTORS.**

Any individual or business entity that enters into a contract with the City of Mandeville shall be subject to this code and be referred to herein as a "Contractor". Every Contractor shall be mindful of the principles of law relating to the Code of Governmental Ethics of the State of Louisiana. The Contractor shall not make or authorize any payment or give anything of value directly or indirectly to an official of this government for the purpose of influencing an act or decision of official capacity or for assisting in obtaining or retaining business for or with, or for direction of business to any person. Likewise, the Contractor will not make or authorize any payment to anyone for the purpose of influencing any official act or decision, or inducing such entity or person to use any influence with this government to assist anyone in obtaining or retaining business for or with, or directing business to, any person. Any breach or violation of this clause by the Contractor shall be considered a substantial and material breach of its contract with the City of Mandeville.

That all Contractors shall sign an affidavit in the form included in this section as Attachment A as a condition of their contract with the City of Mandeville.

#### **E. COMPLAINTS.**

All complaints shall be in writing and signed by the person making the complaint. There shall be no "anonymous complaints". Any person wishing to file a complaint regarding any person covered by this code shall send the complaint to the City Attorney's Office where a log will be kept of such complaints. A copy of any complaint regarding any person covered by this code shall be sent to the person complained of within three days of the receipt of the complaint. The person complained of shall have five days to respond in writing to the complaint and his or her response shall be part of the complaint record. If such complaint alleges ethical violations, then the City Attorney shall recommend to the person making the complaint that he or she forward a copy of the complaint to the Louisiana Board of Ethics for further action.

## ADDENDUM NUMBER 1

August 16, 2013

City of Mandeville

### PW CMA004F Isaac Recovery Fire Hydrant Replacement

The following Addendum to plans and specifications shall be considered a part of the Contract Documents and modifies the original contract documents as noted below.

Acknowledge receipt of this Addendum in the space provided on the Bid Form. Failure to do so may subject the Bidder to disqualification. Bidder is responsible to disseminate this Addendum to all subcontractors and material suppliers concerned. This Addendum does not change the original bid date and time.

#### SECTION 1 - General

- A new bid form has been supplied.
- A copy of the attendance sheet from the pre-bid meeting (8/7/13) has been supplied.

#### SECTION 2 - Questions Received Prior to and During Pre-bid Meeting

1. Do all of the hydrants have working valves? If not, how many valves are not working?  
**Some hydrants may have inoperable valves. The exact quantity of inoperable valves is not known at this time.**
2. Will the Contractor be responsible for shutting the water off if the valve is not operable?  
**The Owner will assist the Contractor in shutting off the main as per Paragraph 1.05A of Section 10445 – Fire Hydrants.**
3. For hydrants that do not have a valve, will the Contractor need to add on new valves?  
**Yes. See modifications to the bid form and to Section 10445 – Fire Hydrants in this Addendum.**
4. Will M&H brand hydrants be accepted as equal?  
**M&H model 129 will be approved as equal. However, hydrant parts must be standardized, and hydrants and parts must be American-made.**

5. Will Mueller brand hydrants be accepted as equal?  
**Mueller Super Centurion 250 will be approved as equal. However, hydrant parts must be standardized, and hydrants and parts must be American-made.**
6. Will Clow brand hydrants be accepted as equal?  
**Clow Medallion will be approved as equal. However, hydrant parts must be standardized, and hydrants and parts must be American-made.**
7. Will American AVK brand hydrants be accepted as equal?  
**American AVK Series 2780 Nostalgic will be approved as equal. However, hydrant parts must be standardized, and hydrants and parts must be American-made.**
8. For hydrants with no valves, will hot tapping be an accepted method?  
**Yes. See modifications to Section 10445-Fire Hydrants in this Addendum.**
9. For hydrants with working valves, does the valve need to be replaced?  
**No.**
10. If a valve is located in a ditch, can it be relocated? If so, how will the relocation be paid?  
**At the Engineer's and/or Owner's direction, the hydrant and/or valve may require relocation. This will be addressed during construction and paid under Pay Item 9 – Relocation of Hydrant.**
11. If the connection is determined to be a flange, does it have to be switched to a Mechanical Joint connection?  
**The Contractor will be responsible for substituting the flange connection, as per Paragraph 3.02 D of Section 10445.**
12. Will there be a pay item added for hydrant valves?  
**Yes. See modifications to bid form and Section 10445-Fire Hydrants in this Addendum.**
13. Will the Contractor be responsible for delivering existing hydrants to Owner, or will the Owner pick them up?  
**The Contractor will be responsible for conducting inventory and delivering the existing hydrants to the Owner. The Owner will select the delivery location. See modifications to Section 10445 – Fire Hydrants in this Addendum.**
14. Will an aggregate be acceptable replacement for river sand for backfill material?  
**The Contractor may propose a substitute material for the river sand for review and approval by the Engineer.**

15. Will there be a specification for the drain test?

**The tests shall be conducted as per the hydrant manufacturer's recommendations and according to AWWA C502-05. See modifications to Section 10445 - Fire Hydrants in this Addendum.**

16. What will be the proper course of action for hydrants that are interfered with by Cypress and Live Oak tree roots?

**If the roots are interfering with the hydrant, the Owner may choose to either relocate the hydrant or not replace the hydrant. This will be determined during construction. Should a hydrant need to be relocated, it will be paid under Pay Item 9 – Relocation of Hydrant.**

17. In the event that a main has to be shut off, will the Contractor be responsible for notifying residents and the Fire Department?

**The Contractor will be required to notify residents and the fire department as per Paragraph 1.05 of Section 10445 – Fire Hydrants. Door hangers will be distributed to all residents in the area a minimum of 72 hours prior to outage. Notifications shall be performed at no direct pay and included in Pay Item 3 – New Fire Hydrant.**

18. Will sawcutting be required for hydrants located in or around pavement?

**Sawcutting will be required in pavement areas at the Engineer's direction. This should be included in Pay Item 2 – Removal of Existing Fire Hydrant and will be at no direct pay.**

19. For site restoration, does sodding have to be done at each individual location throughout the project, or can it be done all at once at the end of construction?

**No completed hydrant shall be without sod for other 14 days.**

The following revisions are hereby made a part of the Contract Documents as if written therein:

### **SECTION 3 – Revisions to Contract Documents**

1. Section 00520 - Agreement
  - a. Modify Article 1.01 to read:

**“Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows: Removing and installing new fire hydrants including hydrant assemblies and anchor couplings. Valves and site restoration may also be required.”**

## SECTION 4 – Revisions to Technical Specifications

a. Section 01025 – Measure and Payment

i. Modify first sentence of Paragraph C, Part 1 to read:

“1. Description and Measurement: This item shall be full compensation for furnishing all plant, labor, materials, and equipment necessary to provide and install new fire hydrants including tie-ins, assemblies and incidentals, necessary backfill material, operational testing and **necessary property owner notification**, as per the technical specifications.”

ii. Modify Paragraph H title to read:

H. Item 8 – Site Restoration

iii. Add the following:

“I. Item 9 – Relocation of Hydrant

1. Description & Measurement:

This item shall be full compensation for furnishing all labor, materials and equipment necessary to install the hydrant and valve (if required) at a different location as indicated in the specifications and as directed by the Engineer. This item shall constitute payment for all work including but not limited to hot tap operation, tapping sleeve, valve, fire hydrant lead piping, removal of existing lead, permanent line stop (as required at valve or main), thrust restraint, and other incidentals required to carry out the intent of the contract documents, not covered by another pay item. Measurement of this item shall be made per each installed and accepted by the Engineer.

2. Payment:

Payment for this item shall be made per each at the unit price specified in the unit price bid table.”

“J. Item 10 – Fire Hydrant Valve

1. Description & Measurement:

This item shall be full compensation for furnishing all labor, materials, and equipment necessary to install a new insert valve on an existing fire hydrant lead, under pressure, at locations as directed by the Engineer. The Contractor, at his option and at no additional cost to the owner, may elect to make a separate hot tap

to the main, and provide tapping sleeve, fire hydrant lead piping, valve, and all materials not covered by another pay item. This item shall constitute payment for all work including but not limited to hot tap, excavation and backfill, piping and tees, surface restoration (to match existing) and other incidentals required to carry out the intent of the contract documents. Measurement of this item shall be made per each installed and accepted by the Engineer.

2. Payment:

Payment for this item shall be made per each at the unit price specified in the unit price bid table.”

b. Section 10445 – Fire Hydrants

i. Modify Paragraph 3.03, Parts B, C & D to read:

- “B. Hydrants shall be tested **by the manufacturer as per AWWA C502-05** to maintain a working pressure rating of 250 psig.
- C. Hydrants shall be tested **by the manufacturer as per AWWA C502-05** at 500 psig.
- D. Following **installation**, drainage tests for dry barrel shall be performed as per the manufacturer’s recommendations.”

ii. Add Paragraph 1.06, Part B to read:

“B. The Contractor shall produce a written inventory and deliver the used fire hydrants to the Owner. The used fire hydrants shall be placed on pallets for ease of delivery and acceptance by the Owner.”

iii. Modify Paragraph 2.04, Part C, Subpart ii to read:

“ii. The backfill shall be overlain with concrete/asphaltic pavement to match existing. Concrete pavement shall be in accordance with Section 706 of the LSSRB. Asphaltic pavement shall be in accordance with Section 510 of the LSSRB.”

iv. Add “Paragraph 2.05 – Valves” to read:

- “A. Insert valves shall be a 6” InsertValve™ by Team Industrial Services or equal.
- B. A gate valve may also be used. If tapping valve used, tapping sleeve and tapping valve shall be from one manufacturer.
- C. Gate valves and insert valves shall conform to standards below.

- a. Valve and tapping sleeve shall be composed of ductile iron.
  - b. Valve shall meet AWWA C515 material standards.
  - c. Valve shall have Mechanical Joint connections.
  - d. Bolts and nuts shall be stainless steel.
  - e. Valves shall be rated for a pressure of 250 psig.
  - f. Valve shall have epoxy coated interior and exterior.”
- v. Add Paragraph 3.02, Part F to read:
- “F. Valves shall be installed as per the manufacturer’s instructions and at locations as directed by the Engineer.”

c. Appendix – Table A – Fire Hydrant Locations

- i. Add the following fire hydrants to Table A.

ID No.	Address	Street Name	Location Notes
117	150	Coffee Street	
118	319	Lafitte Street	

**SECTION 5 – Notes on Pay Items**

- 1. Example: If an existing hydrant is chosen to be replaced in a new location by the Engineer, the work would be covered by 1 each of Pay Items 2, 3, 4 and 9. Pay Items 5, 6, or 7 may be required.
- 2. Example: If an existing hydrant has an inoperative valve on the lead or lacks a valve on the lead, and the Engineer directs installation of a valve under Item 10, the Contractor may opt to install an insert valve on the existing lead, or perform a hot tap in a nearby location and install a new lead altogether. In this instance, no other Pay Items but 2, 3, 4 and 10 will be measured for payment.
- 3. Pay Item 10: Not all hydrants lacking a valve will be valued under this item. Some hydrant replacements will be accomplished following depressurization of the main.
