Top 4 Things to Know about This Book:

Thank you for choosing us for your health insurance needs! We're pleased to share with you the 2021 Blue Cross and Blue Shield of Louisiana Provider Directory. Here are some quick facts about this book.

1) This list is only new for today. Get the latest list online or on our mobile app.

This book lists Louisiana doctors, hospitals and other healthcare experts who are in your network today. We refresh this list each day online.

Find care online	Go to **bcbsla.com/FindCare**.
Find care on the go	Download our mobile app at **bcbsla.com/Mobile**.

2) You save money by staying in your network.

When you get care in your network, you get the most out of your health plan and save money.

3) Hospital based doctors are not always in your network.

Your hospital may be in your network, but some doctors who work there may NOT be. That means you could pay more. Find out if doctors like anesthesiologists, emergency room doctors, neonatologists, pathologists and radiologists at your hospital are in network at **bcbsla.com/hbp.**

4) You can get the best care from the best docs with these two programs:

Quality Blue	When you go to Quality Blue Primary Care doctors, you may not have to pay a copay for the visit only (based on your plan). General practice, family practice and internal medicine doctors can be in Quality Blue Primary Care. Quality Blue doctors have a blue Q next to their names in this book. For more about how this program helps you, visit **bcbsla.com/MyQBPC**.
Blue Distinction	Clinics and hospitals that have earned the title of a Blue Distinction Center offer the highest level of quality care at the best price for certain types of care. Just look for the logo in this book and online.

5) We're here for you.

If you have any questions, you can reach us at the phone number on your ID card.

Thank you again for choosing Blue!

Thank you for choosing us to help you protect yourself and those you love from the unexpected every day.
